Petition

House of Vino

DENY SUP-35224. We, the undersigned, oppose this application, pursuant to 19.04.010, for Retail Establishment with Accessory Package Liquor Off-sale Use. The approval of this application will result in the automatic approval of 7-slot machines as per 6.40.140 of the Municipal Code. Only if this Use Permit is denied will the gaming be denied. The inclusion of liquor sales and slot machines in this residential neighborhood center, and adjacent to a swim school, present reasons for concern, and demonstrate that this is not a compatible use. This same application was denied and was removed from the City Council agenda at the outpouring of opposition in the Providence neighborhood. We the undersigned believe our neighborhood, families and children deserve the same protections given to the Ward 6 residents who live on the west side of our community. We ask the Councilman Ross and the City Council to deny this application.

House of Vino

DENY SUP-35224. We, the undersigned, oppose this application, pursuant to 19.04.010, for Retail Establishment with Accessory Package Liquor Off-sale Use. The approval of this application will result in the automatic approval of 7-slot machines as per 6.40.140 of the Municipal Code. Only if this Use Permit is denied will the gaming be denied. The inclusion of liquor sales and slot machines in this residential neighborhood center, and adjacent to a swim school, present reasons for concern, and demonstrate that this is not a compatible use. This same application was denied and was removed from the City Council agenda at the outpouring of opposition in the Providence neighborhood. We the undersigned believe our neighborhood, families and children deserve the same protections given to the Ward 6 residents who live on the west side of our community. We ask the Councilman Ross and the City Council to deny this application.
