A substitution will not be permitted where the material or product is intended to match others in use, accommodate artistic design, specific function or economy of maintenance.

b. Procedure. The Design-Build Team shall, within 10 days after award of the Contract submit to the Owner a written request for the substitution accompanied by drawings, samples, test data, certificates and any other pertinent documentation which will permit the Owner to make a fair and equitable decision concerning the proposed substitution. If the Design-Build Team fails to submit the written request within the specified time, the substitution will not be allowed. If

the substitution is acceptable to the Owner, a written authorization will be provided to the Design-Build Team. No substitution will be allowed which will result in an increase in the Contract Amount.

c. Burden of Proof. The burden of proof in establishing the equality of the proposed substitution shall be upon the Design-Build Team. Approval of a substitution shall not relieve the Design-Build Team from responsibility for compliance with the other requirements of the Contract. The Design-Build Team shall bear the expense for any changes in other parts of the Work caused by the substitution. The submission of a substitution incurs no obligation on the part of the Owner to accept or construe the proposed substitution to be an equal to that specified under the Contract. The Owner will be the sole judge of whether or not the substitution is equal in quality, utility and economy to that specified under the Contract. The Owner will have a reasonable amount of time to review each request for substitution.

d. Required Certificates. The substituted material, product or service shall be supported, by proper certification from the governmental agencies having jurisdiction over its use in the Work.

Section 2.14 Responsibility for the Delivery and Storage of Materials and Equipment

The Design-Build Team shall receive, unload, store in a secure place, and deliver from storage to the Work site all materials and equipment required for the performance of the Contract. The storage facilities and methods of storing shall meet with the Owner's approval. Any materials and equipment subject to degradation by exposure shall be stored in a suitable enclosure provided by the Design-Build Team.

Section 2.15 Responsibility for Emergencies

When emergencies affecting or threatening the safety of any person or property occur, the Design-Build Team shall immediately act with diligence to prevent injury to such person, or damage or loss to such property. If the Design-Build Team should fail to act, the Owner may, but is not obligated to, act immediately to prevent injury to such person, or damage or loss to property, whichever may be endangered by the emergency by whatever means or method the Owner deems appropriate, including, but not limited to, the use of other Design-Build Teams, the Owner's own forces, and the Design-Build Team's on-site equipment and materials, in which case, the Design-Build Team shall pay the Owner for any such expenses incurred as provided in Section 10.05 (Owner's Right to Perform the Work).

Section 2.16 Responsibility for Payment of Subcontractor and Other Parties

The Design-Build Team is responsible for paying each Subcontractor and Subconsultant performing any portion of the Work, and other parties providing labor, material or supplies in connection with the Work in a timely manner.

Section 2.17 Responsibility for Schedule of Values

The Design-Build Team, if so requested by the Owner, shall provide the Owner with a Schedule of Values allocated to various portions of the Work. The Schedule of Values shall be formed and supported by such data and information, acceptable to the Owner.

Each line item of the Schedule of Values shall contain no more than reasonable and attributable costs applicable to the line item. The Design-Build Team shall warrant the Schedule of Values to be reliable and accurate, and documents used in the preparation thereof shall be available for review by the Owner.

SECTION 3. OWNER'S RIGHTS AND RESPONSIBILITIES

Section 3.01 Designated Representative

The Owner's Designated Representative with respect to the Contract shall have complete authority to transmit instructions, receive information, interpret and define the policies of the Owner and to make other decisions on the part of the Owner. Following the issuance of the Notice to Proceed, the Designated Representative may perform any review, communications, notices or other act required on the part of the Owner.

The Designated Representative shall not have any authority to change or interpret the Contract or Contract Documents, whether orally or in writing. Any ambiguity between the parties that require interpretation of the Contract or Contract Documents shall be resolved by written submission of a Request for Information by the Design-Build Team. Any request for a change to the Contract or Contract Documents shall be resolved by written submission of a Change Order request

by the Design-Build Team. The Contract or Contract Documents shall not be changed without written confirmation from the Owner.

Communications from the Owner's Representative may be verbal or written. Any verbal instruction or directive by the Owner's Representative to the Design-Build Team that changes either the Contract Amount or Contract Time or that changes either the Contract or the Contract Documents shall not be valid unless confirmed in writing and acknowledged and accepted by the Owner 1) within five working days or 2) when the work that is subject to the verbal directive commences, whichever is earlier. Absent written confirmation of the Owner's Representative's verbal instruction to the Design-Build Team, the parties agree that there is a strong presumption that no such verbal directive was ever given.

Section 3.02 Right to Perform or Award Separate Contracts for Portions of the Work

a. Coordination. The Owner reserves the right to perform portions of the Work related to the Project with its own forces or to award a separate contract or contracts for portions of the Work under the same or similar conditions of the Contract. The Owner will provide for the coordination of the activities by its own forces and that of each separate Design-Build Team with the Work of the Design-Build Team. The Design-Build Team shall participate with the Owner and the other separate Design-Build Teams in reviewing their construction schedules when so directed by the Owner.

b. Revisions to the Guaranteed Project Schedule. The Design-Build Team shall make the revisions to the Guaranteed Project Schedule deemed necessary after a joint review and mutual agreement. The Guaranteed Project Schedule as revised shall then constitute the schedule to be used by the Design-Build Team. If the activities by the Owner or the other Design-Build Teams are completed within the time reflected in the Guaranteed Project Schedule as revised or an extension is granted in the Contract Time, the Design-Build Team shall be precluded from asserting any claim for delay or additional expenses resulting from the Owner exercising its rights granted herein.

c. Storage of Equipment and Materials. The Design-Build Team shall afford the Owner and any separate Contractor reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Design-Build Team's construction and operations with theirs as required by the Contract.

d. Reporting of Separate Contractor Deficiencies. If part of the Work depends on the proper execution of construction or operations by the Owner or a separate Contractor, the Design-Build Team shall, prior to proceeding with the Work and each portion thereof, promptly report to the Owner any apparent discrepancies or defects in such other construction or operations that would render the Work unsuitable for proper execution by the Design-Build Team. The Design-Build Team's failure to report such discrepancy or defect shall constitute an acknowledgment that the Owner's or separate Contractor's completed or partially completed construction or operations is fit and proper for the Design-Build Team to proceed with the Work, except as to defects not then reasonably discoverable.

e. Delays and Damages to Separate Contractors. The Design-Build Team shall defend, indemnify and hold the Owner harmless pursuant to the provisions of Section 9.01 (General Indemnity) of the General Conditions for each claim asserted by a separate Contractor for delay, improperly timed activity, defective construction or damage to the work of the separate Contractor which is caused by the Design-Build Team. The Design-Build Team agrees to make no claim of cost or damages against the Owner for any delay, improperly timed activity, defective construction or damage to the Work of the Design-Build Team which is caused (i) by the Design-Build Team, or (ii) by a separate Contractor unless such Contractor is under contract to the Owner, or to a general Contractor of the Owner.

f. The Owner shall pay each claim of cost incurred by the Design-Build Team arising from the delay, improperly timed activity, defective construction or damage to the Work caused by a separate Contractor acting under the direction or control of the Owner, or under the direction and control of a general Contractor of the Owner, provided such claim meet the requirements contained in Section 01200 (Price and Payment Procedures) of the Bridging Documents.

