Dear Ms. Obodai,

I am sending this e-mail in opposition to granting variance 35852. I am one of the owners of the Point After Lounge, located in the effected shopping center. There are currently two full service restaurants in the center. (Las Islitas & the Point After) The applicant came into the center as a sandwich shop and was granted the exemption of needing a grease trap. They have over burdened the sewer system several times and expansion will make the matter worse. In October of 1996 a parking variance was granted for "Las Isitas" Mexican restaurant. Since that time a church has moved into the center and all store are occupied. The granting of this variance will have a detrimental effect on other occupants of the center.

Dear Sirs,

Great idea - growth is always welcome. Seeing that the City of Las Vegas is really improving the intersection of Washington & Pecos something might be done to reduce the excessive noise when your backyard is right on Pecos. A suggestion would be the city improve this
