furnished by other residents, as well as the support services, if any, provided by the operator of the Community Residence. Residents may be self-governing or supervised by a sponsoring entity or its staff which furnishes habilitative or rehabilitative services related to the needs of the residents. Interrelationships among residents are an essential component of a Community Residence. A Community Residence shall be considered a residential use of property for purposes of all zoning and building codes. However, the Fire Marshal, pursuant to and consistent with the City's Fire Code, may require enhanced fire protection, including the installation of fire sprinklers and other mitigating measures, where one or more residents has a lessened ability to ambulate adequately. The use includes a Family Community Residence and a Transitional Community Residence, but does not include any of the following:

1. Senior Citizen Apartment;
2. Adult Day Care Center;
3. Convalescent Care Facility/Nursing Home;
4. Facility for Transitional Living for Released Offenders;
5. Facility to Provide Testing, Treatment, or Counseling for Drug and Alcohol Abuse;
6. Hospice;
7. Sex Offender Counseling Facility;
8. Boarding House or Rooming House;

10. Any of the following, as defined by NRS Chapter 449:
 - a. Facilities for the Treatment of Drug and Alcohol Abuse;
 - b. Modified Medical Detoxification Facilities;
 - c. Transitional Living Facilities for Released Offenders;
 - d. Facility for the Treatment of Narcotics; or
 - e. Community Triage Center.

Conditional Use Regulations:

1. Except as otherwise provided in Regulations 2 and 3, a Community Residence may not be located closer than 660 feet to any other Community Residence (measured from property line to property line).
2. Where there is a street, freeway or drainage channel at least 100 feet wide between the proposed Community Residence and an existing Community Residence, the minimum separation requirement is reduced to 100 feet from property line to property line.
3. When the population of a proposed Community Residence is of such a nature that its location must be kept confidential for it to function successfully, such as a Community Residence for victims of domestic abuse, the minimum separation requirements set forth in Regulations 1 and 2 above shall not apply.
4. A maximum of 2 persons who function as facility operator or support staff may reside in a Community Residence without being counted toward the 10-resident limit established for that use. Resident operator/support staff in excess of 2 shall be counted toward the 10-person limit.
5. A Community Residence shall comply with all public health and safety requirements including all Building and Fire Code requirements for the dwelling type in question.
6. If Federal or State law or regulations require the proposed Community Residence to be licensed or certified, then the applicant must obtain that required license or certification before commencing operation of the Community Residence.
7. When located in an O, C-1 or C-2 Zoning District, a Community Residence may not be established unless it is part of a mixed-use development.
8. The operator of a Transitional Community Residence:
 - a. Must require residents to be actively and continuously enrolled in an offsite support program, including without limitation Alcoholics Anonymous or an equivalent program, or a rehabilitation program such as one supervised by a medical professional or recognized treatment;

Occupancy within a Community Residence shall not be made available to any individual whose tenancy would constitute a direct threat to the health and safety of individuals or would result in substantial physical damage to the property of others. The fact that a person is sentenced or referred to a Transitional Community Residence by a judge does not, without other evidence of a person's actual danger to other persons or property, establish that the person is a direct threat to the health and safety of others.
10. The Community Residence must be consistent with the scale and architectural character of the neighborhood.
11. The Special Use Permit provisions of LVMC 19.04.040(B) shall not apply to Regulations 5 through 10 above.
12. In the case of a Special Use Permit application that is filed as a consequence of not qualifying for conditional use treatment under Regulations 1 and 2 above, the application must be approved unless the Planning Commission or City Council determines that

one or more of the following conditions would occur:

- a. The building to be occupied as a Community Residence would be established or modified in a manner that would make it inconsistent with the scale and architectural character of the neighborhood;
- b. The proposed Community Residence, together with existing Community Residences, would alter the residential character of the neighborhood by creating an institutional atmosphere due to the concentration of Community Residences on a block or adjoining blocks; or
