Minutes:

COUNCILMAN ANTHONY was honored to recognize GLENDA PLASTER, Principal, Marc Kahre Elementary School, as Citizen of the Month and invited her to the podium. He spoke on her teaching career and traveling experiences. MARC KAHRE was a police officer who died in the line of duty. The school honors MR. KAHRE and other fallen officers the first Friday in May each year, whereby the staff and community participate in a grand event. COUNCILMAN ANTHONY invited OFFICER RAY BURNEY, Las Vegas Metropolitan Police Department (Metro), to the podium.

OFFICER BURNEY had the pleasure of working with MS. PLASTER at the last event. Her quiet strength and leadership has eased the process of conducting such an event. The students actually understand the meaning behind this event. MS. PLASTER will be missed but not forgotten.

COUNCILMAN ANTHONY stated the City will continue MARC KAHRE DAY and presented MS. PLASTER with a certificate.

MS. PLASTER expressed appreciation and was truly honored for the recognition. She thanked Metro, Council members and the community for their contributions and valuable partnership. She stressed that when you have the community standing with educators, things happen. She is proud of the school's educational system. She was ecstatic to end her teaching career on a wonderful note and also appreciated the teachers and family members who were present to share this moment with her.
