NOW, THEREFORE, in consideration of the above premises, the parties hereto agree to the following terms, conditions and covenants set forth in Sections One through Ten hereof:

SECTION ONE CONSULTANT RESPONSIBILITIES

1.01 ***Description of Consultant's Services.*** For the compensation set forth in Section Seven, the Consultant hereby agrees to perform the basic services set forth in the Scope of Services, **Exhibit "A"** attached hereto and incorporated herein as a part of this Agreement and, if so requested, the additional services set forth in the Additional Compensation, **Exhibit "E"** attached hereto and incorporated herein as a part of this Agreement and to provide the submittals described in the Required Submittals **Exhibit "B,"** attached hereto.

1.02 ***Performance Standards.*** In performing the services set forth in this Agreement, the Consultant shall follow the practices consistent with the generally accepted standards in the profession of the services being provided to the City pursuant to this Agreement.

1.03 ***Document Review.*** The Consultant shall be responsible for reviewing each document prepared by the Consultant and its subconsultants including, without limitation, the plans, drawings and specifications for the purpose of ensuring that such documents are technically sound, in conformance with applicable federal, state and local laws and other regulations, and do not violate or infringe upon any patent rights.

1.04 ***Waiver.*** The City's approval of any documents or services furnished by the Consultant shall not in any way relieve the Consultant of responsibility for the professional and technical accuracy of its documents or services. The City's review, approval, acceptance or payment for any of the Consultant's services shall not be construed to operate as a waiver of any rights enjoyed by the City under this Agreement or of any cause of action arising out of the performance of this Agreement. The Consultant shall remain liable for any damages to the City caused by the Consultant's negligent act or omission committed in the performance of this Agreement.

1.05 ***Designation of Consultant's Representative.*** The Consultant's representative is the individual identified in the Key Personnel List, **Exhibit "F"** attached hereto (the "Consultant Representative") to act in that capacity, who shall be responsible for the services required under this Agreement. The services specified by this Agreement shall be performed by the personnel identified in the Key Personnel List provided that such associates and employees perform under the personal supervision of the Consultant Representative.

If any person or subconsultant who is expected to provide any of the services required under this Agreement is objectionable to the City for any reason, the Consultant shall, without additional compensation, replace such person or subconsultant with someone acceptable to the City.

If the Consultant's personnel are unable to complete their responsibilities for any reason under this Agreement, or the Consultant desires for any reason to substitute personnel assigned to the Project, the Consultant agrees to obtain the approval of the City for the

substitution. The City shall not unreasonably deny approval unless the City adjudges the substitution not be in the interest of the City or the Project.

If the Consultant fails to make an acceptable replacement within thirty (30) days, the City may terminate this Agreement for default as provided in Section 10.03 of this Agreement.

1.06 Correspondence Review. The Consultant shall furnish the City Representative copies of each correspondence, if any, sent to any contractor involved with the Project, and to any regulatory agencies, for approval and review prior to mailing such correspondence.

1.07 Cooperation with the City. The Consultant agrees that its officers, associates, employees and subconsultants will cooperate with the City in providing the services under this Agreement and will be, with advance notice, available for consultation with the City at such reasonable times as to not conflict with the City's other responsibilities.

A. Applicability. The Consultant's responsibility described in this Section applies only if the Consultant is responsible for providing a construction cost estimate and preparing construction documents for the Project.

B. Responsibility for Revisions. The Consultant does not warrant or represent that the bids or proposed price received by the City to construct the Project will come within the Construction Cost Budget set forth in the Scope of Services or as may be otherwise agreed upon in writing by parties. If the bids or proposed price received by the City exceeds the Construction Cost Budget, the Consultant agrees to cooperate with the City in revising the requirements of the Project as required to lower the cost to within the Construction Cost Budget and to modify the construction documents without additional compensation. In order to meet the Construction Cost Budget, the Consultant may, with the approval of the City, segregate portions of the work as separate alternate bid items so that bids received by the City to construct the Project will come within the Construction Cost Budget.

"Construction Cost Budget" as used herein means the monetary limit established by the City for construction of the Project which limit includes the cost of the contractor's labor, materials, equipment, expenses, overhead and profit, but excludes the Project's soft costs, cost of change orders and other cost impacts encountered after award of the construction contract.

