**2. Description and Design of the Line Extension Project**

- 2.1 Design for Line Extension Project; Amendment. The design for the Line Extension Project and Betterments, if any, is attached to this Agreement as Exhibit A (the "Design"). Applicant approves the Design and acknowledges that Applicant is bound by and must comply with all notes on the Design. The Parties may revise the Design by amending this Agreement in accordance with Section 13.8.
- 2.2 Condition to Providing Service. Utility does not have an obligation to provide Service to Applicant's Development until after Applicant resolves all conflicts between the Development and Utility's transmission and distribution facilities, at Applicant's expense and to Utility's satisfaction. Applicant agrees that, if Utility provides Service to the Development even though conflicts remain, Applicant is responsible for all Costs to resolve those conflicts to Utility's satisfaction and Applicant must (at its Cost) acquire and deliver to Utility all Property Rights Utility deems necessary.
- 2.3 Inaccurate Information and Field Conditions. Applicant understands that inaccurate, incomplete or outdated information and that surface and subsurface field conditions could delay the In-Service Date, if any.
- 2.4 Providing Service to Applicant. Utility will provide Service to Applicant in accordance with this Agreement, applicable Laws and Utility's Tariff Schedules. However, if there is a Reduction of Service (as defined in Rule 1) before or after the Agreement terminates or if Applicant is not using the capacity Utility made available to Applicant in connection with this Agreement after the Agreement terminates, Utility (in its discretion) may reallocate the unused capacity to other customers.
- 2.5 Line Extension Project Completion. The Line Extension Project is complete after (A) Utility receives all Property Rights in accordance with this Agreement, (B) the Parties complete the Adjustments and (C) if applicable, Utility energized the Line Extension Project to provide Service to the Development.

**3. Line Extension Project Cost, Cash Advance, Allowance and Refunds**

- 3.1 Estimated Costs on Exhibit B. The estimated Line Extension Project Costs are identified on Exhibit B.
- 3.2 Utility and Applicant Betterments.
- (A) Estimated Expense of Utility Betterment. Utility will credit Applicant **\$0.00** and, after Applicant delivers the lien releases required by Subsection (E) below, pay Applicant **\$0.00**.
- (B) Obligation to Install Utility Betterment. If the Design identifies a Utility Betterment, Applicant must install those facilities when it performs its work in connection with the Line Extension Project.
- (C) Utility Betterment Scope of Work. Applicant must perform (or cause to be performed) the following in association with the Utility Betterment:
- \_\_\_\_\_

**RULE 9**  
**LINE EXTENSION AGREEMENT**

Agreement No.: 2445  
PID: 0000185501  
Date Prepared: 01/31/2011

- (D) Utility's Option to Stop or Terminate Work on Utility Betterment. At any time, Utility may notify Applicant to terminate work on the Utility Betterment ("Stop Work Notice"). If Applicant receives a Stop Work Notice, Applicant must stop working on the Utility Betterment immediately and take action to mitigate expenses. Within 30 days after terminating work, Applicant must submit a final invoice to Utility for work performed through the termination date on the Utility Betterment. Notwithstanding Section 3.2(A), if Utility issues a Stop Work Notice, Utility is only responsible for Applicant's actual expenses for the Utility Betterment (up to the amount of the Betterment Expense). If, after receiving a Stop Work Notice, Applicant's actual expenses are less than the Betterment Expense, Utility (in its discretion and notwithstanding Section 13.8) may revise Section 1 and Exhibit B and invoice Applicant.
- (E) Release of Lien or Claim for Utility Betterment. Utility cannot accept any facilities constructed and equipment installed by Applicant, including the Utility Betterment, and will not energize Applicant's Line Extension Project until after Applicant furnishes to Utility a complete release of any lien or claim.
- (F) Ownership of Betterment. The design identifies any Utility Betterment and any Applicant Betterment. All Betterments installed by Applicant and Utility under this Agreement are property owned, maintained, and controlled by Utility upon Utility's Acceptance.
- (G) Guarantee. The Section 7 guarantees also apply to any Betterment.
- 3.3 Limitation on Refunds. The Advance Subject to Refund is the maximum possible refund that Applicant may receive. The actual refund is limited by Applicant's eligible Excess Allowance and Proportionate Share Refunds and consequently Applicant might not receive a 100% refund of the Advance. Depending upon the risk, project length, certainty of Demand, and other factors pertaining to Applicant's Line Extension Project, the refund may range from \$0 to the balance of the Advance Subject to Refund. The total of all refunds must not exceed the Advance Subject to Refund. Notwithstanding Section 13.2 and in accordance with Rule 9, Section A.14, Applicant may only assign its right to receive a refund by signing and delivering to Utility a properly executed assignment in a form acceptable to Utility.
- 3.4 Non-Refundable Tax Effect. Given that CIAC, non-cash contributions, and Applicant facilities that exceed the minimum requirements are non-refundable, the Tax Effect associated with these is also non-refundable.
- 3.5 Performance of Allowance True-Up. In its discretion and at any time, Utility may perform an Allowance True-Up. However, if on the Effective Date the Initial Allowance is less than the Estimated Line Extension Project Allowance, Utility will perform an Allowance True-Up 18 months after the Effective Date and calculate any Excess Allowance in accordance with the Allowance True-Up.
- 3.6 Performance of Cost True-Up. In its discretion and no later than five (5) years after the In-Service Date, Utility may perform a Cost True-Up. If the Estimated CIAC is greater than \$20,000, Utility will perform a Cost True-Up after all Costs have been recorded.
- 3.7 Return of Overpayments and Invoices Associated with Accounting Adjustments. If Utility performs the accounting adjustments in Section 3.5 or Section 3.6, Utility will either invoice Applicant or return any overpayment to Applicant. If Utility does not

