Any delay in payment may result in a delay in the In-Service Date.
- 4.6 Interest. Any amount unpaid and due under this Agreement will accrue interest at the then current per annum simple prime rate, as published in the Money Rates section of the Wall Street Journal, plus one percent (1%), from the original due date through the date of receipt of payment by Utility.

Applicant understands that it has a continuing obligation to provide the most current and accurate information concerning its Development to Utility. - 5.2 Condition Precedent to Commence Construction. Utility is not obligated to commence construction of any facilities until the required property rights are permanently granted to Utility in a manner that is satisfactory to Utility as to both location and form (including but not limited to the dimensions of the property rights area and terms and conditions relating to the property rights).
- 5.3 Ownership of Facilities and Equipment. All facilities constructed and equipment installed by the Applicant and Utility under this Agreement will become property owned, maintained, and controlled by Utility upon Utility's Acceptance. Utility has the right to use, and allow other Utility customers to use, those facilities and equipment for any purpose. Utility may also allow designated telecommunications carriers and cable television companies to use the facilities and equipment if Utility is required to do so by the federal Telecommunications Act or other laws. If Applicant requests that additional spare conduit be installed in connection with this Agreement (above and beyond Utility's standard requirement for spare conduit) and pays the Costs associated with that additional conduit, Utility will reserve that conduit for Applicant if requested by Applicant, and the Utility and Applicant enter into a separate agreement for the reserved additional spare conduit. If Utility and Applicant do not enter into such an agreement and Applicant still requests additional spare conduit, Utility may use any spare conduit for other Utility customers and allow designated telecommunications carriers and cable television companies to use that conduit. Further, the sources of power to the Development are subject to change, at Utility's discretion.
- 5.4 Survival. This Section 5 will survive termination of this Agreement.

6. Guarantees

Should Utility choose to remedy such defect, Applicant will pay Utility all Costs incurred.
- 6.3 Modification or Relocation of Electric Facilities. Where Applicant has requested that Utility install electric facilities prior to the establishment of final grade or the alignment of roads, streets, or alleys, or in unimproved areas and a conflict arises, Applicant must pay all Costs associated with the relocation or modification of any electric facilities and, at

7. Default

- 7.1 Procedure. If a Party ("**Defaulting Party**") fails to comply with the terms and conditions of this Agreement and the failure continues for 30 days after the Defaulting Party receives written notice of such failure from the other Party ("**Non-Defaulting Party**"), then the Non-Defaulting Party is entitled to declare the Defaulting Party in default and is entitled to all remedies authorized by law, with the exception that Utility's failure to achieve any scheduled date is not an event of default.
- 7.2 Notice to Utility's Legal Department. In addition to sending written notice to Utility's Project Coordinator regarding Utility's failure to comply with the terms and conditions of this Agreement, Applicant must also send a copy of the notice to Utility's Legal Department at the address specified in the "Notices" Section of the Agreement.

The written notice must identify with particularity the Confidential Information that is the subject of the request or for which disclosure may be compelled. If a protective order, injunction, or other remedy is not obtained, Applicant will furnish only that portion of the Confidential Information that Applicant is legally required to disclose. Applicant will cooperate with Utility's counsel if Utility seeks to obtain a protective order, injunction, or other remedy or other reliable assurance that confidential treatment will be accorded the Confidential Information.

- 8.7 Rights and Limitations. Utility does not grant any right or license, by implication or otherwise, to Applicant as a result of Utility's disclosure of information identified as "Confidential Information". Utility makes no representation or warranties regarding the accuracy or completeness of this information. Applicant expressly recognizes that this information is provided "AS IS" and Utility makes NO WARRANTIES, EXPRESS OR IMPLIED STATUTORY OR OTHERWISE, WITH RESPECT TO THE CONFIDENTIAL INFORMATION AND EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES.

9. Force Majeure

- 9.1 Notice of Force Majeure. If any delay due to Force Majeure occurs or is anticipated, the affected Party must promptly notify the other Party in writing of the delay. This notice must include a description of the delay and the cause and estimated duration of the delay.