2.02 Review of Consultant's Services and Documents. The services to be performed by the Consultant shall be subject to periodic review by the City Representative. To prevent an unreasonable delay in the Project, the City Representative will endeavor to examine and comment in writing on the documents furnished by the Consultant including, without limitation, the plans, drawings, specifications, test results, evaluations, and reports within twenty-one (21) days of receipt of such documents, unless the Contract provides for a different review time with respect to the document.

3.01 Requested Changes. The City may at any time, by written order, make a change in the services to be performed by the Consultant under this Agreement.

3.02 Adjustment of Compensation. If the change requested by the City causes an increase or decrease in the cost or time required to perform any of the services required under this Agreement, an equitable adjustment shall be made in the compensation to be paid to the Consultant under Section Seven, or in the performance schedule under Section Eight, or both, and this Agreement shall be modified in writing accordingly. Each claim for adjustment under this Section must be asserted in writing within thirty (30) days from the date of receipt by the Consultant of written notification of the change, unless the City grants in writing an extension. Provided proper notice has been given to the City as required herein, the claim for an adjustment shall be handled pursuant to the provisions of 10.20B and 10.20C of this Agreement. The failure to provide notification of the claim within the time required herein shall constitute a waiver of the right to seek any equitable or legal adjustment in compensation with respect to that change.

SECTION FOUR ADDITIONAL SERVICES OF CONSULTANT

4.01 Additional Services. The Consultant shall provide the additional services described in the Additional Compensation if, and only if, so requested in writing by the City. Payment for the additional services will be made to the Consultant in accordance with Section Seven of this Agreement.

If, with the approval of the City as required pursuant to Section 10.07, the Consultant enters into an agreement with a subconsultant for the performance of any of its obligations under this Agreement, the Consultant agrees to include in each subconsultant agreement a provision that:

(i) the Consultant agrees to pay the subconsultant when paid by the City for that portion of the services provided to the City and that no liability arises on the part of the Consultant for payment of the subconsultant services until payment has been made by the City. If the City has paid the Consultant for the subconsultant services, the subconsultant's only recourse is against the Consultant and not against the City, either through the institution of legal or equitable action or the attachment of any lien,

(ii) the subconsultant shall have no more rights against the City than that of the Consultant,

Such termination shall not release either party from any of its continuing obligations under this Agreement.

6.02 Disputes. This Section shall not be construed to preclude the filing of any dispute arising out of the performance of this Agreement or in connection with the subject matter hereof, nor shall this Section be construed to change the date or the time on which a cause of

action arising out of the performance of this Agreement or in connection with the subject matter hereof, would otherwise accrue under the statutes of limitation or doctrines of law.

If payment has not been received within the sixty (60) days, the Consultant agrees to contact the City Representative to resolve the problem causing the delay. The City Representative shall provide a written statement to the Consultant of the off-set which has been subtracted from any payment to the Consultant along with appropriate documentation and receipts, if any, and a description of the failure, error or deficiency attributed to the Consultant. In no event shall the City be liable to the Consultant for services in excess of the percentage completed at the time of suspension.

If, after notice to resume performance has been given by the City, the suspension was for a period in excess of ninety (90) days, which has resulted in an increase in the performance of the Agreement to the Consultant and:

B. City's Rights. Upon the occurrence of an Event of Default, and without prejudice to any other right or remedy it may have at law or equity, the City may:

(i) terminate this Agreement, suspend payment of all pending invoices otherwise due to the Consultant hereunder, and finish this Agreement by such means as deemed appropriate by the City, reserving the right to deduct from any balance due Consultant the cost of completing this Agreement. Nothing contained herein shall be construed as creating any personal liability on the part of any officer or agent of the City.

10.08 Waiver. No consent or waiver, express or implied, by either party to this Agreement, or of any breach or default by the other in the performance of any obligations hereunder, shall be deemed or construed to be a consent or waiver of any other breach or default by such party hereunder. Failure on the part of any party hereto to complain of any act, or failure to act of the other party, or to declare that other party in default hereunder, irrespective of how long such failure continues, shall not constitute a waiver of the rights of such party hereunder. Inspection, payment, or tentative approval or acceptance by the City or the failure of the City to perform any inspection hereunder, shall not constitute a final acceptance of the work or any part thereof and shall not release the Consultant of any of its obligations hereunder.

The Consultant shall also require each subconsultant to comply with this requirement. The submission or distribution of documents to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication relieving the Consultant of its confidentiality obligation imposed herein.

