Qualifications to Serve on Boards, Commissions and or Committees:

I have lived in Las Vegas for 33 years and have been involved in the growth and development of the Las Vegas Valley Area with my career of over 25 years in the Civil Engineering and Land Development Industry.

I have been intimately involved in the Entitlement, Design and Construction Management aspects of Private Development as well as numerous Public Facilities here in the valley area.

I can bring the experience of working with Developers and Public Entities to the Boards, Commissions and Committees that I will serve on. My experience has taught me that positive, calculated growth within any entity, whether private business or community development or even personal goals, is paramount, not to just the survival of that entity, but is necessary to the well being and good health of that entity. I can hit the ground running, so to speak, with an understanding of development codes and planning experience and the understanding of what is an appropriate growth direction.

My goal of serving my community is to bring experience and leadership to a position that serves the City Council Members, my community and the greater good of the Las Vegas Valley.

I am in a position personally to be able to dedicate time and effort to the needs of my community, so I'm asking to be placed on any Board, Commission or Committee that may benefit from my experience.

Trevor Hayes
Addendum to Application

Please discuss your qualifications to serve on any boards, commissions, or committees:

I have been a Southern Nevada resident since 1992 and have always been interested in bettering the community. Many of my professional jobs have allowed me to take such a role (see attached résumé). After college, I worked as a newspaper reporter for the Associated Press and the Las Vegas Review-Journal before attending law school. After law school I began working for Lionel Sawyer & Collins as an administrative attorney, with a significant focus on local land use and state legislative matters.

The experience I gained representing the private sector before local governments has provided me with experience that would help me to serve the City of Las Vegas in a number of areas. I also represented another Southern Nevada city before the Nevada Legislature, providing me greater insight into city government. While my experience would assist me best on the Planning Commission, I am interested in serving on any of a number of boards.

Additionally, I am a 2005 graduate of the Las Vegas Citizens Leadership Academy. This program was run by the City of Las Vegas and introduced a group of citizens to a wide range of city departments.
