If you need an accommodation to attend and participate in this meeting, please call the DEPARTMENT DESIGNEE at (702) 229-6301 and advise of your need at least 48 hours in advance of the meeting. The City's TDD number is (702) 386-9108.

June 24, 2010

6:00 PM

ALL ITEMS ON THIS AGENDA ARE SCHEDULED FOR ACTION UNLESS SPECIFICALLY NOTED OTHERWISE. UNLESS OTHERWISE STATED, ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Clerk's Bulletin Board, City Hall Plaza, 2nd Floor Skybridge
Clark County Government Center, 500 South Grand Central Parkway
Las Vegas Library, 833 Las Vegas Boulevard North
Grant Sawyer Building, 555 East Washington Avenue
Bulletin Board, City Hall Plaza (next to Metro Records)

ACTIONS: ALL ACTIONS ON TENTATIVE AND FINAL SUBDIVISION MAPS ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN SEVEN DAYS OF THE DATE NOTICE IS SENT TO THE APPLICANT. UNLESS OTHERWISE INDICATED DURING THE MEETING, ALL OTHER ACTIONS BY THE PLANNING COMMISSION ARE RECOMMENDATIONS TO THE CITY COUNCIL, IN WHICH CASE ALL FINAL DECISIONS, CONDITIONS, STIPULATIONS OR LIMITATIONS ARE MADE BY THE CITY COUNCIL.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and suggested conditions of approval, if appropriate.
2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.
3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.
4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.
5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.
6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.
7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.
8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

RE: Application ZON-38056
Assessors Parcel Number 138-26-702-001

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the zoning classification of this site to C-V (Civic). Please call me at 229-6882.

RE: Application ZON-38057
Assessors Parcel Number 138-34-202-001

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the zoning classification of this site to C-V (Civic). Please call me at 229-6882.

RE: SUP-32148 - SPECIAL USE PERMIT
CITY COUNCIL MEETING OF MARCH 18, 2009

Dear Mr. Kirkorian:

The City Council at a regular meeting held March 18, 2009 APPROVED the request for a Special Use Permit FOR A PROPOSED 3,193 SQUARE-FOOT MASSAGE ESTABLISHMENT WITH WAIVERS TO ALLOW FOR THE ESTABLISHMENT TO REMAIN OPEN UNTIL 10:00 P.M. WHERE 9:00 P.M. IS THE LATEST ALLOWED AND TO ALLOW FOR A ZERO-FOOT DISTANCE SEPARATION FROM ANOTHER MASSAGE ESTABLISHMENT WHERE 1,000 FEET IS THE MINIMUM DISTANCE REQUIRED at 8950 West Charleston Boulevard, Suite #7 (APN 138-32-412-026), C-1 (Limited Commercial) Zone. NOTE: BUSINESS HOURS WAIVER WITHDRAWN. The Notice of Final Action was filed with the Las Vegas City Clerk on March 19, 2009. This approval is subject to:

Planning & Development

1. There shall be a review in one year at a public hearing of the Planning Commission.
2. Conformance to all minimum requirements under LVMC Title 19.04.010 for Massage Establishment use, including parking requirements.
3. This approval shall be void one year from the date of final approval, unless a business license has been issued for the principal use of Massage Establishment on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.
4. A Waiver from Title 19.04.010 is hereby approved, to allow a distance separation of less than 1,000 feet from another Massage Establishment.

Dear Planning Department:

Please vacate the proposed bus turnout that is located on the above referenced road parcel numbers. It has been discovered that there is a conflict with existing Las Vegas Valley Water District facilities and the proposed bus turnout area. It has been determined that it is more cost efficient to relocate the proposed bus turnout, rather than to relocate the existing Water District facilities.

If you have any questions, please contact **Kevin Cerny, Right-of-Way Agent, at 229-1228**. Thank you for your cooperation.

Re: Wall Variance for NV Energy's Northwest Electrical Substation (APN's – 126-01-101-002; 126-01-101-003; 126-01-101-004; 126-01-101-016; portion of 126-01-201-016)

Dear Ms. Wheeler:

NV Energy requests a "Wall Variance" for the perimeter wall surrounding our Northwest Electrical Substation, located at 10625 Moccasin, which is in the remote north area of the valley. On August 19, 2009, NV Energy received a NOFA for SDR-34710 for this project, which included approval for an 8' high decorative screen wall to be placed around the perimeter of the entire existing and the expanded substation footprint. We are currently in the review/comment stage of our Drainage Study submission with the Department of Public Works. At this point, we must resolve a severe grade transition issue in order to complete the Drainage Study approval process, and we've recognized that it would be best to pursue a Wall Variance at this time. We're requesting both a retaining wall and screen wall height variance and that the two walls be used in combination, with the screen wall on top of the retaining wall, in order to mitigate the severe grade transition.

