RE: SDR-29026 – SITE DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF OCTOBER 15, 2008
RELATED TO VAR-29028

Dear Mr. Huygens:

The City Council at a regular meeting held October 15, 2008 APPROVED the request for a Site Development Plan Review FOR A 70-LOT RESIDENTIAL SUBDIVISION on a 10.52 acre site on the east side of Tonkinese Avenue and Hualapai Way (APNs 126-13-612-001 through 068), R-PD7 (Residential Planned Development - 7 Units Per Acre) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on October 16, 2008. This approval is subject to:

Planning & Development

1. Approval of and conformance to the Conditions of Approval for Rezoning (ZON-4368) and Vacation (VAC-4420) shall be required, if approved.
2. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.
3. Site Development Plan Review (SDR-4370) shall be expunged, if approved.
4. All development shall be in conformance with the site plan and landscape plan date stamped 07/15/08 and building elevations date stamped 08/06/08, except as amended by conditions herein.
5. The standards for this development shall include a minimum lot size of 3,312 square feet and building height shall not exceed two stories or 35 feet, whichever is less.
6. The setbacks for this development shall be a minimum of 18 feet to the front of the garage as measured from back of sidewalk or from back of curb if no sidewalk is provided, five feet on the side, 10 feet on the corner side, and five feet in the rear excluding rear lots backing Farm Road and lots backing residential to the west, which shall be 10 feet.

ROC-35306
09-02-09 CC

7. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time as Final Map submittal. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications
8. No turf shall be permitted in the non-recreational common areas, such as medians and amenity zones in this development.
9. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.
10. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).
11. Air conditioning units shall not be mounted on rooftops.
12. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.
13. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.
14. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.
15. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

16. Submit an Amended Final Map for this site or coordinate with the City Surveyor to determine an acceptable mapping method; comply with the recommendations of the City Surveyor.

17. Dimensions and information presented on the submitted civil improvement plans shall match the future Amended Final Map. Revise drawings as necessary.
18. Remove all substandard public street improvements, if any, adjacent to this site and replace with new improvements meeting current City Standards concurrent with on-site development activities. All existing public improvements adjacent to this site damaged during construction shall be repaired at the applicant's expense.
19. A Homeowner's Association shall be established to maintain all perimeter walls, private roadways, landscaping and common areas created with this development. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.
20. Landscape and maintain all unimproved rights-of-way on Hualapai Way and Farm Road adjacent to this site.
21. Submit an Encroachment Agreement for all landscaping and private improvements located in the Hualapai Way and Farm Road public rights-of-way adjacent to this site prior to occupancy of this site.
22. Meet with the Fire Protection Engineering Section of the Department of Fire Services prior to submittal of a Tentative Map for this site. The design and layout of all onsite private circulation and access drives shall meet the approval of the Department of Fire Services.
23. An update to the previously approved Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any grading or building permits, submittal of any construction drawings or the submittal of a Final Map for this site, whichever may occur first. Provide and improve all drainageways as recommended in the approved drainage plan/study.
24. Site development to comply with all applicable conditions of approval for ZON-4368 and all other subsequent site-related actions.

Mr. Paul Huygens
SDR-29026 – Page Four
October 16, 2008

25. The approval of all Public Works related improvements shown on this Site Development Plan Review is in concept only. Specific design and construction details relating to size, type and/or alignment of improvements, including but not limited to street, sewer and drainage improvements, shall be resolved prior to submittal of a Tentative Map or construction drawings, whichever may occur first. No deviations from adopted City Standards shall be allowed unless specific written approval for such is received from the City Engineer prior to the submittal of a Tentative Map or construction drawings, whichever may occur first. We note that non-standard private drive/private street intersections are proposed within in this development.

Sincerely,

Gabriela Portillo-Brenner
Deputy City Clerk II for