10.16 Site Inspection. The Consultant represents that it has visited the location of the Project and has satisfied itself as to the general condition thereof and that the Consultant's compensation as provided for in the Agreement is just and reasonable compensation for performance hereunder including reasonably foreseen and foreseeable risks, hazards and difficulties in connection therewith based on such above-ground observations.

10.17 Modification. All modification or amendments to this Agreement are null and void unless reduced in writing and signed by the parties hereto.

10.18 Notice. Any written notice required to be given under Sections 1.01 through 10.24 of this Agreement shall be deemed to have been given when the written notice is (i) received by the party to whom it is directed by personal service (ii) telephonically faxed to the telephone number set forth in the introductory paragraph to this Agreement, provided confirmation of the transmission is received by the sender, or (iii) deposited with the United States Postal Service, postage prepaid, addressed to the City Representative or the Consultant Representative, whomever is the proper recipient, and mailed to the address set forth in the introductory paragraph to this Agreement.

10.19 Prohibition Against Contingent Fees. The Consultant warrants that no person or entity has been employed or retained to solicit or secure this Agreement with the Agreement or understanding that a commission, percentage, brokerage or contingent fee would be paid to that person. For breach or violation of this provision, the City shall have the right to annul this Agreement without liability or, in its discretion, to deduct from the compensation to be paid to the Consultant, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

10.20 Claim or Dispute Resolution.

A. Notice of Claim or Dispute. For each claim or dispute which the Consultant has against or with the City (except for any claim for an equitable adjustment under Section 3.02 which is subject to the 30-day limitation set forth therein), notice thereof must be submitted in writing to the City Representative within a reasonable time after the claim or dispute arises, but no later than thirty (30) days after final payment is made to the Consultant. The purpose of written notification is to place the City on notice so that proper measures can be taken to properly defend against the claim or dispute, and the failure to give such notice shall preclude the Consultant from subsequently arbitrating that particular claim or dispute pursuant to Section 10.20C of this Agreement, and the Consultant shall have no further recourse against the City. Pending a final decision on the claim or dispute under Sections 10.20B or 10.20C, the Consultant shall proceed diligently with the performance of this Agreement.

B. Resolution by Management. The City Representative and the Consultant Representative shall meet within a reasonable time after receipt of the written notice received pursuant to Section 10.20A in an attempt to resolve the claim or dispute to the mutual satisfaction of the parties. If the matter is not disposed of by mutual agreement between the City Representative and the Consultant Representative, the claim or dispute shall be decided by the Director of Public Works, whose decision shall be reduced to writing and mailed or otherwise furnished to the Consultant. The decision of the Director of Public Works shall be final and conclusive unless, within thirty (30) days after the date on which the Consultant receives its copy of such decision, the Consultant mails or otherwise furnishes to the Director of Public Works a written request to arbitrate the claim or dispute, in which event the parties shall proceed with the arbitration pursuant to provisions of Section 10.20B. The failure to make such request shall preclude the Consultant from proceeding any further on the claim or dispute, and the Consultant shall have no further recourse against the City.

C. Resolution by Arbitration. Upon receipt of the request to arbitrate authorized pursuant Section 10.03B or Section 10.20B, the City and the Consultant shall come to an agreement as to the appointment of an arbitrator for purposes of hearing the appeal. If the parties cannot reach an agreement, then each party shall select an arbitrator for purposes of the appeal, and the two shall select a third arbitrator within 20 days of their appointment. If the selected arbitrators are unable to agree upon the third arbitrator, the third arbitrator shall be selected by the American Arbitration Association or the Nevada Arbitration Association, whichever is designated by the City. Each party shall be afforded an opportunity to be heard and to offer evidence in support of or against the appeal. The decision of the arbitrator, or arbitrators, as the case may be for the determination of the appeal, shall be final, conclusive and enforceable under the laws of the State of Nevada.

D. Right of Consolidation. Any arbitration arising out of or relating to this Agreement may include, by consolidation, joinder or in any other manner, any additional party or parties who are not a party to this Agreement if so requested by the City or the Consultant. Any consent to arbitration involving an additional party or parties shall not constitute consent to arbitrate any claim or dispute not described as a part of the original arbitration unless otherwise agreed to by the parties.

E. Right of Joinder. In the event the City is named as a party to any arbitration, or the City commences an arbitration against a party other than the Consultant, which arbitration is related to, or connected with, the construction of the Project or the performance of the Consultant's services hereunder (such as, without limitation, any arbitration between the City and the contractor awarded the contract to

construct the Project), the Consultant agrees and irrevocably consents to be joined as a party in the arbitration proceeding and to be bound by any decision resulting therefrom. The decision of the arbitrator or arbitrators, as the case may be, in the arbitration to which the Consultant has been joined as a party, shall be binding and enforceable against the parties thereto under the laws of the State of Nevada.