**RULE 9**

Agreement No.: 2445  
PID: 0000185501  
Date Prepared: 01/31/2011

perform an Allowance True-up and/or a Cost True-Up, Applicant is only responsible for the Costs identified on Exhibit B and as otherwise invoiced by Utility.

- 3.8 No Interest on Amounts Paid by Applicant. Utility will not pay Applicant any interest on the amount of any payment made in connection with this Agreement.
- 3.9 Multiple Applicants. [RESERVED]

**4. Applicant's Obligations**

- 4.1 Responsibility for Costs. Applicant is responsible for all Costs, except for those Utility is specifically responsible for under Rule 9 ("Applicant's Cost Responsibility").
- (A) Increased Costs: Other Projects. If one or more of the projects identified in Section 1.6(A) cancels, is not completed on time, is reduced in scope or in some other manner affects Utility's ability to provide Service to the Development or increases the Cost to serve the Development, the Parties might have to revise the Design and Applicant is responsible for the increased Cost to serve the Development.
- (B) Increased Costs: Applicant Delay in Completing Construction. If, within 18 months after the Effective Date, Applicant does not complete construction of the Line Extension Project, Utility may re-estimate and either terminate this Agreement or, notwithstanding Section 13.8, amend Exhibit B. Applicant must pay the invoice in accordance with Section 4.5.
- (C) Purchase Order. If Utility agreed to accept a purchase order from Applicant for the amount identified in Section 1.5, Utility will invoice Applicant's Cost Responsibility against that purchase order. Applicant acknowledges that these invoices will likely include AFUDC. At any time after Utility receives a purchase order in connection with this Agreement, Utility may send Applicant a written request to increase the purchase order. Within thirty (30) days after the date identified on that request, Applicant must deliver the modified purchase order to Utility. If Applicant does not deliver the modified purchase order to Utility before that 30-day period expires, Utility may stop work and/or not provide Service to Applicant, until after Utility receives the modified purchase order. Any delay in delivering the modified purchase order to Utility might result in a delay in completion of the Line Extension Project.
- 4.2 Payment of Advances. Applicant must pay all Advances based on the Costs identified initially in Exhibit B and those identified subsequently under Section 4.1(A), Section 4.1(B) or Section 4.5.
- 4.3 Obligation to Construct Facilities in Compliance with Laws. Applicant and its agents must, at Applicant's expense, construct and install Rule 9, Section A.12 improvements, as shown on Exhibit A, perform work associated with these improvements, and comply with and perform in accordance with all Permits, Laws, Utility Standards, the Tariff Schedules and the National Electrical Safety Code. These Rule 9, Section A.12 improvements and the work associated with these improvements include but are not limited to trenching, backfilling, excavation, pavement removal, restoration, repaving, conduits, risers, transformer pads, vaults, enclosures, boxes, work and materials relating to such structures and

substructures, and other materials Utility deems necessary for the electrical facilities.

