**** STAFF REPORT ****

PROJECT DESCRIPTION

The applicant is proposing a Rezoning from C-1 (Limited Commercial) to C-V (Civic) on a property located at 275 North Mojave Road. The proposed C-V (Civic) district will allow conformance with the existing land use designation of PF (Public Facilities) on the subject site; therefore, staff is recommending approval of the subject Rezoning application. If denied, the existing C-1 zoning district will remain inconsistent with the existing land use designation.

ISSUES

- The proposed Rezoning will allow conformance with the current land use designation of PF (Public Facilities).
- The existing use of the subject site as a Community Recreation Facility (Public) is a permissible use in the C-V (Civic) zoning district, and is consistent with the existing General Plan designation.

ANALYSIS

This request would Rezone the subject site from C-1 (Limited Commercial) to C-V (Civic), which will allow conformance with the existing PF (Public Facilities) land use designation. The existing use of the subject site for a Community Recreation Facility (Public) is a permissible use in the C-V (Civic) zoning district, and is consistent with the existing General Plan designation. As the proposed C-V (Civic) zoning district is consistent with the existing PF (Public Facilities) land use designation, staff is recommending approval of this request.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. “The proposal conforms to the General Plan.”

The proposed C-V (Civic) zoning district is consistent with the existing PF (Public Facilities) General Plan designation.

2. “The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.”

The uses allowed by the C-V (Civic) zoning district, including the existing use of the subject site for a Community Recreation Facility (Public), are compatible with the surrounding land uses and zoning districts.

3. “Growth and development factors in the community indicate the need for or appropriateness of the rezoning.”

The subject site has a land use designation of PF (Public Facilities). Rezoning of the subject site will allow conformance with the existing land use designation of the subject site.

4. “Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.”

The site is accessed from Stewart Avenue, a 100-foot Primary Arterial street, and Mojave Road, an 80-foot Secondary Collector as designated by the Master Plan of Streets and Highways. Access is adequate in size to meet the requirements of the current use.
