ANALYSIS

This is the first request for an Extension of Time of a previously approved Special Use Permit (SUP-27933) for a proposed Restaurant with Service Bar with waivers to allow a zero-foot distance separation from a child care facility and 58-foot distance separation from a school where 400 feet is required at 4561 East Bonanza Road. In addition to the above Special Use Permit, the applicant had received approval to add a 20,400 square foot General Retail Development to an existing 16,250 square-foot Auto Repair Garage, but the entitlement expired on 03/19/10. No building permits or business licenses have been issued for the proposed restaurant. Staff conducted a field check of the site and found the chain link fencing in need of repair, bags of trash scattered over the lot, broken glass, dead tree branches piled by the fence, a trash dumpster set outside the fencing with graffiti on it and a vehicle for sale parked at the north end near Bonanza Road.

FINDINGS

The Special Use Permit (SUP-27933) has not met Title 19.18.060 requirements to exercise the entitlement as a business license has not been issued for the proposed use. A report has been sent to Code Enforcement requesting correction of property maintenance violations. There has been a change in land use in the surrounding area for a Fire Station to the west of the subject site. The applicant is requesting an Extension of Time due to the current economic conditions in Las Vegas. Staff is recommending approval of this request with a two-year time limit. Conformance to the conditions of approval of the Special Use Permit (SUP-27933) shall be required.
