June 24, 2010
6:00 PM

ALL ITEMS ON THIS AGENDA ARE SCHEDULED FOR ACTION UNLESS SPECIFICALLY NOTED OTHERWISE. UNLESS OTHERWISE STATED, ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Clerk's Bulletin Board, City Hall Plaza, 2nd Floor Skybridge
Clark County Government Center, 500 South Grand Central Parkway
Las Vegas Library, 833 Las Vegas Boulevard North
Grant Sawyer Building, 555 East Washington Avenue
Bulletin Board, City Hall Plaza (next to Metro Records)

ACTIONS: ALL ACTIONS EXCEPT GENERAL PLAN AMENDMENTS, REZONINGS AND RELATED CASES THERETO ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN TEN DAYS.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION AND AGREED TO BY THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and suggested conditions of approval, if appropriate.

2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.

3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.

4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.

5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.

6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.

7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.

8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

BUSINESS ITEMS:

1. CALL TO ORDER

2. ANNOUNCEMENT: COMPLIANCE WITH OPEN MEETING LAW

3. ROLL CALL

4. APPROVAL OF THE FINAL MINUTES FOR THE PLANNING COMMISSION WORKSHOP MEETING OF MAY 13, 2010 AND THE PLANNING COMMISSION MEETING OF MAY 27, 2010

PROJECT DESCRIPTION

The subject site is an elementary school containing approximately 10.21 acres, located at 6333 Fargo Avenue. The applicant is requesting a Rezoning from R-1 (Single Family Residential) to the C-V (Civic) district. If denied, the site will retain its existing Zoning and General Plan designation. Staff recommends approval of this request, as the requested Rezoning is compatible with the adjacent surrounding zoning districts and in conformance with the existing General Plan designation. If denied, the site will retain its existing Zoning designation.

ISSUES

- The proposed Rezoning will allow conformance with the current land use designation of PF (Public Facilities).
- The existing use of the subject site as an Elementary School is a permissible use in the C-V (Civic) zoning district, and is consistent with the existing General Plan designation.

BACKGROUND INFORMATION

ANALYSIS

The subject site contains an existing elementary school, which is a permissible use in the proposed C-V (Civic) zoning district, and is allowed by the existing PF (Public Facilities) General Plan land use designation. The proposed Rezoning will bring the site into conformance with the existing land use designation.

As the proposed C-V (Civic) zoning district is consistent with the existing PF (Public Facilities) General Plan designation, and the proposal is compatible with the surrounding land uses, staff is recommending approval of this request.

FINDINGS (ZON-38056)

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. **The proposal conforms to the General Plan.**

   The proposed C-V (Civic) zoning district is consistent with the existing PF (Public Facilities) General Plan land use category.

2. **The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.**

   The uses allowed by the C-V (Civic) zoning district are compatible with the surrounding land uses and zoning districts.

3. **Growth and development factors in the community indicate the need for or appropriateness of the rezoning.**

   The subject site has a land use designation of PF (Public Facilities). Rezoning of the subject site will allow conformance with the existing land use designation of the subject site.

4. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.**

   The site is accessed from Fargo Avenue, a 50-foot Local Street and Rassler Avenue, a 60-foot Collector. Access is adequate in size to meet the requirements of the proposed zoning district.

RE: Application ZON-38056
Assessors Parcel Number 138-26-702-001

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the zoning classification of this site to C-V (Civic). Please call me at 229-6882.

PROJECT DESCRIPTION

This is a request for Rezoning of a property from R-1 (Single Family Residential) to C-V (Civic) for a Public School, Primary located at 7101 Pinedale Avenue. The proposed C-V (Civic) district will allow conformance with the existing land use designation of PF (Public Facilities) on the subject site; therefore, staff is recommending approval of the subject Rezoning application. If denied, the existing R-1 zoning district will remain inconsistent with the existing General Plan land use designation.

ISSUES

- The proposed Rezoning will allow conformance with the current land use designation of PF (Public Facilities).
- The existing use of the subject site as a Public School, Primary is a permissible use in the C-V (Civic) zoning district, and is consistent with the existing General Plan designation.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
Month/date/year	**Action**
11/24/65	The Board of City Commissioners adopted the petition for Annexation (A-0005-65) at the property located north of Charleston Boulevard and west of Lorenzi Boulevard.
08/22/74	The Board of Zoning Adjustment approved the request for a Use Permit (U-0044-74) to allow the construction of an elementary school on property located on the south side of Pinedale Avenue, between Pinecliff Avenue and Lakehurst Road. Staff recommended approval.
03/12/98	The Planning and Development Department administratively approved the request for a Site Development Plan Review [U-0044-74(1)] on property located at 7101 Pinedale Avenue for a proposed 8,051 square-foot addition to an existing elementary school.

ANALYSIS

This request would rezone the subject site from R-1 (Single Family Residential) to C-V (Civic), which will allow conformance with the existing PF (Public Facilities) land use designation. The existing use of the subject site as a Public School, Primary is a permissible use in the C-V (Civic) zoning district, and is consistent with the existing General Plan designation. As the proposed C-V (Civic) zoning district is consistent with the existing PF (Public Facilities) land use designation, staff is recommending approval of this request.

FINDINGS (ZON-38057)

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. **The proposal conforms to the General Plan.**

   The proposed C-V (Civic) zoning district is consistent with the existing PF (Public Facilities) General Plan designation.

2. **The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.**

   The uses allowed by the C-V (Civic) zoning district, including the existing use of the subject site for a Public School, Primary is compatible with the surrounding land uses and zoning districts.

3. **Growth and development factors in the community indicate the need for or appropriateness of the rezoning.**

   The subject site has a land use designation of PF (Public Facilities). Rezoning of the subject site will allow conformance with the existing land use designation of the subject site.

4. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.**

   The site is accessed from Pinedale Avenue, a 60-foot Right-of-Way. This thoroughfare is capable of accommodating the traffic flow for the proposed zoning district.

PROJECT DESCRIPTION

The subject site currently contains a junior high school on 17.82 acres located at 300 South Torrey Pines Drive. The applicant is requesting a Rezoning from R-E (Residence Estates) to the C-V (Civic) district. If denied, the site will retain its existing Zoning and General Plan designation. Staff recommends approval of this request, as the requested Rezoning is compatible with the adjacent surrounding zoning districts and the existing General Plan designation.

ISSUES

- The proposed Rezoning will allow conformance with the current land use designation of PF (Public Facilities)..
- The existing use of the subject site as an Elementary School is a permissible use in the C-V (Civic) zoning district, and is consistent with the existing General Plan designation.

ANALYSIS

The subject site contains an existing junior high school, which is a permissible use in the proposed C-V (Civic) zoning district, and is allowed by the existing PF (Public Facilities) General Plan land use designation. The proposed Rezoning will bring the site into conformance with the existing land use designation.

As the proposed C-V (Civic) zoning district is consistent with the existing PF (Public Facilities) General Plan designation, and the proposal is compatible with the surrounding land uses, staff is recommending approval of this request.

FINDINGS (ZON-38058)

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. **The proposal conforms to the General Plan.**

   The proposed C-V (Civic) zoning district is consistent with the existing PF (Public Facilities) General Plan land use category.

2. **The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.**

   The uses allowed by the C-V (Civic) zoning district are compatible with the surrounding land uses and zoning districts.

3. **Growth and development factors in the community indicate the need for or appropriateness of the rezoning.**

   The subject site has a land use designation of PF (Public Facilities). Rezoning of the subject site will allow conformance with the existing land use designation of the subject site.

4. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.**

   The site is accessed from Newcomer Street, a 60-foot Collector and Torrey Pines Drive, an 80-foot Secondary Collector. Access is adequate in size to meet the requirements of the proposed zoning district.

RE: Application ZON-38058
Assessors Parcel Numbers 138-35-111-004

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the zoning classification of this site to C-V (Civic). Please call me at 229-6882.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for Rezoning of a property from R-1 (Single Family Residential) to C-V (Civic) for an existing Public School, Primary located at 1100 Lena Street. The proposed C-V (Civic) district will allow conformance with the existing land use designation of PF (Public Facilities) on the subject site; therefore, staff is recommending approval of the subject Rezoning application. If denied, the existing R-1 (Single Family Residential) zoning district will remain inconsistent with the existing General Plan land use designation.

ISSUES

- The proposed Rezoning will allow conformance with the current land use designation of PF (Public Facilities).
- The existing use of the subject site as a Public School, Primary is a permissible use in the C-V (Civic) zoning district, and is consistent with the existing General Plan designation.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc
There are no related relevant City actions for the subject site.

Most Recent Change of Ownership

ANALYSIS

This request would Rezone the subject site from R-1 (Single Family Residential) to C-V (Civic), which will allow conformance with the existing PF (Public Facilities) land use designation. The existing use of the subject site as a Public School, Primary is a permissible use in the C-V (Civic) zoning district, and is consistent with the existing General Plan designation. As the proposed C-V (Civic) zoning district is consistent with the existing PF (Public Facilities) land use designation, staff is recommending approval of this request.

FINDINGS (ZON-38059)

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. **The proposal conforms to the General Plan.**

   The proposed C-V (Civic) zoning district is consistent with the existing PF (Public Facilities) General Plan designation.

2. **The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.**

   The uses allowed by the C-V (Civic) zoning district, including the existing use of the subject site for a Public School, Primary is compatible with the surrounding land uses and zoning districts.

3. **Growth and development factors in the community indicate the need for or appropriateness of the rezoning.**

   The subject site has a land use designation of PF (Public Facilities). Rezoning of the subject site will allow conformance with the existing land use designation of the subject site.

4. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.**

   The site is accessed from Lena Street, a 60-foot Right-of-Way. This thoroughfare is capable of accommodating the traffic flow for the proposed zoning district.

** STAFF REPORT **

PROJECT DESCRIPTION

The subject 28-acre site located on the south side of the Moccasin Road alignment, approximately 660 feet west of the Larry McBryde Street alignment, contains an existing electrical substation and a non-stealth design wireless communication facility. Five acres at the southwestern corner of the site were approved in 2009 to expand the existing substation, but have not yet been improved. An eight-foot screened chain link fence with barbed wire surrounds the existing substation. A Variance is requested to allow a maximum 10-foot screen wall along the entire perimeter of both the existing and expanded electrical substation, and a maximum 16-foot retaining wall along portions of the south and west perimeters. The severe natural grade of the area and the limited area for the substation require walls that exceed the heights allowed by Title 19. The increased wall heights will not have a deleterious effect on neighboring properties, which are currently vacant and primarily government-owned. Because evidence of a hardship has been shown, staff recommends approval. If this request is denied, only walls and screening in full conformance with Title 19 standards can be permitted on the subject site.

ISSUES

- A Site Development Plan Review (SDR-34710) for the expansion of an existing electric utility substation was approved in August 2009. A condition of that approval required any walls exceeding eight feet to receive approval of a Variance.
- Screen walls visible from the public right-of-way (currently unpaved) do not exceed 10 feet in height. Retaining walls up to 16 feet in height are oriented to the interior of the site and will provide additional screening of equipment located within the substation.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
07/91	The Clark County Planning Commission approved a Special Use Permit (UC-0165-91) for an electrical substation and a Variance (VC-0338-91) to waive landscaping, on-site paving and trash enclosure requirements generally located on the south side of Moccasin Road alignment, approximately 1,400 feet west of Larry McBryde Street alignment. The Variance approval expired five years from the original date of approval.

12/04/97	The Clark County Planning Commission approved a Use Permit (UC-1779-97) for a proposed 105-foot wireless communications monopole with multiple antennas and a 300 square-foot equipment shelter on a portion of the approved electrical substation generally located on the south side of Moccasin Road, approximately 950 feet west of Larry McBryde Street alignment. Clark County Planning staff recommended approval.
11/18/99	The Clark County Planning Commission approved a Use Permit (UC-1584-99) to build power transmission lines in existing corridors and to create new power line corridors in conjunction with a long range master plan on a portion of approximately 5,800 acres generally located between Moccasin Road alignment and Ann Road alignment, and between Mainwal Boulevard alignment and Decatur Boulevard alignment.
10/18/01	The Clark County Planning Commission approved a Special Use Permit (UC-1158-01) for the expansion of an existing electrical substation and an application (WS-1408-01) to waive landscaping, on-site paving, and a trash enclosure in conjunction with the approved substation on approximately 4.80 acres generally located on the south side of Moccasin Road alignment, approximately 1,400 feet west of Larry McBryde Street alignment. Clark County Planning staff recommended approval.
12/07/04	The Clark County Planning Commission approved an Extension of Time (ET-0337-04) of a Special Use Permit (UC-1158-01) for the expansion of an existing electrical substation on approximately 4.80 acres generally located on the south side of Moccasin Road alignment, approximately 1,400 feet west of Larry McBryde Street alignment.
11/19/07	The Clark County Planning Commission approved an Extension of Time (ET-0341-07) of a Special Use Permit (UC-1158-01) for the expansion of an existing electrical substation on approximately 4.80 acres generally located on the south side of Moccasin Road alignment, approximately 1,400 feet west of Larry McBryde Street alignment. The approval had an expiration date of 10/18/10.
04/01/09	The City Council approved an Annexation (ANX-27030) of property generally located on the south side of Moccasin Road alignment, 660 feet west of Larry McBryde Street alignment, containing approximately 33.66 acres. The Planning Commission and staff recommended approval. The effective date of the Annexation was 06/03/09.
08/19/09	The City Council approved a request to amend a portion of the Centennial Hills Sector Plan of the General Plan from PCD (Planned Community Development) to PF (Public Facilities) on 70 acres generally located on the south side of Moccasin Road, approximately 660 feet west of the Larry McBryde Street alignment. The Planning Commission and staff recommended approval.

08/19/09	The City Council approved a Rezoning (ZON-34709) from U (Undeveloped) [PCD (Planned Community Development) General Plan Designation] to C-V (Civic) and a Site Development Plan Review (SDR-34710) for the expansion of an existing electric utility substation on 70 acres generally located on the south side of Moccasin Road alignment, 660 feet west of the Larry McBryde Street alignment. The Planning Commission and staff recommended approval.
10/06/09	The Planning and Development Department administratively approved a request for a Minor Site Development Plan Review to extend an existing 110-foot tall Wireless Communication Facility, Non-Stealth Design (Monopole) to 120 feet and collocate six (6) antennas at the 118-foot centerline on 2.2 acres located at 10625 Moccasin Road.

Most Recent Change of Ownership	
11/14/90	A deed was recorded for a change in ownership on APN 126-01-101-003.

Related Building Permits/Business Licenses	
03/16/04	A Clark County building permit (#04-5880) was issued for a chain link fence for a non-stealth wireless communications facility at 10625 Moccasin Road.
05/21/04	A Clark County building permit (#04-5876) was issued for an equipment shelter for a non-stealth cellular facility at 10625 Moccasin Road. The permit was finaled on 05/24/04.
05/21/04	A Clark County building permit (#04-5878) was issued for a non-stealth cellular facility at 10625 Moccasin Road. The permit was finaled on 05/24/04.
01/31/06	A Clark County building permit (#05-30753) was issued to add antennas on an existing non-stealth cellular facility at 10625 Moccasin Road. The permit was finaled on 02/01/06.
01/31/06	A Clark County building permit (#05-30756) was issued for an equipment shelter for a non-stealth cellular facility at 10625 Moccasin Road. The permit was finaled on 02/01/06.
11/30/09	A building permit (146577) was issued for collocation of six antennas and a 10-foot extension on an existing 110-foot wireless communications monopole at 10625 Moccasin Road. A final inspection was completed 04/02/10.

Pre-Application Meeting	
04/20/10	A pre-application meeting was held with the applicant, where submittal submittal requirements for a variance application were discussed. The following points of discussion were noted: • Separate applications are required for the various owners. A letter referencing a previous letter on file authorizing signatures for NV Energy and BLM must be submitted. • The site plan must indicate the locations where code requirements are proposed to be exceeded.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
05/20/10	A field inspection was conducted on the indicated date, and the following items were noted: • The site contains an existing utility substation and an existing non-stealth wireless communications facility; the substation is enclosed by a screened chain link fence with barbed wire. • The area proposed for expansion of the substation is undeveloped and undisturbed. • The area around the site in all directions is undeveloped. • The natural grade around the existing site slopes from west to east.

DEVELOPMENT STANDARDS

Pursuant to Title 19.12, the following standards apply to the subject proposal:

Standard	***Required/Allowed***	***Provided***	***Compliance***
Wall Height	Max. 6 Feet Retaining	4-16 Feet	N
	Max. 8 Feet Screening	8-10 feet	N
	Max. 12 Feet Combined Retaining/Screening	12-26 Feet	N

ANALYSIS

Condition Number 3 of Site Development Plan Review (SDR-34710) requires approval of a variance for any walls on the substation site exceeding eight feet. The current chain link fencing approved by Clark County is proposed to be replaced with decorative masonry walls, which will address grade issues identified in the approved drainage study for the site. The screen wall will enclose the entire perimeter of the existing and expanded electrical substation, and is proposed to be a maximum height of 10 feet as seen from the outside of the wall. In addition, a maximum 16-foot retaining wall is requested along 475 feet of the south wall (along Quintana Street, also known as Rocky Avenue) and for 1,285 feet of the west facing wall (the entire length of the

substation property). The tallest side of the wall will be internal to the substation, so that only a 10-foot screening wall will be visible from the outside. In order to accommodate the proposed substation footprint, the retaining walls cannot be stepped to comply with Title 19. Title 19.12.075 requires that combined retaining and screening walls shall not exceed 12 feet in height as measured from the lower side of the wall and eight feet in height as measured from the higher side of the wall. The proposed walls deviate from the standards by up to 117 percent. The proposed walls comply with other standards of Title 19.12.075 that include pilasters spaced no more than 24 feet apart and decorative features containing 20 percent contrasting materials.

Because the limited area of the substation will not allow full mitigation of the severe grade when Title 19 standards are applied, and the proposed wall heights will not have a negative effect on neighboring properties, a hardship has been demonstrated and staff recommends approval of the variance request.

FINDINGS (VAR-38103)

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature."

Additionally, Title 19.18.070(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

The severe natural grade of the area and the limited area for the substation require walls that exceed the heights allowed by Title 19. Given the area of the development, the grade cannot be fully mitigated by strict conformance to Title 19 wall standards. The increased wall heights will not have a negative effect on neighboring properties, which are currently vacant and primarily government-owned. Evidence of a hardship has therefore been demonstrated.

Re: Wall Variance for NV Energy's Northwest Electrical Substation (APN's – 126-01-101-002; 126-01-101-003; 126-01-101-004; 126-01-101-016; portion of 126-01-201-016)

Dear Ms. Wheeler:

NV Energy requests a "Wall Variance" for the perimeter wall surrounding our Northwest Electrical Substation, located at 10625 Moccasin, which is in the remote north area of the valley. On August 19, 2009, NV Energy received a NOFA for SDR-34710 for this project, which included approval for an 8' high decorative screen wall to be placed around the perimeter of the entire existing and the expanded substation footprint. We are currently in the review/comment stage of our Drainage Study submission with the Department of Public Works. At this point, we must resolve a severe grade transition issue in order to complete the Drainage Study approval process, and we've recognized that it would be best to pursue a Wall Variance at this time. We're requesting both a retaining wall and screen wall height variance and that the two walls be used in combination, with the screen wall on top of the retaining wall, in order to mitigate the severe grade transition.

Section 19.12.075 – "Wall Standards" in the Las Vegas Title 19 Zoning Code indicates that the maximum height of a screen wall is 8' high, and maximum height of a retaining wall is 4' high.

(1) We're requesting a 2' variance in the screen wall height, varying the wall height from the code required 8' height to a 10' height in order to accommodate the difference between grade change along the outside the wall.
Comment -- As the existing grade outside of the perimeter wall changes along its length, the wall design must be stepped periodically to accommodate this grade transition. During this transition there are periods where the wall will naturally have a height of 10'. Due to the existing grades at this site, the entire screen wall surrounding the substation will require this variance to accommodate this condition. While this is a 25% increase in code height requirement, the resulting slight increase in height would also provide some additional screening of electrical equipment, and there be will no impact to the surrounding community.

(2) We're requesting a 12' variance in the retaining wall height, varying the wall height from the code required 4' height to a 16' height and used in combination with the screen wall.
Comment – This property has severe existing grade transitions throughout its length. In order to mitigate this while maintaining a relatively level substation interior footprint a retaining wall is necessary. The variance in the retaining wall height from 4' to 12' high would occur for 475' along the south wall and for 1285' along the west wall.

This substation facility contains 500/230 & 138 kV electrical lines and equipment, and the approved expansion of this facility will involve the addition of 500 kV & 230 kV electrical equipment, ranging in height from 50'-100', and four new poles, approximately 50'-60' tall. The layout of the approved expansion electrical equipment requires a specific area or footprint in order to meet the National Electrical Safety Code requirements. In order to accommodate this substation footprint, our property size eliminates the potential to provide accommodating slopes or even multiple retaining walls (stepbacks as the code references). As a result, it's important to note that the lower grade created from this proposed retaining/screen wall combination transition will be on the interior of the substation, so the visual height of this wall (up to 26' high) will not be seen from outside the substation; and there will be no impact to the surrounding community.

Your review and consideration of this request is appreciated. Should you have any questions or require additional information, please call me at 702-402-2620.

Thank you for your time and consideration.

Sincerely,

Thomas Dombrowski

RQR-38143 CONDITIONS

Planning and Development

1. Conformance to the approved conditions for Special Use Permit (SUP-32148) and all other site related actions as required by the Planning and Development Department and the Department of Public Works.

2. No further reviews shall be required for the Massage Establishment use on this site.

3. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The subject site at 8950 West Charleston contains an existing retail building located within a large shopping center. The existing 3,193 square-foot Massage Establishment occupying Suite #7 was approved in March 2009 and is subject to a one year review by the Planning Commission. The approved floor plan indicates 13 massage therapy or multi-purpose rooms within the establishment. Staff recommends approval, as the establishment meets all conditions of the use as required by Title 19.04, and the operation of the use at this location has been shown to be harmonious and compatible with the surrounding land uses, including another existing massage establishment on the same lot within the existing shopping center.

ISSUES

- The City Council previously approved a waiver at this location to allow for a zero-foot distance separation from another Massage Establishment where 1,000 feet the minimum required.
- There is currently one other Massage Establishment located on the same lot as the subject use; the other Massage Establishments located within 1,000 feet of the subject lot at the time of original approval no longer offer those services. One business still offers limited massage services as an accessory use.
- There have not been any Code Enforcement violations or inquiries at this location since the time of original approval.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
09/02/92	The City Council approved a request for a Reclassification of property (Z-0030-92) located on the east side of Rampart Boulevard between Charleston Boulevard and Alta Drive from N-U (Non-Urban) under Resolution of Intent to R-1 (Single Family Residential), C-1 (Limited Commercial), and C-2 (General Commercial) to R-1 (Single Family Residential) and C-1 (Limited Commercial). The Planning Commission recommended approval.
04/27/98	The City Council approved a request for a Site Development Plan Review [Z-0030-92(5)] on 48.7 acres located on the northeast corner of Rampart Boulevard and Charleston Boulevard for a proposed 433,240 square-foot retail shopping center including 21 retail pad sites, and approved the related Peccole Town Center Master Development Plan and Development Standards. The Planning Commission recommended approval.

09/19/01	The Planning and Development Department administratively approved a Site Development Plan Review [Z-0030-92(21)] for a proposed 5,138 square foot retail store on Pad 'F' (0.48 acres) of the Peccole Ranch Town Center shopping center plan, adjacent to the northeast corner of Charleston Boulevard and Rampart Boulevard.
02/06/02	The Planning and Development Department administratively approved a request for a Site Development Plan Review ([Z-0030-92(23)] for a 14,390 square-foot retail building on Pad 'G' (1.14 acres) of the Peccole Ranch Town Center shopping center plan, adjacent to the northeast corner of Charleston Boulevard and Rampart Boulevard.
06/04/03	The City Council approved Ordinance #5606, thereby requiring a Special Use Permit for the Massage Establishment use within the C-1 (Limited Commercial), C-2 (General Commercial), C-PB (Planned Business Park) or C-M (Commercial/Industrial) zoning districts and making the use conditional in the M (Industrial) zoning district.
03/18/09	The City Council approved a Special Use Permit (SUP-32148) for a proposed 3,193 square-foot Massage Establishment with a waiver to allow for a zero-foot distance separation from another massage establishment where 1,000 feet is the minimum distance required. The Planning Commission recommended approval; staff recommended denial.

ANALYSIS

There have not been any Code Enforcement violations or inquiries at this location since the time of approval of the Special Use Permit. The establishment continues to meet the hours of operation required by Title 19.