Section 19.12.075 – "Wall Standards" in the Las Vegas Title 19 Zoning Code indicates that the maximum height of a screen wall is 8' high, and maximum height of a retaining wall is 4' high.

- (1) We're requesting a 2' variance in the screen wall height, varying the wall height from the code required 8' height to a 10' height in order to accommodate the difference between grade change along the outside the wall.

Comment -- As the existing grade outside of the perimeter wall changes along its length, the wall design must be stepped periodically to accommodate this grade transition. During this transition there are periods where the wall will naturally have a height of 10'. Due to the existing grades at this site, the entire screen wall surrounding the substation will require this variance to accommodate this condition. While this is a 25% increase in code height requirement, the resulting slight increase in height would also provide some additional screening of electrical equipment, and there be will no impact to the surrounding community.

- (2) We're requesting a 12' variance in the retaining wall height, varying the wall height from the code required 4' height to a 16' height and used in combination with the screen wall.

Comment – This property has severe existing grade transitions throughout its length. In order to mitigate this while maintaining a relatively level substation interior footprint a retaining wall is necessary. The variance in the retaining wall height from 4' to 12' high would occur for 475' along the south wall and for 1285' along the west wall.

This substation facility contains 500/230 & 138 kV electrical lines and equipment, and the approved expansion of this facility will involve the addition of 500 kV & 230 kV electrical equipment, ranging in height from 50'-100', and four new poles, approximately 50'-60' tall. The layout of the approved expansion electrical equipment requires a specific area or footprint in order to meet the National Electrical Safety Code requirements. In order to accommodate this substation footprint, our property size eliminates the potential to provide accommodating slopes or even multiple retaining walls (stepbacks as the code references). As a result, it's important to note that the lower grade created from this proposed retaining/screen wall combination transition will be on the interior of the substation, so the visual height of this wall (up to 26' high) will not be seen from outside the substation; and there will be no impact to the surrounding community.

Your review and consideration of this request is appreciated. Should you have any questions or require additional information, please call me at 702-402-2620.

Thank you for your time and consideration.

Sincerely,

Thomas Dombrowski

Justification Letter

Dear Planning Commission Member,

I, Mark Snavelly, am the owner of a single family residence located at 3812 sunrise Ave. I am requesting a variance to the minimum setback requirement which states that structures in my zoning must have at least a 20' setback from the front property line. The current closest part of the existing structure to the front property line depicted in the site plan has a 25' setback. My request is to extend the existing garage an additional 10' to the North towards the front property line. This would reduce my setback to 15.'

There are two adults and five children ages 3 to 27 living at this address and the added space is needed for storage and a workshop area. The current garage is "filled to capacity" as well as all available storage inside the house. There is no other suitable location on the property to expand into except to the North. The section of the lot depicted in the site plan is a low use area of yard and could be utilized to provide relief to a very crowded household.

My intention is to match the current style of the house as shown in the included elevation picture. Roof line and exterior will be constructed to match the existing garage for visual consistency.

There are similar setbacks for other houses in this neighborhood. For example, 3805 Sunrise has an 18 foot setback, 73 Honolulu, which is next door to me, has a 15 foot setback on the Sunrise Ave side, and 72 Maya, which is four houses West of mine, also has a 15 foot setback on the Sunrise Ave side.

I believe that this project will not detract from the use, purpose, or appearance of the project site or the surrounding neighborhood. I do not believe that this project will be a detriment to the public good, affect natural resources, or significantly violate the intention or purpose of any city ordinance or resolution.

Sincerely,

Mark Snavelly

RE: APN 162-05-801-011

To Whom It May Concern:

We are applying for a massage therapy license to enable us to use multiple rooms for massage therapy. The use of massage therapy is limited to our medical patients. There is no outside advertising for massage therapy and there is no signage on the building regarding massage therapy. In fact, the only signage relates to Kozmary Center. The patients for massage therapy are all patients of the Kozmary Center for Pain Management and the massage therapy is used on a medical basis to reduce muscle spasm and promote healing of painful areas as part of a medical regimen prescribed by Dr. Kozmary. Typically patients are seen for their monthly or bimonthly appointments and at the same visit are seen for massage therapy. Because of this arrangement, I do not believe that the parking is an issue with the current spaces that we have allotted for our patients at the 2851 El Camino Avenue location.

