RE: SUP-36241

We adamantly request a Denial of this Special Use Permit at this location due to the C-1 Limited Commercial location which consists of close-by dense population housing and other businesses which are in compliance.

This ~~S~~pecial Use Permit is for a container for ONE THOUSAND GALLONS of Liquified Petroleum Gas. This amount was not a part of the statement on the Public Agenda. PLANNING DEPARTMENT usage of (over 288 Gallons) on the Public Agenda as well as the Neighborhood Notice cards mailed to the area is deceptive due to the evasiveness of the number provided differing from the number of gallons for which the SPECIAL USE PERMIT is actually requested!

We adamantly request also that this 1-288 Gal or 288 Gal-no limit criteria chart be updated ASAP to be of protection of residents.
Sincerely,

June Ingram, CNP President and BOARD
