"Jesus Christ is the same yesterday, today, and forever." Hebrew 13:8

April 14, 2009

Dear Mr. Cornoyer,

We are requesting a Site Development Plan Review for the addition of a classroom structure and new trellis to the existing facility located at 7801 Alexander Road. The site is zoned C-V, a special purpose zone.

The new building is 3,600 square feet and consists of four classrooms, administrative office space and toilets and will be used for Kindergarten. The building's exterior materials consist of exterior plaster and glazing. The new trellis, to be located between the existing facility and new classroom building will be constructed of painted metal and stone.

Sincerely,

Ronald Flores
Senior Pastor