One of the issues leading to staff's original denial recommendation was the potential for oversaturation of the massage establishment use in the immediate area. However, only three of the five establishments identified in the report still offer massages. One is a massage school; the other two offer massage as an ancillary use. At the time of approval of the Special Use Permit (SUP-32148), there were four other existing massage establishment licenses located within 1,000 feet of the subject property, which includes the 96-acre lot containing the Boca Park Shopping Center development. The business licenses for each of these establishments, with the exception of the license at 8850 West Charleston Boulevard, are no longer active. None of these previous massage establishments required a Special Use Permit, either because they preceded the requirement for a Special Use Permit or the use was deemed to be accessory to another primary use. A separate business license is now available for Accessory Massage.

FINDINGS

As the subject massage establishment has demonstrated that it is harmonious and compatible with the surrounding land uses, staff recommends approval. No further reviews will be required for this use on this site.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a 74 square-foot Retail Establishment with Accessory Package Liquor Off-Sale use within an existing 14,820 square-foot Retail Establishment at 7755 North Durango Drive. The proposed use will not require additional parking beyond that which is required for the principal use on the site. No more than 10 percent of the retail floor space is devoted to alcoholic beverage sales. This site location is well suited for this use, since it is located within a large shopping center. Staff recommends approval, since the Retail Establishment with Accessory Package Liquor Off-Sale use meets all minimum Special Use Permit requirements. If this request is denied, the existing retail establishment would remain.

ANALYSIS

This is a request for a Special Use Permit for a 74 square-foot Retail Establishment with Accessory Package Liquor Off-Sale use within an existing 14,820 square-foot Retail Establishment at 7755 North Durango Drive. This site location does not have any churches, schools, child care facilities or city parks within the required 400-foot distance separation radius. No additional parking beyond that which is required for the principal use on the site is required as a result of the addition of this use.

The sale of alcoholic beverages is ancillary to the retail use, and 74 square feet of the retail floor space is devoted to the display or merchandising of alcoholic beverages. The proposed use meets minimum requirements of Title 19.04; staff therefore recommends approval of this request.

FINDINGS (SUP-38211)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Retail Establishment with Accessory Package Liquor Off-Sale use will be located within the existing Retail Establishment and it is an accessory use. The proposed use can be conducted in a manner that is harmonious and compatible with the uses in the existing site and with the commercial uses on adjacent properties.

2. The subject site is physically suitable for the type and intensity of land use proposed.

The subject site is physically suitable for the type and intensity of the proposed use. There is no additional parking requirement for a Retail Establishment with Accessory Package Liquor Off-Sale use other than that which is required for the principal use on site.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

Site access is provided from El Capitan Way, an 80-foot Town Center Arterial and Durango Drive, a 120-foot Town Center Parkway Arterial as designated by the Town Center Street Classifications in the Town Center Development Standards Manual. These streets are of sufficient size to accommodate the needs of the proposed Accessory Package Liquor Off-Sale use.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections for business licensing.

5. The use meets all of the applicable conditions per Title 19.04.

The proposed use will be located within an existing Retail Establishment and complies with the minimum Special Use Permit requirements. The use will devote 74 square feet of the floor space within the existing Retail Establishment for the sale of alcoholic beverages.

RE: ***Application for Special Use Permit***

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit to allow for the addition of accessory "off-sale" packaged beer, wine, and liquor at the premises of Walgreens at 7789 North Durango Drive. The location is currently operating and licensed as a drug store.

This location is zoned T-C (SC), Town Center/Service Commercial. The proposed sale of packaged liquor will not adversely affect nearby properties, as the business is centered on two thoroughfares, Durango Drive and El Capitan/Farm. The located is surrounded by other commercial uses and vacant land. The addition of packaged alcoholic beverages would constitute a very minor portion of Walgreens' overall business at this location. As the site is zoned for commercial use, the sale of alcoholic beverages is appropriate. The site also currently complies with all other requirements pursuant to the City of Las Vegas Municipal Code.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase packaged beer, wine, or liquor for consumption off-premises. Since this use is commonly found at similar drug and retail grocery stores in Las Vegas, there would be no variable impact on other

SUP-38211

businesses by allowing Walgreens to sell alcohol for the convenience of its customers at this location.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties. Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales.

As Walgreens is currently operating and the addition of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit to allow for the addition of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

7. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for an 82 square-foot Retail Establishment with Accessory Package Liquor Off-Sale use within an existing 15,000 square-foot Retail Establishment at 5610 Centennial Center Boulevard. The proposed use will not require additional parking beyond that which is required for the principal use on the site. No more than 10 percent of the retail floor space is devoted to alcoholic beverage sales. This site location is well suited for this use, since the use is located within a large shopping center. Staff recommends approval, since the Retail Establishment with Accessory Package Liquor Off-Sale use meets all minimum Special Use Permit requirements. If this request is denied, the existing retail establishment would remain.

ANALYSIS

This is a request for a Special Use Permit for an 82 square-foot Retail Establishment with Accessory Package Liquor Off-Sale use within an existing 15,000 square-foot Retail Establishment at 7755 North Durango Drive. This site location does not have any churches, schools, child care facilities or city parks within the required 400-foot distance separation radius. No additional parking beyond that which is required for the principal use on the site is required as a result of the addition of this use.

The sale of alcoholic beverages is ancillary to the retail use, and 82 square feet of the retail floor space is devoted to the display or merchandising of alcoholic beverages. The proposed use meets the minimum requirements of Title 19.04; staff therefore recommends approval of this request.

FINDINGS (SUP-38213)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Retail Establishment with Accessory Package Liquor Off-Sale use will be located within the existing Retail Establishment and it is an accessory use. The proposed use can be conducted in a manner that is harmonious and compatible with the uses in the existing site and with the commercial uses on adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is physically suitable for the type and intensity of the proposed use. There is no additional parking requirement for a Retail Establishment with Accessory Package Liquor Off-Sale use other than that which is required for the principal use on site.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Centennial Center Boulevard, a 90-foot Town Center Frontage Road as designated by the Town Center Street Classifications in the Town Center Development Standards Manual. This street is of sufficient size to accommodate the needs of the proposed Accessory Package Liquor Off-Sale use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections for business licensing.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed use will be located within an existing Retail Establishment and complies with the minimum Special Use Permit requirements. The use will devote 82 square feet of the floor space within the existing Retail Establishment for the sale of alcoholic beverages.

RE: ***Application for Special Use Permit***

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit for the addition of accessory "off-sale" packaged beer, wine, and liquor at the premises of Walgreens at 5610 Centennial Center Boulevard. The location is currently operating and licensed as a drug store.

This location is zoned T-C with an SC Service Commercial subclassification. The proposed sale of packaged liquor will not adversely affect surrounding properties, as this store is surrounded by commercial uses, intersected by two major thoroughfares – Ann Road and Centennial Center Boulevard – and abuts the I-95 freeway. There are other businesses in the general area that sale alcohol, so the proposed use would not be unique to the area. The site also currently complies with all other requirements pursuant to the City of Las Vegas Municipal Code.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase packaged beer, wine, or liquor for consumption off-premises. Since this use is commonly found at similar drug and retail grocery stores in Las Vegas, there would be no variable impact on other businesses by allowing Walgreens to sell alcohol for the convenience of its customers.

SUP-38213
RECEIVED MAY 07 2010

Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales. Also, the location will not devote more than 10% of the retail floor space to the display or merchandising of alcoholic beverages.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties.

As Walgreens is currently operating and the addition of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit for the addition of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

2. This approval shall be void two years from the date of final approval, unless a business license has been issued to conduct the activity. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. Approval of this Special Use Permit does not constitute approval of a liquor license.

4. This business shall operate in conformance to Chapter 6.50 of the City of Las Vegas Municipal Code.

5. The sale of alcoholic beverages is ancillary to the retail use and in which no more than 79 square feet of the retail floor space is devoted to the display or merchandising of alcoholic beverages as shown on the floor plan date stamped 05/10/10.

6. All beer and wine coolers shall remain in their original manufacturer's configuration of four- or six-packs.

7. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a 79 square-foot Retail Establishment with Accessory Package Liquor Off-Sale use within an existing 13,905 square-foot General Retail Store at 6101 West Lake Mead Boulevard. This location does not have any churches, schools, child care facilities or city parks within the required 400-foot distance separation radius. The proposed use will not add parking beyond that which is required for the principal use on the site. No more than 10 percent of the retail floor space is devoted to beer and wine sales. The proposed use can be conducted in a manner that is harmonious and compatible with the uses in the existing site and with the commercial uses on adjacent properties. For all of these reasons, staff recommends approval. If this request is denied, no alcoholic beverages may be sold on the premise without approval of another Special Use Permit.

ANALYSIS

This is a request for a Special Use Permit for a 79 square-foot Accessory Package Liquor Off-Sale use within an existing 13,905 square-foot General Retail Store. This site location does not have any churches, schools, child care facilities or city parks within the required 400-foot distance separation radius. No additional parking beyond that which is required for the principal use on the site is required as a result of the addition of the use. The sale of alcoholic beverages is ancillary to the retail use, and 79 square feet of the retail floor space is devoted to the display or merchandising of alcoholic beverages. The proposed use meets minimum requirements of Title 19.04 and can be conducted in a manner that is harmonious and compatible with the surrounding uses; staff therefore recommends approval of this request.

FINDINGS (SUP-38240)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Retail Establishment with Accessory Package Liquor Off-Sale use will be located within the existing General Retail Store. The proposed use can be conducted in a manner that is harmonious and compatible with the uses in the existing site and with the commercial uses on adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is physically suitable for the type and intensity of the proposed use. There is no additional parking requirement for a Retail Establishment with Accessory Package Liquor Off-Sale use other than that which is required for the principal use on site.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Lake Mead Boulevard, a 100-foot Primary Arterial and Jones Boulevard, an 80-foot Secondary Collector as designated in the Master Plan of Streets and Highways. These streets are of sufficient size to accommodate the needs of the proposed Retail Establishment with Accessory Package Liquor Off-Sale use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections for business licensing.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed use will be located within an existing Retail Establishment and complies with the minimum Special Use Permit requirements. The use will devote 79 square feet of the floor space within the existing General Retail Store for the sale of alcoholic beverages and meets distance separation requirements.

RE: ***Application for Special Use Permit***

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit for the addition of 79 square feet of accessory "off-sale" packaged beer, wine, and liquor at the premises of Walgreens at 6101 West Lake Mead. The location is currently operating and licensed as a drug store.

This location is zoned C-1, Limited Commercial. The proposed sale of packaged liquor will not adversely affect surrounding properties, as this store is located within a large commercial complex intersected by two major thoroughfares and there are multiple commercial uses in the area. In addition, the nearest residential is adequately buffered because the Walgreens is located at the farthest corner of the parcel at the intersections of Lake Mead and Jones. There are also other businesses in the general area that sale alcohol, so the proposed use would not be unique to the area. The site also currently complies with all other requirements pursuant to the City of Las Vegas Municipal Code.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase packaged beer, wine, or liquor for consumption off-premises. Since this use is commonly found at similar drug and

SUP-38240
REVISED

retail grocery stores in Las Vegas, there would be no variable impact on other businesses by allowing Walgreens to sell alcohol for the convenience of its customers.

Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales. Additionally, the 79 square foot space devoted to packaged beer, wine, and liquor sales is less than 1% of the overall retail floor area.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties.

As Walgreens is currently operating and the addition of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit for the addition of 79 square feet of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

VAC-37529 CONDITIONS

1. The limits of this Petition of Vacation shall be those portions of APN numbers, 139-21-199-022, 139-21-199-024 and the associated bus pad not required for a bus turnout as part of the City of Las Vegas' Martin L. King Boulevard Widening project.

2. All public improvements, if any, adjacent to and in conflict with this vacation application are to be modified, as necessary, at the applicant's expense prior to the recordation of an Order of Vacation.

3. Reservation of easements for the facilities of the various utility companies together with reasonable ingress thereto and egress there from shall be provided if required.

4. All development shall be in conformance with code requirements and design standards of all City Departments.

GK

5. The Order of Vacation shall not be recorded until all of the above conditions have been met provided, however, that modifications to public improvements may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City right-of-way requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way being vacated must be retained.

6. If the Order of Vacation is not recorded within one (1) year after approval by the City of Las Vegas or an Extension of Time is not granted by the Planning Director, then approval will terminate and a new petition must be submitted.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a petition to vacate a portion of undeveloped right-of-way on the west side of Martin Luther King Boulevard, approximately 280 feet south of Carey Avenue. The intended future use of the subject right-of-way was for a bus turnout. The applicant has indicated that there is a conflict with existing Las Vegas Valley Water District utilities and the future bus turnout area. Rather than relocate the existing utilities, the proposed bus turnout area will be located further south along Martin Luther King Boulevard. Since the portion of right-of-way is no longer being utilized in its intended form, staff recommends approval of this request.

ANALYSIS

A) Planning discussion

This is a petition to vacate a portion of undeveloped right-of-way on the west side of Martin Luther King Boulevard, approximately 280 feet south of Carey Avenue. The intended future use of the subject right-of-way was for a bus turnout. The applicant has indicated that there is a conflict with existing Las Vegas Valley Water District utilities and the future bus turnout area. Rather than relocate the existing utilities, the proposed bus turnout area will be located further south along Martin Luther King Boulevard. Since the portion of right-of-way is no longer being utilized in its intended form, staff recommends approval of this request.

B) Public Works discussion

We present the following information concerning this request to vacate certain public street ROW:

A. Does this vacation request result in uniform or non-uniform right-of-way widths? *The right-of-way width will remain uniform as the vacation is for a bus turnout, which is located outside of the normal travel lanes.*

B. From a traffic handling viewpoint will this vacation request result in a reduced traffic handling capability? *No, since the bus turnout is located out of the travel lanes and will be relocated south of the existing turnout.*

C. Does it appear that the vacation request involves only excess right-of-way? *No, the existing bus turnout conflicts with existing Las Vegas Valley Water District facilities and it's more cost efficient to relocate the turnout rather than the Water District facilities.*

D. Does this vacation request coincide with development plans of the adjacent parcels? *No*.

E. Does this vacation request eliminate public street access to any abutting parcel? *No.*

F. Does this vacation request result in a conflict with any existing City requirements? *No*.

G. Does the Department of Public Works have an objection to this vacation request? *No*.

Dear Planning Department:

Please vacate the proposed bus turnout that is located on the above referenced road parcel numbers. It has been discovered that there is a conflict with existing Las Vegas Valley Water District facilities and the proposed bus turnout area. It has been determined that it is more cost efficient to relocate the proposed bus turnout, rather than to relocate the existing Water District facilities.

VAC-38252 CONDITIONS

1. The limits of this Petition of Vacation shall be an eleven-foot wide by one hundred twenty foot long Public Drainage Easement generally located south of Fremont Street, east of Main Street.

2. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the recordation of this Order of Vacation. Appropriate drainage easements shall be granted as recommended by the approved Drainage Plan/Study including an easement along the east edge of Assessor's Parcel Number #139-34-111-038. The drainage study required by SDR-36936 may be used to satisfy this requirement provided that it addresses the area to be vacated.

3. All development shall be in conformance with code requirements and design standards of all City Departments.

4. The Order of Vacation shall not be recorded until all of the conditions of approval have been met provided, however, that conditions requiring modification of public improvements may be fulfilled for purposes of recordation by providing sufficient security for the performance thereof in accordance with the Subdivision Ordinance of the City of Las Vegas. City Staff is empowered to modify this application if necessary because of technical concerns or because of other related review actions as long as current City right-of-way requirements are still complied with and the intent of the vacation application is not changed. If applicable, a five foot wide easement for public streetlight and fire hydrant purposes shall be retained on all vacation actions abutting public street corridors that will remain dedicated and available for public use. Also, if applicable and where needed, public easement corridors and sight visibility or other easements that would/should cross any right-of-way or easement being vacated must be retained.

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant proposes to vacate a drainage easement reserved through a previous vacation of public right-of-way. The area proposed to be vacated is adjacent to the south side of Fremont Street, approximately 300 feet east of Main Street. The proposal is made in conjunction with a development project for a 7,500 square-foot office and retail building on the subject parcel. Staff recommends approval, as a new drainage easement will be dedicated along the east side of the proposed development, which staff previously supported. If denied, the approved development could not move forward, as an Order of Vacation must be recorded prior to approval of construction plans or issuance of a building permit.

ISSUES

- Approval of the requested Petition of Vacation and subsequent recordation of an Order of Vacation is required in order for an approved 7,500 square-foot office and retail development (SDR-36936) to be built on the site.

LEGAL DESCRIPTION

The subject property is legally described as a 1,320 square-foot portion of public drainage easement bounded on the northeast by the southwesterly line of Fremont Street, eighty feet (80') wide, bounded on the southwest by the southeasterly projection of the southwesterly line of Lot 31 in Block 3 of Clark's Las Vegas Townsite, on file in Book 1 of Plats, Page 37 of Clark County, Nevada Records; bounded on the northwest by the southeasterly line of said Lot 31; and bounded on the southeast by a line parallel with and lying 11.00 feet southeasterly of the southeasterly line of said Lot 31.

ANALYSIS

A Condition of approval of Site Development Plan Review (SDR-36936) for a proposed 7,500 square-foot office and general retail development requires the vacation of the existing drainage easement that was reserved as part of the previous vacation of First Street (VAC-8589) adjacent to the existing building at 25 Fremont Street. The easement, which is recommended by the approved drainage study for the project, will be relocated to the east side of the existing parcel to accommodate the approved 7,500 square-foot office and general retail development for this site. Staff supports the office/retail development, and therefore has no objection to the requested petition to vacate the subject drainage easement.

This Vacation application proposes to vacate an existing 11-foot wide public drainage easement. As no right-of-way is proposed to be vacated, and thus no franchise rights are involved, it is not necessary to send this VAC request to the utility companies and franchise holders, nor wait for their responses. Since only City easements are involved, any utility company interests will not be affected.

Re: Justification Letter to Accompany a Vacation of storm drainage easement generally located vacated First Street and Freemont Street
APN: 139-34-111-038

Dear Sir or Madam:

Woods Erickson Whitaker & Maurice LLP on behalf of out client Abraham Schiff and Schiff Enterprises LLC, respectfully requests your consideration and approval of the subject application to allow for the vacation of a disused storm drainage easement allowing redevelopment along the Fremont Street Experience.

The purpose of the vacation is to eliminate the encumbrance on the subject parcel. The easement is not currently in use. Moreover, the easement will not serve any purpose in the future by virtue of its being isolated and by its replacement with an alternative storm drainage easement at the edge of the subject parcel and parcel 139-34-210-032.

Approval of this action will not harm the public because the easement is not currently in use and future storm drainage needs will be met with another easement which will be maintained at private expense.

We appreciate your consideration of this application. Please schedule these items for the next available meeting date. Should you have any questions, or require additional information, please call.

Very truly yours,

John R. Erickson

Planning and Development

1. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

2. All development shall be in conformance with the site plan, date stamped 05/05/10, landscape plan, and building elevations, date stamped 04/13/10, except as amended by conditions herein.

3. A Waiver from Title 19.12.040 is hereby approved to allow a zero-foot buffer along the south perimeter where fifteen feet is required.

4. An Exception from 19.12.040 is hereby approved, to allow seven parking lot trees where eight are required.

5. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

6. These Conditions of Approval shall be affixed to the cover sheet of the plan set submitted for building permit.

7. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. The technical landscape plan shall include the following changes from the conceptual landscape plan to include four additional trees within the perimeter buffer areas.

8. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

9. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

10. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets. The trash enclosure shall be screened, gated, with a roof or trellis.

11. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

12. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

13. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

14. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

15. Grant pedestrian walkway easements for all public sidewalks not located within public right-of-way.

16. Remove all substandard public street improvements and unused driveway cuts adjacent to this site, if any, and replace with new improvements meeting current City Standards concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.

17. Meet with the Fire Protection Engineering Section of the Department of Fire Services to discuss fire requirements for the proposed use of this facility. The design and layout of all onsite private circulation and access drives shall meet the approval of the Department of Fire Services.

18. Landscape and maintain all unimproved rights-of-way, if any, adjacent to this site. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

19. Submit an Encroachment Agreement for all landscaping, if any, located in the public right-of-way adjacent to this site prior to occupancy of this site.

20. A Traffic Impact Analysis must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the recordation of a Map subdividing this site. Comply with the recommendations of the approved Traffic Impact Analysis prior to occupancy of the site. The Traffic Impact Analysis shall also include a section addressing Standard Drawings #234.1 #234.2 and #234.3 to determine additional right-of-way requirements for bus turnouts adjacent to this site, if any; dedicate all areas recommended by the approved Traffic Impact Analysis. All additional rights-of-way required by Standard Drawing #201.1 for exclusive right turn lanes and dual left turn lanes shall be dedicated prior to or concurrent with the commencement of on-site development activities unless specifically noted as not required in the approved Traffic Impact Analysis. If additional rights-of-way are not required and Traffic Control devices are or may be proposed at this site outside of the public right-of-way, all necessary easements for the location and/or access of such devices shall be granted prior to the issuance of permits for this site. Phased compliance will be allowed if recommended by the approved Traffic Impact Analysis. No recommendation of the approved Traffic Impact Analysis, nor compliance therewith, shall be deemed to modify or eliminate any condition of approval imposed by the Planning Commission or the City Council on the development of this site.

21. Meet with the Flood Control Section of the Department of Public Works for assistance with establishing final grade elevations and drainage patterns for this site prior to submittal of construction plans or the issuance of any building or grading permits, whichever may occur first. Provide and improve all drainageways as recommended.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a General Plan Amendment and Rezoning to amend a portion of the Centennial Hills Sector of the General Plan (GPA-37823) from L (Low Density Residential) to SC (Service Commercial) and to Rezone (ZON-37824) the site from R-E (Residence Estates) to C-1 (Limited Commercial) at 7204 West Craig Road. The subject site has a current land use designation of L (Low Density Residential), is zoned R-E (Residence Estates) and contains a single-family residence. The proposed land use designation of SC (Service Commercial) and rezoning of C-1 (Limited Commercial) would allow uses that are compatible with the existing surrounding land uses. The proposed 4,195 square foot building meets all of Title 19 requirements except for one parking lot tree and four perimeter trees. Staff can support the exception for one parking lot tree as this is minimal in nature. The applicant has agreed to plant four additional trees in the perimeter landscape buffer areas; a condition of approval has been added to address this. Staff supports the waiver along the south perimeter as it is minor in nature and meets the intent of Title 19.12.040G for street landscaping along major arterials. Staff recommends approval. If denied, the site would remain as a single-family residential use.

ISSUES

- The proposed amendment and rezoning are compatible with the existing adjacent RS (Residential Suburban) – Clark County Designation, ML (Medium-Low Density Residential) and SC (Service Commercial) designations and current uses.
- The proposed site plan is consistent with Title 19.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc and Property Sales	
10/18/06	The City Council approved a request for an Annexation (ANX-15018) of approximately 1.0 acres at 7450 West Craig Road. The Planning Commission recommended approval of the request. The Annexation became effective 10/27/06.
10/03/08	A Code Enforcement citation (#70416) was issued for an abandoned house; dead trees and grass with high vegetation. Code Enforcement closed the case on 02/12/09.
10/15/08	A Code Enforcement citation (#70660) was issued for a referral from Streets and Sewers regarding a tree leaning from the back yard onto wall over onto Tenaya; the property was vacant. Code Enforcement closed the case on 10/20/08.
02/23/09	A deed was recorded for a change of ownership.
08/28/09	A Code Enforcement citation (#81333) was issued for homeowners that cut tree branches and left them piled on front yard for approximately two months. The house is now vacant. This case has not been resolved.

