SDR-37579 CONDITIONS

Planning and Development

1. Conformance to the conditions for Site Development Plan Review (SDR-18342).
2. This amendment to Site Development Plan Review (SDR-18342) shall be exercised upon final approval of the building permits, which have already been issued for the principal building on the site.
3. All development shall be in conformance with the site plan, date stamped 03/04/10, except as amended by conditions herein.
4. A revised technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted to update the existing building permit prior to issuance of a Certificate of Occupancy. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. The technical landscape plan shall include the following changes: The previously approved 15 trees shall be deleted, but all shrubs previously required shall be depicted.
5. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

6. Site development to comply with all applicable conditions of approval for Site Development Plan Review SDR-18342 and all other applicable, subsequent site-related actions.

**** STAFF REPORT ****

PROJECT DESCRIPTION

This request is to amend the previously approved Site Development Plan Review (SDR-18342) to remove 15 trees from a landscape buffer required along a portion of the west perimeter at 1312 Vista Drive. There is a utility easement along the west perimeter that includes the landscape buffer area. The applicant wishes to remove the trees only from this buffer area to facilitate drainage and to prevent any conflict with overhead power lines; required shrubs would still be planted in conformance with the landscape plan that was previously approved. Staff is recommending denial as the trees will not negatively affect drainage of the site or adjacent sites, and there are trees that could be planted that would not interfere with the power lines. If denied, the site shall be developed in conformance with the approved Site Development Plan Review (SDR-18342).

ANALYSIS

This request is to amend the previously approved Site Development Plan Review (SDR-18342) to remove 15 trees from a landscape buffer required along a portion of the west perimeter at 1312 Vista Drive. There is a utility easement along the west perimeter that includes the landscape buffer area. The applicant wishes to remove the trees only from this buffer area to facilitate drainage and to prevent any conflict with overhead power lines; required shrubs would still be planted in conformance with the landscape plan that was previously approved. Staff is recommending denial as the trees will not negatively affect drainage of the site or adjacent sites, and there are trees that could be planted that would not interfere with the power lines, as recommended in the “Right Tree, Right Place” brochure that is available on the website for Nevada Energy (http://www.nvenergy.com/brochures_arch/RightTreeRightPlace.pdf). Recommended varieties of trees include Dwarf Alberta Spruce, Moonlight Broom, Dogwood and Crabapple.

Civil Improvement drawings were approved on September 2, 2009 and permits were issued on September 3, 2009 for Vista Drive and all other public Improvements relating to this project. Building permits were issued for the principal building September 18, 2009, exercising the previous Site Development Plan Review (SDR-18342). As a result, this amended Site Development Plan Review will be considered to be exercised upon final approval.

FINDINGS

In order to approve a Site Development Plan application, per Title 19.18.050 the Planning Commission and/or City Council must affirm the following:

1. The proposed development is compatible with adjacent development and development in the area;

The proposed amendment to remove the required trees is not compatible with adjacent development in the area.

Staff Report Page Five
April 22, 2010 - Planning Commission Meeting

2.The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;

The proposed amendment is not consistent with the planting requirements of Title 19.12.

3.Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;

Site access and circulation will not change from the previous approval.

4.Building and landscape materials are appropriate for the area and for the City;

Building materials will not change from the previous approval. The removal of required landscape planting materials is not appropriate for the area or for the City.

5.Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;

Building elevations and design characteristics will not change from the previous approval.

6.Appropriate measures are taken to secure and protect the public health, safety and general welfare.

The site will be subject to inspections and licensing and will not endanger the public health or the general welfare. Appropriate measures have been provided in the design of the drop-off areas and campus layout that will ensure that the students' and neighbors' general health, safety, and welfare are sustained.
