**** STAFF REPORT ****

PROJECT DESCRIPTION

The subject property is currently under construction, and is generally located at the northwest corner of El Capitan Way and Durango Drive. This request proposes to vacate 10-foot wide and 30-foot wide public drainage easements, on the property. The Vacations are necessary to facilitate construction of a commercial development. The easements will be relocated elsewhere on the property, making the current easements unnecessary. As the proposed Vacation will remain consistent with Condition of Approval Number 36 of a previously approved Site Development Plan Review (SDR-20496), which required the applicant to provide and improve all drainage easements recommended in the approved drainage study, staff is recommending approval.

LEGAL DESCRIPTION

The above property is legally described as situated in the City of Las Vegas, Clark County, Nevada lying on a portion of the SW ¼ of the NE ¼ along the west line of the Northeast Quarter of Section 17, Township 19 South, Range 60 East, M.D.M., as shown on the Official Plat of Caroline's Court, in the Office of the Clark County Recorder in Book 141 of Plats on Page 98.

ANALYSIS

A) Planning discussion

This is a petition to vacate 10-foot wide and 30-foot wide public drainage easements generally located at the northwest corner of El Capitan Way and Durango Drive. The applicant previously dedicated a public drainage easement with the approval of a Civil Drawing Plan Review (#27341). This approval fulfilled Condition of Approval Number 36 of a previously approved Site Development Plan Review (SDR-20496), which required the applicant to provide and improve all drainage easements recommended in the approved drainage study. The applicant is proposing to relocate the previously approved easement to another location on the site. As the proposed Vacation is consistent with the Conditions of Approval of Site Development Plan Review (SDR-20496), staff recommends approval of the request.

B) Public Works discussion

This Vacation application proposes to vacate an existing public drainage easement. As no right-of-way is proposed to be vacated, and thus no franchise rights are involved, it is not necessary to send this VAC request to the utility companies and franchise holders, nor wait for their responses. Since only City easements are involved; any utility company interests will not be affected.
