RE: SDR-35751 – SITE DEVELOPMENT PLAN REVIEW
CITY COUNCIL MEETING OF NOVEMBER 4, 2009
RELATED TO VAR-35754

Dear Ms. Yoakum:

The City Council at a regular meeting held November 4, 2009 APPROVED the request A PROPOSED 7,600 SQUARE-FOOT GOVERNMENT FACILITY (FIRE STATION) WITH A WAIVER TO ALLOW A ZERO-FOOT LANDSCAPE BUFFER BETWEEN THE SIDEWALK AND BACK OF CURB WHERE FIVE FEET IS REQUIRED ALONG ARTERIAL STREETS ONE HUNDRED FEET AND WIDER (BONANZA ROAD) on 1.45 acres at 4551 East Bonanza Road (APN 140-32-101-005), C-1 (Limited Commercial) Zone. The Notice of Final Action was filed with the Las Vegas City Clerk on November 5, 2009. This approval is subject to:

Planning and Development

1. Conformance to the conditions for Variance (VAR-35754) if approved.

2. No phasing shall be permitted; all landscaping must be planted prior to the issuance of a Certificate of Occupancy.

3. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

4. All development shall be in conformance with the site plan, floor plan, and building elevations, date stamped 08/25/09, and the landscape plan date stamped 09/02/09 except as amended by conditions herein.

5. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications.

Printed with environmentally friendly soy ink.

EOT-41841

6. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

7. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

8. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

9. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

10. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaires. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

11. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

12. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

13. Construct all incomplete half-street improvements on Bonanza Road (sidewalk) adjacent to this site concurrent with development of this site.

14. Remove all substandard public street improvements adjacent to this site, if any, and replace with new improvements meeting current City Standards concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.

15. All private improvements and landscaping installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

16. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing final grade elevations and drainage patterns for this site prior to submittal of construction plans or the issuance of any building or grading permits, whichever may occur first. Provide and improve all drainageways as recommended.

17. Site development to comply with all applicable conditions of approval for Z-18-98 and all other site-related actions.

Sincerely,

Gabriela Portillo-Brenner
Deputy City Clerk II for
Beverly K. Bridges, MMC, City Clerk
