To Whom It May Concern:

We respectfully submit this application for a Special Use Permit for the project "Aquarius Residences" at 4th Street and Charleston. This is a mixed use project containing ground floor commercial and "for-rent" residences above the ground floor. These parcels are currently zoned C-2 and are in the Downtown Centennial Plan, as well as the Arts District

This project proposes to have 1,150 apartments and 33,000 sf of commercial and an automated parking structure which has 1232 parking spaces with 3 on grades spaces.

Access to the automated parking structure will be off of the driveway that crosses the site from 4<sup>th</sup> Street to 3<sup>rd</sup> Street. All commercial tenants will be serviced from the front doors. There is no rear service access for the commercial tenants.

Downtown Centennial Plan standards are being met by way of landscaping and required amenity zone and wide pedestrian sidewalks, as well as alley and street corner paving and upgrades.

We are also requesting a waiver to allow the use of Mediterranean Fan Palms where Date Palms are required. The height of the palm trees will be per code at 25' and spaced at 30'-0" o.c.

With this application we are requesting an encroachment permit to allow for the awnings and trellises which compliment the façade and shelter storefront entrances to project out over the Right of way line.

The owners of this project will encourage all of its tenants to utilize and incorporate Green building strategies. For this project we will attempt to incorporate water and energy saving measures such as the utilization of occupancy sensors, drought tolerant landscaping, insulated windows, light colored paint and appropriately sized mechanical units. Also, the downtown location of this project encourages pedestrian usage which is enhanced by the proximity of the bus routes.