12/17/09	The Planning Commission, at the request of the applicant, withdrew without predjuice requests for Rezoning (ZON-35867) from R-E (Residence Estates) to C-1 (Limited Commercial); General Plan Amendment (GPA-35866) to amend a portion of the Centennial Hills Sector Plan of the General Plan from L (Low Density Residential) to SC (Service Commercial) at 7204 West Craig Road.
05/27/10	The Planning Commission held in abeyance GPA-37823, ZON-37824 and SDR-37940 to the June 24, 2010 Planning Commission meeting.
Related Building Permits/Business Licenses	
There are no Building Permits or Business Licenses that are pertinent to the subject site.	
Pre-Application Meeting	
08/19/09	A pre-application meeting with the applicant was held where elements of submitting a General Plan Amendment were discussed. Topics included: • Title 19 Zoning Code Requirements • Meeting Dates and Deadlines • Submittal requirements for associated applications to Rezone and Site Development Plan Review for a proposed 2,772 square-foot Restaurant with a Drive-Through were also discussed.
Neighborhood Meeting	
04/12/10	A neighborhood meeting was held from 6:00 pm to 7:00 pm in the Student Theater room of Judge Myron E. Leavitt Middle School, 4701 Quadrel Street, Las Vegas, NV, 89129. There were 14 members of the general public, one representative for the developer, and one staff member from the Planning and Development Department. The following issues were discussed: • A member of Public inquired about the 50-foot height of the building. The applicant stated that height and a single story is required by the proposed bank tenant. The applicant added that an Office development would require multi-story parking. • The developer was asked if other sites had been considered. A citizen stated they would prefer the pet cemetery owners would purchase this site and expand [the pet cemetery]. • There was an inquiry about other than bank use if zoning was approved. A similar concern was that the property might be "flipped" after being rezoned. • Several members of the public expressed concern this request will create a precedent for commercial zoning along Craig Road west of Tenaya, and concern those vacant parcels at Craig and Buffalo could be rezoned to commercial. • The applicant indicated the current state of the site is dangerous. • There was also a concern of speaker noise from drive-up tellers. • A citizen wanted to know if the driveway to Tenaya could be eliminated.

Field Check	
09/17/09	During a routine site inspection staff observed a vacant single-family residence with a large pile of branches and debris in the front yard.

"Tenaya Way has been the demarcation line for the commercial and more intense uses to the east and the residential and less intense uses to the west. Circumstances have not substantially changed in the area to warrant commercial encroachment to the west of Tenaya or approval of these applications".

ANALYSIS

The subject site is located in the Centennial Hills Sector of the General Plan and has a current General Plan designation of L (Low Density Residential) and Zoning of R-E (Residence Estates). This is a proposal to amend the General Plan designation to SC (Service Commercial) and Rezone to C-1 (Limited Commercial). The Service Commercial category allows low to medium intensity retail, office, or other commercial uses that serve primarily local area patrons and that do not include more intense general commercial characteristics. Examples include neighborhood shopping centers, theaters, and other places of public assembly and public and semi-public uses. This category also includes offices either singly or grouped as office centers with professional and business services. The Service Commercial category may also allow mixed-use development with a residential component where appropriate. The proposed Service Commercial General Plan designation is compatible with the existing surrounding cemetery, residential and commercial uses.

The proposed 4,195 square foot building meets all of Title 19 requirements except for one parking lot tree and four perimeter trees. Staff can support the exception for one parking lot tree as this is minimal. The applicant has agreed to plant four additional trees in the perimeter landscape buffer areas, a condition of approval has been added to address this. The applicant has proposed perimeter landscaping buffers along the south perimeter of the subject property to conform to Title 19.12.040.G landscaping requirements along arterial streets. A five-foot landscape buffer will be located within the public right-of-way with an additional ten-foot buffer located behind the proposed sidewalk. Staff supports this request as it allows for a detached sidewalk but does not require trees to be eliminated for sight visibility for the drive way on Craig Road.

FINDINGS (GPA-37823)

Section 19.18.030(I) of the Las Vegas Zoning Code requires that the following conditions be met in order to justify a General Plan Amendment:

1. **The density and intensity of the proposed General Plan Amendment is compatible with the existing adjacent land use designations,**

   The proposed amendment is compatible with the existing adjacent RS (Residential Suburban) – Clark County Designation, ML (Medium-Low Density Residential) and SC (Service Commercial) designations.

2. **The zoning designations allowed by the proposed amendment will be compatible with the existing adjacent land uses or zoning districts,**

   The zoning designations allowed by the proposed amendment are compatible with the existing adjacent land use and zoning designations.

3. **There are adequate transportation, recreation, utility, and other facilities to accommodate the uses and densities permitted by the proposed General Plan Amendment; and**

   The site is accessed by Craig Road, a 100-foot Primary Arterial, and Tenaya Way an 80-foot Secondary Collector, as designated by the Master Plan of Streets and Highways, which are adequate to serve the requirements of the Restaurant with a Drive-Through use. The subject site will be served by existing utilities, transportation and other facilities, which are adequate for the Restaurant with a Drive-Through use.

4. **The proposed amendment conforms to other applicable adopted plans and policies that include approved neighborhood plans.**

   The proposed amendment meets the following Policy of the 2020 Master Plan:
   POLICY 2.1.3: Those urban hubs at the intersections of primary roads, containing a mix of residential, commercial and office uses are supported.

FINDINGS (ZON-37824)

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. **The proposal conforms to the General Plan.**

   The proposed C-1 (Limited Commercial) zoning district is consistent with the proposed SC (Service Commercial) General Plan designation on this site.

2. **The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.**

   The uses allowed by the C-1 (Limited Commercial) zoning district are compatible with the surrounding land uses and zoning district.

3. **Growth and development factors in the community indicate the need for or appropriateness of the rezoning.**

   The subject site is surrounded by a pet cemetery to the north and west; and commercial uses to the east and southeast and is no longer appropriate for a residential use.

4. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.**

The site is accessed from both Craig Road, a 100-foot Primary Arterial, and Tenaya Way, an 80-foot Secondary Collector as designated by the Master Plan of Streets and Highways. These thoroughfares are capable of accommodating the traffic flow for the proposed zoning district.

FINDINGS (SDR-37490)

In order to approve a Site Development Plan application, per Title 19.18.050 the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

   The proposed development is compatible with adjacent development and development in the area.

2. **The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;**

   As conditioned the proposed development is consistent with all adopted city plans, policies and standards.

3. **Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;**

   Access to the site is provided from Craig Road, a 100-foot Primary Arterial and Tenaya Way, an 80-foot Secondary Collector as designated by the Master Plan of Streets and Highways. This street will provide adequate access and will accommodate the traffic generated by the proposed development.

4. **Building and landscape materials are appropriate for the area and for the City;**

   Building materials are appropriate for the area and consistent with other commercial sites within the City. Landscape materials are appropriate in type, size and quantity for the area and for the City.

5. **Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;**

The building elevations, design characteristics and architectural and aesthetic features are not unsightly, undesirable or obnoxious in appearance. In addition, the proposed development is harmonious and compatible with development in the area.

6. Appropriate measures are taken to secure and protect the public health, safety and general welfare.

The proposed Site Development Plan Review will not impact public health, safety, or welfare since the development will be subject to the International Building Code and City inspections during construction.

Subject: **Justification Letter for Rezoning, Site Development Review and General Plan Amendment on 1 acre lot at Tenaya and Craig Rd APN: 138-03-201-009**

To whom it may concern;

On behalf of our Client, CT-1, LLC, we respectfully request to rezone APN: 138-03-201-009 (Approx 1 acre) from R-E to C-1. In addition, we request the current General Plan Designation of Low Density Residential be amended to a designation of Service Commercial. Finally, per the requirements of Title 19 and the City of Las Vegas Staff, we also request a Site Development Review.

The proposed use of this property is a full service bank facility at 4195 Square Feet with a drive through. It is planned as a traditional neighborhood bank operation with normal hours of operation. The principles on CT-1 LLC have successfully developed these types of projects in the past.

We believe the property is not viable for development under its current zoning and general plan designation, as the parcel is directly adjoining a Pet Cemetery. In addition, the property located on the adjacent north and southeast corners at Tenaya and Craig Road are currently zoned C-1 with a general plan designation of Service Commercial.

The only residential development near the area is on the southwest corner of Tenaya and Craig Road and that development is fully separated by a block wall running the length of the development. Accordingly, we feel an office use designation on the subject property on the Northwest corner will complement the current zoning and general plan designations on the north and southeast corners.

Finally, we believe our submittal meets all the zoning, design and landscape requirements of Title 19.

This would be a vile outrage, an insult to the neighborhood residents and those with relatives and pets buried in the cemetary. Furthermore, the new shopping center across the street provides more than sufficient facilities for business opportunities.

Comments: Please deny this application. There are plenty of opportunities for commercial development along Craig, east of Tenaya. By changing this parcel to commercial, it opens up for more development along Craig, west of Tenaya. There is mostly RE zoning in this area, and commercial zoning or more dense zoning is not appropriate in this area. Please leave this parcel as residential, as it is currently zoned. When this parcel was annexed into the City, it was done so without promise of zone change. Please abide by that decision and do not approve this change. Thank you

Commissioners:

I would like to express my concerns over the proposed zoning changes for the parcel located at 7204 W Craig Rd. Las Vegas, NV. It has long been held that Tenaya Rd was the dividing line between commercial, residential, and just because parcel is the last vacant piece in the area is not reason to allow commercial use. While I understand the present owner's dilemma and their desire to proceed with the development they should have made their offer to purchase contingent upon receiving a zoning change so as not to be caught in the position of trying push something through that the neighborhood opposes.

To allow this change will only set dangerous precedent for future changes and where does it stop. I can remember in my short 22 years of residency here in Clark County when everything north of Ann Rd was to remain rural estates and we all know what happened there.

This change will increase traffic, cause a hazard to schoolchildren and further destroy the rural feel of the area. The pet cemetery west of this location will also suffer with a large wall ruining the tranquil nature. The drive through teller being located on the north end will be a disturbance at all hours of the day to the homes that border it and the additional traffic entering and exiting on Tenaya will create more traffic congestion for the area especially with cars crossing Tenaya

The last thing we need is another bank in the area there are already 4+ major banks between 1-2 ½ miles of this location so again the last thing we need is another bank.
In closing to allow a zoning change of this property is just wrong. There is no value to the neighborhood in allowing this change in fact the only ones benefitting are the owners who should have done their due diligence before committing to the purchase and now want the neighborhood pay for their mistake. This change will set a precedent that will only further deteriorate the rural feel that all of us sought when we moved to what was once the outskirts of our city we wanted to get away from all this signifies.
Thank you for taking my thoughts into consideration and hopefully you will not allow this change.

ANALYSIS

The applicant is proposing to add a Package Liquor Off-Sale use within the existing commercial building, which will be operated in conjunction with the existing retail establishment. This location does not have any churches, schools, child care facilities or city parks within the required 400-foot distance separation radius. The proposed use will not add parking beyond that which is required for the principal use on the site. This request meets all minimum Special Use Requirements and can be conducted in a compatible and harmonious manner within the existing retail establishment; therefore, staff is recommending approval of this application

FINDINGS (SUP-37739)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Package Liquor Off-Sale Establishment will be operated in conjunction with an existing retail establishment, which is adjacent to similar uses. The addition of a Package Liquor Off-Sale Establishment use within this area is compatible with the existing and future land uses as specified by the General Plan.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is currently operated as a Convenience Store. The subject site is physically suitable to accommodate the proposed use.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Durango Drive, a 120-foot Parkway Arterial as designated in the Town Center Development Standards Manual. This street is of sufficient size to accommodate the needs of the proposed Package Liquor Off-Sale use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The proposed Special Use Permit request will not be inconsistent with or compromise the public health, safety, and welfare or overall objectives of the General Plan.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed Package Liquor Off-Sale use meets all of the applicable conditions per Title 19.04.

City of Las Vegas Planning & Development
400 Stewart Ave.
Las Vegas, NV 89101

To Whom It May Concern:

We are respectfully submitting this application for a Special Use Permit/Variance of distance restrictions with the department of Planning & Development. This permit is for Toma Herfi, Inc. dba Durango Market, located at 6955 N. Durango Drive, Suite 114, Las Vegas, NV 89149.

Our SUP/~~Variance~~ is for a conversion of the existing liquor license use. We seek to have Durango Market's Liquor License changed from a Beer/Wine License to a Package Liquor License. Originally, this was the preferred use by my client, however when the original application was submitted they did not move forward on the Package Liquor use.

Currently, Durango Market has 2 employees, and operates during the hours of: 8:00am - 10:00pm.

This application meets all current City of Las Vegas codes and regulations. We respectfully ask for your approval of this SUP/Variance for the sole purpose of operating a convenience store with Package Liquor.

Respectfully,

Nathaniel Taylor

The petition is for the purpose of allowing Durango Market to sell hard alcoholic beverages.

This petition is to support Durango Market to obtain an amendment to its license to allow it to sell hard alcoholic beverages and to dispute the objections of the HOA Regent at Town Center.

We the undersigned do agree with Durango Market and support its decision to sell hard alcoholic beverages.

CASE NUMBER	*RECOMMENDATION*	*REQUIRED FOR APPROVAL*
SDR-37946	Staff recommends APPROVAL, subject to conditions:	

** CONDITIONS **

SDR-37946 CONDITIONS

Planning and Development

1. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

2. All development shall be in conformance with the site plan and landscape plan, date stamped 06/09/10 and building elevations, date stamped 04/13/10, except as amended by conditions herein.

3. Prior to approval of a final inspection, the proposed alterations to the Third Street pedestrian bridge to reduce the parapet and soffit materials to a minimum and to replace the existing materials with a clear glazing system shall be completed in conformance with the building elevations date stamped 04/13/10.

4. A Waiver from Downtown Centennial Plan Section VII.B.1.e is hereby approved, to allow utilities to remain above ground where required to be underground along Stewart Avenue.

5. A Waiver from Downtown Centennial Plan Section VII.B.3.d is hereby approved, to allow block wall screening adjacent to the service yard where ornamental iron screening is required.

6. A Waiver from Downtown Centennial Plan Section VII.B.4.a is hereby approved, to allow a zero-foot amenity zone where a five-foot amenity zone is required along portions of Stewart Avenue between 3rd Street and east to the parking lot entrance.

7. A Waiver from Downtown Centennial Plan Section VII.B.4.c is hereby approved, to allow no additional trees along Stewart Avenue.

8. Prior to occupancy, the required number of handicap parking spaces shall be provided, in the existing parking structure, in the proposed parking lot, or a combination of structure and lot, in conformance with Title 19.10 requirements.

9. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

10. These Conditions of Approval shall be affixed to the cover sheet of the plan set submitted for building permit.

11. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner. The landscape plan shall be revised to include irrigation specifications.

12. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

13. All proposed signage shall be subject to approval by the Downtown Design Review Committee prior to issuance of sign permits.

14. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

15. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

16. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

17. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

18. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

19. A Comprehensive Construction Staging Plan shall be submitted to the Planning and Development Department for review and approval prior to the issuance of any building permits. The Construction Staging Plan shall include the following information: Design and location of construction trailer(s); design and location of construction fencing; all proposed temporary construction signage; location of materials staging area; and the location and design of parking for all construction workers.

20. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

21. Coordinate with the Building and Safety Department to determine if existing lot lines are in conflict with existing or the new proposed structures. If it is determined that a mapping or other lot consolidation is required, coordinate with the City Surveyor to determine the most appropriate lot consolidation method.

22. Dedicate a 10 foot radius on the southwest corner of Stewart Avenue and 4th Street prior to the issuance of any permits.

23. A Petition of Vacation to vacate the existing public sewer easement, such as VAC-27995, shall record prior to the issuance of any permits for improvements abutting or overlying the sewer easement.

24. Remove all substandard public street improvements and unused driveway cuts adjacent to this site and replace with new improvements meeting Downtown Centennial Plan Standards modified as necessary to accommodate existing physical obstructions and as amended by conditions herein per the approved Site Plan concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with the development of this site.

25. Prior to the approval of Construction drawings for this site, sign a Covenant Running with Land agreement for the possible future undergrounding of all existing overhead utility lines adjacent to this site not placed underground per requirements of the Downtown Centennial Plan. The Covenant agreement must be recorded with the County Recorder and a copy of the recorded document must be provided to the City prior to the issuance of building permits for this site.

26. Unless otherwise allowed by the City Engineer, construct sidewalk, where such does not exist, on at least one side of all access drives connecting this site to the adjacent public streets concurrent with development of this site. The connecting sidewalk shall extend from the sidewalk on the public street to the first intersection of the on-site roadway network and shall be terminated on-site with a handicap ramp.

27. Contact the City Engineer's Office (Lorrie Dunford) at 229-6272 to coordinate the development of this project with the Stewart Avenue Phase II project and any other public improvement projects adjacent to this site. Comply with the recommendations of the City Engineer.

28. Landscape and maintain all unimproved rights-of-way, if any, on 4th Street, Ogden Avenue and Stewart Avenue adjacent to this site. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

29. Submit an Encroachment Agreement for all landscaping and private improvements, if any, located in the Ogden Avenue, Stewart Avenue and (where applicable) 4th Street public rights-of-way adjacent to this site prior to issuance of permits for this site.

30. Coordinate all driveway geometrics with the Traffic Engineer to determine final allowable widths and depths prior to the submittal of construction drawings or issuance of permits whichever occurs first.

31. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits, submittal of any construction drawings or the submittal of a Map subdividing this site, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site. Alternatively, meet with the Flood Control Section of the Department of Public Works to determine an acceptable alternative, if any, to the Drainage Plan and Technical Drainage Study

** STAFF REPORT **

PROJECT DESCRIPTION

This project request is for modifications to an existing hotel and casino located at the southwest corner of Stewart Avenue and Fourth Street. Façade improvements to the existing buildings are proposed along Stewart Avenue, Ogden Avenue, Fourth Street and the interior of the property. Along Fourth Street, a new access into the property and new surface parking area containing 54 spaces are proposed, along with a new porte cochere and building entrance. A new central plant that will contain the majority of the hotel's mechanical equipment will also be located along Fourth Street. Along Stewart Avenue, the existing loading dock is proposed to be rebuilt and reconfigured with screening. The existing pedestrian bridge across Third Street is proposed to be modified to replace the existing glass with transparent glass and to reduce the bulk of the structure. The existing mechanical building adjacent to the west side of the west tower will be demolished to allow for a one-way entry into the property. Along Ogden Avenue, a new pool and deck is proposed to be added to the roof of the existing eastern building, as well as a 25-foot tall building extension that is intended to include meeting rooms. The casino will not be expanded.

The overall project is subject to the standards of the Downtown Centennial Plan. The applicant has requested several Waivers; however, these Waiver requests are minor in nature and will be mitigated by the public improvements currently underway along Stewart Avenue, leaving the project in substantial compliance with the standards of the Downtown Centennial Plan. Therefore, staff is recommending approval. If denied, the existing hotel and casino would remain and a new Site Development Plan Review would be required for future development of the site.

ISSUES

- A deceleration lane is proposed along the west side of Fourth Street into the site to eliminate disruption of traffic flow. A portion of the existing sidewalk and amenity zone would be used for the deceleration lane.
- As a result of the proposed site modifications, 54 parking spaces are proposed to be added; however, the number of hotel rooms is proposed to be reduced by 162, thereby reducing the overall parking demand. Title 19 parking requirements are not automatically applied in the Downtown Centennial Plan area.
- The existing service yard area is proposed to be expanded to permit large service vehicles to enter and exit the site without obstructing Stewart Avenue. A 20-foot driveway is proposed that will allow for easier egress from the service yard.

- Waivers of Downtown Centennial Plan streetscape, utility, parking lot landscaping and screening requirements are required for approval of the project as proposed; these have been requested by the applicant. Staff can support these requests, as the requested Waivers are minor in nature and will be mitigated by the public improvements currently underway along Stewart Avenue.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
12/26/62	The Board of City Commissioners approved Ordinance #1014, which adopted an official Zoning Map reaffirming the C-2 (General Commercial) Zone on the subject property.
01/09/79	The Board of Zoning Adjustment approved a Variance (V-0112-78) to allow a proposed illuminated sign over the public right-of-way that will project to within one foot (1') of the curb where a three-foot (3') setback is required on property located at 206 North Third Street. Staff recommended approval.

Pre-Application Meeting	
03/29/10	A pre-application meeting was held with the applicant to discuss the issues related to the project and to prepare the applicant for submittal of a Site Development Plan Review application. The following topics were discussed: • Traffic Engineering assisted the applicant in designing an entry into the property that preserves most of the streetscaping and sidewalk and queues approaching traffic out of the right-of-way; • Applicant proposes to add meeting space, but also will be removing floor area elsewhere, resulting in net change of near zero and minimal change in parking requirements; • Downtown Centennial Plan Threshhold (Type II) requirements will apply to the project; • Signage will be subject to DDRC review. A waiver may be needed; • Fire safety issues are being addressed separately with Fire and Rescue; • Applications and Statements of Financial Interest will be required from all owners, with documents linking signees to property ownership; • Encroachment agreement will be required for façade popouts along Stewart Avenue and landscaping in right-of-way; • Waivers of streetscaping, utilities (undergrounding) and parking lot screening (wrought iron fencing) will be required. Amenities in right-of-way already exist on 4th Street.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
04/22/10	A field check of the subject site revealed the following: • The portion of the site along Fourth Street is vacant, with the exception of two construction trailers, construction equipment, portable facilities, parked vehicles and two refuse dumpsters; • The vacant area is enclosed by screened chain link fencing; • The hotel is not operational at this time; • Fourth Street contains seven sets of palm trees within the amenity zone, Ogden contains one pair of palm trees, and Stewart contains three existing shade trees in the sidewalk; • Power poles are located in the sidewalk along Stewart Avenue

Projects located within the Las Vegas Downtown Centennial Plan area are not subject to the automatic application of parking requirements. However, the above table should be used to illustrate the requirements of an analogous project in another location in the City. The analysis should take a number of factors into consideration when discussing parking availability, including pedestrian access, nearby parking structures, on-street parking, etc.

ANALYSIS

The entire project is subject to Downtown Centennial Plan standards. Pursuant to Section VIII.A of the Plan, the expansion of the buildings qualifies as a Threshold Category II project, requiring undergrounding of utilities and provision of streetscape improvements. Waivers of Downtown Centennial Plan streetscape, utility, parking lot landscaping and screening requirements were requested; however, revised plans were submitted on 06/09/10 which will minimize the requested waivers.

The most visible changes to the property from public rights-of-way will be along Fourth Street. A deceleration lane is proposed along the west side of Fourth Street providing a left-only turn into the site, in order to eliminate disruption of traffic flow. A portion of the existing sidewalk and amenity zone would be used for the deceleration lane. The east elevation of the east tower will be improved to incorporate façade modifications, a new building entrance and a porte cochere. The building footprint is not proposed to be altered; rather, the new building will extend 25 feet from the roof of the casino and will match the façade improvements on the east side of the east tower. Proposed streetscape along Fourth Street is in compliance with Downtown Centennial Plan standards.

Along Stewart Avenue, the proposed 20-foot driveway access from the service yard area will allow egress for vehicles turning around within the site. An eight-foot tall decorative block wall will be provided around the perimeter of the service yard area. Although this wall does not meet the Downtown Centennial Plan ornamental wrought iron screen fence requirement, it is an acceptable alternative, as the proposed wall will provide better visual and audible screening of the service yard activities from the public right-of-way. Stewart Avenue is undergoing a current capital project improvement that will allow for the future undergrounding of utilities and provide streetscaping adjacent to the site in conformance to the Downtown Centennial Plan where possible. As a result, waivers to allow existing overhead utilities to remain and for streetscape along Stewart Avenue, with the exception of the segment from 4th Street east to the parking lot driveway, can be supported. The proposed façade improvements on the north elevation of the existing west tower will encroach 10 inches into the Stewart Avenue right-of-way, and improvements to the façade of the north elevation of the existing east tower will encroach six inches into Stewart Avenue. These encroachments are addressed as a Public Works condition, in which an encroachment agreement for maintenance will be necessary.

Other revisions to the site and landscape plans include the following:

- Nine 36-inch box street trees have been provided in the amenity zone along Ogden Avenue, with a 10-foot sidewalk provided from 4th Street to the existing building.
- Nine parking lot trees are provided, meeting the requirement of the Downtown Centennial Plan. A waiver is no longer necessary for this item.
- A five-foot amenity zone and a 10-foot sidewalk are provided along Stewart Avenue from 4th Street to the parking lot driveway, in conformance with the Downtown Centennial Plan.
- A decorative wrought iron fence meeting the requirement of the Downtown Centennial Plan is provided along 4th Street and Ogden Avenue.
- Additional trees are provided along the vacated 3rd Street corridor

These revisions bring the proposed site into compliance with the design standards of the Downtown Centennial Plan to the extent that existing conditions allow.

The site is underparked by Title 19 standards; when applied, those standards require a minimum of 634 spaces, and 499 spaces are provided in the existing parking garage and the new surface parking lot. However, the Downtown Centennial Plan takes into account offsite parking, lot size limitations, alternate modes of transportation and a substantial residential element in the area, and Title 19 does not automatically apply Title 19.04 parking requirements for projects within the Downtown Centennial Plan area. As the table below shows, the number of required spaces will decrease due to removal of existing rooms, while the number of spaces provided will increase. This reduces the percentage of underparked spaces on the site from 44% to 21%.