The failure of either party to pay the costs as required herein shall entitle the other party to file a claim pursuant to Section 12 (Disputes between the Parties) of the Contract.

g. Repair of Damages. The Design-Build Team shall promptly repair any damage caused by the Design-Build Team to the work of a separate Contractor or to any property of the Owner or other property owner if so requested and permitted by the injured party. Such repair shall be in lieu of the payment of monetary damages to the injured party.

Section 3.03 Right to Perform Additional Work Within or Near the Project Site

The Owner reserves the right at any time to contract with another Contractor whose work may occur within or near the site of the Project. In such event, the Design-Build Team agrees not to interfere with or hinder the progress of work by the other Contractor, and the Owner agrees to require such Contractor to coordinate its work with that of the Design-Build Team. The Design-Build Team agrees to cooperate and coordinate with such Contractor as directed by the Owner.

The Design-Build Team shall arrange the Work and shall place and dispose of the materials being used so as not to interfere with the operations of other Contractors within the limits of the same Project. The Design-Build Team shall join the Work with that of the other Contractor in an acceptable manner and shall perform it in proper sequence to that of the other Contractor.

Section 3.04 Progress Meetings

The Owner shall chair the progress meetings between the parties to the Contract that shall include a representative from each major subcontractor if so requested by the Owner. The Owner shall take notes of the progress meeting and shall distribute copies to each party within five (5) days after completion of the meeting. The conference notes shall summarize decisions made at the meeting and reflect the weekly job progress in comparison to the Guaranteed Project Schedule. The attendees are responsible for remembering their own required action and the conference notes shall serve only as a reminder and record of the required action.

Section 3.05 Right of Suspension

The Owner may, without cause, order the Design-Build Team in writing to suspend, delay or interrupt the Work, in whole or in part, for such period of time as determined by the Owner. An adjustment shall be made for the increase in the cost of performing the Contract (excluding therefrom any profit to the Design-Build Team), on the increased cost of performance caused by the suspension, delay, or interruption.

No adjustment shall be made to the extent that:

- i. The performance is, was or would have been so suspended, delayed or interrupted by another cause for which the Design-Build Team is responsible; or
- ii. An equitable adjustment is made or denied under another provision of the Contract Documents, or
- iii. The Design-Build Team could have mitigated the increase in cost to perform the Contract.

Section 3.06 Right of Termination for Convenience

Prior to, or during the performance of the Work, the Owner reserves the right to terminate the Contract in whole or in part, for any reason whatsoever (including, but not necessarily limited to, funding limitations). Upon such an occurrence the Owner will immediately notify the design professional and the Design-Build Team in writing specifying the effective termination date of the Contract.

After receipt of the Notice of Termination, the Design-Build Team shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due at the point in the Contract:

- i. Stop all construction;
- ii. Place no further orders for materials or services;
- iii. Terminate all subcontracts;
- iv. Cancel all material and equipment orders as applicable; and
- v. Take whatever action is necessary to protect and preserve all property related to this Contract, which is in the possession of the Design-Build Team.

Within 180 days of the date of the Notice of Termination, the Design-Build Team shall submit a final termination settlement proposal to the Owner based upon costs up to the date of termination, including reasonable profit as allowed by the Contract Documents on completed Work, and reasonable demobilization costs as allowed by the Contract Documents. If the Design-Build Team fails to submit the proposal within the time allowed, the Owner may determine the amount due to the Design-Build Team because of the termination and shall pay the determined amount to the Design-Build Team.

Section 3.07 Owner's Right to Replace Subcontractor or Subconsultant

The Owner shall have the right to require that the Design-Build Team replace any Subcontractor or Subconsultant at any time and for any reason by requesting such change in writing in accordance with the provisions of NRS 338.141.

SECTION 4. CONTRACT COMMENCEMENT, PROGRESS AND COMPLETION

Section 4.01 Notice to Proceed

After receipt of all required post-Proposal submittals, the Owner will issue the Notice to Proceed. The Design-Build Team shall not commence activities on the Project prior to the date specified in the Notice to Proceed.

Section 4.02 Guaranteed Project Schedule

Within the time provided in Section 01330 of the Bridging Documents, the Design-Build Team shall submit the Guaranteed Project Schedule for the Work, which shall contain the appropriate milestones by which the Owner can judge and determine the progress thereof.

Section 4.03 Progress of the Work

The Design-Build Team shall provide sufficient labor, materials, facilities, and equipment and shall work such hours, including night shifts, overtime operations, Saturdays, Sundays and holidays, as may be necessary to insure the prosecution and completion of the Work or separable portions thereof, in accordance with the Guaranteed Project Schedule.

If the progress of the Work falls behind or fails to proceed in accordance with the Guaranteed Project Schedule, or it becomes apparent to the Owner from the current schedule that the Work will not be substantially complete within the Contract Time (as adjusted by Owner approved Change Orders), in addition to the other requirements of the Contract and remedies available to the Owner, the Design-Build Team agrees to take the following actions at no additional cost to the Owner to correct such tardiness:

- i. Increase manpower in such quantities and crafts as will substantially eliminate, in the judgment of the Owner, the backlog of Work;
- ii. Increase the number of working hours per shift, shifts per working day, working days per week, the amount of equipment, or any combination of the foregoing, sufficient to substantially eliminate, in the judgment of the Owner, the backlog of Work; and,
- iii. Reschedule activities to achieve maximum practical concurrence of accomplishment of activities.

The failure of the Design-Build Team to comply with the requirements of this Section or to remedy the tardiness shall be grounds for a determination by the Owner that the Design-Build Team is failing to diligently prosecute the Work, in which case the Owner may, after the notice of the breach has been provided to the Design-Build Team pursuant to Section 10.01 (Definition of Breach) of the Contract, without prejudice to other remedies the Owner may have and regardless of whether the Design-Build Team has taken or is taking corrective action, immediately correct the Design-Build Team's failure at the Design-Build Team's expense by exercising the right to perform and carry out the work as provided in Section 10.05 (Owner's Right to Perform the Work) including the use of the Owner's work forces, to award separate contracts, to supplement the Design-Build Team's work forces, to prepare or have prepared schedules which shall be used to determine the provisions of the Contract to withhold actual and anticipated liquidated damages and consequential damages, and any other means the Owner deems appropriate.