- 4.4 Identification and Resolution of Conflicts; Costs Associated with Conflicts. Utility is not obligated to provide Service to the Development until after Applicant meets its obligations under this Section to Utility's satisfaction:

- (A) Identification of Conflicts. Applicant must identify, in writing and in a manner satisfactory to Utility, all conflicts between (1) the Development and Utility's underground and above-ground distribution and transmission facilities located within the Development, (2) the Development and Utility's underground and above-ground distribution and transmission facilities located within or adjacent to offsite improvements required for the Development (3) the Development and Utility's above-ground distribution and transmission facilities located adjacent to the Development, and (4) the Development and Utility's property rights within and adjacent to the Development, including but not limited to easements, rights-of-way, and any other use or occupancy rights.
- (B) Resolution of Conflicts with Utility's Facilities and Payment of Costs. If Applicant, its agents, its contractors, or its subcontractors damage, have damaged, render unsafe or have rendered unsafe Utility's above-ground or underground distribution and transmission facilities located within or adjacent to the Development or to the offsite improvements required for the Development, Applicant must (1) pay all Costs to render those facilities safe, to relocate the facilities impacted, and to construct any new facilities needed, and (2) provide or obtain real property rights in Utility's name for the relocated facilities and/or new facilities, at no cost to Utility and in a location and form satisfactory to Utility (including but not limited to the type of property rights, the dimensions of the property rights area, and terms and conditions of the property rights).
- (C) Resolution of Conflicts with Utility's Easements and Payment of Costs. If Utility determines that Applicant, its agents, its contractors, or its subcontractors interfered with Utility's property rights, Applicant must (1) pay all Costs incurred by Utility that are associated with the interference and (2) either remove the interference and return the property rights area to a condition that is usable by Utility or provide or obtain replacement property rights in Utility's name, at no cost to Utility and in a location and form satisfactory to Utility (including but not limited to the type of property rights, the dimensions of the property rights area, and terms and conditions of the property rights).

- 4.5 Payment of Invoices; Work Stoppage and Service Delay for Non-Payment. Applicant must pay Utility's invoices within 60 days of receipt. If mailed, Utility's invoices are deemed received three (3) days after the invoice date. Applicant must reference PID 0000185501 on any payment. If Utility does not receive timely payment of its invoices, then Utility, without liability to Applicant, may stop work and/or not provide Service to Applicant, until after Utility receives payment in full. Any delay in payment might result in a delay in completion of the Line Extension Project.

- 4.6 Interest. Any amount unpaid and due by Applicant under this Agreement will accrue interest at the then current per annum simple prime rate, as published in the Money Rates section of the Wall Street Journal, plus one percent (1%), from the original due date through the date of receipt of payment by Utility.

- 4.7 Information Provided by and Needed from Applicant. Applicant acknowledges that Utility relies on information provided by Applicant when performing Utility's obligations under this Agreement. Applicant acknowledges that it has a continuing obligation to provide the most current and accurate information concerning its Development to Utility. Applicant also understands that Utility is not aware of and cannot know all surface and subsurface field conditions. Notwithstanding anything to the contrary in this Agreement, Applicant agrees to assume all responsibilities and Costs for repair, replacement, redesign, modification or other work to the facilities associated with this Agreement:
- (A) Resulting from or arising out of incomplete, inaccurate or outdated data and other information supplied to Utility by Applicant; or

**5. Right to Set Off**

- 5.1 Utility's Right to Set Off Amounts Owed. Utility may set off any sum or obligation (whether or not arising under this Agreement) owed by Utility to Applicant against any sum or obligation (whether or not arising under this Agreement) owed by Applicant to Utility.
- 5.2 Utility's Right to Withhold Additional Amount. Utility may also deduct the following from any sum or obligation (whether or not arising under this Agreement) owed by Utility to Applicant:
- (A) The amount to remedy any defects and repair any damage in accordance with Section 7.2;
  - (B) The amount to discharge any lien filed or that could be filed in relation to the work performed and material and equipment installed by Applicant under this Agreement;
  - (C) The value of any claim against Utility that Applicant has failed to settle in accordance with an indemnity obligation;

- 6.1 Obligation to Acquire and Convey Property Rights. Applicant must, without cost to Utility, grant and convey, or obtain for Utility, all Property Rights that Utility deems it requires for the Utility facilities (or any portion thereof) affected under this Agreement. In Utility's discretion and at Applicant's Cost, Utility may obtain an appraisal(s) of the Property Rights.

