SDR-34612

we oppose to amend GPA-34610 from DR to RE.
we oppose rezoning ZON-3461K from R-E to C-V.
The following is our reason:
1. The present antenna is illegal in the area designated DR which is densely populated.
2. The lot in question is undeveloped and is a source for garbage dumping and the disposal of old furniture, TVs, mattresses, tires etc.
It also attracts drug dealers and homeless people.