Section 4.04 Contract Time

Time is of the essence in the performance and completion of this Contract. The Design-Build Team shall commence the Work on the date set by the Owner in the Notice to Proceed, and shall achieve Substantial Completion of the Work within the Contract Time.

Section 4.05 Progress Payments and Retainage

a. **Progress Bills and Payments.** The Design-Build Team may submit a monthly progress bill requesting payment for the Work performed to-date after measuring the Work and estimating its value based upon the unit prices contained in the Contract or the approved Schedule of Values. The progress bill must be submitted by the deadline

established by the Owner and must be accompanied by photographs of the Work completed to date and other supporting documentation (such as material receipts and storage verifications). The quantities and value estimates must have the concurrence of the Owner. As permitted pursuant to Section 10.06 (Deduction from Progress Payments) of the Contract and NRS Chapter 338, the Owner may withhold from the progress payment an amount that is sufficient to protect the Owner for the Design-Build Team's failure to comply with the requirements of the Contract or applicable building codes, laws or regulations.

The Design-Build Team must submit certified payroll records each month as required by NRS Chapter 338. If the certified payroll records for the previous month have not been received, the Owner may withhold funds from the progress payment in accordance with NRS Chapter 338.

b. Retainage. From the progress payment to be made to the Design-Build Team, the Owner shall deduct and retain an amount equal to ten percent (10%) of the amount approved for payment.

c. Payment for Stored Material. The Owner may at its discretion pay the Design-Build Team for the cost of the material to be used in the performance of the Work, provided the material complies with the requirements of the Contract and the following conditions are satisfied:

- i. The Design-Build Team stores the material in a manner acceptable to the Owner at the Work site or other site that is acceptable to the Owner.
- ii. The Design-Build Team furnishes evidence of the quantity and quality of the stored material that is acceptable to the Owner.
- iii. The Design-Build Team furnishes legal title (free of liens or encumbrances of any kind) for the stored material that is acceptable to the Owner.
- iv. The Design-Build Team furnishes evidence the stored material is insured against loss, damage or disappearance thereof prior to use in the Work that is acceptable to the Owner.

The transfer of title to, or the payment for, the stored material by the Owner shall in no way relieve the Design-Build Team of responsibility for placing the material in accordance with the requirements of the Contract.

If payment is being sought for material not specifically purchased for the Work, but taken from the Design-Build Team's stock, then in lieu of an invoice, the Design-Build Team shall submit to the Owner a statement and accompanying affidavit certifying that the material was taken from the Design-Build Team's stock and that the claimed material and transportation costs represent the actual costs to the Design-Build Team.

The progress bill requesting payment for the stored material shall not exceed the Contract price for such material or the price for the Contract item comprising the material used by the Design-Build Team.

SECTION 5. COMPLETION OF PROJECT

Section 5.01 Substantial Completion

When the Design-Build Team considers the Work or portion thereof has reached Substantial Completion, the Design-Build Team shall so inform the Owner. The Owner shall schedule a walk-through to establish a punch list of items to be completed or corrected by the Design-Build Team.

If the Work or any designated portion thereof has reached Substantial Completion, and all applicable governmental authorities have granted final approval of the Work, the Owner will issue a Certificate of Substantial Completion establishing the date of Substantial Completion identifying responsibilities of the Owner and Design-Build Team for security, maintenance, utilities, damage to the work and insurance, and fixing the time for the Design-Build Team to finish the items on the punch list accompanying the Certificate. The Certificate of Substantial Completion shall be submitted to the Owner and Design-Build Team for their written acceptance of responsibilities assigned to them in such Certificate.

In the event the Design-Build Team is unwilling to provide written acceptance of the Certificate of Substantial Completion, the Owner shall issue the Certificate without the Design-Build Team's signature, and (i) the Design-Build Team shall immediately comply with the provisions of the Certificate, and any dispute involving the Design-Build Team's unwillingness to provide written acceptance shall be resolved in accordance with Section 12 (Disputes Between the Parties). In such event, the Owner may withhold Liquidated Damages based on the completion date shown on the issued Certificate of Substantial Completion until such time as the dispute is resolved between the parties.

Section 5.02 Punch List

The Design-Build Team shall complete or correct the Work identified on the punch list within the time specified on the Certificate of Substantial Completion or as otherwise directed. If the Design-Build Team fails to satisfactorily complete or correct the punch list items, such failure shall constitute a breach of this Agreement and the Owner shall have the option to invoke any of the remedies provided for under Section 10.

The time stated for completion of punch list items shall include final clean up of the Work site.

Section 5.03 Final Inspection and Final Acceptance of the Work

When the Design-Build Team considers the Work is complete, the Design-Build Team shall so notify the Owner in writing. If, after inspection and testing, the Owner determines that the Work has been completed as required by the Contract and the Contract otherwise fully performed, the Owner shall inform the Design-Build Team that application for final payment may be made. The Contract shall not be considered to be fully performed until the Design-Build Team provides the Owner with the certificates, guaranties, releases, certified payroll records, affidavits, record documents and other documents required under the Contract. Final acceptance of the Work shall be confirmed by the making of final payment unless otherwise stipulated at the time such payment is made.

Section 5.04 Final Payment

Provided the Contract has been fully performed pursuant to Section 5.03 (Final Inspection and Final Acceptance of the Work) of the Contract, the Design-Build Team shall prepare and submit a final payment application for all Work performed under the Contract. The acceptance of final payment shall operate as a release to the Owner by the Design-Build Team of all claims and liabilities for all things done or furnished in connection with the Work and for every act or omission, negligent or otherwise, of the Owner and others relating to or arising out of the Work.

No payment, final or otherwise, shall operate to release the Design-Build Team from any obligations under the Contract or the Sureties from any obligations under the Performance Bond, Labor and Material Payment Bond or the Guaranty Bond.

Section 5.05 Non-Conforming Work Not Accepted

Neither final acceptance, the making of final payment, nor the entire or partial occupancy of the completed Work by the Owner shall constitute an acceptance of the Work, or any portion thereof, not completed in accordance with the requirements of the Contract.

