

To Whom It May Concern:

I would like to build a Pigeon Racing Aviary in my back yard so I can compete with the local club in town, Silver State Pigeon Club.

I have been racing pigeons most of my life and after a short time out of the sport have decided to start racing again. I have over an acre of horse zoned property so I have plenty of room to build the Aviary.

Thank you for your consideration.

Sincerely,

Ettore Vancheri
