Comments: Councilman Ross:

Regarding "MSP 34174 - Caroline's Court": While I support the planned development of "Caroline's Court", I do not support the developer's plan for a request to change or modify in any way any city code in relation to the size and placement of any sign, advertisement or any other promotional effect of the "Caroline's Court" development.

As a representative of and President of my H.O.A. in the Centennial Hill's area, I can vouch for many other's with a general approval of the well thought out "Town Center" design of our Community. Why risk damaging a good development plan by even considering the severe changes in signage proposed by the developer's of "Caroline's Court", and public good will, to boot? And these proposed changes are sure to enrage the supporter's of all "anti-development" activist's, which is so counter-productive in these economically challenged times.

Thank You....Jim Davidzik, President, Terra Bella Owners Association, Inc. 702-656-8956

Comments: Please REJECT this proposal!

These signs will have our area looking like the very tackey commercial sections of East Las Vegas adjacent to Interstate 15. Think of the class and appeal of the signage at Charleston and the 215 Beltway in Summerlin. Let the NW emulate that standard!

I live near this project and would like to voice my opinion against this waiver request.

Dear Councilman Ross,

In regard to MSP-34174, I strongly oppose and believe that Caroline's Court LLC requested increase in square footage of freestanding sign, increased height of pylon sign and increased number of monument signs are in excess of what would be needed and esthetically pleasing.

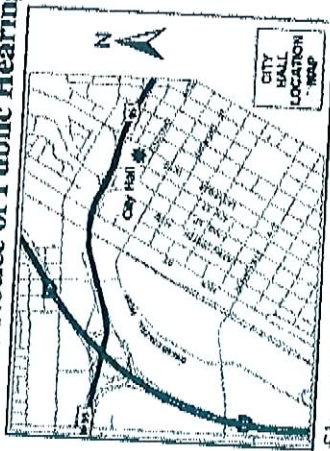

Thank you for your kind consideration of my opinion.
