PURPOSE/BACKGROUND:

Due to the economy, competition has greatly increased for City of Las Vegas contracts, especially construction contracts. This is welcomed, as the competition helps provide a broader blend of potential businesses and helps lower the City's costs. One aspect of the competition in this economic environment is that bid protests have increased. As a result, we issued a City Manager Information Report on September 14, 2009 regarding the City's bid processes. This report will serve to communicate this information to the public.

RECOMMENDATION:

No action required.