In addition to sending written notice to the Project Coordinator for delay, anticipated delay, and resumption of performance in relation to Force Majeure, Applicant must also send a copy of the notice to Utility's Legal Department at the address specified in the Section 14.3 of the Agreement.

10. Representations

- 10.1 No Pending Actions, Suits or Proceedings. Applicant represents that to its knowledge as of the date of this Agreement, there are no actions, suits or proceedings pending or threatened against Applicant in any court or before any administrative agency that would prevent its performance under this Agreement.

11. Precedence

- 11.1 Utility's Tariff Schedules; Commission. This Agreement is made by the Parties pursuant to Utility's Tariff Schedules. Those Tariff Schedules apply to this Agreement, are binding on the Parties, and supersede any portion of this Agreement should a conflict arise. However, the applicable portions of Rule 1 and Rule 9 that relate to Section 3 of this Agreement will be the versions of those rules that are in effect as of the Effective Date. This Agreement is, at all times, subject to such changes or modifications by the Commission as the Commission may from time to time direct in the exercise of its jurisdiction.
- 11.2 Integration. The Agreement, together with all other documents and agreements executed in connection with providing service to Applicant's project(s), represents the entire and integrated agreement between Utility and Applicant and supersedes all prior and contemporaneous oral and written communications, representations, and agreements relating to the subject matter of the Agreement. However, should a conflict arise between this Agreement and the "Applicant Mylar/Improvement Plans Certification & Acknowledgement" for the Development (if any) or between this Agreement and the "Property Owner Final Map Acknowledgement" for the Development (if any), this Agreement will supersede the portion of the acknowledgement that conflicts even if the acknowledgement is signed after the Effective Date.

Applicant's successor or assignee must agree in writing to assume all obligations and liabilities under this Agreement.
- 12.3 Limitation of Damages. Notwithstanding anything to the contrary, Utility is not liable to Applicant for any punitive, consequential, indirect, exemplary or incidental damages, including, without limitation, damages based upon lost revenues or profits.
- 12.4 Choice of Law and Venue. The Agreement will be governed by and construed in accordance with the laws of the State of Nevada, without giving effect to its choice or conflicts of laws provisions. All actions that are beyond the scope of the Commission's jurisdiction must be initiated in the courts of Clark County, Nevada or the federal district court with jurisdiction over Clark County, Nevada. Applicant agrees it will not initiate an action against Utility in any other jurisdiction.
- 12.5 No Waiver. The failure of either Party to enforce any of the provisions of the Agreement at any time, or to require performance by the other Party of any of the provisions of the Agreement at any time, will not be a waiver of any provisions, nor in any way affect the validity of the Agreement, or the right of any Party to enforce each and every provision.
- 12.6 Independent Contractor. Applicant is an independent contractor for all purposes of the Agreement, and all persons engaged in fulfilling Applicant's obligation under the Agreement are employees, agents, contractors, or subcontractors of Applicant and not

the employees, agents, contractors, or subcontractors of Utility. Nothing in the Agreement or any contract/subcontract by Applicant will create any contractual relationship between Applicant's contractor/subcontractor and Utility.

- 12.7 Interpretation. Each Party to this Agreement acknowledges that it has been represented by counsel in connection with negotiating and entering this Agreement, that each has carefully reviewed and discussed its provisions with counsel and that each fully understands and has participated in drafting its provisions, and, accordingly, the normal rules of construction to the effect that any ambiguities are to be resolved against the drafting party are not to be employed or used in any interpretation of this Agreement.
- 12.8 Amendments. Any changes, modifications, or amendments to the Agreement are not enforceable unless consented to in writing by the Parties and executed with same formality as this Agreement.

If any portion or provision of the Agreement is invalid, illegal, or unenforceable, or any event occurs that renders any portion or provision of the Agreement void, the other portions or provisions of the Agreement will remain valid and enforceable. Any void portion or provision will be deemed severed from the Agreement, and the balance of the Agreement will be construed and enforced as if the Agreement did not contain the particular portion or provision held to be void. The Parties further agree to amend the Agreement to replace any stricken portion or provision with a valid provision that comes as close as possible to the intent of the stricken portion or provision.
