Dear Sir/ Madame:

As Pastor of the Holy Cross Missionary Baptist Church, I'm writing this letter of justification in regards to an extension of time.

As you know the economy has taken it's toll on all of us. We have been steadfast, and persistent in our efforts to construct this facility. We relied upon your awareness of what has occurred in the market , particularity as it relates to the cost of building materials and labor, since the date of your approval, as we make this appeal. The Church, if no other, is required to exercise good stewardship of its funds, and an essential portion of this stewardship is operating within our budget.

Prudent planning and operation has provided our current wherewithal. On May 31, 2007 Holy Cross entered an agreement to begin construction, but has since back-out of that agreement. We are in negotiation with another company at this time. We regret that we find ourselves at a juncture requiring an extension, but are confident that the time invested in sound preparation was the absolutely the proper course, and will pay great dividends throughout this project.

Should you have questions or require additional information, please do not hesitate to contact my office.

God Bless,

George Turner, Pastor
