PURPOSE/BACKGROUND:

This bill will amend the City's Administrative Code to adopt new fee tables applicable to permits, inspections and other services performed in connection with the City's technical codes. The new tables are based on the cost of providing services rather than on the estimated value of construction. The tables include built-in adjustments for 2012 and 2013, unless it is determined that increases are not needed. The bill also requires a general contractor to obtain all permits and pay all related fees in the case of projects involving the work of more than one trade.
