CITY COUNCIL MEETING OF: AUGUST 5, 2009

DEPARTMENT: PLANNING AND DEVELOPMENT

ITEM DESCRIPTION: GPA-34600 - APPLICANT/OWNER: THE LAKES LUTHERAN CHURCH

**** CONDITIONS ****

The Planning Commission (6-0 vote) and staff recommend APPROVAL.

**** STAFF REPORT ****

PROJECT DESCRIPTION

The subject site contains an existing 13,808 square-foot Church/House of Worship, associated parking, and approximately 55,000 square feet of undeveloped area on a 3.88-acre lot located at 8200 West Sahara Avenue. The northern 1.12-acre portion of the subject property contains a General Plan designation of R (Rural Density Residential) while the southern 2.76-acre portion of the subject property contains a General Plan designation of SC (Service Commercial). This request is to create a uniform SC (Service Commercial) General Plan designation across the entire 3.88 acre site by amending the General Plan land use designation for the northern portion of the site from R (Rural Density Residential) to SC (Service Commercial). If the application is denied, the northern half of the subject property will be limited to the land uses permitted within the R (Rural Density Residential) General Plan designation.

Issues

- Staff can support the request for a General Plan Amendment as the surrounding parcels to the east and to the west have identical General Plan designations of SC (Service Commercial).
- Additionally, this request will eliminate the split General Plan land use designations for the subject parcel and create a singular General Plan land use designation.
- The applicant has submitted an associated request to Rezone (ZON-34601) the subject site from C-V (Civic) to C-1 (Limited Commercial), which is consistent with the proposed General Plan designation.

ANALYSIS

This request is to allow the applicant to amend the General Plan for a 1.12-acre portion of a 3.88-acre parcel from R (Rural Density Residential) to SC (Service Commercial). The remaining 2.76-acre portion of the subject site currently has a General Plan designation of SC (Service Commercial). The SC (Service Commercial) category allows low to medium intensity retail, office, or other commercial uses that serve primarily local area patrons, and that do not include more intense general commercial characteristics. Examples include neighborhood shopping centers, theaters, and other places of public assembly and public and semi-public uses. This category also includes offices either singly or grouped as office centers with professional and business services. The SC (Service Commercial) category may also allow mixed-use development with a residential component where appropriate.

The request to amend the General Plan from R (Rural Density Residential) to SC (Service Commercial) is consistent with the General Plan land use designations of the adjacent parcels to the east and west of the subject site. Additionally, this request will eliminate the split General Plan land use designations for the subject parcel and create a singular General Plan land use designation of SC (Service Commercial). An associated request to Rezone (ZON-34601) the subject site from C-V (Civic) to C-1 (Limited Commercial) is consistent with this General Plan Amendment request.

FINDINGS

Section 19.18.030.I of the Las Vegas Zoning Code requires that the following conditions be met in order to justify a General Plan Amendment:

- 1.The density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations,
- 2.The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts,
- 3.There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General Plan Amendment; and
- 4.The proposed amendment conforms to other applicable adopted plans and policies that include approved neighborhood plans.

In regard to “1”:

The density and intensity of the proposed General Plan Amendment to SC (Service Commercial) is compatible with the surrounding land uses to the east, west and south. Extending the SC (Service Commercial) land use designation of the subject property north to Via Olivero Avenue will create an identical land use pattern established by the adjacent parcels to the east and west of the subject site.

In regard to “2”:

The C-1 (Limited Commercial) zoning designation allowed by the proposed General Plan Amendment will create a land use that is harmonious and compatible with the surrounding area. The proposed SC (Service Commercial) land use designation and proposed C-1 (Limited Commercial) zoning district is compatible with the existing adjacent land uses and zoning districts.

In regard to “3”:

Access to the site is provided by Sahara Avenue, a 100-foot Primary Arterial and Cimarron Road, an 80-foot Secondary Collector, as designated by the Master Plan of Streets and Highways. The subject property is located within an area of the City where all utilities, fire and police services are currently in place and available. Therefore, there are adequate facilities available to accommodate the uses and densities permitted by the proposed General Plan Amendment.

In regard to “4”:

No other plans apply to this site.
