Re: Senior Citizens Law Project Advisory Board

It is my recommendation that Dr. Charles Bernick be appointed to fill the vacant seat which resulted from the resignation of SCLP Advisory Board Member Ben Graham. Dr. Bernick is one of the nation's foremost authorities on Alzheimer's Disease and dementia. He presently serves as the Associate Medical Director of the Cleveland Clinic's Lou Ruvo Brain Institute Dr. Bernick will be a strong advocate for our seniors with family members afflicted by these neurological diseases. He has expressed a desire to serve on The SCLP Advisory Board, and we recommend his appointment.
