ANALYSIS

This is the first request for an extension of time of a previously approved Site Development Plan Review (SDR-25265) for a proposed 50-story mixed-use development including 15,000 square feet of commercial space and 700 residential condominium units. No plans have been submitted for review nor have any building permits been issued for the proposed project.

Title 19.18.050 deems a Site Development Plan Review exercised upon the issuance of a building permit for the principal structure on site, unless otherwise specified in connection with its approval.

FINDINGS

The Site Development Plan Review (SDR-25265) has not met the requirements outlined in Title 19.18.050 to exercise the entitlement. There have been new entitlements received for a mixed-use development to the south of the subject site. The applicant is requesting an extension of time as the project has not yet progressed to a stage to apply for building permits. Staff is recommending approval of this request with a two-year time limit. Conformance to the conditions of approval of the Site Development Plan Review (SDR-25265) shall be required.
