

March 28, 2011

Dear Neighbors,

We are planning to build an RV garage on the south side of our property at 1900 Plantea CT. We are applying for a variance for a zero-foot setback. We are also asking permission to have the roof structure be attached to the main dwelling. *AS PER ELEVATION SHEET # A3 AND SITE PLAN A1*

The city requires that we share these plans with you. If you support our plans, please indicate by signing below.

Thank you very much

Dear Luz,

We are planning to build an RV garage on the south side of our property at 1900 Plantea CT. We are applying for a variance for a 3-foot setback. This garage is NOT adjacent to your house, but is on the other side of our house.

The city requires that we share these plans with you. If you support our plans, please indicate by signing below.

Thank you very much,