	Existing	Proposed	Change
Number of Rooms/Required Parking Spaces	796	634	-162
Parking Spaces Provided	445	499	+54
Spaces Underparked	351	135	-216

The number of handicap accessible spaces does not meet Title 19.10 requirements. A condition of approval will require the provision of handicap spaces to meet Title 19.10.

All proposed signage will require review and approval by the Downtown Design Review Committee prior to the issuance of sign permits. A portion of the site is located within the Downtown Casino Overlay District, which is governed by Title 19.06. The site is not included in the Special Signage Area; however, the south 80 feet of the site is subject to the standards of the Special Signage Area by virtue of its inclusion within a 125-foot buffer of the Special Signage Area boundary.

The project site lies within the 200-foot height limitation imposed by the Airport Overlay District. Although the existing west tower has a height of 237 feet, no new construction above 200 feet is proposed. The proposed addition to the roof of the hotel and casino is well within the height limitation of the Airport Overlay District. The project will not have any impact on the Live/Work District, in which this site is located.

Staff recommends approval of the Site Development Plan Review, as the requested Waivers are minor in nature and will be mitigated by the public improvements currently underway along Stewart Avenue, and the project substantially complies with Downtown Centennial Plan standards, which will make the site compatible with recent development east of Fourth Street.

FINDINGS (SDR-37946)

In order to approve a Site Development Plan application, per Title 19.18.050 the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

   The proposed development is compatible with surrounding commercial properties zoned C-2 (General Commercial) and the C-V (Civic) zoned area to the north containing public buildings. Proposed changes to the exterior of the existing hotel and casino will not affect the building footprint.

2. The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;

The proposed expansion is in substantial compliance with Downtown Centennial Plan streetscape, utility, parking lot landscaping and screening requirements. The existing land uses are consistent with the General Plan for this site.

3. Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;

Access to the site currently exists from Stewart Avenue, an 80-foot Secondary Collector as designated by the Master Plan of Streets and Highways, Ogden Avenue, also a Secondary Collector, and Third Street, a private street within the hotel complex. A new access is proposed from Fourth Street into the property that will reduce disruption of traffic flow on Fourth Street and will lead traffic to either a surface parking area or to through lanes to Ogden Avenue. Two new driveways will provide one way access from the south side of Stewart Avenue: one will provided access to the proposed surface parking area and the other to the existing west tower. Service vehicles may still enter and exit the site from Stewart Avenue, with an additional driveway provided. The proposed expansion of the existing service yard will allow better circulation for large trucks on the property.

4. Building and landscape materials are appropriate for the area and for the City;

Building materials are appropriate for this area. The type of landscape materials are acceptable but are lacking in quantity, especially along Stewart Avenue, Ogden Avenue and the surface parking area.

5. Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;

The façade improvements will create a more modern look for the existing hotel and are compatible with other developments in the Downtown Centennial Plan area. The design incorporates awnings at building entrances and variations in color and relief.

6. Appropriate measures are taken to secure and protect the public health, safety and general welfare.

Proposed development on the site will be subject to permit review and inspection, thereby constituting appropriate measures to protect the public health, safety and general welfare.

Dear Mr. Fagg:

Please accept this as our official justification letter for the SDR encompassing the expansion and remodel of the Lady Luck Hotel & Casino located at 3rd Street & Ogden. The Applications are FOR A SDR FOR A PROPOSED RENOVATION OF AN EXISTING NON-RESTRICTED GAMING FACILITY HOTEL/CASINO WITH A WAIVER OF THE DOWNTOWN CENTENNIAL PLAN STREETSCAPE REQUIREMENTS; WAIVER OF THE PARKING SCREENING STANDARD; AND A WAIVER OF THE BUILD-TO-REQUIREMENT ALONG OGDEN AVENUE AND ALONG 4TH STREET on 3.12 acres at 206 North 3rd Street and 220 North 4th Street zoned C-2 (General Commercial).

The proposed renovation will further enhance the revitalization of Downtown by making it a destination that attracts tourists and locals as well as assist in the success of the Mob Museum. This expansion will not change the history and culture that has been well established in Downtown, but will rather create more energy and help enhance the attractiveness of the Downtown Renaissance. We believe our waivers and the proposed expansion and renovation are 'in-line' with the vision of the Centennial Plan and will further help change the face of downtown and spark the Renaissance that is currently stalled. Our renovation will be a crucial part of Downtown Las Vegas and will further enhance the beautification and revitalization of Downtown.

The following is a summary of the highlights of the renovation we will undertake:

1. Adding approximately 8,533 SF of meeting space and 17,250 SF of pool/deck space on the roof of the existing casino on the corner of Ogden and 3rd St.

2. We have demolished the 112 rooms that existed along 4th St which resulted in a reduction of approximately 41,000 SF and we will be removing 50 rooms in the 2 towers from its original construction and replacing it with a spa, a fitness room, bathrooms, public corridors and office space.
3. Renovating the remaining 634 rooms, casino and new retail to a much higher standard than previously existed.
4. Adding a new central plant.
5. Redesigning the existing loading dock along Stewart Ave so that trucks will no longer be required to back in from Stewart and now have a built in turn around.
6. Stripping the existing bridge between the east and west towers down to its structural elements. This includes trimming the parapet and soffit to minimal dimensions and changing the glass to a clear system so that it can be see through.
7. Adding a controlled surface parking lot with 54 spaces along 4th St., a porte-cochere along 4th St, a drop off/valet zone behind the west tower, per city request – changing the direction of the alley between 3rd St. and Casino Center and a request that the parking meters along Ogden b/w 3rd St. be returned to a Commercial Loading Zone during the day. This is all done in an attempt to alleviate some of the anticipated downtown traffic burdens given the impact of our re-opening. From a parking perspective, we have added 54 parking spaces while reducing the existing room base by 162 rooms.

As part of this justification letter, we would like to formally request three waivers to the Downtown Centennial Plan ("DCP"). They are as follows:

1. Downtown Gateway District Streetscape Design Standards, Sections A, B & C.

   We are requesting a waiver to the East/West and North/South street tree requirements as well as the requirement for a 5 foot amenity zone portion of the sidewalk along the north side of Ogden Avenue, the east side of 4th St. and the south side of Stewart Ave. Our request is based on the fact that the pre-existing conditions on Ogden and Stewart do not allow for expansion of the sidewalks or tree requirements due to fact that existing conditions conflict with trees/tree pits/tree canopies. Along 4th St. we are seeking a waiver of the tree distance requirements due to the fact that the existing tree distances are more than 30 feet and are not the species identified in the DCP. Please note that the overall renovation, in its entirety, provides the pedestrian environment required and spirit of the DCP

   Additionally, there are other numerous minor civil waivers based on the new site plan that are identified and noted on the attached Civil Waiver Exhibit. Please note we have included a full size copy with our submittal.

SDR-37946
REVISED

2. Downtown Gateway District Site Planning Standards, Sections A, E and G.

   We are requesting 2 minor encroachments along the south side of Stewart. A 10 inch encroachment on a small portion of the existing building between 3rd St and the alley to the west and a 6 inch encroachment on a small portion of the existing building between 4th St. and 3rd St. Our request will help the building frontage along Stewart Ave. conform to the architectural style/elements on 3rd St. Additionally, this will enhance the view for pedestrians who will be exiting and entering the Mob Museum.

   We are also requesting a waiver to the undergrounding of utilities/power lines based on the existing conditions that exist along Stewart Ave. and other property lines.

3. Downtown Gateway District Parking and Related Standards, Section D.

   We are requesting a waiver of the Parking Screening requirement along 4th St. due to its architectural non-conformity with our overall design as well as the fact that we will be installing landscaping along the buffer zone. Please note that the square footage of the landscape area of the surface parking lot along the street frontage at Ogden, 4th, and up to Stewart is 4,054 SF (Ogden along 4th to the turn in).

If you have any questions and/or concerns, please do not hesitate to contact me.

Sincerely,

Todd Kessler

** STAFF REPORT **

PROJECT DESCRIPTION

The subject site consists of a 1,446 square-foot single family residence with a 440 square-foot garage on 0.15 acres at 3812 Sunrise Avenue. The applicant is proposing to expand the existing garage to 660 square feet with a 220 square-foot addition. The proposed addition will extend five feet into the front yard setback; therefore, a Variance is required. Staff recommends denial, as there is no hardship associated with the physical characteristics of the site. The proposed garage is subject to the current code, which requires a front yard setback of at least 20 feet. Denial of this request would not allow the expansion of the existing garage to encroach within the front yard setback.

ISSUES

- The proposed addition is not in compliance with Title 19.08 setback requirements.
- The proposed single family detached dwelling meets all other Title 19 development standards.
- There is adequate space on the lot to expand the garage five feet north instead of 10 feet and still be in conformance with the required front yard setback line.

04/06/10	The Planning and Development Department denied a building permit (160158) for a garage addition. The front yard setback would be reduced to 15 feet with the proposed garage addition where 20 feet is the minimum setback allowed in the R-1 (Single Family Residential) zone. The review triggered this request for a Variance.

ANALYSIS

Title 19.08.040 Table 1 requires a front yard setback of 20 feet in R-1 (Single Family Residential) zoning districts. The placement of the proposed 220 square-foot addition to the existing garage is five feet closer to the front property line than allowed by code, a 25 percent deviation. The applicant is requesting a Variance to allow a 15-foot front yard setback where 20 feet is required. The existing single family detached dwelling meets all other Title 19 development standards.

Currently, the existing garage is set back 25 feet from the front property line. The applicant could reduce the proposed addition by 50% and maintain compliance with the minimum 20-foot front yard setback requirement. As the size and shape of the lot do not hinder conformance with the front yard setback requirement and reducing the proposed expansion could maintain compliance with Title 19 setback requirements, staff recommends denial of the request.

FINDINGS (VAR-38135)

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature."

Additionally, Title 19.18.070(L) states:
"Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

No evidence of a unique or extraordinary circumstance has been presented. The size and shape of the lot do not hinder conformance with the front yard setback standard. The applicant has created a self-imposed hardship by proposing to expand an existing garage into the required front yard setback area. Reducing the proposed expansion to be at least 20 feet from the front property line would allow conformance to Title 19 requirements. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

Justification Letter

Dear Planning Commission Member,

I, Mark Snavely, am the owner of a single family residence located at 3812 sunrise Ave. I am requesting a variance to the minimum setback requirement which states that structures in my zoning must have at least a 20' setback from the front property line. The current closest part of the existing structure to the front property line depicted in the site plan has a 25' setback. My request is to extend the existing garage an additional 10' to the North towards the front property line. This would reduce my setback to 15.'

There are two adults and five children ages 3 to 27 living at this address and the added space is needed for storage and a workshop area. The current garage is "filled to capacity" as well as all available storage inside the house. There is no other suitable location on the property to expand into except to the North. The section of the lot depicted in the site plan is a low use area of yard and could be utilized to provide relief to a very crowded household.

My intention is to match the current style of the house as shown in the included elevation picture. Roof line and exterior will be constructed to match the existing garage for visual consistency.

There are similar setbacks for other houses in this neighborhood. For example, 3805 Sunrise has an 18 foot setback, 73 Honolulu, which is next door to me, has a 15 foot setback on the Sunrise Ave side, and 72 Maya, which is four houses West of mine, also has a 15 foot setback on the Sunrise Ave side.

I believe that this project will not detract from the use, purpose, or appearance of the project site or the surrounding neighborhood. I do not believe that this project will be a detriment to the public good, affect natural resources, or significantly violate the intention or purpose of any city ordinance or resolution.

Sincerely,

Mark Snavely

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a Massage Establishment within an existing 8,001 square-foot building at 2851 El Camino Avenue. The existing building has current business licenses for a Clinic, Medical Office, and Accessory Massage. The applicant is proposing to utilize three massage rooms with a total area of 473 square feet, which exceeds the maximum floor area of 150 square feet that is allowed for the Accessory Massage use; therefore, a Special Use Permit is required for a Massage Establishment use. The applicant is requesting Waivers of the minimum distance separation requirements, as well as a Variance for parking. The subject location is not suitable for the intensity of the proposed use, due to the proximity of the subject site to residential property to the north combined with the parking Variance request; therefore, staff recommends denial. If denied, the use would not be permitted at the subject location.

ISSUES

- Approval of a companion Variance (VAR-38195) to allow 26 parking spaces where 45 parking spaces are required is necessary for this request to be approved.
- A Waiver is required to allow a 60-foot distance separation from a residentially zoned property where 400 feet is the minimum distance required.
- A Waiver is required to allow a 362-foot distance separation from another Massage Establishment where 1,000 feet is the minimum distance required.
- A Waiver is required to allow access to the site from a 60-foot right-of-way where an 80-foot right-of-way or larger is required.

11/13/09	A business license (M12-01825) was issued for a Massage Therapist at 2851 El Camino Avenue. Suite #200. The license is still active.

Pre-Application Meeting	
04/29/10	The following items were discussed at the pre-application meeting: • A Massage Establishment requires a Special Use Permit in the C-1 (Limited Commercial) zoning district. The submittal requirements for a Special Use Permit were discussed. • The subject site is only 60 feet away from existing residential uses where 400 feet is the minimum distance required. Also, the use is only 362 feet away from another Massage Establishment where 1,000 feet is the minimum distance required. Waivers must be requested. • The site is accessed from El Camino Avenue, designated as a 60-Foot Right-of-way. A Massage Establishment must be accessed by an 80-Foot right-of-way or larger. A Waiver must be requested. • The subject parcel has a cross access agreement with the adjacent property to the west, but does not have a parking agreement. Please provide a parking agreement or submit a parking analysis. • A parking Variance will be required if no parking agreement can be obtained. The submittal requirements for a Variance were discussed.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

ANALYSIS

The subject site contains an existing 8,001 square-foot clinic and medical office with an active business license for Accessory Massage, which allows up to 150 square feet of floor area to be dedicated to the use. The applicant is proposing to utilize three rooms with a total floor area of 473 square feet for the massage use, which requires the approval of this Special Use Permit. The proposed use will be conducted in conjunction with the medical office and clinic, with hours of operation from 8:00 a.m. to 6:00 p.m.

As part of this request, Waivers are required to allow a 362-foot distance separation from another Massage Establishment where 1,000 feet is required and a 60-foot distance separation from a residentially zoned property where 400 feet is required. An additional Waiver is required to allow access to the site by a 60-foot right-of-way where an 80-foot secondary collector or larger is required.

An additional request has been made by the applicant for a parking variance (VAR-38195). The Variance request is to allow 26 parking spaces where 45 spaces are required. Staff recommends denial of the waiver and variance requests, as the proposed use cannot be conducted in a manner that is compatible with the surrounding uses, most notably the residentially zoned properties to the north of the subject site. The applicant has provided no evidence of a unique or extraordinary circumstance that would substantiate the Variance request; staff is therefore recommending denial of this request.

FINDINGS (VAR-38195)

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature."

Additionally, Title 19.18.070(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by introducing a use on the site that requires additional parking spaces without providing additional spaces for that use. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

FINDINGS (SUP-38194)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The applicant has requested Waivers of the minimum distance separation requirements to allow a 60-foot distance separation from any residentially zoned parcel where 400 feet is required, a 362-foot distance separation from another massage establishment where 1,000 feet is required and a waiver to allow access to the site from a 60-foot right-of-way where an 80-foot right-of-way or larger is required. The use is not appropriate within the subject site due to the close proximity to residential uses. The use is not compatible and harmonious with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is not physically suitable for the type and intensity of the use, as it will be located in close proximity to residential uses. Additionally, the applicant is seeking approval of a parking variance. The site cannot accommodate the additional required parking as a result of the added Massage Establishment use to the site.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site ingress and egress will be from El Camino Avenue, a 60-foot Local Street, which does not meet the minimum Special Use Permit requirement for access from a Secondary Thoroughfare or larger.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of this Special Use Permit will not compromise public health, safety, or welfare or the overall objectives of the General Plan, as the proposed Massage Establishment use will be subject to regular inspections.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed use fails to meet Minimum Special Use Requirements as listed in Title 19.04 for a Massage Establishment use, as evidenced by the requested Waivers.

RE: APN 162-05-801-011

To Whom It May Concern:

We are applying for a massage therapy license to enable us to use multiple rooms for massage therapy. Hours of operation are Monday thru Friday 8:00am to 6:00pm. The use of massage therapy is limited to our medical patients. There is no outside advertising for massage therapy and there is no signage on the building regarding massage therapy. In fact, the only signage relates to Kozmary Center. The patients for massage therapy are all patients of the Kozmary Center for Pain Management and the massage therapy is used on a medical basis to reduce muscle spasm and promote healing of painful areas as part of a medical regimen prescribed by Dr. Kozmary. Typically patients are seen for their monthly or bimonthly appointments and at the same visit are seen for massage therapy. Because of this arrangement, I do not believe that the parking is an issue with the current spaces that we have allotted for our patients at the 2851 El Camino Avenue location.

For any questions you may have regarding this matter, please feel free to contact me.

Sincerely,

STEVEN V. KOZMARY, M.D.

Planning and Development

1. Conformance to the conditions of approval for Master Sign Plans MSP-0006-02 and MSP-2619, except as amended herein.

2. Conformance to the sign elevations and documentation as submitted in conjunction with this request, date stamped 04/27/10, except as amended by conditions herein.

3. All signage shall have proper permits obtained through the Building and Safety Department.

4. Any future amendments to the approved signage within the Master Sign Plan in conformance with Title 19 standards may be reviewed and approved administratively by the Planning and Development Department.

Public Works

5. The proposed signs shall not be located within the public right-of–way or interfere with Site Visibility Restriction Zones. The proposed ground mounted bases shall not be located within existing or proposed public sewer or drainage easements.

** STAFF REPORT **

PROJECT DESCRIPTION

A shopping center is located on the subject site, which is located at the northeast corner of Buffalo Drive and Vegas Drive. An approved restaurant with drive-through is currently under construction at the southwest corner of this shopping center. This request would amend the previously approved Master Sign Plan (MSP-0006-02) for the shopping center to permit signage for the restaurant with drive-through. Eleven outdoor signs are proposed, including a monument sign along Buffalo Drive, four wall signs, two standard directional signs, a clearance arm directional sign to restrict the height of vehicles passing through the drive-through, a menu board, order confirmation pedestal and an LED border around the upper portion of the building façade. Signage is in compliance with Title 19.14 sign standards with the exception of the menu board, which exceeds the allowed height for menu board signs, and the clearance arm, which exceeds the allowed height, area and logo coverage for directional signs. As there is no hardship associated with the physical characteristics of the site that would warrant the requested deviations from Title 19, staff recommends denial of the Variance and the amendment to the existing Master Sign Plan. If denied, the existing Master Sign Plan would remain and approval of a new amendment would be necessary to allow signage on the restaurant with drive-through and its surrounding property.

ISSUES

- Approval of a Variance to allow a height of nine feet for the menu board where seven feet is the maximum height allowed and to allow a directional incidental sign that is 13 feet tall, 27 square feet in area and contains a logo making up 67 percent of the sign area where seven feet in height, 12 square feet in area and 50 percent logo coverage are allowed is required for approval of the master sign plan amendment.
- The subject property is located within 200 feet of single family residences; therefore, Title 19.14.070 residential protection standards apply.
- If the menu board and clearance arm signage were to be reduced to meet the standards of Title 19.14, staff would recommend approval of the Master Sign Plan.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc

Most Recent Change of Ownership	
07/05/06	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
01/05/10	A building permit (141471) was issued for a restaurant at 7598 Vegas Drive. A final inspection has not yet been completed.
01/05/10	A building permit (141472) was issued for on-site improvements at 7598 Vegas Drive. A final inspection has not yet been completed.
01/05/10	A building permit (141473) was issued for a trash enclosure at 7598 Vegas Drive. A final inspection has not yet been completed.

02/10/10	A building permit (156412) was issued for three 35 square-foot wall signs, one 72 square-foot wall sign; one menu board sign and two incidental directional signs at 7598 Vegas Drive. A final inspection has not yet been completed.
03/19/10	A building permit application (159038) for a 30-foot tall freestanding sign was submitted to the Building and Safety Department for review. The Planning and Development Department denied its review, requiring prior approval of an amendment to the existing master sign plan for the shopping center.

Pre-Application Meeting	
03/26/10	A pre-application meeting was conducted, where the following topics were discussed: • A variance will be required to allow the proposed height and logo coverage of the clearance arm. It was later determined that the proposed height of the menu board also exceeded code allowances and a variance would be required. • An amended Master Sign Plan for the shopping center would be required for all proposed signage for the restaurant with drive-through. • A permit has already been issued for the wall signs, two of the directional signs and the menu board; however, the final inspection cannot be approved until a variance and amended master sign plan are approved.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
05/20/10	A field inspection was conducted, where the following items were noted: • The restaurant building appeared to be completed and the wall signage was attached to the building, including the "Star Logo"; • The menu board and order confirmation kiosk were installed; • No clearance arm was located in the drive-through lane; • The parking and drive-through areas had not been completed.

ANALYSIS

The original Master Sign Plan (MSP-0006-02) for the shopping center was required in 2002 as a result of zoning standards requiring Master Sign Plans for non-residential development projects exceeding 2.5 acres. This amendment adds standards for signage for a new restaurant with drive-through at the southwest corner of the overall development. This restaurant was approved by Site Development Plan Review SDR-33756 and is currently under construction.

The proposed monument sign, wall signs on each building elevation, order confirmation board and the directional signs located at the entrance and exit to the drive-through lane are in compliance with Title 19.14 signage standards. A 277-foot narrow LED-lighted tube is proposed along the façades of the building near the roofline that meets the residential protection standards for illuminated signs in Title 19.14.070.

Two of the proposed signs are not in conformance with Title 19.14. The submitted plans indicate that the proposed menu board is to be approximately nine feet tall where seven feet is the maximum height allowed, a 29 percent deviation. The height measurement includes the supporting structure. At the entrance to the drive-through lane, a directional sign indicating the drive-through and restricting height clearance is proposed that exceeds height, area and logo coverage standards for directional incidental signs. The logo consists of the name and graphic of the restaurant. The proposed sign represents a 79 percent deviation in the height, a 125 percent deviation in area and a 34 percent deviation in the sign area that the logo may be allowed to cover.

Because these signs are not in conformance with Title 19 signage requirements and could be designed to meet these standards, staff recommends denial of the variance to allow the deviations and the accompanying amendment to the existing master sign plan for the shopping center that would add these signs for the restaurant. If the signs are brought into conformance with Title 19, staff would recommend approval of these items. Any future amendments to the approved signage within the Master Sign Plan in conformance with Title 19 standards may be reviewed and approved administratively by the Planning and Development Department.

FINDINGS (VAR-38114)

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature."

Additionally, Title 19.18.070(L) states:

> "Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution."

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship by designing a menu board and an incidental sign that do not meet height, area and logo coverage standards of Title 19. Removal of the incidental sign and redesign of the menu board would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.

Justification Letter for Variance
For: Carl's Jr. Clearance Arm, 7598 Vegas Drive.

To Whom It May Concern:

Please see the attached submittal of a variance for a Drive Thru Clearance Arm for the Carl's Jr. Restaurant at 7598 Vegas Drive. This is an incidental sign which is seven feet six inches greater in height than the five feet allowed by code and has a logo and sign copy area greater than the 25% of the sign area allowed by code. This clearance bar has been designed to facilitate safer & faster ingress and egress through the drive thru lane. It accomplishes this by combining a height detector that is easier to see by the motoring public, with a menu of the more popular items that the restaurant offers. This combination helps citizens make quicker decisions regarding their patronage of the establishment. In addition, the clearance bar better identifies the drive thru in this busy shopping center, helping traffic flow more smoothly and safely. Therefore, we feel that the application is justified.

Justification Letter for MSP 2619 Amendment
For: Carl's Jr. Restaurant Signage, 7598 Vegas Drive

To Whom It May Concern:

This is a submittal to amend the Master Sign Program (MSP-2619) to add the signage for the new Carl's Jr restaurant which has been built at 7598 Vegas Drive. The signs have been designed and placed to meet all city sign codes and requirements as far as height, separation from existing signs and be within the square footage allowed for this building. Our proposal includes the necessary design elements for Carl's Jr. to succeed while still maintaining an organized presentation and "classic diner" appearance. All other signs in the center are to remain the same as filed under the original sign program. Therefore, we feel that the application is justified.

