RE: SDR-20149 – SITE DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF MAY 16, 2007
RELATED TO GPA-20150, ZON-20151 AND VAR-20152

Dear Applicant:

The City Council at a regular meeting held May 16, 2007 APPROVED the request for a Site Development Plan Review FOR A PROPOSED 11,110 SQUARE FOOT OFFICE BUILDING on 0.69 acres on the east side of 6th Street, 335 feet south of St. Louis Avenue (APN-162-03-801-135), C-V (Civic) Zone [PROPOSED: O (Office) Zone]. The Notice of Final Action was filed with the Las Vegas City Clerk on May 17, 2007. This approval is subject to:

Planning & Development

1. Conformance to the conditions for Rezoning (ZON-20151) if approved.
2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.
3. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 2/23/07, except as amended by conditions herein.
4. A Waiver from Title 19.10 is hereby approved, to allow one parking lot tree where four are required.
5. A revised site plan shall be submitted to and approved by the Planning and Development Department, prior to the time application is made for a building permit for signage, to reflect the changes herein:

A. One Monument Sign per street frontage with a maximum size of 75 square feet and maximum height of 8 feet is allowed in the "O" (Office) zoning District Title 19.14.060.

B. A monument sign must show a setback of five feet from all property lines.

6. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications.
7. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.
8. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).
9. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.
10. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.
11. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaires. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.
12. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.
13. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

14. Submit an application for a deviation from Standard Drawing #222a for the driveway accessing this site from Sixth Street.
15. Unless otherwise allowed by the City Engineer, construct sidewalk on at least one side of all access drives connecting this site to the adjacent public streets concurrent with development of this site. The connecting sidewalk shall extend from the sidewalk on the public street to the first intersection of the on-site roadway network and shall be terminated on-site with a handicap ramp.

May 18, 2007

16. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
17. Site development to comply with all applicable conditions of approval for Zoning Reclassification ZON-20151 and all other applicable subsequent site-related actions.

Sincerely,

Angela Crolli
