PETITION

Background:

All taxpayer funded public street medians in the Las Vegas valley should be equal in aesthetics.

There are a large number of street medians in the West Las Vegas community that need to receive attention, (by way of beautification), from the elected officials representing District D and Ward 5.

The medians located on Vegas Drive near Owens, between Martin Luther King Boulevard and Simmons, and the large circular median located on "F," Harrison and Owens streets are an eyesore in the West Las Vegas community. The limited or non existent plant life in the medians makes the appearance of the West Las Vegas community look barren. The gargantuan boulders placed in the medians located on Vegas Drive near Owens and the not so large rocks placed in the circular median located on "F," Harrison and Owens streets are not aesthetically pleasing to the sight, and present a potential danger to motorist.

The West Las Vegas community deserves similar, (beautiful and aesthetically pleasing), street medians as those located throughout the Summerlin and Green Valley communities.

Submitted at City Council
Date 4/6/2011 Item 98
By Augusta Gary

To Local Officials:	Oscar B. Goodman, Mayor, City of Las Vegas Ricki Y. Barlow, Councilman, City of Las Vegas (Ward 5) Lawrence Weekly, Commissioner, Clark County, Nevada (District D) Entire City of Las Vegas City Council Entire Board of County Commissioners (Clark County, Nevada)
Action Petitioned for:	We, the undersigned, are concerned citizens who urge our leaders to act now to provide beautification of taxpayer funded street medians located in the West Las Vegas community.