** STAFF REPORT **

PROJECT DESCRIPTION

The subject site contains two existing buildings on 0.32 acres and is located at 1164 and 1176 West Lake Mead Boulevard. The applicant is requesting a Special Use Permit to allow a Social Service Provider within the 987 square-foot building at 1176 West Lake Mead Boulevard. The other building would remain a nonprofit thriftshop. The proposed use would provide free employment assistance and a positive academic studying environment for at-risk youth through a non-profit organization. Clients are either transported to the site or arrive by non-vehicular modes of transportation. The location is adjacent to an existing bus route. The applicant has shown that the proposed Social Service Provider use can be conducted in a manner that is harmonious and compatible with the surrounding land uses, and staff therefore recommends approval. If denied, the proposed use cannot be located at 1176 West lake Mead Boulevard; however, the existing salon use may remain.

ISSUES

- The current commercial site is located on three legal lots that were to be combined as a condition of approval of the existing Thriftshop. Noncompliance with this condition has created a situation where the building at 1176 West Lake Mead Boulevard does not meet current setback requirements, the building at 1164 West Lake Mead Boulevard is located on two separate lots and driveway access is shared between two properties without benefit of a cross-access and parking agreement. Condition of Approval #2 requires the applicant to work with staff to consolidate the lots through a remapping action. The new map is required to be recorded prior to the issuance of a business license for the proposed use.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
10/19/66	The Board of City Commissioners approved a Rezoning (Z-0059-64) from R-2 (Medium-Low Density Residential) to C-1 (Limited Commercial) for property on the north side of Lake Mead Boulevard between Lexington Street and Concord Street, subject to a six-month Resolution of Intent. The Planning Commission and staff recommended denial. The Resolution of Intent expired 04/19/67.

10/18/67	The Board of City Commissioners denied a request for a Plot Plan Review for a commercial building and Reinstatement of a Rezoning (Z-0059-64) from R-2 (Medium-Low Density Residential) to C-1 (Limited Commercial) for property on the north side of Lake Mead Boulevard between Lexington Street and Concord Street. The Planning Commission and staff recommended denial.
04/23/68	The Planning Commission approved a Plot Plan Review for a commercial building on Lot 12B and the west 30 feet of Lot 12A in Vegas Heights Tract No. 4 Subdivision, affirming that construction of the building on the property was in conformance with the original Resolution of Intent to C-1 (Limited Commercial) District. The Board of City Commissioners affirmed this zoning status on 05/06/68.
10/02/68	The Board of City Commissioners adopted Ordinance #934-138, which hard zoned Lots 12B and the west 30 feet of Lot 12A in Vegas Heights Tract No. 4 Subdivision to C-1 (Limited Commercial). The subject site remained zoned R-2 (Medium-Low Density Residential).
08/05/92	The Board of City Commissioners adopted Ordinance #934.260, which hard zoned Lot 12C (the site containing the building at 1176 West Lake Mead Boulevard) in Vegas Heights Tract No. 4 Subdivision to C-1 (Limited Commercial) after it was discovered the commercial building approved in 1968 was constructed on Lot 12C.
02/23/98	The City Council approved a request for a Special Use Permit (U-0142-97) for a Nonprofit Thrift Shop on the subject property, subject to a one-year review of the use. The Planning Commission and staff recommended approval.
03/22/99	The City Council approved a one year Required Review [U-0142-97(1)] of an approved Special Use Permit, which allowed a Nonprofit Thrift Shop on the subject property, with no further reviews. The Planning Commission and staff recommended approval.
06/28/99	The City Council approved a request for a Site Development Plan Review [U-0142-97(2)] for a 1,600 square-foot addition to an existing Thrift Store on property located at 1164 West Lake Mead Boulevard. The Planning Commission recommended approval. Staff recommended denial. A condition of approval required the combination of the three legal lots underlying the site, and also required the applicant to work with staff to provide landscaping on the site as required by the Planning and Development Department.

Pre-Application Meeting	
03/31/10	A pre-application meeting was held with the applicant to discuss the issues related to the project and to prepare the applicant for submittal of a Special Use Permit application. The following topics were discussed: • A document showing proof of cross access between the subject property and the adjacent property to the east will be required. • A site plan showing the subject property and the adjacent property will be required. • Only the property at 1176 West Lake Mead Boulevard will be considered for the Special Use Permit. A proposed smog facility referenced in the preliminary justification letter would not be a part of this project. • The justification letter for the submittal should include the request for a Special Use Permit for a Social Service provider, a summary of daily activities of the organization, age range of dependents and number of dependents assisted over a particular time period, hours of operation and the location of the nearest bus stop. • The salon, office and take-out meal preparation uses will be ancillary to the Social Service Provider use, and no additional parking will be required for these ancillary uses. The office will only be used for phoning, faxing and filing and will not encourage foot traffic. • Photos of all four sides of the building will be required for the submittal. • A floor plan showing all rooms and their uses will be required.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
04/22/10	A field check of the site was performed, in which the following items were noted: • There are two existing buildings on the site in good condition: the west building is a beauty salon, the east building a thrift shop • Temporary banners advertising services are attached to the beauty salon building • A painted wrought iron fence screens the property from the right-of-way, including a roll gate along the existing driveway • A large shipping container is located at the rear of the thrift shop.

05/20/10	• The temporary banners have been removed from the building at 1176 West Lake Mead Boulevard • An unprotected bus stop is located in front of the property

ANALYSIS

The building at 1176 West Lake Mead Boulevard was originally a bookkeeping office and eventually became a nonprofit thriftshop. It is currently used exclusively as a beauty salon. With approval of a Special Use Permit for a Social Service Provider, educational and employment assistance services will be offered at this building for at-risk youth aged 15 to 18. According to the applicant, only two youth clients will be onsite at any one time. The organization will be operated by two staff members.

The front part of the building will still be used as a salon; however, services will only be offered for the use of the clients who are preparing for employment opportunities. These services will be performed no later than 7:00 p.m. Monday through Friday. The main service provided will be food catering through the use of the existing kitchen. This is a delivery-only service involving the staff and the youth clients and no members of the public will be coming to the property for dining or pick-up service. The kitchen's hours of operation are expected to be from 9:00 a.m. to 5:00 p.m. Monday through Friday. The applicant's service will also provide homework assistance and computers for the clients' use. The administrative functions of the organization will be handled from an office at the rear of the building.

The parking configuration shown on the submitted site plan is adequate to support both the Social Service Provider use and the adjacent Thriftshop use on the same site. Vehicles that come to the site circulate around the building at 1176 West Lake Mead Boulevard. There is an existing parking space in front of the building and the 42-foot driveway; the Department of Public Works has added a condition requiring this space to be located in such a way that ensures that vehicles will not back out into the public right-of-way.

When this site was approved in 1999 to add the thriftshop building at 1164 West Lake Mead Boulevard, a condition of approval required action to be taken to combine the three legal commercial lots zoned C-1 (Limited Commercial) underlying the site. Although the site is currently under common ownership, remapping will correct nonconformities with regard to lot width and setbacks, and will allow for site access and circulation throughout the same property. Remapping also furthers objectives of the Las Vegas Redevelopment Plan calling for assembly of land parcels suitable for modern integrated development and the elimination of environmental deficiencies and blight in the Redevelopment Area including (but in no way limited to) small lots. A condition of approval of this Special Use Permit requires the applicant to consolidate the lots through a remapping action. The map is required to be recorded prior to the issuance of a business license for the proposed use.

The applicant has shown that the proposed Social Service Provider use can be conducted in a manner that is harmonious and compatible with the existing thriftshop and the surrounding land uses, which include a salon to the west, single-family residences and a church to the north, an undeveloped residential lot to the east and a private school to the south. The proposed use is structured in such a way that additional traffic and other visible activity on the site are minimized. Approval is therefore recommended.

FINDINGS (SUP-37949)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   Only two clients will be at the site on any given day, and no members of the public are expected to come to the site without appointment. Services will not be offered after 7:00 p.m. Monday Through Friday. The proposed Social Service Provider use can therefore be conducted in a manner that is harmonious and compatible with the surrounding land uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site can accommodate the proposed Social Service Provider use. Adequate parking is provided on the site, which is anticipated mostly to be used for the existing thriftshop in the adjacent building.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Access to the site is provided by Lake Mead Boulevard, a 100-foot wide Primary Arterial as classified by the Master Plan of Streets and Highways. This roadway is adequate in size to meet the requirements of the proposed Social Service Provider use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The business proposed for the site will be subject to licensing and inspection, and therefore approval of this Special Use Permit would not compromise the public health, safety and welfare or the objectives of the General Plan. The proposed use does not meet any specific objective of the West Las Vegas Plan, but conforms to the broad goals of land use development and provision of programs for youth.

5. **The use meets all of the applicable conditions per Title 19.04.**

   There are no minimum Special Use Permit conditions for the Social Service Provider use; the use is reviewed on a case-by-case basis.

Justification Letter

Bre's Hair & Nail Solutions
I Yavette D. Bell , the owner and only Licensed cosmetologist in the salon. I will not be hiring for hair dressers or nail techs. The use of the salon is mainly for the maintenance of my at risk kids. I need to ensure that there hair and nails are done for job interviews etc.
I also want my kids to take notice to the correct way to take care of there hair, nails and feet.

The kids will also learn how to clean, empty trash, the upkeep of tile floors, clean bathrooms, dust, clean windows, and properly sanitizing the salon.
This will help my young ladies and men obtain jobs in the future as janitors, housekeepers, office cleaners etc.
If I have to do the kids hair and or nails, it will be done after 5pm.

Kay's Kafe'
I Yavette D. Bell, The owner of Kay' Kafe'. The Kafe' will be delivery only & will cater to the surrounding business of 89106 area. My husband will run the Kafe', Mon.- Fri. 9-5pm.
There will be one kid in the Kafe' with him per day. The same kid will assist him for the week.
The kids will learn to prepare foods in a safe and clean area and learn how to run a register and balance out at the end of the day. The kids will learn to speak to clients on the phone in a professional way. They will learn how to take inventory and order more supplies. The on the job training the kids will receive from Kay's Kafe' will help them in the future obtain good paying jobs in the food industry.

Bell Independent Living Homes Inc.
I Yavette D. Bell the owner and operator of Bell I.L. H. Inc.
I will run my business from the back office, were I will take calls and faxes only. The business does not have foot traffic at all. The business is a non profit organization , that will assist at risk youth in the community. All assistance is free to the child. There will be no more than 2 kids a day on the property. The same 2 kids for the whole week. The age of the kids will range from 15 to 18.
The purpose of the program is to be a mentor to at risk youth in the community and ensure they finish school and get a G.E.D. or a Diploma. Helping kids with home work, getting assistance for college, getting a job, finding positive people to surround themselves with, and just assist them daily to ensure there success in life. The office will be open Mon. - Fri. 9-5pm . The kids will ride to the office with ms. Yavette D. Bell because they don't drive. If they have to take to bus to get to other appointments there is a bus stop in front of the office.
This is my way of standing up to the plate and being another mentor in the community for our at risk youth, To ensure no kids are left behind and our future leaders are educated in every possible way.

Bre's, Kay's & Bell I. L. H. Inc. are ran by Ms. Yavette D. Bell and her husband only. There are no other workers or employees.

I Yavette D. Bell, would like to ask for a Special use Permit, for Social Services provided @ 1176 W. Lake Mead, Las Vegas, Nevada 89106.

Planning and Development

1. Conformance to all Minimum Requirements under LVMC Title 19.04.010 for a Financial Institution, Specified use.

2. This approval shall be void two years from the date of final approval, unless a business license has been issued to conduct the activity. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit to allow a Financial Institution, Specified within an existing Wire Service located at 3882 West Sahara Avenue. There are requests for waivers to allow a 60-foot distance separation from a residential use where 200 feet is required, an 820-foot distance separation from another Financial Institution, Specified where 1,000 feet is required and to allow 900 square feet for the dedicated use where 1,500 square feet minimum floor area is required. Staff is recommending denial of this application because the proposed use cannot be conducted in a manner that is harmonious and compatible with existing surrounding land uses, as is evidenced by the requested waivers of distance separation and minimum floor area requirements. If this request is denied, the Financial Institution, Specified cannot be permitted on this site.

ISSUES

- A waiver is required to allow the proposed use to be located within 60 feet of a residential zoned use where 200 feet required.
- A waiver is required to allow the proposed use to be located within 820 feet of another Financial Institution, Specified where 1,000 feet is required.
- A waiver is required to allow 900 square feet for the use where 1,500 square feet is the minimum floor area required.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
12/18/91	The City Council approved the request for reclassification of property (Z-0101-91) located at 3830 West Sahara Avenue, from C-C (Neighborhood Commercial Center), to C-1 (Limited Commercial). The Planning Commission and staff recommended approval of this request.
10/14/93	The Planning Commission approved a Plot Plan Review [Z-0101-91(1)] regarding the proposed reconfiguration of a portion of an existing retail shopping center on property located on the northwest corner of Sahara Avenue and Valley View Boulevard. Staff recommended approval of this request.

Most Recent Change of Ownership	
02/27/96	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
07/02/92	A building permit (#92151376) was issued for a new shell building at 3876 West Sahara Avenue. The project was completed on 04/20/93.
04/15/05	A business license (W10-00076) was issued for a Wire Service at 3882 West Sahara Avenue. This license has moved to this location on 08/25/06.
10/19/06	A building permit (#06006547) was issued for a Non-Work Certificate of Occupancy at 3882 West Sahara Avenue. The project was completed on 11/06/06.

Pre-Application Meeting	
02/23/10	A pre-application meeting with applicant was held where elements of submitting a Special Use Permit for a Financial Institution, Specified were discussed. The topics included: • The submittal of application materials, meeting dates, and deadlines were discussed. • The justification letter needs to be revised indicating the correct jurisdiction from Clark County to City of Las Vegas and Zoning Ordinance from Title 30 to Title 19. • The hours of operation needs to be indicated on the justification letter indicating that the use will not extend beyond the hours of 8:00 a.m. to 11:00 p.m. Otherwise, a waiver is required to extend the required hours of operation requirements. • A waiver is required to allow 900 square feet for the use where 1,500 square feet is the minimum floor area required. • A waiver is required to allow the proposed use to be located within 60 feet of a residential zoned use where 200 feet required. • A waiver is required to allow the proposed use to be located within 820 feet of another Financial Institution, Specified where 1,000 feet is required. • The parking requirement for Financial Institution, Specified is one space for each 250 square feet of Gross Floor Area.

Neighborhood Meeting
A neighborhood meeting was not required, nor was one held.

Field Check	
05/20/10	Staff conducted a field check and noted the hours of operation is posted at the storefront window are from 9:00 a.m. to 8:00 p.m. The posted hours of operation meets the minimum Special Use Permit requirements for the proposed use.

ANALYSIS

The proposed Financial Institution, Specified will allow a business that provides check cashing services such as a principal service deferred, a paycheck advance service, and any business primarily providing cash loans, installment loans or cash advances. The proposed use will be located within a 105,864 square-foot Shopping Center and the parking requirement is one space per 250 square feet of gross floor area; therefore, 424 parking spaces are required. Currently, the provided parking for the Shopping Center is 420 spaces and it is a parking-impaired development, pursuant to Title 19.10.010. The proposed use will not increase the area of the suite or result in a change of use that requires an increase in the number of required parking spaces.

The minimum Special Use Permit requirements for the proposed Financial Institution, Specified use are a 200-foot distance separation from residential use, a 1,000-foot distance separation from any other Financial Institutions, Specified and a 1,500 square-foot minimum floor area for of the use. The applicant has requested waivers to allow a 60-foot distance separation from a residential use, an 820-foot distance separation from another Financial Institution, Specified and to allow 900 square feet of floor area for the proposed use. Staff is recommending denial of this application because the proposed use cannot be conducted in a manner that is compatible with the surrounding land uses, as is evidenced by the requested waivers of distance separation and minimum floor area requirements.

FINDINGS (SUP-38137)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed use cannot be conducted in a manner that is harmonious and compatible with the uses in the existing site and with the commercial uses on adjacent properties due to the waivers of the distance separation from residentially zoned property and from another Financial Institution, Specified.

2. The subject site is physically suitable for the type and intensity of land use proposed.

The subject site is not physically suitable for the type and intensity of the proposed use. The suite where the proposed Financial Institution, Specified to be located is only 900 square feet. The minimum Special Use Permit requirement for the building or portion thereof that is dedicated to the use shall have a minimum size of 1,500 square feet.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

Site access is provided from Sahara Avenue, a 100-foot Primary Arterial and Valley View Boulevard, an 80-foot Secondary Collector as designated in the Master Plan of Streets and Highways. These streets are of sufficient size to accommodate the needs of the proposed Financial Institution, Specified use.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

Approval of the proposed Special Use Permit will not compromise the public health, safety and general welfare, as the use will be subject to regular inspections for business licensing.

5. The use meets all of the applicable conditions per Title 19.04.

The use does not meet all of the applicable conditions per Title 19.04, due to the request of waivers of distance separation for the proposed Financial Institution, Specified to allow the use within 60 feet of residentially zoned property, 820 feet from another Financial Institution, Specified and to allow 900 square feet minimum for the proposed use, where 1,500 square feet minimum is required.

RE: Branch Location – **Futura Envia**
3882 W. Sahara
Las Vegas, NV 89102

Dear Planning Commission:

As President of Futura Envia, with Corporate Office located at 331 SE 10th Ave., Hillsboro, Oregon 97123, I am writing this JUSTIFICATION LETTER, to express our business reasons for the application of this **Special Use Permit for Check Cashing** at the above mentioned property. **Futura is currently licensed by the Department of Financial Institutions as a Money Transmitter, and Check Casher** and is licensed by the City of Reno and Sparks as an Authorized Check Casher. Futura is also an Authorized Delegate of Money Gram, for which we offer through them the sale of money orders and bill payment services. Our customers constantly walk into our business with their payroll checks expecting to cash and use the funds to pay bills, purchase money orders to pay for their rent and even wire money to their families abroad.

Our current **neighbors "Food 4 Less"**, constantly send their customers to our office to try to cash their payroll checks in order to purchase produce. Since this is not possible, customers have to go elsewhere for their shopping, affecting all businesses in this shopping area. We strongly believe that being able to provide this check cashing service to our customers will help us create a more stable and profitable environment for all the businesses in this shopping area because it will help us maintain our local customers. Our company is dedicated to providing the best service to our customers and plans to cash **only payroll checks** (no third party, personal or out of state checks).

5. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

This request is for a Special Use Permit for a proposed Secondhand Dealer use to be located within an existing 2,300 square-foot Jewelry Store, on 0.16 acres at 1300 East Sahara Avenue. Staff is recommending approval of this application, as the proposed use will be ancillary to the Jewelry Store and can be conducted in a manner that is harmonious and compatible with the existing and future surrounding land uses.

ISSUES

- Six existing signs do not have building permits. A condition has been added that all signage is required to receive sign permits within 30 days of final approval, or removed.

BACKGROUND INFORMATION

ANALYSIS

This is a request for a Special Use Permit for a proposed Secondhand Dealer use to be located within an existing 2,300 square-foot Jewelry Store on 0.16 acres at 1300 East Sahara Avenue. The applicant has indicated that it will be buying and selling gold, silver and other gems, which is consistent with the Secondhand Dealer use defined in Title 19.04.

The intensity of land use at the site will remain nearly identical to that which is currently on site, as the proposed Secondhand Dealer use will be ancillary to the existing Jewelry Store. Also, the parking intensity will not increase, as the parking requirements for a Secondhand Dealer are consistent with those of the existing Jewelry Store. Therefore, staff recommends approval.

FINDINGS (SUP-38242)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed land use is compatible with the SC (Service Commercial) General Plan designation. The use can be conducted in a manner that is harmonious and compatible with the surrounding uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The proposed Secondhand Dealer use will be located in an existing Jewelry Store. There is no evidence of a physical constraint to the proposed use on the subject site.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Sahara Avenue, a 100-foot Primary Arterial as designated in the Master Plan of Streets and Highways and Maroney Avenue, a 60-foot right-of-way. These streets provide adequate access to and from the subject property.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of this special use permit will not compromise public health, safety, or welfare as the proposed Secondhand Dealer use will be subject to regular inspections.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed Secondhand Dealer use complies with the conditions per Title 19.04.

Re: Justification Letter

City of Las Vegas
Planning and Development Department,

We are Appling for a special use permit to allow a class 3 second-hand license to operate at 1300 E. Sahara Ave. This request is for a 2300 sq. ft. building located in a commercial zoned area where similar business already exists. We will certainly comply with the planning department's rules and regulations. We will provide ten, 9x18 ft. Parking spaces and one van accessible handicap space. Any and all landscaping requirements will be adhered to.

With ample driveways to enter and exit the property traffic should be kept at a minimum.

With this license at this location we plan to buy and sell new and used jewelry items and supplies. We will also be manufacturing and doing jewelry repairs.

Thank you for your consideration,

Anthony J. Rila Jr.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit to allow a Beer/Wine/Cooler On-Sale Establishment within a proposed restaurant at 9101 West Sahara Avenue, Suite #109. The restaurant is 2,186 square feet in size with seating for 57 people. The Beer/Wine/Cooler On-Sale use will be ancillary to the proposed restaurant. The proposed use will not require additional parking beyond that which is required for the restaurant use on the site. The proposed use meets all minimum Special Use Requirements of Title 19.04 requirements, with the exception of the 400-foot distance separation from a child care facility licensed for more than 12 children. The applicant is requesting a Waiver to allow a 120-foot distance separation from a child care facility licensed for more than 12 children. As Conditioned, staff recommends approval of this request as it can be conducted in a manner that is compatible with the surrounding uses and the requested Waiver is minor in nature. If this application is denied the proposed restaurant would remain.

ISSUES

- The proposed use is within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children, or City Park. A Waiver for the distance separation is required.
- Staff recommends that there be no outdoor seating or exterior advertising of alcoholic beverages, due to the proximity to a licensed child care facility.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc

ANALYSIS

The applicant is proposing a Beer/Wine/Cooler On-Sale Establishment within a proposed 2,186 square-foot restaurant at 9101 West Sahara Avenue, Suite #109. A Beer/Wine/Cooler On-Sale Establishment use is defined by Title 19.20.020 as "an establishment whose license to sell alcoholic beverages is limited to the sale of beer, wine and coolers to consumers only in connection with a meal on the premises where the same is sold, and is operated in connection with a restaurant in which forty-five or more people may be served with meals at any one time at tables or stools."

The proposed Beer/Wine/Cooler On-Sale Establishment use meets all minimum Special Use Requirements of Title 19.04 requirements, with the exception of the 400-foot distance separation from a child care facility licensed for more than 12 children. The applicant is requesting a Waiver to allow a 120-foot distance separation from a child care facility licensed for more than 12 children. Staff recommends approval of this request, as conditioned as it can be conducted in a manner that is compatible with the surrounding uses. The Beer/Wine/Cooler On-Sale Establishment use is separated from the child care facility by Fort Apache Road, which is a 100-foot Primary Arterial Street, and conditions have been added regarding outdoor seating and exterior signage to ensure that all activities related to the sale of alcoholic beverages are contained within the building.

FINDINGS (SUP-38244)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Beer/Wine/Cooler On-Sale Establishment use will be located within a 2,186 square-foot restaurant and will be ancillary to the proposed restaurant. The proposed use can be conducted in a manner that is harmonious and compatible with the uses on the existing site and with the commercial uses on the adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is a 142,242 square-foot commercial shopping center, and is suitable for the type and intensity of land use proposed. The proposed use will not require additional parking beyond that which is required for the principal use on the site.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Fort Apache Road, a 100-foot Primary Arterial, and Sahara Avenue, a 100-foot Primary Arterial as designated in the Master Plan of Streets and Highways. These streets provide adequate access to and from the subject property.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of a Special Use Permit for this use will not compromise the public health, safety, or welfare as the use is subject to licensing and inspections by the City of Las Vegas. The use is consistent with the existing SC (Service Commercial) General Plan designation.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed Beer/Wine/Cooler On-Sale Establishment use meets the applicable conditions per Title 19.04, with the exception of the requested Waiver. Conditions have been added to mitigate any negative effects of the requested Waiver.

Subject: Justification Letter for Special Use Permit Application
SMASHBURGER — 9101 W Sahara , Suite 108, Las Vegas, NV 89117

To Whom It May Concern:

Smashburger (SB Fort Apache, LLC), has requested *Specific Use Permit* approval to allow for the sale and consumption of alcoholic beverages at the tenant space noted above. Smashburger is a fast-casual dining establishment with beer and wine sales and consumption. While Smashburger locations generally have an outside seating area, no such seating area will be present at the above mentioned location.

The beer and wine proposed to be served in the restaurant will be for service at tables only within the restaurant and will be served in connection with meals. Per the Las Vegas Zoning Code Land Use (Chapter 19.04) requirements and Las Vegas Municipal Code, Chapter 6.50.180, the beer and wine will not be available for purchase to be taken from the establishment and consumed off the premises.

