Facilities are provided throughout City Hall for convenience of persons with disabilities. For meetings held in the Council Chambers, sound equipment is available for persons with hearing impairments. If you need an accommodation to attend and participate in this meeting, please call the DEPARTMENT DESIGNEE at (702) 229-6301 and advise of your need at least 48 hours in advance of the meeting. The City's TDD number is (702) 386-9108.

July 29, 2010
6:00 PM

ALL ITEMS ON THIS AGENDA ARE SCHEDULED FOR ACTION UNLESS SPECIFICALLY NOTED OTHERWISE. UNLESS OTHERWISE STATED, ITEMS MAY BE TAKEN OUT OF THE ORDER PRESENTED AT THE DISCRETION OF THE CHAIRPERSON.

NOTICE: This meeting has been properly noticed and posted at the following locations:

City Clerk's Bulletin Board, City Hall Plaza, 2nd Floor Skybridge
Clark County Government Center, 500 South Grand Central Parkway
Las Vegas Library, 833 Las Vegas Boulevard North
Grant Sawyer Building, 555 East Washington Avenue
Bulletin Board, City Hall Plaza (next to Metro Records)

ACTIONS: ALL ACTIONS EXCEPT GENERAL PLAN AMENDMENTS, REZONINGS AND RELATED CASES THERETO ARE FINAL UNLESS AN APPEAL IS FILED BY THE APPLICANT OR AN AGGRIEVED PERSON, OR A REVIEW IS REQUESTED BY A MEMBER OF THE CITY COUNCIL WITHIN TEN DAYS.

ANY ITEM LISTED IN THIS AGENDA MAY BE TAKEN OUT OF ORDER IF SO REQUESTED BY THE APPLICANT, STAFF, OR A MEMBER OF THE PLANNING COMMISSION AND AGREED TO BY THE PLANNING COMMISSION. THE PLANNING COMMISSION MAY IMPOSE TIME LIMITATIONS, AS NECESSARY, ON THOSE PERSONS WISHING TO BE HEARD ON ANY AGENDAED ITEM.

PLANNING COMMISSION MEETING RULES OF CONDUCT:

1. Staff will present each item to the Commission in order as shown on the agenda, along with a recommendation and suggested conditions of approval, if appropriate.

2. The applicant is asked to be at the public microphone during the staff presentation. When the staff presentation is complete, the applicant should state his name and address, and indicate whether or not he accepts staff's conditions of approval.

3. If areas of concern are known in advance, or if the applicant does not accept staff's condition, the applicant or his representative is invited to make a brief presentation of his item with emphasis on any items of concern.

4. Persons other than the applicant who support the request are invited to make brief statements after the applicant. If more than one supporter is present, comments should not be repetitive. A representative is welcome to speak and indicate that he speaks for others in the audience who share his view.

5. Objectors to the item will be heard after the applicant and any other supporters. All who wish to speak will be heard, but in the interest of time it is suggested that representatives be selected who can summarize the views of any groups of interested parties.

6. After all objectors' input has been received; the applicant will be invited to respond to any new issues raised.

7. Following the applicant's response, the public hearing will be closed; Commissioners will discuss the item amongst themselves, ask any questions they feel are appropriate, and proceed to a motion and decision on the matter.

8. Letters, petitions, photographs and other submissions to the Commission will be retained for the record. Large maps, models and other materials may be displayed to the Commission from the microphone area, but need not be handed in for the record unless requested by the Commission.

As a courtesy, we would ask those not speaking to be seated and not interrupt the speaker or the Commission. We appreciate your courtesy and hope you will help us make your visit with the Commission a good and fair experience.

BUSINESS ITEMS:

1. CALL TO ORDER

2. ANNOUNCEMENT: COMPLIANCE WITH OPEN MEETING LAW

3. ROLL CALL

4. APPROVAL OF THE FINAL MINUTES FOR THE PLANNING COMMISSION MEETING OF JUNE 24, 2010

5. Any Items from the Planning Commission, staff and/or the applicant wish to be stricken or held in abeyance to a future meeting may be brought forward and acted upon at this time.

CONSENT ITEMS:

CONSENT ITEMS ARE CONSIDERED ROUTINE BY THE PLANNING COMMISSION AND MAY BE ENACTED BY ONE MOTION. HOWEVER, ANY ITEM MAY BE DISCUSSED IF A COMMISSION MEMBER OR APPLICANT SO DESIRES.

6. EOT-38396 - EXTENSION OF TIME - VARIANCE - APPLICANT/OWNER: NEVADA POWER COMPANY - Request for an Extension of Time of a previously approved Variance (VAR-27954) TO ALLOW A 14-FOOT WALL WHERE EIGHT FEET IS THE MAXIMUM ALLOWABLE HEIGHT at 300 South Martin Luther King Boulevard (APN 139-33-202-007), C-1 (Limited Commercial) Zone, Ward 5 (Barlow).