SECTION 6. LIQUIDATED, CONSEQUENTIAL AND DELAY DAMAGES

Section 6.01 Owner's Recovery of Liquidated Damages

The Design-Build Team acknowledges that time is an essential element of this Contract and for that reason the Work needs to proceed and be prosecuted vigorously to completion. In the event that the Work is not completed within the Contract Time set forth in Section 5 (Contract Time) of the Design-Build Contract, the Design-Build Team further acknowledges that the Owner will suffer damages which are difficult to ascertain, such as, but not necessarily limited to, the loss of the use of the Work by the Owner and the public, the inconvenience suffered by the public, and the cost associated with additional architectural, engineering, inspection, supervision and contract administration.

Because it is difficult and impractical to fix the amount of actual damages which would be suffered by the Owner if the Design-Build Team fails to meet the completion deadline, the parties have agreed that the amount of liquidated damages set forth in Section 6 of the Design-Build Contract is a reasonable estimate of the damages to be suffered by the Owner.

The Design-Build Team agrees to pay the Owner Liquidated Damages for each day that the Work exceeds the completion deadline until the Design-Build Team reaches Substantial Completion of the Work. The Liquidated Damages provided for therein pertain only to the failure to complete the Work by the completion deadline, and does not preclude recovering any increased costs incurred by the Owner in completing the Work. Liquidated Damages shall be in addition to any other remedies that may be available to the Owner. By executing the Design-Build Contract, the Design-Build Team agrees that the amount of liquidated damages set forth therein is fair and reasonable.

If the Owner permits the Design-Build Team to complete the Work, or any part thereof, after the completion deadline or any extensions thereto, such permission shall not be construed as a waiver on the part of the Owner of any of its rights or remedies under the Contract.

The Owner's right to withhold Liquidated Damages pursuant to the provisions of this Section, or any other section of the Contract, is self-executing, and is not subject to the notice of claim and arbitration procedures set forth in Section 12.02 (Arbitration) of the Contract. If the Design-Build Team disagrees with the assessment or withholding of any Liquidated Damages, such disagreement shall be treated as a dispute between parties subject to the notice of claim and arbitration procedures set forth in that Section.

Section 6.02 Owner's Recovery of Consequential Damages

The Design-Build Team acknowledges that time is an essential element of this Contract and for that reason the Work needs to proceed and be prosecuted vigorously to completion. In the event that the Work is not completed within the Contract Time set forth in Section 5 (Contract Time) of the Design-Build Contract, the Design-Build Team further acknowledges that the Owner will suffer consequential damages.

The Owner has applied for and received incentives from Nevada Energy for participation in the Solar Program, pursuant to NRS 701B.160. Due to funding limitations, the Owner would have not undertaken this Project if all of the Nevada Energy Solar Program incentives listed in this Section were not available to the Owner. NRS 701B.255(6) mandates that the Incentive granted to the Owner expires and the Owner loses the incentive in its entirety if the Owner does not complete the installation of the solar energy system within 12 months after the date on which the Owner was selected for participation in the Solar Program. The following table summarizes the Locations and the Incentive Expiration Dates:

Location	Incentive Expiration Date*
Centennial Hills Community Center	September 7, 2011 & September 8, 2011
Lorenzi Park	August 19, 2011 & September 9, 2011
Fire Station #5	December 9, 2011
Centennial Hills Park	December 9, 2011
Rainbow Family Park, South Lot	September 9, 2011
* Each Incentive Expiration Date shall be considered as a separate date for assessment of Consequential Damages under this Section.	

In order for the Owner to receive the Incentive, the Design-Build Team must meet the Mandatory Interim Substantial Completion Date (defined as achieving Substantial Completion and submitting all necessary paper work detailed in the Bridging Documents) for each Location as follows:

Location	Mandatory Interim Substantial Completion Date**
Centennial Hills Community Center	Wednesday, August 31, 2011 Thursday, September 01, 2011
Lorenzi Park	Thursday, August 11, 2011 Thursday, September 01, 2011
Fire Station #5	Thursday, December 01, 2011
Centennial Hills Park	Thursday, December 01, 2011
Rainbow Family Park, South Lot	Thursday, September 01, 2011

**** NOTE:** For Locations that have two Mandatory Interim Substantial Completion dates, two independent consequential damages may be assessed. If the Design-Build Team fails to achieve Mandatory Interim Substantial Completion and/or fails to submit all necessary paper work detailed in the Bridging Documents by the first Mandatory Interim Substantial Completion Date the initial Consequential Damage will be applicable. If the Design-Build Team fails to achieve Mandatory Interim Substantial Completion and/or fails to submit all necessary paper work detailed in the Bridging Documents by the second Mandatory Interim Substantial Completion Date, the Second Consequential Damage will also apply.

In order for the Owner to receive the Incentive, the Design-Build Team must achieve Mandatory Interim Substantial Completion and submit all necessary completed paperwork detailed in the Bridging Documents by the date listed in the table above for each Location. The Mandatory Interim Substantial Completion dates are approximately seven (7) calendar days prior to the expiration of the Incentive Expiration Date in order to permit the Owner to coordinate the processing of the Incentive paperwork and other necessary documentation with Nevada Energy.

If the Design-Build Team fails to achieve the Mandatory Interim Substantial Completion Date for a Location and/or fails to submit all necessary paper work detailed in the Bridging Documents by the date listed in the table above for a Location, the Owner's Incentive for that particular location shall expire, and the Owner will incur consequential damages detailed herein. For Locations that have a two Incentives, if the Design-Build Team fails to achieve Mandatory Substantial Interim Completion and/or fails to submit all necessary paper work detailed in the Bridging Documents by the second Mandatory Substantial Interim Completion Date for a Location, the Owner's second incentive for that particular Location shall expire, and the Owner will incur additional Consequential Damages detailed herein.

Location	Incentive Amount and Corresponding Incentive Expiration Date
Centennial Hills Community Center	\$216,000.00 (September 7, 2011) & \$281,460.00 (September 8, 2011)
Lorenzi Park	\$150,000.00 (August 19, 2011) & \$180,600.00 (September 9, 2011)
Fire Station #5	\$150,000.00 (December 9, 2001)
Centennial Hills Park	\$150,000.00 (December 9, 2001)
Rainbow Family Park, South Lot	\$143,740.00 (December 9, 2001)

The Design Build Team agrees and acknowledges that such Consequential Damages shall be levied against the Design-Build Team if the Owner loses an incentive for a particular Location, and such amount shall be assessed by the Owner against the amount of monies withheld by the Owner for anticipatory Consequential Damages.