As you are aware, under Chapter 19.04 of the Las Vegas Zoning Code, specifically Ord 5895, it is required that the proposed establishment be located at least 400 feet from any churches, schools, synagogues or child care facilities with more than 12 children. SB Fort Apache, LLC is requesting that the a waiver of this requirement be granted as a children's day care is present 120 feet from the proposed Smashburger.

Smashburger's hours of operation are Monday through Sunday from 10AM to 10PM. The maximum number of employees per shift is approximately ten (10). Currently, a Smashburger (SB Summerhill, LLC) is in operation at 7541 W Lake Mead Blvd Suite 2, Las Vegas, NV 89128.

Please contact Mark Huttanus at (702)743-7612 should you have any additional questions concerning information within this Justification Letter.

Sincerely,

Mark Huttanus

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a Beer/Wine/Cooler On-Sale Establishment within a proposed restaurant at 5655 Centennial Center Boulevard, Suite #170. The restaurant is 2,133 square feet in size with seating for 92 people. The Beer/Wine/Cooler On-Sale use will be ancillary to the proposed restaurant. The proposed use will not require additional parking beyond that which is required for the principal use on the site. The proposed use meets all minimum Special Use Requirements of Title 19.04 requirements for a Beer/Wine/Cooler On-Sale Establishment. Staff recommends approval of this request as it can be conducted in a manner that is compatible with the surrounding uses. If this application is denied, the proposed restaurant would not be allowed to sell alcoholic beverages.

ANALYSIS

The applicant is proposing a Beer/Wine/Cooler On-Sale Establishment within a proposed 2,133 square-foot restaurant at 5655 Centennial Center Boulevard, Suite #170. A Beer/Wine/Cooler On-Sale Establishment use is defined by Title 19.20.020 as "an establishment whose license to sell alcoholic beverages is limited to the sale of beer, wine and coolers to consumers only in connection with a meal on the premises where the same is sold, and is operated in connection with a restaurant in which forty-five or more people may be served with meals at any one time at tables or stools."

The proposed use meets all minimum Special Use Requirements of Title 19.04 requirements for a Beer/Wine/Cooler On-Sale Establishment. Staff recommends approval of this request, as it can be conducted in a manner that is compatible with the surrounding uses

FINDINGS (SUP-38245)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Beer/Wine/Cooler On-Sale Establishment use will be located within a 2,133 square-foot restaurant and will be ancillary to the proposed restaurant. The proposed use can be conducted in a manner that is harmonious and compatible with the uses on the existing site and with the commercial uses on the adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is a 211,606 square-foot commercial shopping center, and is suitable for the type and intensity of land use proposed. The proposed use will not require additional parking beyond that which is required for the principal use on the site.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Centennial Center Boulevard, a 90-foot Town Center Frontage Road as designated by the Town Center Street Classifications in the Town Center Development Standards Manual. This street is of sufficient size to accommodate the needs of the proposed Accessory Package Liquor Off-Sale use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of a Special Use Permit for this use at this location will not compromise the public health, safety, or welfare, as the use is subject to licensing and inspections by the City of Las Vegas. The use is consistent with the existing TC (Town Center) General Plan designation.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed Beer/Wine/Cooler On-Sale Establishment use meets the applicable conditions per Title 19.04.

Subject: Justification Letter for Special Use Permit Application
SMASHBURGER — 5655 Centennial Center Blvd, Suite 170, Las Vegas, NV 89149

To Whom It May Concern:

Smashburger (SB Centennial, LLC), has requested *Specific Use Permit* approval to allow for the sale and consumption of alcoholic beverages at the tenant space noted above. Smashburger is a fast-casual dining establishment, with an outdoor dining area, which serves beer and wine for consumption.

The beer and wine proposed to be served in the restaurant will be for service at tables only within the restaurant and will be served in connection with meals. Per the Las Vegas Zoning Code Land Use (Chapter 19.04) requirements and Las Vegas Municipal Code, Chapter 6.50.180, the beer and wine will not be available for purchase to be taken from the establishment and consumed off the premises.

As you are aware, under Chapter 19.04 of the Las Vegas Zoning Code, specifically Ord 5895, it is required that the proposed establishment be located at least 400 feet from any churches, schools, synagogues or child care facilities with more than 12 children. SB Centennial, LLC is requesting that a waiver of this requirement be granted as a 24 Hour Kids Club Fitness is present within the 400 foot requirement from the proposed Smashburger.

Smashburger's hours of operation are Monday through Sunday from 10AM to 10PM. The maximum number of employees per shift is approximately ten (10). Currently, a Smashburger (SB Summerhill, LLC) is in operation at 7541 W Lake Mead Blvd Suite 2, Las Vegas, NV 89128.

Please contact Mark Huttanus at (702)743-7612 should you have any additional questions concerning information within this Justification Letter.

Sincerely,

Mark Huttanus

SUP-38251 CONDITIONS

Planning and Development

1. Conformance to all Minimum Requirements under LVMC Title 19.04.010 for a Tavern-Limited Establishment use.

2. This approval shall be void two years from the date of final approval, unless a business license has been issued to conduct the activity. An Extension of Time may be filed for consideration by the City of Las Vegas.

3. All signage shall conform to the Las Vegas Scenic Byway standards and shall receive approval from the Downtown Design Review Committee (DDRC) prior to the issuance of sign permits.

4. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

5. These Conditions of Approval shall be affixed to the cover sheet of the plan set submitted for building permit.

6. Approval of this Special Use Permit does not constitute approval of a liquor license.

7. This business shall operate in conformance to Chapter 6.50 of the City of Las Vegas Municipal Code.

8. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

Public Works

9. Per Downtown Centennial Threshold requirements, sign a Covenant Running with Land agreement for the possible future installation of public improvements (including undergrounding overhead utility lines and Downtown Centennial Plan Streetscape standards) on Las Vegas Boulevard and the public alley adjacent to this site. The Covenant agreement must be recorded with the County Recorder and a copy of the recorded document must be provided to the City prior to the issuance of building permits for this site.

10. The proposed balcony railing, wall, or barrier separating the dining area from the Las Vegas Boulevard and Fremont Street shall be set back a sufficient distance, as determined by the Traffic Engineer, to provide a buffer between patrons, vehicular traffic, and the existing traffic signal pole.

11. Submit an Encroachment Agreement for all landscaping and private façade improvements, including the aerial encroachment of the proposed balcony in the Fremont Street and Las Vegas Boulevard public rights-of-way adjacent to this site.

12. Prior to the recordation of the Encroachment Agreement, provide proof, acceptable to the City Engineer, that the proposed balcony will be able to structurally support improvements and the occupancy associated with its new use. No new columns or structural supports that impede pedestrian access on any sidewalk shall be allowed in the public right-of-way.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for a Special Use Permit for a proposed 6,846 square-foot Tavern-Limited Establishment within an existing commercial building at 107 South Las Vegas Boulevard. The applicant is proposing façade modifications and the addition of a 591 square-foot balcony to the existing building. A Site Development Plan Review is not required, as the proposed addition is less than 10% of the total floor area of the existing building. Located within the Downtown Centennial Entertainment Overlay District, the proposed use will add to the entertainment offered along Fremont East with live entertainment provided four nights a week. Staff is recommending approval of this request, as the proposed use is appropriate for the Downtown Entertainment Overlay District and can be conducted in a manner that is compatible with the adjacent surrounding uses. If this request is denied, the proposed use will not be permitted at this location.

ANALYSIS

The site is located within the Downtown Entertainment Overlay District on a 0.45 acre parcel, at the southeast corner of Las Vegas Boulevard and Fremont Street. The intended use for the property is a Mexican themed restaurant and Tavern-Limited Establishment. The hours of operation will be Sunday through Wednesday from 7 a.m. through 2 a.m. and Thursday through Saturday from 7 a.m. through 5 a.m. Live Entertainment will be provided Wednesday through Saturday. Within the Downtown Entertainment Overlay District, a Tavern-Limited Establishment is a permitted use in the current C-2 (General Commercial) zoning district with the approval of a Special Use Permit. Specifically, the use complies with the intent of the Downtown Entertainment Overlay District of encouraging musical entertainment venues with live entertainment four nights a week. A condition of approval has been added requiring conformance with Title 6.50.250, which outlines the minimum live entertainment requirements within the Downtown Entertainment Overlay District.

There are existing liquor establishments in the immediate area; however, pursuant to Title 19.06.120(C) waivers for distance separation requirements are not necessary. Title 19.06.120(C) states, “For any liquor-serving establishment that is approved by means of a Special Use Permit for a parcel located within the [Downtown Entertainment Overlay] District, the distance separation requirements set forth in Chapter 19.04 shall not apply.”

The proposal consists of the addition of a 591 square-foot second floor balcony along Las Vegas Boulevard and Fremont Street. The proposed second floor balcony encroaches over the right-of-way along Fremont Street and Las Vegas Boulevard; as such, the Department of Public Works as added a condition requiring an encroachment agreement. The proposal also includes decorative façade improvements that will not increase the square footage of the existing building but will increase the building height from 27 feet to 42 feet. The proposed façade improvements provide an aesthetic improvement to the existing building and surrounding area. The color and material palette for the proposed façade includes perforated metal, concrete tile, stone veneer, wood, tile, aluminum framing, and paint. A Site Development Plan Review is not required for the proposed improvements to the existing building, as the proposed 591 square-foot addition does not exceed 10% of the existing floor area, as outlined by the Downtown Centennial Plan Area Threshold Requirements.

In addition to the façade improvements, the applicant is providing signage along Fremont Street and Las Vegas Boulevard. Concepts of the signage are included on the elevation plans date stamped 05/25/10; however, the signage is not included with the proposed Special Use Permit for a Tavern-Limited Establishment use. The subject site is located within the Las Vegas Scenic Byway Overlay District and the Downtown Centennial Plan – Fremont East District. The signage must be approved by the Downtown Design Review Committee and must conform to the Las Vegas Scenic Byway Standards. A condition of approval has been added requiring approval from the Downtown Design Review Committee prior to issuance of building permits for signage.

The Downtown Centennial Plan requires that all power lines be located underground from the nearest street access to the project site. The Department of Public Works has added a condition which requires a covenant running with land as it relates to the existing utilities for the possible and future installation of all underground utilities and Downtown Centennial Plan Streetscape Standards.

Direct access is provided to the site from Fremont Street, where 22 on-street metered parking spaces are provided with service access provided from a rear alley. Pursuant the Downtown Centennial Plan and Title 19.06 the on-site parking requirements set forth in Chapter 19.10 shall not apply. The applicant is accommodating the parking requirements with the public parking garages located in the immediate area.

The site meets the overall intent of the Downtown Entertainment Overlay District of encouraging musical entertainment venues. The proposed elevation changes will result in a building that is more aesthetically pleasing and more compatible with the adjacent surrounding properties. As conditioned, the site meets the minimum requirements of the Downtown Centennial Plan – Fremont East District and the Las Vegas Scenic Byway. Therefore, staff is recommending approval of this request.

FINDINGS (SUP-38251)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Tavern – Limited Establishment is a permitted use in the C-2 (General Commercial) zoning district, with the approval of a Special Use Permit, and is the type of use that is encouraged in the Downtown Overlay District. It can be conducted in a manner that is harmonious and compatible with the surrounding land uses, and with the future surrounding land uses.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site can easily accommodate a Tavern-Limited Establishment land use. The parking requirements are being accommodated through the use of public parking garages located in the immediate area, as well as street parking.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   The site is served by Fremont Street, an 80-foot Secondary Collector as designated by the Master Plan of Streets and Highways. This thoroughfare can accommodate the proposed Tavern-Limited Establishment use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The proposed development is subject to permit review and inspection; therefore, appropriate measures will be taken to protect the health, safety and general welfare.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The Downtown Centennial Plan refers to Title 19.04 for applicable conditions of the Tavern-Limited Establishment use in the Fremont East District. A waiver of the distance separation requirement from another Tavern-Limited Establishment use is not required per Title 19.06.120(C). The proposed use meets all conditions per Title 19.04.

RE: APN: 139-34-611-002
Re: A. Site Development Review
B. Special Use Permit for a Tavern Limited

To whom it may concern:

The intended use for the property of 107 S. Las Vegas Boulevard (139-34-611-002) is a Mexican Restaurant and Tavern Limited. The name of the establishment is "Nacho Daddy and will be approximately 6,846 SF on two floors (with 591 SF of balcony). We feel "Nacho Daddy" will be a tremendous catalyst to help jumpstart the revitalization of the entertainment district in Downtown Las Vegas. The property is currently zoned C-2 and falls within the Downtown Entertainment Overlay District. We are requesting a site development review and a special use permit and will be applying for a Tavern Limited License.

The hours of operation will be Sunday through Wednesday from 7am – 2am and Thursday through Saturday from 7am – 5am and the services provided will include a full service kitchen, full service bar, and a small retail area. Live entertainment will also be provided Wednesday thru Saturday. This corner of the downtown area is at the entrance to the "Fremont East District" and the new tenants want to create a very special vibe for the restaurant and surrounding areas. They would like to be able to serve food out of a "to go" window right at the corner of Fremont and Las Vegas Boulevard. There are also plans to open up the existing windows and walls along the street frontages to allow for interaction between the interior and the exterior. The restaurant will have at least 100 seats inside the restaurant, and additional seating which is proposed to be on a balcony overhanging the right of way along Fremont and Las Vegas Boulevard.

Customer access to the site is directly off of Fremont Street. Deliveries will be made via the alley on the south side of the space. In addition, there are approximately 22 parking spaces located on Fremont Street and 6th Street and there are 680 spaces in the Neonopolis parking garage and 1472 Parking spaces in the Fremont Street Experience parking garage. The parking garages are approximately 400' away and accessible on foot. Public transportation is also available on Las Vegas Boulevard. Parking for this facility will be adequate considering the amount of parking in close proximity to the new project and the desire to increase foot traffic along the Fremont East and Las Vegas Boulevard corridors.

We have made every attempt to follow City of Las Vegas Title 19 as well as the Centennial Plan. Please join us in our attempt to bring much-needed high caliber product into downtown and to Las Vegas residents.

Planning and Development

1. Conformance to all Minimum Requirements under LVMC Title 19.04.010 for a Tattoo Parlor/Body Piercing Studio use.

2. All proposed signage shall be in full conformance with Title 19.14 sign standards and Title 19.06.140 Las Vegas Scenic Byway Overlay District standards, and shall be reviewed by the Downtown Design Review Committee prior to issuance of a sign permit.

3. A revised site plan shall be submitted to and approved by the Planning and Development Department, prior to or at the time application is made for a business license, to depict handicap accessible spaces in compliance with Title 19.10 requirements.

4. This approval shall be void two years from the date of final approval, unless a business license has been issued to conduct the activity. An Extension of Time may be filed for consideration by the City of Las Vegas.

5. All necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

6. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

** STAFF REPORT **

PROJECT DESCRIPTION

The site contains three existing developments, which include a 1,873 square-foot building at 1232 South Las Vegas Boulevard, a former motel and restaurant at 1236 South Las Vegas Boulevard, and a 3,285 square-foot sexually oriented business at 1238 South Las Vegas Boulevard. The requested Special Use Permit for a proposed Tattoo Parlor/Body Piercing Studio use would be located within the existing building at 1232 South Las Vegas Boulevard. The business is not yet licensed and in operation at this location. The use is appropriate for the site and can be conducted in a manner that is harmonious and compatible with surrounding uses; therefore, staff recommends approval. If denied, the Tattoo Parlor/Body Piercing Studio use cannot be conducted within this building and on this site.

ISSUES

- Projects located within the Las Vegas Downtown Centennial Plan area are not subject to the automatic application of parking requirements. Since the proposed use and the previous use have the same parking requirement and no expansion of the existing building is proposed, no additional parking is required.
- The current signage on and adjacent to the building is not in compliance with the standards of the Las Vegas Boulevard Scenic Byway Overlay District. A condition of approval will require conformance to Title 19.14 and Title 19.06.140 signage standards and review of signage by the Downtown Design Review Committee prior to issuance of any sign permit for any proposed signage.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
05/24/99	The City Council denied a request for a Rezoning (Z-0019-99) from C-1 (Limited Commercial) and C-2 (General Commercial) to C-2 (General Commercial) on 7.60 acres at 1238 Las Vegas Boulevard South and on the southeast corner of Las Vegas Boulevard South and Park Paseo. The Planning Commission recommended denial and staff recommended approval.
10/29/03	The City Council approved the appeal from the Planning Commission denial of a Special Use Permit (SUP-2801) for a proposed 1,452 square-foot Tavern use and Waiver of the 1,500-foot distance separation requirement from other taverns on property located at 1236 Las Vegas Boulevard South. Staff recommended approval. The Special Use Permit approval expired 10/29/04.

11/06/03	The Planning Commission approved a Site Development Plan Review (SDR-3125) for a proposed tavern building on 1.79 acres at 1236 Las Vegas Boulevard South with Waivers of landscape buffer and parking lot landscaping requirements. Staff recommended approval.
01/11/05	Code Enforcement opened a case (#25098) regarding a vacant boarded up building at 1232 South Las Vegas Boulevard. The case was closed by Code Enforcement on 11/20/07.
07/06/05	The City Council approved a Special Use Permit (SUP-6582) for a proposed 1,452 square-foot Tavern use and a Waiver of the 1,500-foot distance separation requirement from another tavern use on property located at 1236 Las Vegas Boulevard South. A condition of approval required a minimum of 47 spaces including four handicap-accessible spaces; otherwise, the site plan must be submitted to the Planning and Development Department for review of a different parking configuration. The Special Use Permit expired 07/06/06.
12/01/05	The Planning Commission tabled Special Use Permit requests for a proposed 60-story mixed use development (SUP-9914) and for a 650-foot tall building in the Airport Overlay Zone (SUP-10055), and a request for a Site Development Plan Review (SDR-9912) for a proposed 60-story, 650-foot tall Mixed Use Development with 900 residential units and 8,580 square feet of retail, and Waivers of the sidewalk and amenity standards, of the upper floor stepback and build-to line requirements, of the eight-foot wide landscape requirements for parking lots facing public streets, and of the use of reflective, shiny or mirror-like materials as an exterior building finish on 1.79 acres located at 1232-1238 South Las Vegas Boulevard. Staff recommended denial of each item.
06/18/08	Code Enforcement opened a case (#66786) to check for banners, window signs, debris, junk vehicles, trash, graffiti, and zoning violations at 1232 South Las Vegas Boulevard. The case was closed by Code Enforcement on 06/24/08.
02/03/10	Code Enforcement opened a case (#86151) regarding two pylon signs and a non-functional neon sign at 1236 South Las Vegas Boulevard. The case was closed by Code Enforcement on 04/19/10.
06/24/10	The Planning Commission will consider an appeal (DIR-38357) of the Director's decision to deny a Temporary Commercial Permit (TCP-38255) per Title 19.18.100.D that would allow a temporary outdoor commercial event (promotional event) in conjunction with the baseball season on 1.79 acres in the parking lot at 1238 South Las Vegas Boulevard. The Planning and Development Department denied the initial request for a Temporary Commercial Permit on 05/13/10.

Pre-Application Meeting	
04/27/10	At a required pre-application meeting, submittal requirements for a Special Use Permit were discussed, as well as the following items: • A site plan was not presented at the meeting. The applicant needs to include a site plan in the submittal; • The applicant has operated a similar use at another location since October 1998; • Handicap parking spaces should be striped to conform to Title 19.10 requirements if not to Code; • Total floor area should be included.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
05/20/10	A field check was conducted on the subject site. The following items were noted: • The business at 1232 South Las Vegas Boulevard is using the existing freestanding sign in front of the building to advertise its services • A painted wall sign advertising the proposed use faces Las Vegas Boulevard • Small flags extend from the rooftop corners of the 1232 building facing Las Vegas Boulevard • A vehicle parked at 1236 South Las Vegas Boulevard serves as a directional sign advertising services of the proposed use • There is a large dumpster on the property set back from the street near the existing motel • Only the front portion of the site where parking is available is paved

Projects located within the Las Vegas Downtown Centennial Plan area are not subject to the automatic application of parking requirements. However, the above table should be used to illustrate the requirements of an analogous project in another location in the City. The previous use of the subject building was retail, which has a similar parking requirement to the proposed Tattoo Parlor/Body Piercing Studio use. Therefore, since no expansion of the subject building is proposed, the parking requirements remain unchanged. The Downtown Centennial Plan, however, does require handicap-accessible parking to comply with Title 19.10 requirements, which include adequate striping to accommodate persons with disabilities.

ANALYSIS

The applicant has operated a Tattoo Parlor at 1141 South Las Vegas Boulevard since 1999 and proposes to move into the existing building at 1232 South Las Vegas Boulevard. A Tattoo Parlor/Body Piercing Studio is allowed in the C-2 (General Commercial) Zoning District with approval of a Special Use Permit. There are no minimum conditions required to allow this use; its compatibility with surrounding land uses must be determined on a case-by-case basis. The existing building is 1,873 square feet and is situated on the northern lot line. Both tattooing and body piercing are proposed at this location. Parking is more than adequate on the site to accommodate the use. As the use can be conducted in a manner that is harmonious and compatible with the commercial land uses on all sides of the site, staff recommends approval of the Special Use Permit request.

New and proposed signage for parcels adjacent to Las Vegas Boulevard, including the subject site, must comply with both Title 19.14 sign standards for the C-2 (General Commercial) Zoning District and the standards of the Las Vegas Boulevard Scenic Byway Overlay District pursuant to Title 19.06.140. This special district requires at least 75 percent of the total sign surface areas of the development to contain illuminated signage in the form of neon signs, animated signs or a combination of the two. A review of the signage by the Downtown Design Review Committee is also required prior to the issuance of any sign permits for proposed signage.

The proposed use is in conformance with the Downtown Centennial Plan, with the exception of the Title 19 signage requirements above, which it references as part of the Downtown South District standards. Since only the use at the existing building at 1232 South Las Vegas Boulevard would be changing as a result of approval of this request, no streetscape, setback, utility or design standards apply. The use is also in conformance with the Live/Work Overlay District and the policies of the Downtown Redevelopment Plan Area.

FINDINGS (SUP-38225)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed Tattoo Parlor/Body Shop use can be conducted in a manner that is harmonious and compatible with existing surrounding commercial land uses, which consist primarily of motels.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is sufficiently large to accommodate this use, as well as two other uses at separate addresses that contain additional parking.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Las Vegas Boulevard, designated as a Primary Arterial by the city's Master Plan of Streets and Highways, provides access to the property. Access is possible only from the southbound lanes. These roadway facilities are adequate to serve the proposed Tattoo Parlor/Body Piercing Studio use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The public health, safety and welfare and the primary objectives of the General Plan will not be compromised by approving the proposed Tattoo Parlor/Body Piercing Studio at this location, as the use will be subject to licensing and inspection.

5. **The use meets all of the applicable conditions per Title 19.04.**

   There are no minimum conditions for allowing a Tattoo parlor/Body Piercing Studio use.

From: Daniel Jackson, Owner/Operator of Absolute Ink Tattoo

I Daniel Jackson, Owner/Operator of Absolute Ink Tattoo, intend to use the property located at 1232 Las Vegas Blvd. S., Las Vegas, NV 89104 as a tattoo and body piercing shop.

To date I am the only employee staffed. When the shop is running I intend to employ four full time artists. My hours of operation will be 10:00 a.m. – 2:00 a.m., seven days a week.

I operated at my previous location at 1141 Las Vegas Blvd. for over 11 years from October, 1998 to February, 2010.

The project meets any and all requirements per Title 19.18 as required by the city of Las Vegas.

Thank you

Daniel Jackson

** STAFF REPORT **

APPLICATION REQUEST

This is a request to amend Table 2 of Title 19.04 and the Town Center Development Standards Manual to update standards and applicable districts for the Motor Vehicle Sales (New) use. The requested amendment would require a Special Use Permit for the approval of the Motor Vehicle Sales (New) use in the SC-TC (Service Commercial – Town Center) Special Land Use Designation where it was previous not permitted. This request includes a modification to the existing Conditional Use Regulations for the use as listed in Table 2 of Title 19.04 and introduces provisions for this use in the Special Use Permits section of the Development Uses chapter of the Town Center Development Standards Manual.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc.	
10/04/06	The City Council adopted Ordinance #5860 which amended the Town Center Development Standards Manual to standardize various uses, including the car sale uses, with Title 19. The Planning Commission and staff recommended approval of the Text Amendment (TXT-13863) which was heard at the City Council as Bill Number 2006-53.
05/27/10	The Planning Commission held this amendment in abeyance and requested that staff provide a map of the areas potentially affected by the proposed amendment.

