

Public Works
Proposed changes:
December 7, 2011 City Council

Item 73
ROC-43312
Platinum Realty & Development

Please **add** the following condition as Condition #4:

4. Coordinate with the City Traffic Engineer to determine an appropriate increase in the radius for the inbound curb return of the subject driveway to better accommodate truck traffic into the site. The applicant shall reconstruct the curb return in accordance with the recommendation of the City Traffic Engineer prior to removal of any existing driveway median.

Submitted at City Council

Date 12/7/11 Item 73