For any questions you may have regarding this matter, please feel free to contact me.

Justification Letter for Variance
For: Carl's Jr. Clearance Arm, 7598 Vegas Drive.

To Whom It May Concern:

Please see the attached submittal of a variance for a Drive Thru Clearance Arm for the Carl's Jr. Restaurant at 7598 Vegas Drive. This is an incidental sign which is seven feet six inches greater in height than the five feet allowed by code and has a logo and sign copy area greater than the 25% of the sign area allowed by code. This clearance bar has been designed to facilitate safer & faster ingress and egress through the drive thru lane. It accomplishes this by combining a height detector that is easier to see by the motoring public, with a menu of the more popular items that the restaurant offers. This combination helps citizens make quicker decisions regarding their patronage of the establishment. In addition, the clearance bar better identifies the drive thru in this busy shopping center, helping traffic flow more smoothly and safely. Therefore, we feel that the application is justified.

Should you have any questions, please feel free to contact me at your convenience.

Justification Letter for MSP 2619 Amendment
For: Carl's Jr. Restaurant Signage, 7598 Vegas Drive

To Whom It May Concern:

This is a submittal to amend the Master Sign Program (MSP-2619) to add the signage for the new Carl's Jr restaurant which has been built at 7598 Vegas Drive. The signs have been designed and placed to meet all city sign codes and requirements as far as height, separation from existing signs and be within the square footage allowed for this building. Our proposal includes the necessary design elements for Carl's Jr. to succeed while still maintaining an organized presentation and "classic diner" appearance. All other signs in the center are to remain the same as filed under the original sign program. Therefore, we feel that the application is justified.

Should you have any questions, please feel free to contact me at your convenience.

Bre's Hair & Nail Solutions

I Yavette D. Bell, the owner and only Licensed cosmetologist in the salon. I will not be hiring for hair dressers or nail techs. The use of the salon is mainly for the maintenance of my at risk kids. I need to ensure that their hair and nails are done for job interviews etc.

I also want my kids to take notice to the correct way to take care of their hair, nails and feet.

The kids will also learn how to clean, empty trash, the upkeep of tile floors, clean bathrooms, dust, clean windows, and properly sanitizing the salon.

This will help my young ladies and men obtain jobs in the future as janitors, housekeepers, office cleaners etc.

If I have to do the kids hair and or nails, it will be done after 5pm.

Kay's Kafe'

I Yavette D. Bell, The owner of Kay's Kafe'. The Kafe' will be delivery only & will cater to the surrounding business of 89106 area. My husband will run the Kafe', Mon.- Fri. 9-5pm.

There will be one kid in the Kafe' with him per day. The same kid will assist him for the week.

The kids will learn to prepare foods in a safe and clean area and learn how to run a register and balance out at the end of the day. The kids will learn to speak to clients on the phone in a professional way. They will learn how to take inventory and order more supplies. The on the job training the kids will receive from Kay's Kafe' will help them in the future obtain good paying jobs in the food industry.

Bell Independent Living Homes Inc.

I Yavette D. Bell the owner and operator of Bell I.L. H. Inc.

I will run my business from the back office, where I will take calls and faxes only. The business does not have foot traffic at all. The business is a non profit organization, that will assist at risk youth in the community. All assistance is free to the child. There will be no more than 2 kids a day on the property.

The same 2 kids for the whole week. The age of the kids will range from 15 to 18.

The purpose of the program is to be a mentor to at risk youth in the community and ensure they finish school and get a G.E.D. or a Diploma. Helping kids with home work, getting assistance for college, getting a job, finding positive people to surround themselves with, and just assist them daily to ensure their success in life. The office will be open Mon. - Fri. 9-5pm. The kids will ride to the office with Ms. Yavette D. Bell because they don't drive. If they have to take a bus to get to other appointments there is a bus stop in front of the office.

This is my way of standing up to the plate and being another mentor in the community for our at risk youth, To ensure no kids are left behind and our future leaders are educated in every possible way.

Bre's, Kay's & Bell I. L. H. Inc. are ran by Ms. Yavette D. Bell and her husband only. There are no other workers or employees.