The Town Center Development Standards Manual establishes the list of permitted uses in the T-C (Town Center) District. In an effort to streamline the review of projects within the Town Center area, the uses allowed within the district were reviewed for their consistency with Title 19 in 2006. Among other changes, the review culminated in the revision and reorganization of the Town Center Development Standards Manual - Development Uses chapter. Necessary adjustments to the listed uses were made with the adoption of Ordinance #5860. Prior to that amendment the permitted car sale uses were listed as Auto Sales (New) and Auto Sales (Used, with new car sales). As a part of the changes made by Ordinance #5860, the permitted car sale uses listed in the Permitted Uses - Table 1 for the district, Auto Sales (New) and Auto Sales (Used, with new car sales), were changed to Motor Vehicle Sales (New) and Motor Vehicle Sales (Used).

The uses continued to be Conditional Uses within the GC-TC (General Commercial – Town Center) and EC-TC (Employment Center Mixed Use – Town Center) special land use categories. The minimum requirement for the approval as a Conditional Use for Motor Vehicle Sales (New) remained the same as that for Auto Sales (New) and included provisions for the sale of used cars as a part of the new car sales dealership.

The SC-TC (Service Commercial – Town Center) special land use category is intended to allow low to medium intensity retail, office or other commercial uses that are intended to serve primarily the Centennial Hills area and do not include more intense general commercial characteristics. Examples include neighborhood shopping centers, theaters, bowling alleys and other places of public assembly and public/quasi-public uses. The special land use category allows for local supporting land uses such as parks, other public recreational facilities, some schools and churches and provides for hotels, motels and resort uses of a lower intensity under certain conditions.

ANALYSIS

Motor Vehicle Sales (New) has the potential to be incompatible with the Service Commercial district concept and therefore like other such potentially incompatible uses, if allowed, should require a special use permit. To that end, the Motor Vehicle Sales (New) use, which allows a facility or area for the display and sale or leasing of new automobiles, trucks, motorcycles and motor scooters and may include service bays and auto body shops which are incidental and accessory to the sales use, is proposed to be listed in the Permitted Uses – Table 1 as requiring a Special Use Permit within the SC-TC (Service Commercial – Town Center) special land use category.

Further, the Special Use Permits section of the manual should be revised to include an entry for the Motor Vehicle Sales (New) use to set the minimum requirements within the SC-TC (Service Commercial – Town Center) special land use categories as follows:

a. Motor vehicle sales may include an outdoor used car sales lot when operated by a franchised, new car dealer. The used car sales shall be located directly adjacent to the new car sales and service facility and be operated as an incidental use.
b. The installation and use of an outside public address or bell system is prohibited.
c. No used or discarded automotive parts or equipment shall be located in any open area outside of an enclosed building.
d. All exterior lighting shall be screened or otherwise designed so as not to shine directly onto any adjacent parcel of land.
e. All accessory services shall be performed inside an enclosed structure.
f. Openings in service bays shall not face public rights-of-way and shall be designed to minimize the visual intrusion into adjoining properties.
g. Accessory automobile rental is permitted.
h. The minimum site area shall be 25,000 square feet.
i. Parking of vehicles in landscaped areas is prohibited.

Finally, the proposed amendment would modify the Title 19.04, Table 2 entry for the Motor Vehicle Sales (New) use to accurately reflect the Town Center districts where the use is permissible, including the expansion of the use into the SC-TC (Service Commercial – Town Center) special land use district. Currently, the use entry indicates that the location of any Motor Vehicle Sales (New) use north of Cheyenne Avenue must be within the GC-TC (General

Commercial – Town Center) special land use designation. However, the Town Center Development Standards Manual, Table 1 indicates that the use is conditionally allowed within both the GC-TC (General Commercial – Town Center) and EC-TC (Employment Center Mixed Use – Town Center) special land use designations.

The proposed amendment would clarify any ambiguity between the Motor Vehicle Sales (New) conditions under Title 19 and the permissibility of the use within the TC (Town Center) District and provide clear standards for the allowance of Motor Vehicle Sales (New) as a use within the SC-TC (Service Commercial – Town Center) special land use district.

The Special Use Permit process provides an opportunity to ensure a higher level of compatibility with neighboring development and the goals of the community; however, staff finds that expanding the permissibility of the Motor Vehicle Sales (New) use into the SC-TC (Service Commercial – Town Center) special land use category may not be consistent with the intent of the Town Center concept or the development intensity of the SC-TC (Service Commercial – Town Center) special land use category. Therefore, staff has no recommendation regarding the advancement of this amendment.

FINDINGS

The proposed text amendment will achieve the following:

- Expand the permissibility, by approval of a Special Use Permit, of the Motor Vehicle Sales (New) use to the SC-TC (Service Commercial – Town Center) special land use category
- Introduce minimum requirements to the Special Use Permits section of the manual for the Motor Vehicle Sales (New) use
- Make the Motor Vehicle Sales (New) use condition in Title 19.04 Table 2, which limits the location of the use north of Cheyenne Avenue, consistent with the Permitted Uses – Table 1 of the Town Center Development Standards Manual

The following table summarizes all proposed changes:

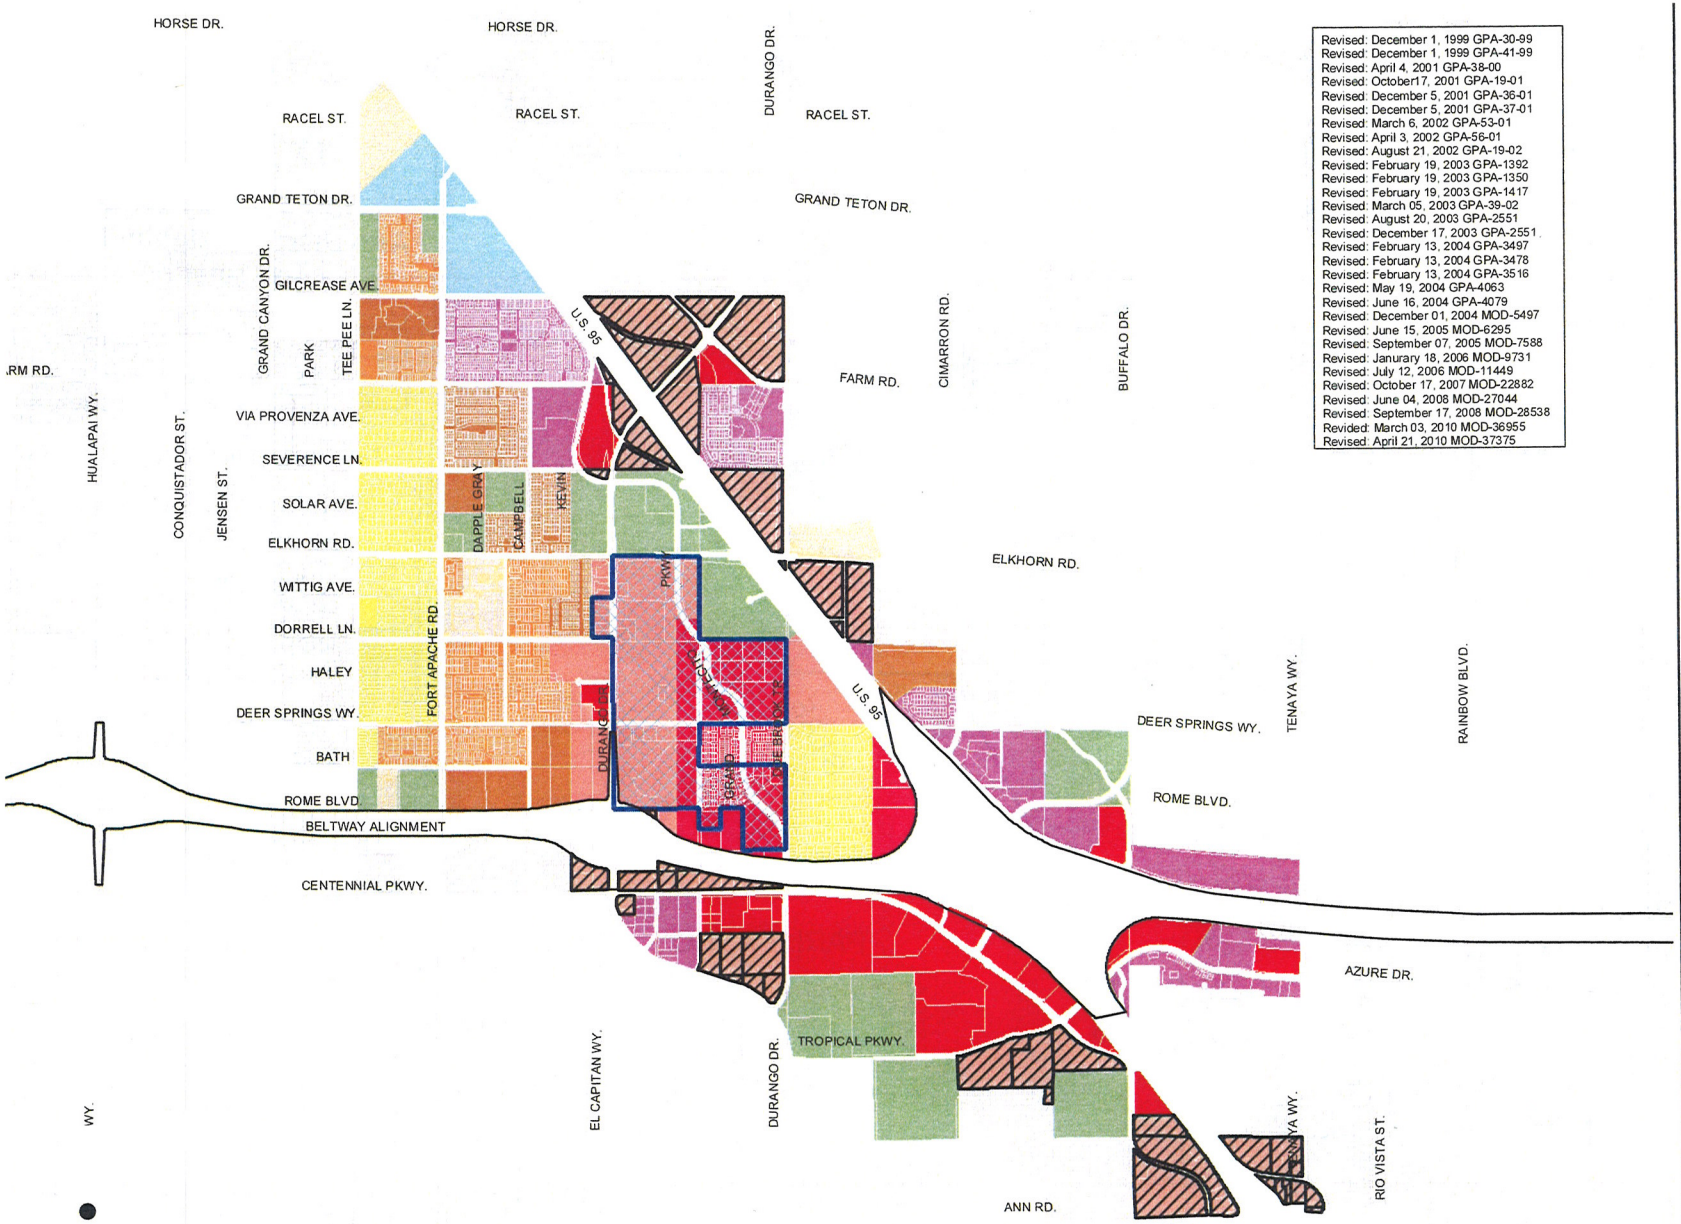

Code Requirements	Existing Regulations	Proposed Regulations
Town Center Development Standards Manual – Development Uses: Permitted Uses – Table 1	• Motor Vehicle Sales (New) use identified as a Conditional Use within the GC-TC (General Commercial – Town Center) and EC-TC (Employment Center Mixed Use – Town Center) special land use categories	• Adds Motor Vehicle Sales (New) use, identified as requiring a Special Use Permit, within the SC-TC (Service Commercial – Town Center) special land use category

Town Center Development Standards Manual – Development Uses: Special Use Permits – Minimum Requirements	• n/a	• Add minimum requirements for Motor Vehicle Sales (New) use
Title 19.04.010 Land Use Tables – Motor Vehicle Sales (New)	• Condition 8 requires that the use, located north of Cheyenne Avenue must be located in GC-TC	• Modifies Condition 8 to indicate that the use, when located north of Cheyenne Avenue, must be located in GC-TC, EC-TC, or SC-TC special land use designations of the T-C (Town Center) District

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request for discussion and possible action to amend the Downtown Centennial Plan to remove the requirement for tree grates, remove the multi-trail alignment along Eastern Avenue and to adjust the southern boundary of the 18b Las Vegas Arts District.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc.	
07/05/00	The City Council adopted the Las Vegas Downtown Centennial Plan. The Planning Commission recommended the document be adopted at its meeting on 04/27/00.
08/05/09	The City Council adopted Bill No. 2009-29, to adopt a revised Downtown Centennial Plan. The Planning Commission and staff recommended approval.
11/04/09	The City Council adopted Bill No. 2009-42, to adopt a revised Downtown Centennial Plan. The Planning Commission and staff recommended approval.
05/27/10	The Planning Commission held this case in abeyance until the June 24th, 2010 Planning Commission.

ANALYSIS

The downtown area has at least four different types of tree grates in use today. The goal of the Downtown Centennial Plan was to establish a consistent model to be used throughout downtown to provide a uniform appearance. However, several large projects have been exempt from installing them and thus the uniform appearance has not happened. Specifically, the Casino Center Boulevard and Fremont Street Streetscape improvement projects have only used crushed granite.

In addition, the Department of Field Operations, which maintains the tree grates, has reported that they are very hard to maintain. The grates reportedly are easy to break and it only takes one time for a vehicle to roll over them for a break to occur. To achieve the desired goal of a uniform appearance and to resolve the continuing maintenance issues, it would be best to not require tree grates at all. As an alternative, crushed granite will be required in place of tree grates. Graphic 13, Graphic 14 and all Streetscape Standards section will be modified to reflect this revision.

There is an error in the alignment of the multi-use trail on Map 6, Downtown Urban Pathways System. The trail alignment indicated along Eastern Avenue should be aligned along Bruce Street to the west. This adjustment will bring the Downtown Centennial Plan into conformance with the Master Plan Transportation Trails Element which identifies this trail alignment as a pedestrian path that runs along Bruce Street in the East Village District section of the Downtown Centennial Plan.

There also is an error in the southern most boundary of the 18b Las Vegas Arts District. This is reflected on Map 12 and Map 13. Four parcels were not included when the revision on January 3, 2007 took place. Two parcels along Third Street (162-03-110-024 & 162-03-110-023) and two parcels along Commerce Street (162-03-110-124 & 162-03-110-125) were mistakenly removed from these maps. This amendment will rectify this and include these lots in the official 18b Las Vegas Arts District boundaries.

FINDINGS

The proposed three amendments will accomplish the following:

1. Eliminate the requirement for tree grates and replace it with crushed granite in the Streetscape Standard sections of the Downtown Centennial Plan.

2. Bring the Downtown Centennial Plan into conformance with the Master Plan Transportation Trails Element; and

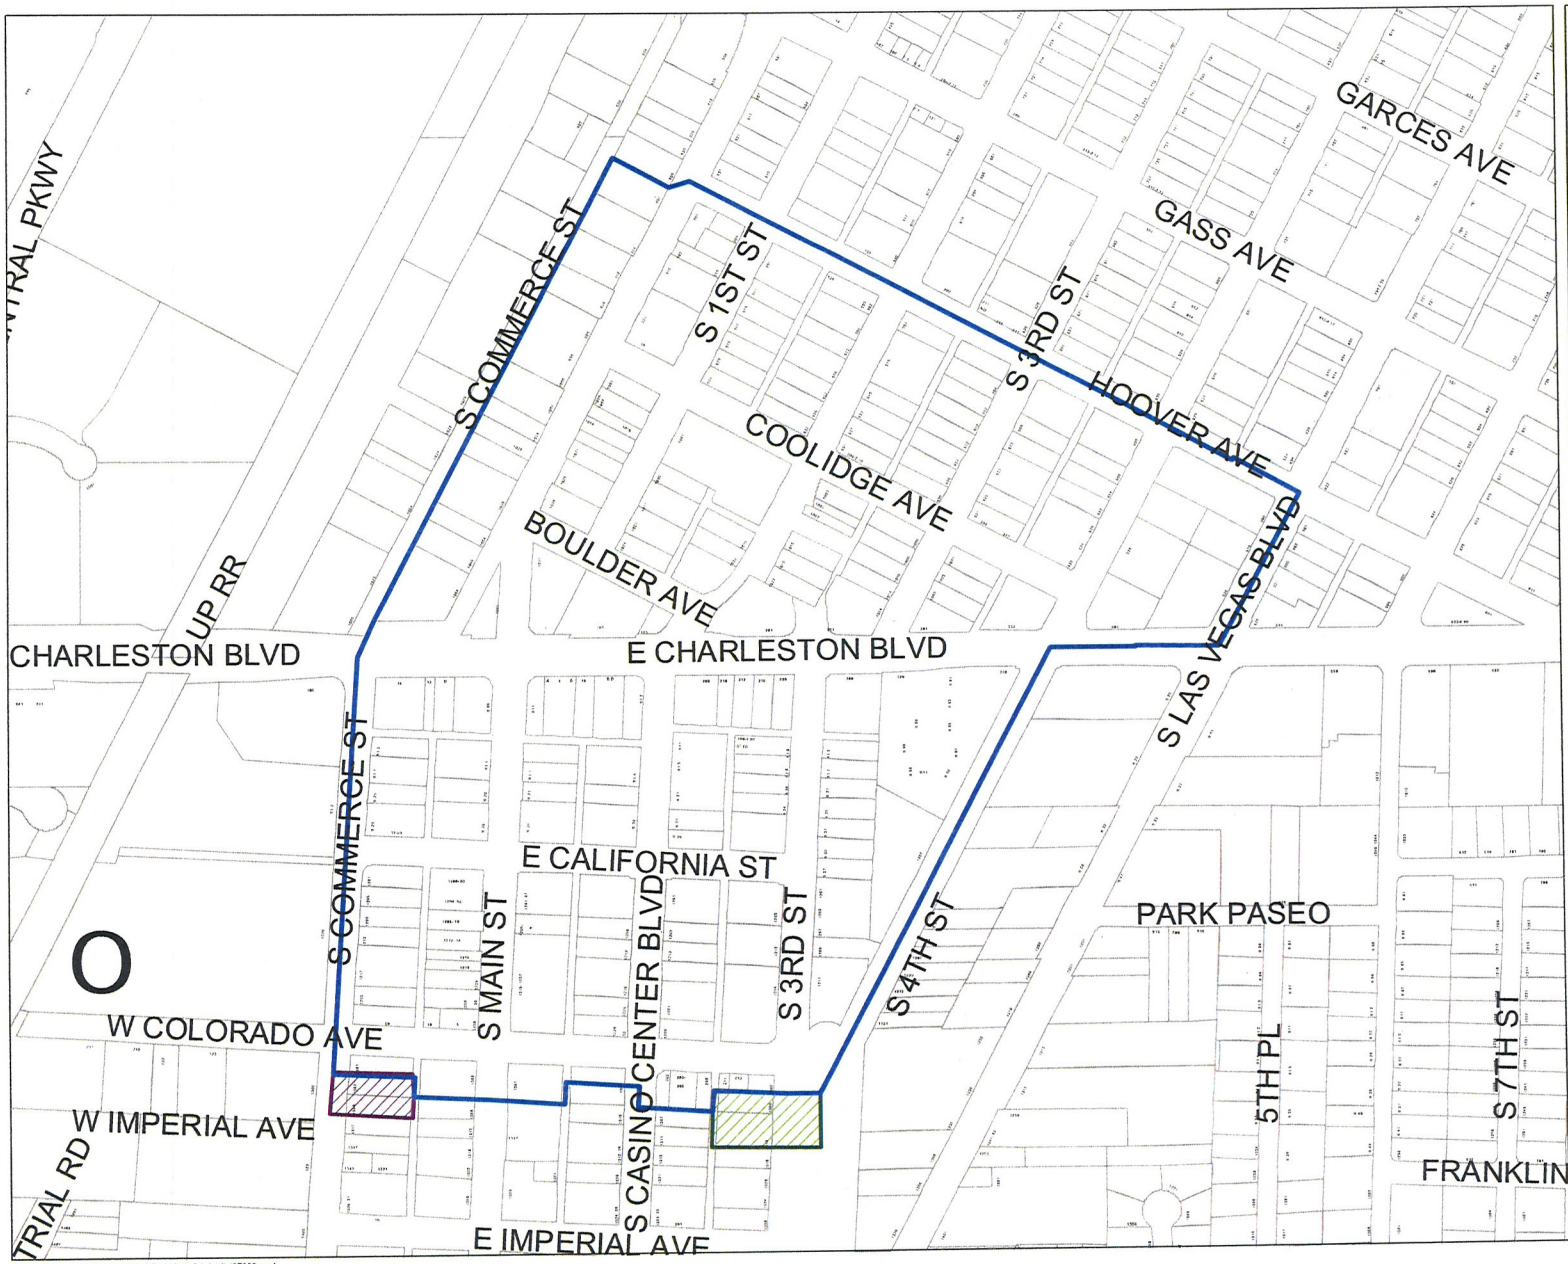

3. Reinstate four parcels into the official 18b Las Vegas Arts District boundaries that were mistakenly removed when the plan was revised in 2007.

Bumpers or tire stops shall be provided for all parking stalls heading into a sidewalk, landscaped area, street, or alley. Each shall be installed at a minimum of two-feet from the beginning of said sidewalk, landscaped area, street, or alley.

Parking spaces directly adjacent to buildings are discouraged.

h. **Parking Lot Access.**

When possible, adjacent parcels requiring access drives shall share a common centrally located access drive.

Wherever a driveway is abandoned, the owner shall remove all driveway pavement and approach, re-install curb and gutter, and landscape the area to match the adjacent landscaping/streetscape.

i. **On-Street Valet Parking.**

On-Street Valet parking is permitted within the Centennial Planning area. Requests for an on-street valet parking permit must be made in writing and shall be accompanied by a filing fee to the City Traffic Engineer. A right-of-way usage fee may also apply. The City Traffic Engineer is solely responsible for issuing on-street valet permits with conditions that are in the best interest of the City and the general safety of the public.

4. **Streetscape Standards.**

a. **Right-of-Way Improvements.**

All streets shall have a five foot amenity zone and a 10 foot wide, unobstructed sidewalk (Graphic 12).

The surface of the sidewalk should appear as a consistent pattern. At the corners, the sidewalk must ramp down to provide for handicapped access and have stamped pattern concrete (Graphic 13).

