June 10, 2011

RESULTS OF CANVASS OF
THE GENERAL ELECTION
IN THE CITY OF LAS VEGAS
JUNE 7, 2011

The results of the June 7, 2011 General Election were canvassed comparing the computer printout of ballots counted and the results thereof with the official ballot statements for the 356 precincts used in the election.

Of the 55,051 ballots cast in the 356 precincts, we were unable to reconcile two ballots between the computer count and the roster count. One clerical error was made in nine precincts and two clerical errors were made in two precincts. There were no tabulation errors in the 356 precincts and the foregoing irreconcilable discrepancies would not alter the outcome of any contest in this election.

Therefore, as the duly appointed Registrar of Voters of Clark County, Nevada, I do hereby approve the canvassed results of the General Election for certification.

Harvard L. Lomax
Registrar of Voters