The Owner shall attempt to mitigate such Consequential Damages by submitting an application to Nevada Energy for a new incentive on the date the Design-Build Team achieves Substantial Completion and submits all necessary completed paper work detailed in the Bridging Documents. Any new incentive is dependent upon availability of Solar Program funds and approval by Nevada Energy during the following program year. Any New Incentive granted to the Owner shall offset the Consequential Damages sustained by the Owner and any amount received from Nevada Energy during the next program year shall be paid by the Owner to the Design-Build Team within 30 days of receipt of the new incentive from Nevada Energy.

The Owner's right to withhold Consequential Damages pursuant to the provisions of this Section, or any other section of the Contract, is self-executing, and is not subject to the notice of claim and arbitration procedures set forth in Section 12.02 (Arbitration) of the Contract. If the Design-Build Team's Project Schedule indicates late completion for any Location, or if in the reasonable determination by the Owner that the Design-Build Team will breach the Contract by not completing any Location by the Incentive Expiration Date(s), the Owner shall deduct an amount equal to the lost Incentive(s) by withholding payment to the Design-Build Team as set forth in Section 10.06 (Deduction From Progress Payments).

Section 6.03 Delay Damages

The Design-Build Team shall not make any claim against the Owner for an increase in the Contract Amount, or for any damages, losses or additional expenses which the Design-Build Team may suffer as a result of any delay in the completion of the Work (regardless of the circumstances giving rise to the delay), with the exception of the following:

- i. Delays caused by the Owner's malicious or grossly negligent conduct, or the Owner's willful and knowing delay to the Substantial Completion of the Work,
- ii. Delays whose assumption of the risk by the Design-Build Team was not within the contemplation of the parties at the time the parties entered into the Contract, or
- iii. Delays of such unreasonable duration that they constitute an intentional abandonment of the Contract by the Owner.

If any of the exceptions set forth in (i) through (iii) above are determined by the Owner to be applicable, the Owner may grant a time extension commensurate with the delay, increase the Contract Amount and/or consider for payment a claim for damages, losses or additional expenses resulting from any delay in the completion of the Work provided such claim meets the requirements set forth in Section 01200 (Claims and Disputes) of the Bridging Documents. The Owner shall determine the validity of the claim and the amount to be paid, and such consideration or payment shall not invalidate, limit

or otherwise waive the prohibition provisions of this Section with respect to any future delay claims of the Design-Build Team.

Without limiting the following possible circumstances as being within the contemplation of the parties at the time that the parties entered into the Contract, if any of the following circumstances shall occur:

- i. Unknown or uncertain conditions including, but not necessarily limited to, the discovery of caliche, ground water and all other subsurface conditions,
- ii. Weather conditions (including, but not limited to, precipitation, flood, mud slides, sink holes, ice and snow resulting from precipitation, wind, temperature or humidity) and the resultant effects thereof regardless of the nature, duration, severity or abnormality of such weather condition,
- iii. Unmarked utilities or utility interferences,
- iv. Events of war, labor disputes, transportation delays, freight embargos, earthquakes, floods, epidemics, terrorist threats or acts, workplace violence, theft, vandalism damage to the Work (including fire and explosion), acts of God and all other events, acts or omissions resulting in the unavailability of labor, materials, equipment or utilities,
- v. Acts or omissions of the Owner and other governmental authorities acting in their role as code and regulation enforcement regulators,
- vi. Acts or omissions of Design-Build Teams, subcontractor, suppliers and material manufacturers involved in the Work,
- vii. Acts, omissions and coordination of other Design-Build Teams regardless of the event location or contractual relationship between the parties, unless such Design-Build Teams are under the direction or control of the Owner, or under the direction or control of a general Design-Build Team of the Owner, or
- viii. Discovery of hazardous substances or substances suspected of being hazardous,

then the Design-Build Team may be entitled to an increase in the Contract Amount and/or a time extension for completion of the Work provided the delay to the Work meets the requirements of Section 01200 (Claims and Disputes) of the Bridging Documents of the Contract.

This Section shall apply to any claim described as a "disruption," "acceleration," "suspension," "schedule change," "impact to the progress of the Work" or some other term avoiding use of the term "delay."

SECTION 7. BONDING REQUIREMENTS

Section 7.01 Required Bonds

The Design-Build Team shall purchase and maintain throughout the term of this Agreement, the following bonds:

- i. Performance Bond insuring performance of all of the obligations of the Contractor as required by the Contract in the amount of 100% of the Contract Amount.
- ii. Labor and Material Payment Bond insuring the payment of all of the Subcontractor and material suppliers of the Design-Build Team in the amount of 100% of the Contract Amount.
- iii. Guaranty Bond insuring against defects or deficiencies in the workmanship of, and materials used in, the Work in the amount of 100% of the Contract Amount. The Guaranty Bond shall take effect upon Substantial Completion of the Work and shall remain in effect for a period of one year thereafter or for longer period if so provided in the Specifications.

Section 7.02 Acceptable Surety

The bonds must be issued by a surety who is listed in Circular 570 (current edition) issued by the Department of Treasury, Fiscal Services as company holding a certificate of authority as an acceptable surety or reinsuring company of federal projects.

The Surety must be licensed to do business in the State of Nevada. Bonds issued by individuals as surety are not acceptable to the Owner. The Design-Build Team shall require the agent who executes the bond on behalf of the Surety to attach to the bond a correct copy of the power of attorney authorizing the agent to execute the bond.

Section 7.03 Failure to Maintain Bonds

If, for any reason, the bonds are not maintained in effect as required herein, the surety files for protection under the federal bankruptcy laws or similar state laws or the surety rating decreases from that required under Section 7.02 (Acceptable Surety) of the Contract, the Owner may require the Design-Build Team to procure bonds from another surety to be substituted in lieu of the bonds originally provided to the Owner, and the failure to procure the substitute bonds shall constitute a breach of the Contract entitling the Owner to any of the remedies set forth in Section 10 (Breach of Contract and Remedies) of the Contract.

The Owner may retain for its protection any money due and owing the Design-Build Team under this Contract. In the event no money is due and owing, the surety, if required, of the Design-Build Team, may be held until all of the Claims have been settled and suitable evidence to that effect furnished to the Owner.

The Design-Build Team shall defend the Indemnitees against the Claims and in the event that the Design-Build Team fails to do so, the Owner shall have the right, but not the obligation, to defend the same and to charge all direct and incidental costs, including attorney's fees and court costs to the Design-Build Team.