are property owned, maintained, and controlled by Utility upon Utility's Acceptance. Upon Utility's written request, Applicant will sign and deliver a Bill of Sale in a form acceptable to Utility that conveys all of Applicant's rights, title and interest in the facilities and equipment to Utility and certifies that the facilities and equipment are free of liens and other encumbrances. Utility has the right to use, and allow other Utility customers to use, those facilities and equipment for any purpose. Utility may also allow designated telecommunications carriers and cable television companies to use the facilities and equipment if Utility is required to do so by the federal Telecommunications Act or other laws. If Applicant requests that additional spare conduit be installed in connection with this Agreement (above and beyond Utility's standard requirement for spare conduit) and pays the Costs associated with that additional conduit, Utility will reserve that conduit for Applicant if requested by Applicant, and the Utility and Applicant enter into a separate agreement for the reserved additional spare conduit. If Utility and Applicant do not enter into such an agreement and Applicant still requests additional spare conduit, Utility may use any spare conduit for other Utility customers and allow designated telecommunications carriers and cable television companies to use that conduit. Further, the sources of power to the Development are subject to change, at Utility's discretion.

- 6.4 Release of Lien or Claim. Upon Utility's written request, Applicant must furnish to Utility a complete release of any lien or claim and receipts covering in full all labor, material, and equipment for which a lien could be filed in relation to the work performed and material and equipment installed.

**7. Guarantees**

- 7.1 Guarantee Against Defects. Applicant guarantees, regardless of Utility's Acceptance, all work Applicant and its contractors/subcontractors perform and all material and equipment they furnish under this Agreement against defects in materials and workmanship for a period of one (1) year following the In-Service Date. Applicant also guarantees any corrective work and replaced or repaired materials against defects for an additional one-year period following completion of the work.
- 7.2 Utility's Option to Remedy Defect. Utility may, at its option and Applicant's sole Cost, either itself remedy or require Applicant to remedy any defect in materials or workmanship provided by Applicant and its contractors/subcontractors that develop during the one-year period provided for in Section 7.1. The option and obligation to repair extend to any damage to facilities or work caused by the particular defect or repair of the defect. Applicant must remedy the defect(s) to Utility's satisfaction. Should Utility choose to remedy a defect, Applicant must pay Utility all Costs incurred within 60 days of receiving an invoice from Utility.
- 7.3 Modification or Relocation of Electric Facilities. If Applicant requests that Utility install electric facilities before establishment of final grade or the alignment of roads, streets, or alleys, or in unimproved areas and a conflict arises, Applicant must pay all Costs associated with the relocation or modification of any electric facilities and, at Applicant's expense, must grant or obtain for Utility all Property Rights Utility deems it requires for the relocated/modified facilities, in accordance with Rule 9, Section A.10. The Property Rights must be granted to Utility in a manner that is satisfactory to Utility as to both location and form (including but not limited to the dimensions of the Property Rights area and terms and conditions relating to the Property Rights).

**8. Default**

- 8.1 Procedure. If a Party ("Defaulting Party") fails to comply with the terms and conditions of this Agreement and the failure continues for 30 days after the Defaulting Party receives written notice of such failure from the other Party ("Non-Defaulting Party"), then the Non-Defaulting Party is entitled to declare the Defaulting Party in default and is entitled to all remedies authorized by law, with the exception that Utility's failure to achieve any scheduled date is not an event of default.
- 8.2 Notice to Utility's Legal Department. In addition to sending written notice to Utility's Project Coordinator regarding Utility's failure to comply with the terms and conditions of this Agreement, Applicant must also send a copy of the notice to Utility's Legal Department at the address specified in the "Notices" Section of the Agreement.

**9. Confidentiality**

- 9.1 Exchanging Information. Utility might provide Applicant with information to be used in complying with the Agreement. Some or all of this information, including, but not limited to, oral information, documents, supplier information, files, drawings, and data, might be confidential.
- 9.2 Labeling Information Confidential. If Utility wants information to be treated as confidential, Utility must label the written information as "CONFIDENTIAL" ("Confidential Information").
- 9.3 Procedures for Protection of Confidential Information. To the extent allowed by Law, Applicant must keep all information designated as "Confidential Information" strictly confidential and not disclose any Confidential Information to any person or entity except as expressly provided in these procedures or as otherwise approved in writing in advance by Utility. practicable in the circumstances, after Applicant learns that a disclosure is requested or may be compelled, so that Utility may seek a protective order, injunction, or any other remedy. The written notice must identify with particularity the Confidential Information that is the subject of the request or for which disclosure may be compelled. If a protective order, injunction, or other remedy is not obtained, Applicant will furnish only that portion of the Confidential Information that Applicant is legally required to disclose. Applicant will cooperate with Utility's counsel if Utility seeks to obtain a protective order, injunction, or other remedy or other reliable assurance that confidential treatment will be accorded the Confidential Information.

