Re: El Cortez/Cabana Suites – Gate on South Side of Alley (City Encroachment Request)

To Whom it May Concern:

In follow-up to our previous correspondence regarding the alley vacation and now the encroachment application, we are writing to request your signature on the bottom of this letter so that we may show the City that you do not object to the proposed encroachment. I have provided an overview of our plans below and will be available by telephone if you would like to discuss any part of this request. My cell phone number is listed below.

In an effort to continue to improve the appearance of the downtown area, the El Cortez has requested approval from the City of Las Vegas to install a visually appealing gate to the south entrance of the alleyway that services the Cabana Suites property along with yours. The proposed gate includes a pad that automatically opens the gate for vehicular traffic traveling from the north to south. Vehicles and pedestrians wanting to travel through the alleyway to the north will either use a control button on the outside of the gate or wait for it to be activated by a full time security guard that works that area.

Representatives from the City of Las Vegas (City) have offered support for this installation under an Encroachment Agreement. The Encroachment Agreement reserves the right of the City to remove the gate if it is not maintained properly. The overall feeling is that a gate will be beneficial in reducing traffic and be pleasingly aesthetic to the area. That will help all landowners.

In supporting this project, the City would like to know that there is no objection to the Encroachment Agreement and installation of the gate by nearby landowners. The El Cortez is bearing all the cost of this project and seeks your signature indicating that you do not object to this project. Once we
