Budget Funds Available

Amount: \$6,049,000

Funding Source: Regional Transportation Commission

Dept./Division: PW/Engineering Planning

PURPOSE/BACKGROUND:

The city of Las Vegas is under way with the design of a one-way couplet system along Bonneville and Clark Avenues. The couplet will provide for additional capacity of the roadway system, provide wider walkways with streetscapes (landscaping), bicycle lanes, lighting, ADA standards, and other amenities that will be "pedestrian friendly" and provide a safe environment for pedestrians. The proposed couplet is consistent with the City's Downtown Centennial Plan. Bonneville Avenue will be one way eastbound from 1st Street to Las Vegas Boulevard. Clark Avenue will be one way westbound from Las Vegas Boulevard to the alley located between 1st Street and Casino Center. The alley between 1st Street and Casino Center will be one way southbound from Clark Avenue to Bonneville Avenue (referred to as Rue Clark).