Section 9.02 Patent Indemnity

The Design-Build Team shall protect, defend and hold the Owner, its officers, employees, agents and consultants (collectively the "Indemnitees") harmless from and against all claims, losses, costs, damages, and expenses, including attorney fees, court costs or other expenses (collectively the "Claims"), incurred by the Indemnitees, or any of them, respectively, as a result of or in connection with any claims or actions based upon infringement or alleged infringement of any patent and arising out of the use of the equipment or materials furnished under the Contract by the Design-Build Team, or out of the processes or actions employed by, or on behalf of, the Design-Build Team in connection with the performance of this Contract. The Design-Build Team shall, at its sole expense, promptly defend against any such claim or action unless directed otherwise by the Indemnitees; provided that the Indemnitees shall have notified the Design-Build Team upon becoming aware of such claims or actions, and provided further that the Design-Build Team's aforementioned obligations shall not apply to equipment, materials or processes furnished or specified by the Indemnitees.

In order to avoid such claims or actions, the Design-Build Team shall have the right, at its expense, to substitute non-infringing equipment, materials or processes, or to modify such infringing equipment, materials and processes so they become non-infringing, or to obtain the necessary licenses authorizing the use of the infringing equipment, material or processes, provided that such substituted and modified equipment, materials and processes shall meet the requirements of this Contract.

SECTION 10. BREACH OF CONTRACT AND REMEDIES

Section 10.01 Definition of Breach

If, during the existence of the Contract, the Design-Build Team:

- i. Fails to properly pay any Subcontractor or other parties for labor, materials or supplies as required by Section 2.16 (Responsibility for Payment of Subcontractor and Other Parties) of the Contract;
- ii. Fails to begin the Work within the time specified in the Notice to Proceed as required by Section 4.01 (Notice to Proceed) of the Contract;

- iii. Fails to diligently prosecute the Work as required by Section 4.02 (Guaranteed Project Schedule) or Section 4.03 (Progress of the Work) of the Contract;
- iv. Fails to provide sufficient workmen, materials or equipment to assure the prompt completion of the Work as required by Section 4.03 (Progress of the Work) of the Contract;
- v. Fails to complete the Work within the Contract Time as required by Section 4.04 (Contract Time) of the Contract;
- vi. Fails to complete the punch list within the time specified in the Certificate of Substantial Completion as required by Section 5.02 (Punch List) of the Contract;
- vii. Fails to maintain the bonds, industrial insurance coverage for his employees, general liability insurance or any of the other policies of insurance as required by Sections 7.01 (Required Bonds) and 8.01 (Required Insurance) of the Contract;
- viii. Fails to pay third party claims as required by Section 9.01 (General Indemnity) of the Contract;
- ix. Fails to maintain licensure by the Nevada State Design-Build Team's Board as required by Section 11.01 (General Warranty) of the Contract;
- x. Fails to promptly remedy the Work not in conformance with the Contract as required by Section 11.03 (Warranty Work Conforms with Requirements of the Contract);
- xi. Fails to observe laws, ordinances, rules or regulations pertaining to the Project as required by Section 13.01 (General) of the Contract;
- xii. Fails to investigate, or cooperate in the investigation of, complaints concerning the payment of prevailing wage rates requested by the Owner or the State Labor Commissioner's Office as required by Section 13.02 (Compliance with Labor Laws) of the Contract;
- xiii. Fails to maintain solvency, allows a judgment to stand against the Design-Build Team for a period of five (5) days, files a petition with the United States Bankruptcy Court, is adjudged insolvent or bankrupt, makes a general assignment for the benefit of creditors, or commits an act of bankruptcy or insolvency; or
- xiv. Fails to remedy any other material breach of the provisions of the Contract;

then the occurrence of any of the above shall constitute a breach of the contract which if unremedied may constitute an Event of Default as described in Section 10.02 (Event of Default).

Section 10.02 Event of Default

The Design-Build Team and the Surety under the Performance Bond shall be entitled to seven (7) days notice of each breach described in Section 10.01 (Definition of Breach) of the Contract and given the opportunity within such time to cure the breach, provided, however, such breach is capable of a cure. If such breach is capable of a cure but by its nature cannot be cured within the seven day period, the Design-Build Team or Surety may be allowed such additional time as may be reasonably necessary to cure the breach provided the cure is commenced within the seven day period and is diligently pursued to completion.

If any breach is not subject to cure, or is not cured as provided herein, the Owner may declare that an "Event of Default" has occurred and the Owner may, in addition to any other remedies available in law or equity, invoke any of the remedies provided for under this Section 10 (Breach of Contract and Remedies) of the Contract.

Section 10.03 Damages

Except for those breaches which are subject to Liquidated Damages set forth in Section 6.01 (Owner's Recovery of Liquidated Damages), if the Design-Build Team fails to cure any Event of Default under this Agreement within the time provided in Section 10.02 (Event of Default), the Owner shall be entitled to damages resulting therefrom.

Section 10.04 Termination for Cause

Upon the occurrence of an Event of Default, the Owner may terminate the Contract which shall take effect immediately upon service of the notice on the Design-Build Team and the Surety under the Performance Bond unless a different effective date is specified therein. In the event of such termination, the Surety shall have the right to take over and perform the Contract.

If the Surety does not commence performance of the Contract within 10 days of receipt of the notice, the Owner may do any and all of the following:

- i. Take possession of the Project Site and the materials, equipment, tools, and construction equipment and machinery thereon owned by the Design-Build Team;
- ii. Accept the assignment of the Design-Build Team's subcontracts pursuant to this Contract (Contingent assignment of subcontracts to Owner if Contract is terminated); and
- iii. Finish the Work by whatever method deemed expedient by the Owner.

The Design-Build Team shall not be entitled to any further payment under the Contract until the Work is completed and accepted by the Owner. If the unpaid balance of the Contract Amount exceeds the cost of completing the Work, including compensation for any damages or expenses incurred by the Owner through the default of the Design-Build Team, the excess shall be paid to the Design-Build Team. If, however, the damages and expenses exceed the unpaid balance of the Contract Amount, the Design-Build Team and the Surety under the Performance Bond shall pay the difference to the Owner.

Section 10.05 Owner's Right to Perform the Work

If the Design-Build Team fails to perform or proceed with the Work, or any part thereof, as required by the Contract, and fails within the seven day notice required pursuant to Section 10.02 (Event of Default) of the Contract to remedy the breach, or to commence and continue correction of such breach with promptness and due diligence toward completion, the Owner may, without prejudice to any other right or remedy available to the Owner, and without terminating the Contract and relieving the Design-Build Team from its obligations under the Contract, proceed to correct the breach, or applicable portion thereof, by any means or methods deemed appropriate (including use of the Owner's personnel).

If the Owner discovers during the course of the corrective action that the breach is greater or otherwise different from, but nevertheless related to, the breach described in the seven-day notice, then the greater or different breach shall be deemed to have been included in the original seven-day notice and the Owner may proceed with the corrective action without having to provide any additional notice to the Design-Build Team.