JUSTIFICATION LETTER

Clark County
Comprehensive Planning Department
Title 30 Land Use Application

RE: Branch Location – **Futura Envia**
3882 W. Sahara
Las Vegas, NV 89102

Dear Planning Commission:

As President of Futura Envia, with Corporate Office located at 331 SE 10th Ave., Hillsboro, Oregon 97123, I am writing this JUSTIFICATION LETTER, to express our business reasons for the application of this **Special Use Permit for Check Cashing** at the above mentioned property. **Futura is currently licensed by the Department of Financial Institutions as a Money Transmitter, and Check Casher** and is licensed by the City of Reno and Sparks as an Authorized Check Casher. Futura is also an Authorized Delegate of Money Gram, for which we offer through them the sale of money orders and bill payment services. Our customers constantly walk into our business with their payroll checks expecting to cash and use the funds to pay bills, purchase money orders to pay for their rent and even wire money to their families abroad.

Our current **neighbors “Food 4 Less”**, constantly send their customers to our office to try to cash their payroll checks in order to purchase produce. Since this is not possible, customers have to go elsewhere for their shopping, affecting all businesses in this shopping area. We strongly believe that being able to provide this check cashing service to our customers will help us create a more stable and profitable environment for all the businesses in this shopping area because it will help us maintain our local customers. Our company is dedicated to providing the best service to our customers and plans to cash **only payroll checks** (no third party, personal or out of state checks).

If granted this Special Use Permit, Futura asks this permit be extended for an indefinite time period, because it is the company's intention to continue doing business in this area for many years to come. This would also help all of our adjacent business neighbors continue in a long business term.

We understand there are development standards that do not allow other similar businesses operate in a certain distance ratio, but we ask you waive this standard for this location since Futura is the only business in this shopping center that offers the Money Order Sales and Bill Payment Services. We are aware of another business that currently offers the same services that has installed a small booth inside a **Supermarket located across the street at approximately 1,500 feet from our location.** In order to get there, customers need to walk across an extensive parking lot and cross Sahara Ave. and Valley View Blvd., both very busy streets; by doing so customers do not come back to conduct purchases at this shopping center affecting these businesses. The City Planner indicated that the distance ratio had to be a minimum of 1,000 ft. and that our business was located 820 ft. from the other authorized Check Casher. However, the measurement is being considered from property corner to property corner and the extensive parking lot and other separating businesses are not being considered.

Futura was also informed that our business was apparently 60 ft. from a residential area. **The space that we rent is part of a 10.20 acre property divided by other properties and barrier walls, and is physically located approximately 210 feet from the residential area.** The property also has two small access roads that are the focus of the distance measurement between the residential area and the property itself of 60 ft. These access roads are currently separated by barrier walls, one is used for the loading zone of the Food 4 Less Supermarket and garbage pickup, and the other is used to exit the 10 acre property that is separated by a wall barrier and other properties from our location; for which we ask you waive this standard.

The Clark County Planner also informed us that the **minimum square footage for a Check Cashing License is 1,500 sq. ft.** We would like to **request a waiver** of this standard as well. **Our current space is 900sq. ft.** and we find that to be sufficient for our needs. **Futura is a Licensed Money Transmitter and Check Casher from the Department of Financial Institutions and is only applying to add a service for our customers at this location.** We will not provide any differed deposits or loans; we will only cash payroll checks for which we believe our location counts with all necessary space to conduct this service. Futura currently has a computer system installed for all services it provides and will not require any additional equipment or space to add this service.

In order to provide our customers with the service they require we have two cashiers and one office manager to serve them and **are open daily from 9:00am – 9:00pm in the summer, and from 9:00am - 8:00pm** in the winter months. We also have ample parking for our customers, since **the shopping center has a very large common parking lot.**

RE: *Application for Special Use Permit*

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit to allow for the addition of accessory "off-sale" packaged beer, wine, and liquor at the premises of Walgreens at 7789 North Durango Drive. The location is currently operating and licensed as a drug store.

This location is zoned T-C (SC), Town Center/Service Commercial. The proposed sale of packaged liquor will not adversely affect nearby properties, as the business is centered on two thoroughfares, Durango Drive and El Capitan/Farm. The located is surrounded by other commercial uses and vacant land. The addition of packaged alcoholic beverages would constitute a very minor portion of Walgreens' overall business at this location. As the site is zoned for commercial use, the sale of alcoholic beverages is appropriate. The site also currently complies with all other requirements pursuant to the City of Las Vegas Municipal Code.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase packaged beer, wine, or liquor for consumption off-premises. Since this use is commonly found at similar drug and retail grocery stores in Las Vegas, there would be no variable impact on other

businesses by allowing Walgreens to sell alcohol for the convenience of its customers at this location.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties. Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales.