- 9.7 **Rights and Limitations.** Utility does not grant any right or license, by implication or otherwise, to Applicant as a result of Utility's disclosure or discussion of Confidential Information. Utility makes no representation or warranties regarding the accuracy or completeness of this information. Applicant expressly recognizes that this information is provided "AS IS, with all faults" and Utility makes NO WARRANTIES, EXPRESS OR IMPLIED STATUTORY OR OTHERWISE, WITH RESPECT TO THE CONFIDENTIAL INFORMATION AND EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES.

This notice must include a description of the delay and the cause and estimated duration of the delay. Regardless of the cause, Applicant's failure or inability to pay some or all of the Costs is not a Force Majeure event.
- 10.2 **Duty to Mitigate Effects of Delay.** The affected Party must exercise due diligence to shorten, avoid, and mitigate the effects of the delay.
- 10.3 **Notice of Resumption of Performance.** The affected Party must promptly notify the other Party in writing when the Force Majeure event has ended and when performance will resume.
- 10.4 **Liability; Termination Option.** Utility is not liable to Applicant for Costs incurred as a result of any delay or failure to perform as a result of Force Majeure. In the event of any delay due to Force Majeure, Utility may terminate the Agreement without liability upon 30-days notice to Applicant.
- 10.5 **Notice to Utility's Legal Department.** In addition to sending written notice to the Project Coordinator for delay, anticipated delay, and resumption of performance in relation to Force Majeure, Applicant must also send a copy of the notice to Utility's Legal Department at the address specified in the Section 15.2 of the Agreement.

**11. Representations**

- 11.1 **No Pending Actions, Suits or Proceedings.** Applicant represents that to its knowledge as of the date of this Agreement, there are no actions, suits or proceedings pending or threatened against Applicant in any court or before any administrative agency that would prevent its performance under this Agreement.

**12. Precedence**

- 12.1 Utility's Tariff Schedules; Commission. This Agreement is made by the Parties in accordance with Utility's Tariff Schedules. Those Tariff Schedules apply to this Agreement, are binding on the Parties, and supersede any portion of this Agreement should a conflict arise. Notwithstanding Section 13.8, this Agreement is, at all times, subject to such changes or modifications by the Commission as the Commission may from time to time direct in the exercise of its jurisdiction. This Section survives default, expiration, or termination of this Agreement or excuse of performance for Force Majeure or otherwise.
- 12.2 Integration. This Agreement, together with documents executed with the same formality as this Agreement, represents the entire and integrated agreement between Utility and Applicant and supersedes all prior and contemporaneous oral and written communications, representations, and agreements relating to the subject matter of the Agreement.

**13. Miscellaneous Provisions**

- 13.1 Insurance. Applicant must require that the contractor and subcontractors performing work in connection with this Agreement to procure and maintain in effect the insurance coverages set forth in Exhibit D-1 until after Utility's Acceptance of the work. If Applicant performs any work in connection with this Agreement, Applicant must procure and maintain in effect the insurance coverages set forth in Exhibit D-2 until after Utility's Acceptance of the work. The requirements of this "Insurance" Section are not intended to and will not in any manner limit or qualify the liabilities and obligations of Applicant under this Agreement.
- 13.2 Assignment. This Agreement will be binding upon the successors and assigns of both Parties effective upon receipt of written consent of the non-assigning Party, such consent not to be unreasonably withheld. But either Party may assign this Agreement with written notice, but without the consent of the other Party, to any successor corporation in any merger. However, no assignment is effective until after Applicant's successor or assignee agrees in writing to assume all obligations and liabilities under this Agreement and, in Utility's discretion, provides security in a form acceptable to Utility (such as cash or a letter of credit) for the Allowance or any other credit Applicant receives.
- 13.3 Limitation of Damages. Notwithstanding anything to the contrary, Utility is not liable to Applicant for any consequential, indirect, exemplary or incidental damages, including but not limited to damages based upon delay, lost revenues or profits. This Section survives default, expiration, or termination of this Agreement or excuse of performance for Force Majeure or otherwise.
- 13.4 Choice of Law and Venue. The Agreement is governed by and construed in accordance with the laws of the State of Nevada, without giving effect to its choice or conflicts of laws provisions. All actions that are beyond the scope of the Commission's jurisdiction must be initiated in the courts of Clark County, Nevada or the federal district court with jurisdiction over Clark County, Nevada. Applicant agrees it will not initiate an action against Utility in any other jurisdiction.

