**** STAFF REPORT ****

PROJECT DESCRIPTION

Note: This request was originally noticed as Variance (VAR-33771), but, due to material changes in the project, was renoticed for the 06/11/09 Planning Commission meeting as Variance (VAR-34539).

This is a request for a Variance to allow 34 parking spaces where 42 parking spaces are required for a proposed commercial development on undeveloped property located approximately 500 feet north of Washington Avenue. The proposed development would have approximately 7,180 square feet of retail space available, requiring 42 parking spaces to meet the Title 19.04 standards, but only 34 spaces, including two handicap accessible spaces, will be provided. Staff is recommending denial of this request as the applicant has not provided compelling evidence of a unique or extraordinary circumstance, and has created a self-imposed hardship by proposing to overbuild the site. Alternative design or a reduction in the scope of the project would bring the development into compliance with Title 19 standards.

BACKGROUND INFORMATION

<i>Related Relevant City Actions by P&D, Fire, Bldg., etc.</i>	
12/01/04	The City Council approved a request for Rezoning (ZON-5222) from R-E (Residence Estates) to C-1 (Limited Commercial) on 0.58 acres located between 1000-1100 Martin L. King Boulevard. The Planning Commission recommended approval. The Resolution of Intent expired on 12/01/06.
12/01/04	The City Council denied requests for a Site Development Plan Review (SDR-5223) with a Waiver of perimeter buffering and landscaping standards and a Special Use Permit (SUP-5225) for a proposed Smog Check and Car Wash, Self Service on 0.58 acres located between 1000-1100 Martin L. King Boulevard. The Planning Commission recommended approval.
04/23/09	The Planning Commission, at the request of the applicant, abeyed requests for a Rezoning (ZON-33765) from R-E (Residence Estates) to C-1 (Limited Commercial); a Variance (VAR-33768) to allow a 20-foot rear yard setback where Residential Adjacency standards require 35 feet; a Variance (VAR-34539) to allow 32 parking spaces and zero loading spaces where 36 parking spaces and one loading space are required; and a Site Development Plan Review (SDR-33767) for a proposed 6,232 square-foot commercial building with Waivers of the perimeter landscape buffer standards to allow buffers of 10 feet where 15 feet is required along the west perimeter and five feet where eight feet is required along the north and south perimeters and a Waiver of the building placement and orientation standards on 0.58 acres on the east side of Martin L. King Boulevard, approximately 500 feet north of Washington Avenue.

ANALYSIS

The applicant is proposing a 7,180 square-foot commercial building, which would require a total of 42 parking spaces, including two handicap accessible spaces, as well as one on-site loading zone. The submitted site plan depicts a total of 34 parking spaces, including two handicap accessible spaces, and one loading zone. The 19% reduction in required parking indicates that the site, as proposed, would be overbuilt. Furthermore, the proposed deficiency is preferential in nature and as such, the applicant has created a self-imposed hardship that staff cannot support; therefore, staff is recommending denial of this request.

FINDINGS

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.

Additionally, Title 19.18.070L states:

Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution.

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by proposing to overbuild the subject site. Alternative site design or a reduction in the floor area of the development would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the sites physical characteristics, it is concluded that the applicants hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.