As Walgreens is currently operating and the addition of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit to allow for the addition of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

RE: *Application for Special Use Permit*

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit for the addition of accessory "off-sale" packaged beer, wine, and liquor at the premises of Walgreens at 5610 Centennial Center Boulevard. The location is currently operating and licensed as a drug store.

This location is zoned T-C with an SC Service Commercial subclassification. The proposed sale of packaged liquor will not adversely affect surrounding properties, as this store is surrounded by commercial uses, intersected by two major thoroughfares – Ann Road and Centennial Center Boulevard – and abuts the I-95 freeway. There are other businesses in the general area that sale alcohol, so the proposed use would not be unique to the area. The site also currently complies with all other requirements pursuant to the City of Las Vegas Municipal Code.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase packaged beer, wine, or liquor for consumption off-premises. Since this use is commonly found at similar drug and retail grocery stores in Las Vegas, there would be no variable impact on other businesses by allowing Walgreens to sell alcohol for the convenience of its customers.

Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales. Also, the location will not devote more than 10% of the retail floor space to the display or merchandising of alcoholic beverages.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties.

As Walgreens is currently operating and the addition of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit for the addition of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

To: Las Vegas Planning and Development

From: Daniel Jackson, Owner/Operator of Absolute Ink Tattoo

I Daniel Jackson, Owner/Operator of Absolute Ink Tattoo, intend to use the property located at 1232 Las Vegas Blvd. S., Las Vegas, NV 89104 as a tattoo and body piercing shop.

To date I am the only employee staffed. When the shop is running I intend to employ four full time artists. My hours of operation will be 10:00 a.m. – 2:00 a.m., seven days a week.

I operated at my previous location at 1141 Las Vegas Blvd. for over 11 years from October, 1998 to February, 2010.

The project meets any and all requirements per Title 19.18 as required by the city of Las Vegas.

Thank you

Daniel Jackson

RE: *Application for Special Use Permit*

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit for the addition of accessory "off-sale" packaged beer, wine, and liquor at the premises of Walgreens at 900 North Rancho Drive. The location is currently operating and licensed as a drug store.

This location is zoned C-1, Limited Commercial. The proposed sale of packaged liquor will not adversely affect surrounding properties, as this store is intersected by two major thoroughfares – Rancho and Washington – and there are many commercial uses near the location. There are also other businesses in the general area that sale alcohol, so the proposed use would not be unique to the area. The location also currently complies with all other requirements pursuant to the City of Las Vegas Municipal Code.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase packaged beer, wine, or liquor for consumption off-premises. Since this use is commonly found at similar drug and retail grocery stores in Las Vegas, there would be no variable impact on other businesses by allowing Walgreens to sell alcohol for the convenience of its customers.

Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales. Also, the location will not devote more than 10% of the retail floor space to the display or merchandising of alcoholic beverages.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties.

As Walgreens is currently operating and the addition of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit for the addition of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales. Also, the location will not devote more than 10% of the retail floor space to the display or merchandising of alcoholic beverages.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties.

As Walgreens is currently operating and the addition of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit for the addition of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

Re: Justification Letter

City of Las Vegas
Planning and Development Department,

We are Applying for a special use permit to allow a class 3 second-hand license to operate at 1300 E. Sahara Ave. This request is for a 2300 sq. ft. building located in a commercial zoned area where similar business already exists. We will certainly comply with the planning department's rules and regulations. We will provide ten, 9x18 ft. Parking spaces and one van accessible handicap space. Any and all landscaping requirements will be adhered to.

With ample driveways to enter and exit the property traffic should be kept at a minimum.

With this license at this location we plan to buy and sell new and used jewelry items and supplies. We will also be manufacturing and doing jewelry repairs.

Thank you for your consideration,

Anthony J. Rila Jr.

Subject: Justification Letter for Special Use Permit Application
SMASHBURGER — 9101 W Sahara, Suite 108, Las Vegas, NV 89117

To Whom It May Concern:

Smashburger (SB Fort Apache, LLC), has requested *Specific Use Permit* approval to allow for the sale and consumption of alcoholic beverages at the tenant space noted above. Smashburger is a fast-casual dining establishment with beer and wine sales and consumption. While Smashburger locations generally have an outside seating area, no such seating area will be present at the above mentioned location.