If the Consultant is named as an additional party by the City, the Consultant shall not be entitled to any additional compensation from the City as a result of preparing for, and participating in, the arbitration.

F. Discovery. In the event of arbitration, the parties agree that all means of discovery including, but not limited to, depositions and interrogatories, will be afforded to the parties involved in the arbitration, and the appointed arbitrator shall have all authority to impose sanctions against either party for failing to comply with the rules of discovery provided under the Nevada Rules of Civil Procedure.

G. Award Final. The award rendered by the arbitrator shall be final, and judgment may be entered upon its accordance with applicable law in any court having jurisdiction thereof.

H. Mediation. Subsequent to the commencement of any arbitration pursuant to Section 10.20C, and prior to any decision arising therefrom, the parties may endeavor with written mutual consent to settle disputes by mediation in accordance with the mediation rules of the mediation service agreed by the parties. The cost of the mediation shall be shared equally by the parties.

10.21 Attorney Fees. The prevailing party in any litigation or arbitration brought to enforce the provisions of this Agreement shall be entitled to reasonable attorney fees and court costs.

10.22 Calendar Day. All references in this Agreement to days are to calendar days unless otherwise indicated.

10.23 Exhibits. All exhibits referenced in this Agreement are hereby incorporated by this reference as a part of this Agreement. Any conflict between the provisions of this Agreement and the Exhibits incorporated herein shall be governed by the provisions of this Agreement.

10.24 Counterparts; Electronic Delivery. This Agreement may be executed in counterparts, all such counterparts will constitute the same contract and the signature of any party to any counterpart will be deemed a signature to, and may be appended to, any other counterpart. Executed copies hereof may be delivered by facsimile or e-mail and upon receipt will be deemed originals and binding upon the parties hereto, regardless of whether originals are delivered thereafter.

SCOPE OF SERVICES

1. A separate, comprehensive energy audit will be provided for each facility. The report will be formatted as follows:
 - a. An executive summary which describes the facility(s), ECMs evaluated, analysis methodology, results and a summary table presenting the cost and savings estimates for each ECM.
 - b. A discussion of specific ECMs not evaluated in detail and the explanation of why a detailed analysis was not performed.
 - c. A summary of facility utility bills, modeled base year consumption and how it was established, and end use reconciliation with respect to the base year including an evaluation of any unusual characteristics and findings.
 - d. Detailed descriptions for each ECM including analysis method, supporting calculations, results, proposed equipment and implementation issues.
 - e. Conclusions, observations and considerations regarding costs and energy savings estimates.
 - f. Appendices which document the data used to prepare the analysis and how the data was collected as may be required.
2. Develop a baseline model with whole building simulation approach utilizing Trane Trace modeling software or City of Las Vegas approved modeling software. The base line model will represent existing conditions for facility energy loads, not just those identified by ECMs.
 - a. Baseline model: The baseline model will be developed with the assistance of utility bill data for no less than the immediately preceding 24-month period in order to develop an energy baseline model that is suitable for CLV consideration. A detailed description of all existing baseline conditions, development methods, calibration procedures, adjustments and assumptions for each building will be provided. The baseline model will be developed in accordance with recommendations and methods The American Society of Heating, Refrigerating and Air Conditioning Engineers (ASHRAE).
 - b. The baseline model will reflect energy-related effects of the current design features of the facilities such as, but not limited to, quantity and type of glass, building orientation with respect to physical site, overall wall and roof thermal resistance values, ventilation air requirements, humidity level, occupancy and actual Owner provided operating schedules. The baseline model will incorporate the energy-related effects of all renovations and/or modifications to the building envelope, internal spaces and energy consuming systems subsequent to the date of original construction. In the event the baseline model provides results that differ substantially from the actual, the Owner will be notified to investigate the discrepancy.
3. Analyze the following systems and equipment to determine energy consumption and ECMs where the equipment or system represents 5% or more of the facility energy cost as determined by the baseline model:
 - a. Lighting
 - b. Heating
 - c. Cooling
 - d. HVAC motors (fans and pumps)
 - e. Plug load
 - f. Kitchen equipment
 - g. Misc. other equipment
4. Develop a list of potential ECMs including the following:
 - a. Identify and propose potential ECMs for installation or implementation at the facility(s), including water conservation measures.
 - b. Estimate the cost, savings and life expectancy of each proposed ECM.
 - c. Provide analysis methodology, supporting calculations and assumptions used to estimate savings, which will be based on simple payback calculations. Grants, rebates, or capital funding will not be applied to simple payback calculations.
 - d. Calculate projected energy cost savings as the difference between baseline energy costs and the costs that are anticipated to result from the proposed ECMs.
 - e. Provide access to the computer simulation program and all inputs and assumptions used, if requested by CLV.
 - f. Provide calculations for any utility rate savings proposals.
 - g. Provide supporting calculations for proposed maintenance or other operational savings.
 - h. Estimate any environmental costs or benefits of the proposed ECMs (e.g, disposal costs, avoided emissions, water conservation, etc.).
 - i. Comply with all applicable state, federal and local codes and regulations in effect at the time of this analysis for all proposed ECMs.
 - j. Simple payback will be evaluated on a 15 year term. Life cycle analysis will not be provided. Should life cycle analysis be deemed necessary by the City of Las Vegas, City of Las Vegas shall provide consultant with interest rate to be used in the analysis. ECM's will be provided with individual paybacks for review by the City of Las Vegas.

