

Justification Letter

November 30, 2009

To Whom It May Concern:

This is a redo of a prior SUP that was approved. The prior SUP number was SUP-29017. There was an error in assigning the suites. The wrong suites (130-135) were approved. We have now filed for new SUP in the new suites (115-120-125). Because the new suites area increased more than 10 Percent, we had to redo the SUP.

The concept remains the same. This is an Indian/Thai Restaurant and Bar. We propose to introduce to the Northwest area an ethnic dining concept of Indian and Thai. We also will have a bar between the two dining areas. This is one restaurant with two dining concepts.

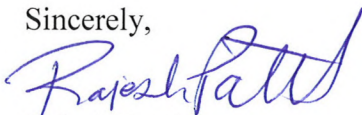

This will be an upscale supper club. We will be open for lunch and dinner only. Our hours will be from 11AM to 11PM.

We believe this area lacks a good upscale dining concept. There are a lot of restaurants, but are of the fast food nature. We believe there will be a strong following for this type of establishment for this area.

We hope you approve of this plan, as it was approved before. Again, this is the same concept that was presented for a prior SUP-29017. Because of my error I am redoing this SUP per direction of Planning.

If you have any question, you may contact me @ 702-591-5826 or email @ saffronlv@gmail.com.

Subject: RE: Supper Club @ 4450 N. Tenaya Way

Hello Greg,

Please accept this email as ammendment to the justification letter previosly submitted. The following changes are accepted and understood.

- 1) The Restaurant is the principal portion of the business. The bar is just there to support the restaurant. Meals are available to customers all hours of operation of the business and all hours the bar is open.
- 2) There will be on site at all time of operation one bartender, one cook, and one food server for every shift.
- 3) The propsed seating chart is still in effect and will have more than 130 seats in restaurant portion of the supper club. The seating chart has booths and chairs. If both sides of the restaurant are added it will be more than sufficient seating. There are two dining halls on either side of the kitchen.
- 4) The restaurant will be separated by a glass wall and door from the bar. No person under 21 will be allowed to have access the bar area.

Thanks,

Rajesh Patel
