Carman~

The applicant has requested that Site Development Plan Review [SDR-35868 (Carl's Jr next to the Pet Cemetery)] be withdrawn from the 10/22/09 agenda. The Rezoning (ZON-35867) and General Plan Amendment (GPA-35866) will remain on the agenda. I've attached the formal request below.

Subject: CT-1 Application

Jonathan,

Per our recent conversation. Please consider this email a formal request to withdraw the Site Plan Review application from our packet. Because Carl's Jr. has made the decision to not move forward as the end user, it is very important that their name be removed fully from any and all documentation. Please let me know if I need to do anything additional to insure that their name is removed completely from the application.

It is currently our intention to move forward with the General Plan Amendment and the Zoning change request although we may seek a temporary abeyance on those items. Thank you for your continued assistance with this project and I will let you know on the abeyance as soon as a decision is made by the partners.

To whom it may concern:

Regarding the upcoming attempt to put an eatery adjacent to the Pet Cemetery, this is totally un-acceptable. This is an insult to all pet lovers! Between mine and our Daughter (Fowler) we own 4 plots there and take great pleasure and comfort in visiting the places of 3 of our beloved pets. The fourth plot is reserved for a pet and adult son still living.

The company which purchased the property in question knew precisely what they were buying, and proceeded in their own interests and the almighty dollar. This re-zoning must not be allowed. The zones are in place for a specific reason, I don't feel the changes are needed for the benefit of a select few.

Please include this letter in any presentation or petitions that you may be planning

Sincerely, and may God Bless

To Whom It May Concern:

This letter is in regards to the proposed zoning change to allow a Carl's Jr. be built on the NW corner of Tenaya and Craig Rd. I am a life long Las Vegas and I have three dogs buried at the Craig Road Pet Cemetery. I have pre-purchased plots for three more.

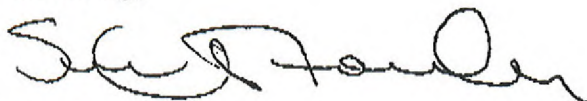

I AM WHOLEHEARTEDLY AGAINST THE BUILDING OF A CARL'S JR. NEXT TO THE CRAIG ROAD PET CEMETERY.

I have many reasons why I am against this. To state a few:

- I do not want to hear cars, loud music, people placing drive thru orders or a person through a speaker asking if a patron would like a chocolate milk shake with their combo meal while I am trying to have a private moment with my loved one
- I do not want a 24-hour fast food place next to the final resting place of my loved one where there is more potential for vandalism and or destruction of grave sites
- I do not want to have to worry about how the owners of the Craig Road Pet Cemetery will make sure that the grave sites are safe (potential increases in cost, etc)

I buried my greyhound last year and it was a very emotional service. I DO NOT want there to be potential inconsiderate patrons of this fast food place to take away from my private moment as I lay my loved one to rest. I value the memories that I shared with my family as we said goodbye to her.

Sincerely,

Sue Fowler

Craig Road Pet Cemetery

To Whom It May Concern:

I want to register my dismay over the recent talk of having a Carl's Jr. built on the corner of your cemetery.

It is very inappropriate and shows a great lack of respect for the human owners, their pets and especially the humans and pets laid to rest together.

We don't need another fast food restaurant on this corner, disturbing this peaceful place. Progress in this case is not progress, it is a desecration and unacceptable.

I invested in your cemetery, purchasing a place for my pets and myself to lie in peace. Why must this place be disturbed for a FAST FOOD RESTAURANT??

Dear Mayor, Council Members and Commissioners:

I am sending this letter in a plea that the above named property located at 7204 West Craig Road (APN#138-03-201-009), remain as a residential property (no commercial west of Tenaya), and that said requests above, all relating to a commercial re-zoning, be denied. Back in 2001, when I purchased the first plot for my beloved child, Chewie, I recall meeting the caretaker of the cemetery who resided with his wife in the home located at 7204 West Craig Road. As I have always resided in southeast Las Vegas and now Henderson, it was difficult for me to visit Chewie, but I knew that the care taker was always there looking over all the children buried in the cemetery. The pet cemetery was often better taken care of than a regular cemetery. The love of the people for their animals is clearly shown by the plaques, flowers and various other loving items placed near their animals. Many of the stones reflect that the owners clearly consider these animals as their children, as do I. Moreover, many owners are buried in the cemetery, which I have requested as well since I want to be with my children. I have a total of 9 plots at Craig Road Pet Cemetery.

I have lived in Las Vegas for the past 20 years and have been fortunate to graduate from the University of Las Vegas, Nevada, as well as the charter class at the William S. Boyd School of Law, for which I am a practicing attorney with the law firm of Jolley Urga Wirth Woodbury & Standish. I previously worked for John Peter Lee, Esq., from whom I learned that he battled and prevailed in saving the pet cemetery over 30 years ago, in 1971, when it was known as Pet Ponderosa Memorial Gardens. Mr. Lee obtained an injunction to prevent the termination of the water supply to the cemetery thereby preserving the land. *Memory Gardens of Las Vegas, Inc. V. Pet Ponderosa Memorial Gardens, Inc.*, 88 Nev. 1 (1972), 492 P.2d 123.

Back in 1971, the Nevada Supreme Court case indicated that there were only 300 plots which has now grown to over 6,000.00 plots with over 100 human burial remains. Most notably are the police K9 dogs in which peace and tranquility is sought for the services and visitation between the partners. The pet cemetery is a beautiful place in which our children are at rest and we come and visit them in a quiet and peaceful area.

Once again we are here battling to save our pet cemetery, the only one in Clark County, and we must fight so that commercial greed is not allowed to take over. Although said property may not be selling as residential - this is a COMMON problem for ALL of Las Vegas as no one has been able to successfully sell real property as a result of the poor real estate market. I attended the neighborhood meeting on September 23, 2009, and to my surprise said commercial zoning was not only objected to by those who have an interest in preserving the peace and tranquility of the pet cemetery, but also the long-standing residents who had previously made concessions over the years, but with the promise that **there would be NO commercial development west of Tcnaya.**

There is plenty of commercial on the other corners such that this corner DOES NOT have to be touched. Especially in this time when I see so many commercial buildings, **new and old**, standing EMPTY. Thus, it is no hardship to set up a commercial establishment elsewhere, where properly zoned for the same, considering THERE ARE SO MANY EMPTY COMMERCIAL BUILDINGS AND AREAS to more appropriately place said development and revitalize said areas. I just know from Henderson, it is sad to see the empty strip mall along Stephanie from Sunset to Warm Springs, and all along Sunset Station, and the numerous empty commercial buildings along Lake Mead or Boulder Highway. Thus, commercial development should go where it is appropriately zoned for the same and better re-vitalize the neighborhood - NOT at the residential area of the pet cemetery.

The peace and tranquility of this area must be preserved and allowing a zoning change to commercial will destroy this and the integrity of this cemetery. Please support the Craig Road Pet Cemetery, its patrons, our children, and the residents; all of whom object to the request to re-zone this property to commercial. Please keep this land as residential.