If, after expiration of the seven-day notice period required pursuant to Section 10.02 (Event of Default) of the Contract, the Design-Build Team proceeds to correct the breach and the Owner has already incurred certain expenses (such as, but not necessarily limited to, preparation of cost estimates or remedial plans and drawings, placement of material orders, demolition costs, rental costs, storage costs, trash removal expenses, utility expenses, scheduled commitments from Design-Build Teams which cannot be canceled without the Owner incurring costs to the Design-Build Team, transportation costs of personnel or materials, and incurred cost of hiring technical personnel whether licensed or not) as part of an effort to remedy the breach, then the Design-Build Team shall pay the Owner for such incurred expenses as provided herein.

If, after issuance of the seven day notice of the breach required pursuant to Section 10.02 (Event of Default) of the Contract, the Owner decides not to take any action to correct the breach or fails in the effort to correct the breach, the Design-Build Team remains responsible for the breach and any expenses incurred in any failed effort to correct the breach.

In the event of a correction and expense as provided herein, the Contract Amount shall be reduced by the amount of the incurred expenses which amount the Owner shall be entitled to deduct from any payments then or thereafter due the Design-Build Team (including the direct and indirect costs of using the Owner's personnel). If payments then or thereafter due the Design-Build Team are not sufficient to cover the incurred expenses, the Design-Build Team shall pay the difference to the Owner.

Section 10.06 Deduction From Progress Payments

For each and every breach set forth in Section 10.01 (Definition of Breach) of the Contract, the Owner may decline to certify, in whole or in part, any pending application for payment which, in the opinion of the Owner, may be necessary to protect the Owner from the damages and expenses which are expected to be incurred, or which have been incurred, as a result of the breach. Based upon the opinion of the Owner, the Owner may withhold from any requested progress payment such sum as may be necessary to protect the Owner from such damages and expenses including, but not necessarily limited to, the Liquidated Damages permitted pursuant to Section 6.01 (Owner's Recovery of Liquidated Damages) and Consequential Damages pursuant to Section 6.02 (Owner's Recover of Consequential Damages) of the Contract which the Owner anticipates will occur as a result in the delay in the Completion of the Project.

If an agreement can be reached between the Owner and the Design-Build Team concerning the request for payment, the Design-Build Team may submit a revised application for certification. The Owner shall have the right to deny in whole or in part, or to require an adjustment to, any pending application if, as a result of new evidence or observations subsequent to the issuance of a previous certification, the Owner has determined that the amount paid exceeds the percentage of completion of the Work, the Work cannot be completed for the unpaid balance of the Contract or any other such certification was improperly issued.

If the Design-Build Team remedies the failure for which payment has been withheld, and the Owner verifies such correction, then the withheld money shall be included with the payment of the next application.

Section 10.07 Rights and Remedies are Cumulative

Except as otherwise expressly stated in the Contract, the rights and remedies of the parties are cumulative, and the exercise by any party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

SECTION 11. REPRESENTATIONS AND WARRANTIES

Section 11.01 General Representations and Warranties

The Design-Build Team hereby represents and warrants that it (i) is familiar with requirements of the Contract; (ii) has investigated the site and is knowledgeable concerning the local conditions that may affect the performance of the Work; (iii) is satisfied that the Work can be performed and completed as required in the Contract; (iv) accepts all of the risks directly or indirectly connected with the performance of the Contract; (v) has not been influenced by any statement or promise other than those contained in the Contract Documents; (vi) is experienced and competent to perform the Contract; (vii) is familiar with all general and special laws, ordinances and regulations that may affect the Work, its performance, or those persons employed therein; (viii) is familiar with tax and labor regulations and with rates of pay that will affect the Work, and (ix) is properly licensed and will remain properly licensed by the Design-Build Teams Board of the State of Nevada in order to perform the Contract.

Section 11.02 Warranty of Merchantability and Fitness for Particular Purpose

The Design-Build Team warrants that the equipment and materials used or provided as part of the Contract are of merchantable quality and fit for their particular purpose.

Section 11.03 Warranty Work Conforms with Requirements of the Contract

In addition to other warranties and longer time periods which may be provided in the Contract, and as a minimum, the Design-Build Team warrants the Work performed under the Contract is in conformance with the requirements of the Contract, and that the Work is free of defects and deficiencies in design, materials and workmanship (unless furnished by the Owner) for a period of 12 months from the date of the Certificate of Substantial Completion (or 12 months from the completion date of any portions of the Work first performed after Substantial Completion), regardless of whether the same were furnished or performed by the Design-Build Team or by any of its Subcontractor of any tier. Upon receipt of written notice from the Owner of any non-conformance to the Contract during the applicable warranty period, the Design-Build Team shall promptly correct the affected non-conformance at a time acceptable to the Owner.

The Design-Build Team shall perform such tests as the Owner may require verifying that the Work is in compliance with the Contract. If such Work is not in accordance with the Contract, the costs of the correcting and testing, including the cost of removal necessary to gain access thereto and other related incidental costs, shall be borne by the Design-Build Team. If such Work is found to be in accordance with the Contract, the costs of uncovering, replacement, and testing shall be charged to the Owner. The Design-Build Team warrants any corrected Work to be in conformance with the Contract for a period of 12 months from the date of acceptance thereof. If the Design-Build Team fails to promptly make the necessary corrections and tests, the Owner may perform or cause to be performed the same at the Design-Build Team's expense. The Design-Build Team and its Surety shall be liable for the satisfaction and full performance of the warranties set forth in this Section.

Unless otherwise provided elsewhere in the Contract, the materials and equipment incorporated into the Work shall be new and of the most suitable grade of their respective kinds for their intended use, and all workmanship shall be in accordance with construction practices acceptable to the Owner.

Nothing contained in this Section shall be construed to establish a period of limitation with respect to the Design-Build Team's obligations under the Contract other than specifically to correct the Work then known by the Owner to be in non-conformance with the Contract, including, but not limited to, defects and deficiencies in design, materials and workmanship (unless furnished by the Owner).

Section 11.04 Warranty Exclusions Prohibited

The Owner will not accept any warranty clause from the Design-Build Team, Subcontractor or manufacturer that states:

- i. That the implied warranties of Merchantability or Fitness for a Particular Purpose are excluded from the Contract;
- ii. That the warranty clause is in lieu of all other warranties that are either expressed or implied.

In addition to the above restrictions, the warranty requirements of the Contract shall exist in a direct extension from the manufacturer to the Owner as well as from the Design-Build Team to the Owner if the manufactured product is sold directly to the Design-Build Team.

