Qualifications to Serve on Boards, Commissions and or Committees:

I have lived in Las Vegas for 33 years and have been involved in the growth and development of the Las Vegas Valley Area with my career of over 25 years in the Civil Engineering and Land Development Industry.

I have been intimately involved in the Entitlement, Design and Construction Management aspects of Private Development as well as numerous Public Facilities here in the valley area.

I can bring the experience of working with Developers and Public Entities to the Boards, Commissions and Committees that I will serve on. My experience has taught me that positive, calculated growth within any entity, whether private business or community development or even personal goals, is paramount, not to just the survival of that entity, but is necessary to the well being and good health of that entity. I can hit the ground running, so to speak, with an understanding of development codes and planning experience and the understanding of what is an appropriate growth direction.

My goal of serving my community is to bring experience and leadership to a position that serves the City Council Members, my community and the greater good of the Las Vegas Valley.

I am in a position personally to be able to dedicate time and effort to the needs of my community, so I'm asking to be placed on any Board, Commission or Committee that may benefit from my experience.