The beer and wine proposed to be served in the restaurant will be for service at tables only within the restaurant and will be served in connection with meals. Per the Las Vegas Zoning Code Land Use (Chapter 19.04) requirements and Las Vegas Municipal Code, Chapter 6.50.180, the beer and wine will not be available for purchase to be taken from the establishment and consumed off the premises.

As you are aware, under Chapter 19.04 of the Las Vegas Zoning Code, specifically Ord 5895, it is required that the proposed establishment be located at least 400 feet from any churches, schools, synagogues or child care facilities with more than 12 children. SB Fort Apache, LLC is requesting that the a waiver of this requirement be granted as a children's day care is present 120 feet from the proposed Smashburger.

Smashburger's hours of operation are Monday through Sunday from 10AM to 10PM. The maximum number of employees per shift is approximately ten (10). Currently, a Smashburger (SB Summerhill, LLC) is in operation at 7541 W Lake Mead Blvd Suite 2, Las Vegas, NV 89128.

Please contact Mark Huttanus at (702)743-7612 should you have any additional questions concerning information within this Justification Letter.

RE: APN: 139-34-611-002

Ret: A. Special Use Permit for a Tavern Limited

To whom it may concern:

The intended use for the property of 107 S. Las Vegas Boulevard (139-34-611-002) is a Mexican Restaurant and Tavern Limited. The name of the establishment is "Nacho Daddy" and will be approximately 9,367 SF on two floors. We feel "Nacho Daddy" will be a tremendous catalyst to help jumpstart the revitalization of the entertainment district in Downtown Las Vegas. The property is currently zoned C-2 and falls within the Downtown Entertainment Overlay District. We are requesting a special use permit and will be applying for a Tavern Limited License.

The hours of operation will be Sunday through Wednesday from 7am – 2am and Thursday through Saturday from 7am – 5am and the services provided will include a full service kitchen, full service bar, and a small retail area. Live entertainment will also be provided Thursday thru Saturday. This corner of the downtown area is at the entrance to the "Fremont East District" and the new tenants want to create a very special vibe for the restaurant and surrounding areas. They would like to be able to serve food out of a "to go" window right at the corner of Fremont and Las Vegas Boulevard. There are also plans to open up the existing windows and walls along the street frontages to allow for interaction between the interior and the exterior. The restaurant will have at least 100 seats inside the restaurant, and additional seating which is proposed to be on a balcony overhanging the right of way along Fremont and Las Vegas Boulevard.

Customer access to the site is directly off of Fremont Street. Deliveries will be made via the alley on the south side of the space. In addition, there are approximately 22 parking spaces located on Fremont Street and 6th Street and there are 680 spaces in the Neonopolis parking garage and 1472 Parking spaces in the Fremont Street Experience parking garage. The parking garages are approximately 400' away and accessible on foot. Public transportation is also available on Las Vegas Boulevard. Parking for this facility will be adequate considering the amount of parking in close proximity to the new project and the desire to increase foot traffic along the Fremont East and Las Vegas Boulevard corridors.

We have made every attempt to follow City of Las Vegas Title 19 as well as the Centennial Plan. Please join us in our attempt to bring much-needed high caliber product into downtown and to Las Vegas residents.

Respectfully Submitted,

Kristen G. Neuman, AIA

RE: Lorenzi Park Renovation Phase 2

Dear Planning:

The City of Las Vegas proposes to renovate Lorenzi Park. This renovation will be completed in two phases with funding provided by the Southern Nevada Public Lands Management Act. The first phase renovation was complete in June, 2009. Phase two site improvements include the renovation of the lake and pumping system, demolition of the old restroom and the construction of two new restrooms, parking-lot reconfiguration, group picnic areas, splash pad, play equipment, basketball courts, walking path, garden areas, perimeter fencing, landscaping, site lighting and signage.

The historical elements, i.e. fountains, stairs, existing building and boat house will be preserved, protected and remain untouched during park renovation. Park themeing through signage, elements, textures and materials will also be addressed in the renovation to re-create some of the history of the facility over the last 80 plus years.

JWZunino and Associates was the successful consultant selected by the City to perform the design planning. They are a landscape architectural firm specializing in recreational park development, and have been successful on similar types of projects in the valley. They bring many years of experience to the project.

The City of Las Vegas looks at this project as a winning solution that will assist with the growing demands for recreational park use in the Las Vegas Valley. This renovation to an older existing park will be a nice face-lift for the area. Please recommend the approval of this successful project development. Thank you.
