RE:

letter of abatement case # 090606-2743

2009 JUN 19 A 9:54

RECEIVED
CITY CLERK

To whome it may concern:

Concerning the tenant James Brownridge involving room #118 and this tenant. On June 6, 2009 the metropolitan SWAT team served a warrant on room #118 and found a female in this room with drugs. She was arrested for this incident and removed. At this time the registered tenant was not present. It was approximately 9:00pm. The motel management had no knowledge of any illegal activities in any rooms at any time.

The registered tenant had been run through the Identify, Detect, and Locate (IDL) program three times previous to this incident with no return response. We thought we had a good tenant.

We immediately evicted this tenant from room #118. We hope this will take care of this issue. Sincerely Safari Motel.
