PURPOSE/BACKGROUND:

This bill will clarify the authority of the City Traffic Engineer regarding residential parking permit zones. The Municipal Code provisions on the subject currently authorize the Traffic Engineer to establish time-limited parking in such zones. Those provisions also reference the posting of signs relating to the times, locations and conditions under which parking in designated zones will be by permit only, but do not specifically address the Traffic Engineers authority regarding the posting of such signs. This bill will provide that express authority.

RECOMMENDATION:

This bill should be submitted to a Recommending Committee for review, hearing and recommendation to the City Council for final action.
