RE: Selected Agenda Items

#30. With no indication of shape or color or size, should we trust that you each have seen an actual example and agree that, 'Yes, these are what we want for our constituents and visitors to focus on as they traverse THE BEST CITY OF THEM ALL'? We hope that a citizens group had meaningful input pertaining to shape, color and size of signs on which commuters will focus for the next 75 or so years!

#33. Inclusion of \$ amount would have been a helpful inclusion.

#36. Users of the "exercise stations" have requested "shade" over these sites since they were first installed. This is a reminder that such need to be provided in the form of "tents" if not trees in order to truly make them functional through more time in the year.

#39. Why are full list of counsel named as voting in favor before the vote has been taken?

#42. Please state the Total dollar amount which we as the city have spent to-date on these "patent deed easement land restrictions" appeals and issues from the commencement to May 4, 2011.

#51. Bill No. 2011-19- Gotcha! Even when applying for those permits.

A reminder, your constituents have no legal protection from charges when parked in these garages while doing business with the best representatives which we elected and their staffs.

#71. SUP-40739- Please vote NO for yet another blatant attempt to "Special Use" trash the constituents' legal space-protections.

Have we any home builders requesting waivers to build near these institutions?

#74. RQR-41070- Please vote NO due to same reasons as #71.

With pleasant thoughts of and to our MOMs, who did the very best they could.
