Property Tax is high in this area - the last thing we want would be a 70 ft tower to this fine area - go further south on Rampart to set it up!

SUP-36412 recommendation should be NO

- 1. This SUP **negatively affects the value** of our properties by violating existing zoning regulations and degrading the appearance of the South Shores and Desert Shores communities.
- 2. SUPs **need to preserve the appearance** of our community and assist in maintaining our property values. **This one does neither.**
- 3. There are already many existing cell sites – **including one from the applicant!**
- 4. **All towers raise safety concerns.**

This request is not in keeping with the character of the community.

- In practice, zoning is used to prevent new development from interfering with existing residents or businesses and to preserve the "character" of a community.
- The Planning and Development Department...offers advice about development that will enhance the quality of life of the citizens of Las Vegas.
