

**INTERLOCAL CONTRACT
ARTERIAL RECONSTRUCTION PROJECTS
Fiscal Year 2011**

THIS INTERLOCAL CONTRACT made and entered into this 10th day of June, 2010, by and between the CITY OF LAS VEGAS, a municipal corporation, hereinafter referred to as the "CITY" and the Regional Transportation Commission of Southern Nevada hereinafter referred to as "RTC".

W I T N E S S E T H

WHEREAS, pursuant to Chapter 373 of the Nevada Revised Statutes, the Regional Transportation Commission may approve and fund projects to improve streets or highways; and

WHEREAS, the CITY desires to improve streets and highways within the City in accordance with the improvements set forth herein, and hereinafter referred to as the "PROJECT"; and

WHEREAS, the design of the Project is 100% complete and all right-of-way has been acquired and secured; and,

WHEREAS, the facilities upon which improvements will be done are facilities eligible for RTC funding.

NOW, THEREFORE, in consideration of the covenants, conditions, agreements, and promises of the parties hereto, the RTC authorizes the CITY to proceed with the Project as it is mutually agreed and understood, as follows:

SECTION I: SCOPE OF PROJECT

This Interlocal Contract applies to improvements associated with the Fiscal Year 2010 Annual Restoration and Preservation Projects. The basic improvements may include crack sealing, concrete repairs, pavement and base failure reconstructions, pavement resurfacing and re-profiling and traffic striping as necessary. Where applicable, wheel chair ramps will be installed at curb returns and temporary asphalt sidewalk installed in accordance with the RTC policy on sidewalk installation. Bike lanes and bike paths will be part of the striping of the finished roadway as long as the bike lane or path is part of the Bicycle and Pedestrian Element of the Regional Transportation Plan. The PROJECT is more specifically described in Exhibit "A" which is hereto and by this reference incorporated herein.

SECTION II: PROJECT COSTS

The RTC agrees to provide from Senate Bill 5 (SB5) funds for project costs according to Section 6.1 REIMBURSEMENT COSTS of the Policies and Procedures Manual of the RTC within the limits specified below:

1. The total project cost for construction and engineering shall not exceed \$1,980,000.
2. "Authorization to Proceed" will be granted for construction in an amount not to exceed \$1,880,000 and for engineering in an amount not to exceed \$100,000, at the time written "Authorization to Proceed" is received from the RTC. The bid documents for this construction project will be advertised prior to 60 days from the date of the signed Authorization to Proceed or the Authorization to Proceed will be automatically rescinded by the RTC and the funds will be re-appropriated to the next highest ranked project on the SB5 pending list.
3. Upon award of bid, the Interlocal Contract and Authorization to Proceed amount shall be reduced to bid award and funding for contingency and construction management, each amount not to exceed 10% of the bid award amount.
4. A written request must be made to the RTC and an additional supplemental interlocal contract approved to allow exceptions to the adopted policies and procedures of the RTC or the amount noted above prior to payment of any additional funds.

SECTION III: GENERAL

1. The title sheet of both the plans and specifications shall show the RTC as the funding agency. If construction funds are provided by sources other than the RTC, the plans, contract documents, special provisions, and Project signs shall also show the RTC as a funding agency.
2. Preliminary engineering, design and right-of-way engineering shall be performed by the CITY or by a consultant employed by the CITY.
3. The design, construction, right-of-way acquisition and contract administration of the Project shall comply with the requirements as set forth in the current "Policies and Procedures" of the RTC.
4. The CITY's Department of Public Works has a policy, which effectively prohibits utility cuts through the pavement for a period of five years after the completion of a project.
5. Upon completion of the construction of the Project, it shall be maintained by the CITY and no funding is provided by this Contract for such maintenance.

6. The Project must be completed to the satisfaction of the RTC prior to June 30, 2015. The RTC may, at any time thereafter, grant time extensions or terminate this Contract and require all sums advanced to the CITY be repaid.
7. It is understood and agreed that the purpose of this Interlocal Contract is to fund the Project as hereinabove set forth. It is further understood and agreed that the CITY is responsible for the design and construction of the Project and will hold the other parties to this Interlocal Contract and the RTC harmless for any liability therefore except the funding provided by this Interlocal Contract.
8. Should the construction funds be provided by sources other than the RTC, the CITY will reimburse the RTC for a percentage of the preliminary engineering and design costs associated with other funding sources, as mutually agreed upon by the RTC and the CITY.
