The impact on traffic + density will be addressed as additional traffic comes to Corrales. With housing availability + low interest rates, how will this project not go into foreclosure/bankruptcy or invite non-resident investors (BAD for LV)

This is not compatible to properties immediately to the west and north. Several properties in the neighborhood are valued at over 500,000 (even in this depressed market) by the county assessor. To increase this density of property will decrease values of my properties. It also goes against promises made by earlier commissioners.