5. The same energy simulation and modeling software used to develop the projected energy cost savings for the baseline will be used for ECM modeling. Projected energy consumption will be modeled using the same weather data, operating conditions, and utility rate structure as the established baseline model.
6. Review with CLV and recommend specific ECMs from its preliminary compilation for installation and implementation at the facility(s).
7. Interview facility managers to evaluate the facility and identify any special areas of concern and discuss general facility operation as may be required.
8. Provide estimate of probable cost associated with each ECM to identify order of magnitude pricing for each ECM. The cost estimate will identify probable cost for:
 - a. Engineering/design costs for individual ECMs.
 - b. Contractor/vendor estimates for individual ECM material and labor unit costs.
 - c. Consultant construction management fees for the project.
 - d. Overhead and profit.
 - e. Commissioning costs for individual ECMs.
 - f. Contingency costs
 - g. Initial training costs
 - h. Other costs/fees as may be required
9. Develop energy savings estimates.
 - a. In the event that questions arise as to the calculation of savings or whether certain items will be allowed as savings, the consultant will seek written guidance from the City. Consultant will adjust or modify the report as may be required following the City's review of certain calculations of savings or review of certain items as allowable savings.
 - b. The following items will be allowed as savings or in the development of savings (unless otherwise agreed in writing, projected escalation rates will tie to the Consumer Price Index. Estimates of utility cost escalation will not be provided as they are deemed unreliable over a 15 year term. The base rate used for each fuel and water unit will not devalue in the event of any rate decrease):
 - City material/commodity cost
 - Outside maintenance labor cost (if applicable)
 - Agreed escalation rates for material/commodity cost savings
 - Agreed escalation rates for allowable labor savings

The following will not be allowed as savings or in the development of savings without prior City approval:

 - City in-house labor costs
 - City deferred maintenance cost
 - City or future City capital cost
10. City of Las Vegas shall provide the following:
 - a. Provide monthly utility bills for gas, electric and water for the most recent 24 months for each facility.
 - b. Provide existing building architectural, mechanical, electrical and plumbing design drawings for each facility including all recent upgrades and renovations.
 - c. Provide list of projects and energy upgrades proposed or currently under construction for each facility.
 - d. Provide asbestos survey/report for each facility as may be required.
 - e. Provide occupancy schedule for each facility including staff hours, visitor hours, cleaning and maintenance staff hours and total occupancy.
 - f. Provide facility information including size, age, construction type, general use and description of any changes to the facility.
 - g. Provide list of any energy related improvements installed in the last three years including a project description and completion date.
 - h. Architectural design and consulting assistance for architectural related ECM's and energy studies.

EXCLUDED SERVICES

The following are not a part of the proposed scope of services:

1. Asbestos inspections and reports. Consideration will be given to asbestos as it relates to recommended ECMs.
2. The audit will not address portable/moveable equipment, scientific equipment, furniture, etc.
3. Verification of loads that are not metered or measured. Where additional consumption data is required and the systems or equipment are not metered or measured, a third party will be utilized to monitor and measure loads. These expenses will be billed to the City as a direct reimbursable expense.
