RE: Selected L.V. City Council Agenda items for August 18, 2010.

Councilpersons TARKANIAN, BARLOW, REESE: Will you please pull CONSENT ITEMS #17,
#19, and #32 so that answers to concerns can be stated publically?

#12. We understand these streetlights contain and emit serious poison- to- life emmissions.
Wisdom in all things IS wise!

#17., #18., #25., #26., and #27. Is there a minimum of "temporary extensions" allowed?
If yes, what is that number? What is the fee for each "temporary extension"?

#19. What are the limits on gaming for Charleston Boulevard? Are they being enforced?

#31. When elected representatives utilize due diligence regarding city business, we
constituents should not be giving \$790,000 to clean up a mess made by others.
With a greatly reduced number of constituents, we ask you to seriously consider
downsizing the 'Symphony' area to be utilized now.
> We need to know the estimated total costs of the required clean-up.

#32. How many phases are there to this Bonneville/Clark Couplet, etc.?

#33. NO award of nearly \$1 ½ million can be given for this bid. We ask that this award and
those remaining be downsized by 50%, at least.

#65. Please state where this proposed package can be perused by your constituents.

#71. Why are pages left blank in the back-up for this item?

#72. What prompted these revisions?

#73. What prompted these repeals?

#75. NO, is the vote we recommend on these 2 yr. in advance fee increases. Clever though!

#90. NO, due to 320 ft. too close to residential and 638 ft. too close to an existing massage establishment. We expect that this 'foot' massage site could become inclusive of other body portions.

#92. We must know whether "financial institution" includes banks and credit unions. Charleston Neighborhood Preservation "Approval mark on Futura letter is withdrawn until we have the CLV definition of "financial institution", at which time we will provide a knowledgeable response.

May a daily desert breeze dry our warm, damp brows!
