Minutes:

COUNCILWOMAN TARKANIAN recognized the Garside Middle School Synchronized Swim Team for their sweeping win at a recent meet and invited them to the podium. The Councilwoman explained that the three swim coaches joined their first swim team while attending Garside as students and are giving back to their community while funding their college education by coaching students at the same school. The Councilwoman presented the students with certificates before one of the student's parents stated that all of her children have swum competitively at Garside and expressed her thanks to the Council for keeping the pool open.