- 13.5 No Waiver. The failure of either Party to enforce any of the provisions of the Agreement at any time, or to require performance by the other Party of any of the provisions of the Agreement at any time, will not be a waiver of any provisions, nor in any way affect the validity of the Agreement, or the right of any Party to enforce each and every provision.
- 13.6 Independent Contractor. Applicant is an independent contractor for all purposes of the Agreement, and all persons engaged in fulfilling Applicant's obligation under the Agreement are employees, agents, contractors, or subcontractors of Applicant and not the employees, agents, contractors, or subcontractors of Utility. Nothing in the Agreement or any contract/subcontract by Applicant will create any contractual relationship between Applicant's contractor/subcontractor and Utility.
- 13.7 Interpretation. Each Party to this Agreement acknowledges that it has carefully reviewed the Agreement and that each fully understands and has participated in drafting its provisions, and, accordingly, the normal rules of construction to the effect that any ambiguities are to be resolved against the drafting party are not to be employed or used in any interpretation of this Agreement.
- 13.8 Amendments. Any change, modification, or amendment to the Agreement is not enforceable unless consented to in writing by the Parties and executed with same formality as this Agreement.
- 13.9 No Third-Party Beneficiaries. Nothing expressed or implied in this Agreement is intended, or should be construed, to confer upon or give any person or entity not a party to this Agreement any third-party beneficiary rights, interests, or remedies under or by reason of any term, provision, condition, undertaking, warranty, representation, or agreement contained in this Agreement.
- 13.10 Remedies. All rights and remedies of Utility provided for in the Agreement will be cumulative and in addition to, and not in lieu of, any other remedies available to Utility at law, in equity, or otherwise.
- 13.11 Headings; Exhibits; Cross References. The headings or section titles contained in this Agreement are used solely for convenience and do not constitute a part of this Agreement, nor should they be used to aid in any manner in the construction of this Agreement. All exhibits attached to this Agreement are incorporated into the Agreement by reference. All references in this Agreement to Sections, Subsections, and Exhibits are to Sections, Subsections, and Exhibits of or to this Agreement, unless otherwise specified. And, unless the context otherwise requires, the singular includes the plural and the plural includes the singular and the neuter includes feminine and masculine.
- 13.12 Discretion. Reference in this Agreement to the "discretion" of a Party means the Party's sole and absolute discretion. Such discretion is not subject to any external standard, including but not limited to any standard of custom, "good faith" or reasonableness.
- 13.13 Severability. If any portion or provision of the Agreement is invalid, illegal, or unenforceable, or any event occurs that renders any portion or provision of the Agreement void, the other portions or provisions of the Agreement will remain valid and enforceable. Any void portion or provision will be deemed severed from the Agreement, and the balance of the Agreement will be construed and enforced as if the Agreement did not contain the particular portion or provision held to be void. The Parties further agree to amend the Agreement to replace any stricken portion

- 13.14 Counterparts. The Parties may execute this Agreement in counterparts. Each counterpart, when signed and delivered, is deemed an original and, taken together, constitutes one and the same instrument. A facsimile or email copy of a signature has the same legal effect as an originally-drawn signature.
- 13.15 Performance of Acts on Business Days. Any reference in this Agreement to time of day refers to local time in Nevada. All references to days in this Agreement refer to calendar days, unless stated otherwise. Any reference in this Agreement to a "business day" refers to a day that is not a Saturday, Sunday or legal holiday (or observed as a legal holiday) for Nevada state governmental offices under the Nevada Revised Statutes. If the final date for payment of any amount or performance of any act required by this Agreement falls on a Saturday, Sunday or legal holiday, that payment is required to be made or act is required to be performed on the next business day.
- 13.16 Joint and Several Liability. [RESERVED]

**14. Term and Termination**

- 14.1 Term of Agreement. This Agreement is effective on the Effective Date and will continue for a term of five (5) years unless otherwise terminated under the provisions of this Agreement. Applicant will not be entitled to any refunds, returns or overpayments, or moneys after the termination of this Agreement.
- 14.2 Surviving Obligations. Any default, expiration, or termination of this Agreement or excuse of performance for Force Majeure or otherwise does not release Applicant from any liability or obligation to Utility for:
- (A) Obligations under Section 4.3;
  - (B) Obligations under Section 4.4;
  - (C) Obligations under Section 4.7;
  - (D) Payment of reduction of service or termination charges or providing security in accordance with Section 4.9;