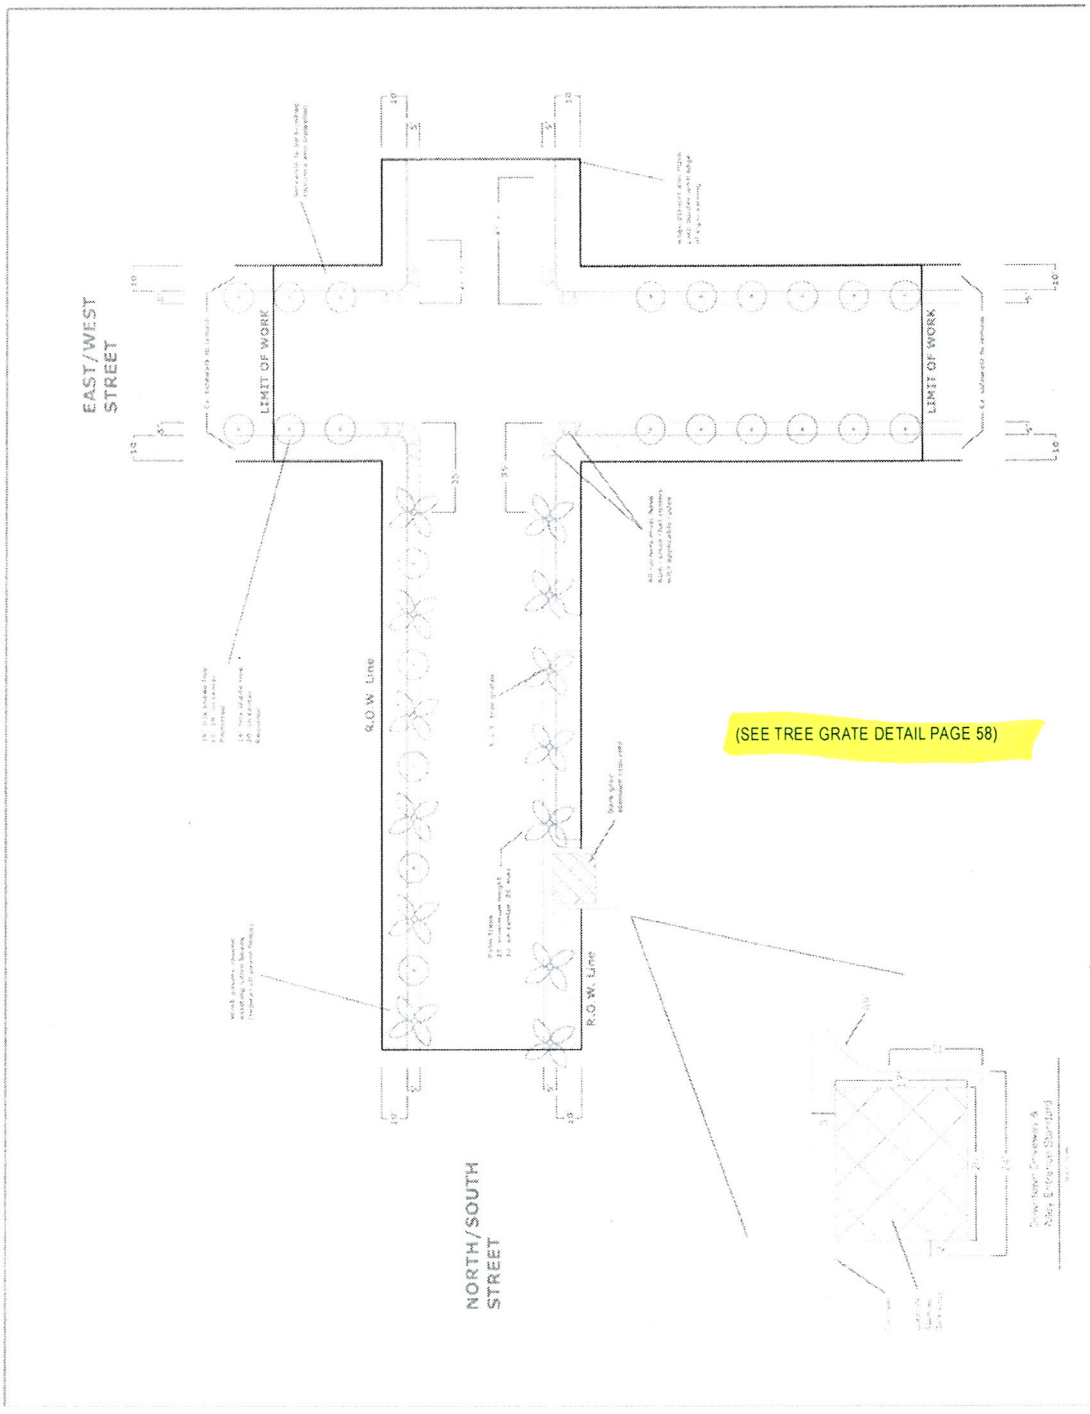

The entire 10-foot width of public right-of-way sidewalks shall not exceed a 2 percent slope.

All new developments shall provide and install light fixtures, benches, trash receptacles and tree grates in accordance with the Las Vegas Downtown Centennial Plan area models and specifications. Placement and spacing of light fixtures shall be as directed by Public Works.

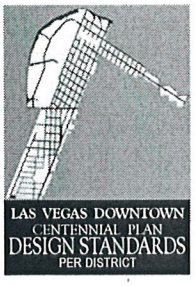

Supporting landscape and streetscape improvements shall be incorporated into the streetscape design including lighting, and other landscape elements such as freestanding planters, planter boxes and hanging baskets.

Streetlights and decorative pedestrian lights shall be incorporated into any new streetscape improvements per district standards. Overhead lights must provide the ambient light necessary for safety and traffic

RE: TCP-38255

Mr. Pistol:

This letter is in response to a request for temporary commercial permit on property at 1238 S Las Vegas Boulevard in Las Vegas with Assessor's Parcel Number of 162-03-112-012.

Planning has made a finding that the proposed special event with dunk tank is not compatible or harmonious with existing development within the surrounding area; therefore this application has been denied.

Per 19.18.100 (E) – Appeal, "any person aggrieved in connection with the inability to obtain a building permit or by the decision of any administrative officer or agency based upon or made in the course of the administration or enforcement of any provision of this Title may appeal the decision to the City Council. An appeal must be in written form and must be filed in the office of the City Clerk, with a copy to be filed in the office of the Department of Planning and Development. The appeal must be filed within ten days after the administrative decision is made and shall specifically describe the decision at issue and the basis for the appeal. The appeal shall be considered on the next available agenda of the City Council."

Re: 1238 S. Las Vegas Blvd. (TCP 38255)

Dear Mr. Lowenstein:

This letter is in response to your correspondence of May 13, 2010 to my client Raymond Pistol, concerning the denial of his request for a temporary commercial permit on the property at1238 South Las Vegas Boulevard. In your denial letter you state the following:

> Planning has made a finding that the proposed special event with dunk tank is not compatible or harmonious with existing development within the surrounding area; therefore this application has been denied.

Unfortunately, the letter does not explain how this special event is incompatible with the surrounding area. The premises in question, Talk of the Town is licensed as an adult bookstore and erotic dance establishment. While the dunk tank is clearly designed for promotional purposes, it involves no nudity toplessness or adult activity. The "incompatibility with the surrounding area" is curious in that the particular section of Las Vegas Boulevard in question, has long been rundown, populated mostly by weekly motels and wedding chapels and many vacant buildings. Moreover, the street fair that takes place right behind Talk of the Town every month at First Friday also belies the incompatibility argument.

The May 13, 2010 letter provides absolutely no explanation as to the basis for the conclusion of incompatibility. In fact, it appears totally arbitrary. This raises the troubling possibility that the decision has more to do with apparent dislike of the business itself rather than any objective standard. The fact that Talk of the Town is involved with constitutionally protected expression that certain people may find distasteful raises even greater concern.

Therefore, this letter should be considered an appeal of the May 13, 2010 denial letter, and a request for a fuller explanation of the basis of the denial. Also, please be aware that in Paragraph 3 of the May 13, 2010 letter, you misquote the appeal process set forth in Code Section 19.18.100(E) by stating:

> any person aggrieved in connection with the inability to obtain a building permit or by the decision of any administrative officer or agency based upon or made in the course of the administration or enforcement of this Title may appeal the decision to the City Council . . .

Section 19.18.100(E) actually reads as follows:

> (E) Appeal. The applicant may appeal a decision of the Director to the Planning Commission by filing a written request with the Department of Planning and Development. Any appeal pursuant to this Section must be filed within ten days after the date of the decision that is the subject of the appeal. The decision of the Planning Commission is final, unless appealed to the City Council as in the case of a Variance.

The significance is that the Code provides for a two part appeal process for a temporary commercial permit denial. The first appeal goes to the Planning Commission. Then there is the option of a further appeal to the City Council. Please let me know if you have any questions.

Very truly yours,

Allen Lichtenstein

ANALYSIS

Master Plan Update and Adoption

The Nevada Revised Statutes (NRS) require the preparation and adoption of a comprehensive, long-term general plan for the physical development of the city. For counties having a population of 400,000 or greater, like Clark County, state law requires the master plan for each government to address 18 different subject areas ranging from land use to school facilities. As of 2009 the City is now in full compliance with the adoption of all 18 elements as required by NRS.

Since last year's report a total of four elements have been updated from previous plans. These include the Transportation & Streets and Highways Element, Land Use and Rural Neighborhoods Preservation Element, Economic Element, Population Element. The department has a five year plan to update the remaining elements as well as the overall policy document. Through completion of these updates, the city will remain in compliance with all applicable state laws and will be equipped to make policy decisions that address both current and future issues.

The chart below includes a maintenance schedule for the 18 master plan elements and the policy document. Some of the subject areas having similar goals have been combined into a single document. In 2010 the schedule calls for an update to the Conservation Element. The work on these elements is underway and they are in varying stages of completion. It is also noted that work on the Historic Properties is also underway and is to be completed ahead of schedule in an effort to address legislation that was adopted during the 2009 session.

Elements Adopted/Updated in Fiscal Year 2009-2010

The Planning Department adopted/updated four elements in Fiscal Year 2009-2010 in compliance with the requirements of NRS, these elements are:

- Population Element
- Economic Element
- Safety and Seismic Safety
- Land Use and Rural Neighborhood Preservation

Elements Adopted/Updated in Fiscal year 2010-2011

In the coming fiscal year the Planning Department will be adopting/updating the following elements in compliance with NRS:

- Conservation Element
- Water Element

Goals, Objectives, and Policies Implemented in Fiscal Year 2009-2010

Additionally, the Planning Department has completed several other projects that are directly related to various Policies, Goals and Objectives of the 2020 Master Plan Policy Document. This is separate from the accomplishments related to the various elements. The hierarchy of accomplishments begins with goals, underneath the goals are the objectives, and at the base level are the policies.

Goal	Element Tied to Goal	Projects Satisfying Goal
Re-urbanization Goal 1: The Downtown area will emerge as the preeminent hub of business, residential, government, tourism and gaming activities in the City of Las Vegas and as a major hub of such activities in the Las Vegas Valley.	None as this is strictly a Policy Document Goal.	Gold Spike – Phase I MEET Building - renovation Lou Ruvo Brain Institute Golden Nugget Phase III Campos Office Building

Re-urbanization Objective 1.4: To retain, where viable, historical structures which represent the architectural, cultural and social legacy of the City of Las Vegas.	Historical Properties and Preservation Element	Floyd Lamb Park Visitors Center Berkley Square Historic District on the National Register of Historic Places Phase 1: Historic Resource Survey of the Southridge Neighborhood

Re-urbanization Objective 1.6: To provide high quality transit service including integrated bus and rapid transit, which serves the Downtown and which connects the Downtown with other employment, entertainment and shopping nodes.	Transit Element	ACE Downtown Connector ACE C Line (Connecting Downtown to the Northwest Valley)
Newly Developing Areas 3.6: To ensure that adequate amounts of park space and trail systems are designated and developed to meet or exceed national standards and standards established in the Master Plan Parks Element.	Parks and Recreation Element	Teton Trails Park – Phase 2 Dexter Park (upgrades) Hualapai Canyon Trailhead Angel Park Trailhead Rampart Trail – Phase 2 Centennial Hills Park – Phase 3
Fiscal Management Objective 6.1: To ensure that capital and operating expenditures are planned and scheduled in accordance with Long Range Planning.	None as this is strictly a Policy Document Goal.	Staff has created and is utilizing a database of all Master Plan goals, policies, and objectives that tie them to specific actions that can be tracked planned and budgeted for.
Policy	**Element Tied to Policy**	**Projects Satisfying Policy**
Neighborhood Revitalization Policy 2.3.2: That a West Las Vegas Plan provide such direction for West Las Vegas and adjacent areas.	None as this is tied to the West Las Vegas Plan.	An update of the West Las Vegas Plan was completed in July (GPA-33721).
Newly Developing Areas Policy 3.1.1: That residential developers be encouraged to provide traffic calming measures in new residential neighborhoods, and where appropriate, narrower local streets. Standards for narrower local streets shall provide adequate access for emergency vehicles and the disabled. Where possible, sidewalks should be separated from the curb by a landscaped amenity zone within the dedicated right-of-way, with a tree canopy along the sidewalk.	Community Design Element	Staff drafted a Complete Streets Resolution for consideration.

Goals, Objectives, and Policies Planned for Implementation in Fiscal Year 2010-2011

Staff is also working completion of a comprehensive rewrite of Title 19 into a Form Based Code format that is more in line with the current goals and objective of both the City and the Master Plan. The rewrite would satisfy or partially satisfy over a dozen objectives and recommendations of the Master Plan.

The following table lists several other projects that are planned to be completed or substantially finished within the fiscal year and are in conformance to the Policies, Goals and Objectives of the 2020 Master Plan capstone document.

Goal	Element Tied to this Goal	Projects Satisfying Goal
Re-urbanization Goal 1: The Downtown area will emerge as the preeminent hub of business, residential, government, tourism and gaming activities in the City of Las Vegas and as a major hub of such activities in the Las Vegas Valley.	None as this is strictly a Policy Document Goal.	Gold Spike – Phase II Kenny Law Office Mexican Consulate Neon Museum O'Rourke Office Building Valley Hospital Expansion
Fiscal Management Goal 6: The City of Las Vegas will link capital improvement programming and maintenance of operations programming with long range planning.	Public Buildings Element Public Services and Facilities Element	An update of the Master Plan and Capital Improvement Plan Integration document is in progress. This document links CIP's with the Master Plan.
Regional Coordination Goal 7: Issues of regional significance, requiring the City of Las Vegas to coordinate with other government entities and agencies within the Valley, will be addressed in a timely fashion.	Public Buildings Element Public Services and Facilities Element	Long Range Planning currently staffs many regional level committees, including those with SNRPC, RTC, Census, and other agencies.

Objective	Element Tied to this Objective	Projects Satisfying Objective
Re-urbanization Objective 1.4: To retain, where viable, historical structures which represent the architectural, cultural and social legacy of the City of Las Vegas.	Historical Properties and Preservation Element	Floyd Lamb Park Equestrian Facilities Restoration and master plan of historic Westside School Phase 2: Historic Resource Survey of the Southridge Neighborhood
Re-urbanization Objective 1.5: To bring cultural, entertainment and sports facilities that will draw patrons from across the Las Vegas Valley to the Downtown area, to provide another dimension to the attraction of Downtown Las Vegas.	Public Buildings Element	Neon Museum
Re-urbanization Objective 1.6: To provide high quality transit service including integrated bus and rapid transit, which serves the Downtown and which connects the Downtown with other employment, entertainment and shopping nodes.	Conservation Element – Air Quality Transit Element	RTC Downtown Transportation Center
Newly Developing Areas Objective 3.1: To ensure that new residential subdivisions, with the exception of areas currently designated as rural preservation neighborhoods by Nevada Statute, are developed into walkable communities, where reliance on auto trips for convenience shopping and access to education and recreation is minimized, and where development densities support transit.	None as this is strictly a Policy Document Goal.	Staff is currently in the process of completing the update of Title 19, which will include a component designed to meet this objective.
Fiscal Management Objective 6.1: To ensure that capital and operating expenditures are planned and scheduled in accordance with long range planning commitments.	Public Buildings Element Public Services and Facilities Element	Staff is updating the Master Plan and Capital Improvement Plan Integration document which links Capital Improvement projects to Long Range Planning.

Policy	Element Tied to this Policy	Projects Satisfying Policy
Neighborhood Revitalization Policy 2.1.4: That new commercial development be designed in a walkable and non-vehicular friendly manner, providing shelter from sun and wind, with outdoor seating areas and other amenities and parking areas located away from the street.	Housing Element	Ward 1 - Meadows Neighborhood consists of 600+ acres bounded by US-95 on the north, Charleston on the south, Decatur on the western border, and Valley View on the east. Ward 2 - Village Square consists of a 1/2 mile radius, centered on the intersection of Fort Apache and Sahara.
Cultural Enhancement Policy 5.1.2: That the City work with private interests and other levels of government to develop museums.	Public Buildings Element	MOB Museum Neon Boneyard Museum
Fiscal Management Policy 6.1.1: That the City monitor and coordinate capital improvement and operating maintenance expenditures with long range planning.	Public Buildings Element Public Services and Facilities Element	Long Range Planning staff participates in the CIP process to ensure that planning objectives are met.
Regional Coordination Policy 7.1.5: That the City take the necessary steps to monitor and evaluate the quality of stormwater discharge, and ensure measures are taken to improve the quality where appropriate.	Public Services and Facilities Element Water Element	Staff has a representative on the Stormwater Work Group to ensure that the goals of the City are met.

Summary

In the last fiscal year a total of five additional policies from the 2020 Master Plan Policy document were completed. This leaves a total of eight polices from the Policy Document left to complete. An update of the Policy Document is currently scheduled to begin in 2011 placing the current version on track for completion of policies on schedule with the scheduled update.

Additionally, 24 new goals, objectives, and policies were added due to adopted/updated versions of the elements. The charts below depict the accomplishments with regard to the last fiscal year.

** PROPOSED AMENDMENT **

1. Table 2 of Title 19.04.010 is hereby amended by revising the "Hotel Lounge Bar" use as follows:

USE	RESIDENTIAL												COMMERCIAL						INDUSTRIAL		
~~Hotel~~ Ancillary Lounge Bar	U	R-A	R-E	R-D	R-1	R-CL	R-2	R-3	R-4	R-5	R-MH	R-MHP	P-R	N-S	O	C-D	C-1	C-2	C-PB	C-M	M
																	S	S	S	S	S

Description:
~~A bar located in a lounge area of a hotel which has a minimum of 150 rooms, unless the City Council determines that public health, safety and welfare are not compromised by a lesser number of rooms, wherein:~~
~~1. Alcoholic beverages are served and consumed only at tables and booths located within the lounge bar area of the hotel, within a pool area, or within hotel rooms as incident to room service;~~
~~2. Persons are not permitted to purchase or obtain alcoholic beverages directly from such lounge bar;~~
~~3. No other business, trade, profession or entertainment that requires a license under Title 6 is conducted or performed in the lounge bar area; and~~
~~4. The maximum available customer seating in the lounge bar area does not exceed 75 seats.~~
~~The use does not include a bar that is ancillary to a "Non-Restricted Gaming Establishment," as defined in this Title.~~
A bar located within a building or structure whose primary use is:
1. A hotel with a minimum of 150 rooms; or
2. An approved mixed-use building with a minimum of 150 residential units.

The use does not include a bar that is ancillary to a "Non-Restricted Gaming Establishment," as defined in this title.

Minimum Special Use Permit Requirements:
1. No ~~hotel~~ ancillary lounge bar business shall be located within 400 feet of any church, synagogue, school, child care facility licensed for more than 12 children or City park.
2. Except as otherwise provided in Requirement 3 below, the minimum distances referred to in Requirement 1 shall be determined with reference to the shortest distance between two property lines, one being the property line of the proposed ~~hotel~~ ancillary lounge bar which is closest to the existing use to which the measurement pertains, and the other being the property line of that existing use which is closest to the proposed ~~hotel~~ ancillary lounge bar. The distance shall be measured in a straight line without regard to intervening obstacles. For purposes of measurement, the term "property line" refers to property lines of fee interest parcels and does not include the property line of:
   a. Any leasehold parcel; or
   b. Any parcel which lacks access to a public street or has no area for on-site parking and which has been created so as to avoid the distance limitation described in Requirement 1.
3. In the case of a proposed ~~hotel~~ ancillary lounge bar located on a parcel of at least 80 acres in size, the minimum distances referred to in Requirement 1 shall be measured in a straight line from the nearest property line of the existing use to the nearest portion of the structure in which the ~~hotel~~ ancillary lounge bar will be located, without regard to intervening obstacles.
4. When considering a Special Use Permit application for ~~a hotel~~ an ancillary lounge bar which also requires a waiver of the distance limitation in Requirement 1, the Planning Commission shall take into consideration the distance policy and shall, as part of its recommendation to the City Council, state whether the distance requirement should be waived and the reasons in support of the decision.
5. The minimum distance requirement in Requirement 1 does not apply to an establishment which has a non-restricted gaming license in connection with a hotel having 200 or more guest rooms on or before July 1, 1992, or in connection with a resort hotel having in excess of 200 guest rooms after July 1, 1992.
6. Where associated with a hotel use, alcoholic beverages shall only be served and consumed within the lounge bar area of the hotel, within a pool area, or within hotel rooms as incidental to room service. Where associated with a mixed-use residential building, alcoholic beverages shall only be served and consumed within the designated lounge bar area.
7. The maximum available customer seating in the lounge bar area shall not exceed 50 seats.
*8. No gaming related use may be allowed in conjunction with an ancillary lounge bar..
*~~6~~9. All businesses which sell alcoholic beverages shall conform to the provisions of LVMC Chapter 6.50.

On-site Parking Requirement: No additional parking required beyond that which is required for the principal use(s) on the site.

FF

2. Title 19.20.020, "Words and Terms Defined," is hereby amended as follows:

~~Hotel~~ Ancillary Lounge Bar. ~~A bar located in a lounge area of a hotel which has a minimum of 150 rooms, unless the City Council determines that public health, safety and welfare are not compromised by a lesser number of rooms, wherein;~~

~~1. Alcoholic beverages are served and consumed only at tables and booths located within the lounge bar area of the hotel, within a pool area, or within hotel rooms as an incident to room service;~~

~~2. Persons are not permitted to purchase or obtain alcoholic beverages directly from such lounge bar;~~

~~3. No other business, trade, profession or entertainment that requires a license under Title 6 is conducted or performed in the lounge bar area; and~~

~~4. The maximum available customer seating in the lounge bar area does not exceed seventy-five seats.~~

A bar located within a building or structure whose primary use is:

1. A hotel with a minimum of 150 rooms; or

2. An approved mixed-use building with a minimum of 150 residential units.

The use does not include a bar that is ancillary to a "Non-Restricted Gaming Establishment" as defined in this title.

3. LVMC Title 6 shall be amended as necessary to reflect the revisions to the Hotel Lounge Bar use.

** STAFF REPORT **

PROJECT DESCRIPTION

This is a request to amend Title 19.04 and Title 19.20 to revise and expand the definition and standards for the Hotel Lounge Bar use. The requested amendment would extend the lounge bar use to mixed-use buildings with 150 or more residential units.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
09/01/04	The City Council adopted Ordinance #5720 (TXT-3262), which modified the distance separation standards for the Hotel Lounge Bar use. The Planning Commission recommended approval of the text amendment at their 11/20/03 meeting.
10/15/08	The City Council adopted Ordinance #6008 (TXT-28053), which clarified that the Lounge Bar use and standards were not applicable to facilities associated with Non-Restricted Gaming Establishments. The Planning Commission recommended approval of the amendment at their meeting of 06/26/08.

The current use category limits the lounge bar use to non-gaming hotel facilities with a minimum of 150 rooms. As the lounge bar is intended to be secondary to the hotel use, there is a limitation of 75 seats maximum, and no gaming or entertainment are permitted. A separation distance requirement of 400 feet applies to the lounge bar use, so as to maintain adequate separation from protected uses.

ANALYSIS

The proposed amendment is intended to address a void in the range of alcohol-related uses for small-scale lounge facilities in mixed-use developments. The existing category that most closely resembles this type of facility is the Hotel Lounge Bar use. To avoid creating an additional use and license category, it is proposed that the existing Hotel Lounge Bar use category be expanded to include mixed-use buildings. The name of the use will be changed to “Ancillary Lounge Bar” to clearly identify that these types of facilities are intended to be secondary to the principal use on the site.

The Ancillary Lounge Bar use will continue to be permitted in non-gaming hotels with a minimum of 150 guest rooms, and will also be allowed in the commercial portion of mixed-use buildings with a minimum of 150 residential units. It is proposed that the maximum number of seats be reduced from 75 to 50 seats, so as to maintain an appropriately-scaled facility. Gaming will continue to be prohibited.

The 400-foot separation distance that is currently in place for the Hotel Lounge Bar use will continue to apply. The protected uses to which the separation distance applies include worship facilities, schools, day care facilities for 12 or more children, and city parks. No gaming will be permitted in conjunction with the Ancillary Lounge Bar use.

As a point of comparison, the table below offers a comparison of the existing tavern/lounge uses with the revised Ancillary Lounge Bar use:

Use	Where Permitted	Separation	Gaming
Tavern	• Citywide	• 1500’	• 15 machines
Tavern Limited	• Entertainment District	• None	• None
Urban Lounge	• Arts District	• None	• 5 machines
Ancillary Lounge Bar	• Citywide	• 400’	• None

The following table summarizes the proposed changes to the lounge bar use:

Code Requirements	Existing Regulations	Proposed Regulations
Hotel Lounge Bar Use	• Limited to non-gaming hotels with a minimum of 150 rooms	• Expanded to include mixed-use buildings with a minimum of 150 residential units • Name changed to “Ancillary Lounge Bar”
Separation Requirements	• 400’ from any church, synagogue, school, childcare facility licensed for more than 12 children, City park (may be waived)	• No change
Maximum # of Seats	• Maximum of 75 seats	• Reduce to maximum of 50 seats
Gaming	• Not permitted	• No change

FINDINGS

The proposed text amendment will achieve the following:

- Allow small-scale lounge facilities in conjunction with hotel or mixed-use developments;
- Expand the allowable commercial tenant base for mixed-use buildings; and
- Maintain a separation requirement so as to protect public welfare.