SECTION 12. DISPUTES BETWEEN THE PARTIES

Section 12.01 In General

Any claim, dispute or other controversy that may arise between the Owner and Contractor concerning any provision of this Contract shall be resolved through the good faith efforts of both parties. In accordance with NRS 338.150, if the claim, dispute or controversy cannot otherwise be settled, the parties shall use an alternate dispute resolution method before initiation of any judicial action. For purposes of this Contract, alternate dispute resolution shall mean non-binding mediation before an independent private mediator agreed to by the parties. If the parties cannot agree upon an independent private mediator within 45 days after notice of the claim is provided pursuant to Section 12.04 below, the party may proceed to file a judicial action with the Eighth Judicial District Court, Clark County, Nevada. The alternate dispute resolution proceedings shall take place in Clark County, Nevada, unless otherwise agreed to by the parties.

Section 12.02 Work to Proceed

While the alternate dispute resolution or judicial action is pending, the Contractor shall proceed with the Work and maintain progress in accordance with the requirements of the Contract, unless otherwise mutually agreed upon in writing.

Section 12.03 Alternate Dispute Resolution Costs and Fees

The fees and expenses of the alternate dispute resolution proceedings shall be equally shared by both parties. Each party is responsible for their own costs, expenses, consultant fees and attorney fees incurred in the presentation or defense of any claim, dispute or controversy that may arise between the parties.

Section 12.04 Notice of Dispute

In the event that a claim, dispute, or controversy arises between the parties which are related to the progress or construction of the Project, the party asserting the claim, dispute or controversy must provide written notice thereof to the other party within thirty (30) days after its occurrence. The written notice shall set forth with specificity the nature of the claim, dispute or controversy, the relief sought, and other matters properly relating thereto. The notification is important to the recipient of the notice so that proper measures can be taken to properly observe and record the progress of the Work, to properly document the impact that the claim, dispute or controversy may have thereon, and to enable that party to properly verify any costs incurred by the party asserting the claim, dispute or controversy in connection therewith. The failure of the party to provide proper notice to the other party as required herein shall forever bar that party from any remedy thereon, including seeking any alternate dispute resolution and/or judicial action. The notice and time requirements set forth herein shall not apply to warranty claims or other construction defect claims that the Owner may have against the Contractor relating to the construction of the Work.

Section 12.05 Right of Judicial Action

Any claim, dispute, or other matter in question between the parties concerning any provisions of this Contract that cannot otherwise be resolved between the parties through the use of the alternate dispute resolution required herein and, in the case of the Contractor, which has not been waived by the acceptance of final payment, may be submitted for judicial action. Prior to the exercise of this right, the party seeking judicial relief shall have provided the other party 30 days prior written notice before filing such judicial action.

SECTION 13. COMPLIANCE WITH THE LAWS

Section 13.01 General

The Design-Build Team shall comply with all federal, state and local laws and regulations applicable to construction of the Work including, but not necessarily limited to, licensing requirements, labor and health laws, and requirements for the payment of sales and use taxes on equipment, materials and supplies provided in connection with the Contract.

Section 13.02 Compliance with Labor Laws

a. Prevailing Wage Rate Law. The Design-Build Team and each Subcontractor shall comply with all federal, state and local labor laws with regard to minimum wages, overtime work, hiring and discrimination including, without limitation, NRS Chapter 338.

1. Prevailing Wage Rates. For public work projects whose cost is \$100,000 or more, the Design-Build Team hereby acknowledges that pursuant to the provisions of NRS 338.040 and 338.050, any person who is employed by the Design-Build Team or Subcontractor at the Work Site, or who performs work on a public work project (regardless of any contractual relationship alleged to exist between the workman and his other employer), is subject to the prevailing wage rate provisions of NRS 338.010 to 338.090, inclusive. The Design-Build Team is responsible for ensuring that the aforementioned persons are paid in accordance with the current prevailing wage rates approved by the State Labor Commissioner. Any Change Order causing a contract to equal or exceed \$100,000 will subject the Contract to the provisions of Prevailing Wage Rate Law and to audit by the State Labor Commissioner. Any work performed after regular working hours, or on Sunday or a legal holiday, shall be performed without additional expense to the Owner.

In accordance with NRS Chapter 338, the Design-Build Team shall post the current prevailing wage rates and applicable addenda in a place generally visible to the workmen. The prevailing wage rates and applicable addenda are available from the office of the State Labor Commissioner (www.laborcommissioner.com). The Design-Build Team agrees to investigate, or to assist in the investigation of, each claimed violation of the prevailing wage law as may be requested by the Owner or the State Labor Commissioner.

2. Certified Payroll Reports. Pursuant to NRS Chapter 338, for any public work contract awarded for \$100,000 or more, the Design-Build Team and each Subcontractor are required to keep an accurate record showing the name, occupation and the actual per diem wages and benefits paid to each workman employed by them in connection with the Work. These records are referred to as the "certified payroll reports."

The Design-Build Team, and each Subcontractor through the Design-Build Team, is required to submit a copy of the certified payroll reports for each calendar month to the Owner no later than fifteen (15) calendar days after the end of the month. The Design-Build Team shall be responsible for coordinating the submittal of all the certified payroll reports for the Project, including the reports of each Subcontractor who is performing Work on the Project.

The Design-Build Team agrees to contact the Nevada State Labor Commissioner with any question concerning the payment of prevailing wage rates.

3. Penalties. The Owner's Designated Representative acts in a capacity similar to that of a representative working for a private property owner which is to ensure that the Owner receives a quality product, delivered on schedule, for a fair price. Furthermore, the Owner's Designated Representative does not speak or act for any regulatory authority, nor does any regulatory authority speak or act for the Owner's Designated Representative. The Design-Build Team agrees that its relationship with the regulatory authorities having jurisdiction over the Project is separate from its relationship with the Owner's Designated Representative, and that the Design-Build Team's interaction with each regulatory authority is to be conducted without assistance from the Owner's Designated Representative.

Section 15.02 Subcontracts

Any subcontract entered into by the Design-Build Team and its Subcontractor or material supplier shall not create any contractual relationship between the Owner and the Subcontractor or material supplier.

The Design-Build Team shall perform the Work in accordance with its own methods subject to compliance with the Contract.

Section 15.05 Severability

The invalidity, illegality, or unenforceability of any provision of the Contract or the occurrence of any event rendering any portion or provision of the Contract void shall in no way affect the validity or enforceability of any other portion or provision of the Contract. The parties further agree to amend the Contract to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision.
