PURPOSE/BACKGROUND:

The Las Vegas Valley Water District inspected the modifications to the water distribution facilities which are to be owned, operated and maintained by the Water District. The inspection determined that said facilities have been installed and modified in accordance with the requirements set forth in the Interlocal Agreement number 109344 between the City of Las Vegas and the Water District which was approved at the March 16, 2005 City Council Meeting. Therefore the City will now turn the water distribution facilities over to the Water District. The City will receive a refund of \$9,809.00 once the Bill of Sale is signed.