RE: ABEYANCE - VAR-27954 - VARIANCE

Dear Mr. Dombrowski:

Your request for a Variance TO ALLOW A 14-FOOT WALL WHERE 8-FEET IS THE MAXIMUM ALLOWABLE HEIGHT at 300 South Martin Luther King Boulevard (APN 139-33-202-007), C-1 (Limited Commercial) Zone, Ward 5 (Barlow), was considered by the Planning Commission on July 10, 2008.

The Planning Commission voted to ***APPROVE*** your request, subject to the following:

1. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 05/21/08, except as amended by conditions herein.

2. This approval shall be void two years from the date of final approval, unless a certificate of occupancy has been issued or upon approval of a final inspection. An Extension of Time may be filed for consideration by the City of Las Vegas.

This action by the Planning Commission on **July 10, 2008** is final unless a written appeal is filed with the City Clerk within ten days of the date of the Planning Commission's decision or there is a review action filed by the City Council within the same time period. The Notice of Final Action was filed with the Las Vegas City Clerk on ***July 11, 2008.***

Subject: Nevada Power Company, d/b/a NV Energy, Acceptable Authorized Signatures

Dear Planning Staff:

A signature authorization letter was provided to Margo Wheeler, Director of Development Services, dated May 4, 2010 from Paul Kaleta that provided the following.

As of the date of issuance of this letter, Herbert Goforth is an Executive, Technical Services & Support of both SPPC and NPC, now d/b/a NV Energy. As of the date of issuance of this letter, Executives are authorized by senior management to sign contract commitments, expenditure approvals and disbursements on behalf of the Company up to $1,000,000.

As of the date of issuance of this letter, James R. Saavedra is Director, Land Services for both SPPC and NPC, now d/b/a NV Energy. As of the date of issuance of this letter, Directors are authorized by senior management to sign contract commitments, expenditure approvals and disbursements on behalf of the Company up to $500,000.

In addition to the above authority, certain transactions binding the Company require signature by leadership employees, as follows:

Land Services Director signature or higher is required for:
(a) Relinquishments of easement granted on private property or rights contained in government patent rights;
(b) Grants of easements; and
(c) Land use permits required by local municipalities.

Mr. Kaleta's authorization letter is in effect until May 4, 2011.

RE: ABEYANCE - SDR-27953 - SITE DEVELOPMENT PLAN REVIEW

Dear Mr. Dombrowski:

Your request for a Site Development Plan Review FOR A ELECTRIC UTILITY SUBSTATION WITH A WAIVER OF LANDSCAPE STANDARDS at 300 South Martin Luther King Boulevard (APN 139-33-202-007), C-1 (Limited Commercial) Zone, Ward 5 (Barlow), was considered by the Planning Commission on July 10, 2008.

The Planning Commission voted to ***APPROVE*** your request, subject to the following:

Planning and Development

1. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

2. All development shall be in conformance with the site plan, landscape plan, and building elevations, date stamped 05/21/08, except as amended by conditions herein.

3. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications.

Mayor
Oscar B. Goodman

City Council

Steve Wolfson
Lois Tarkanian
Steven D. Ross
Ricki Y. Barlow

City Manager
Douglas A. Selby

07101-001-06-07

EOT-38397

4. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

5. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

6. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

7. All perimeter walls must be decorative with 20 percent contrasting material and that pilasters are to be spaced a maximum of 24 feet on center.

8. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications. The technical landscape plan shall include the following changes from the conceptual landscape plan: a landscape buffer shall be included along the western property line adjacent to the neighboring residential development sufficient to provide a tree every 20 feet on-center in an approved configuration as outlined by Title 19.12.030.

9. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

10. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

11. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

12. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

13. The applicant shall coordinate with the adjacent parcel to the north to submit and receive approval from the City Council for a Review of Condition #14 of SDR-3278 to allow access to this site via the existing emergency access easement prior to the issuance of permits. If the ROC is not approved by the City Council this site plan shall be null and void and the applicant will need to obtain access through an alternative entry.

14. Provide a copy of a recorded Joint Access Agreement between this site and the adjoining parcel to the north prior to the issuance of any permits.

15. The proposed gated entry shall be designed, located and constructed to meet the intent Standard Drawing #222a. An appropriate turn around shall be constructed within the private drive and the proposed gates shall be setback a sufficient distance to allow the largest commercial vehicles accessing this site to pull completely out of the Martin L. King Boulevard right-of-way before stopping to open the gates.

16. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections. Existing obstructions, such as the block wall on the adjacent parcel to the north side of this site, shall be modified as necessary to conform to the Sight Visibility Restriction Zone Standards.

17. Meet with the Fire Protection Engineering Section of the Department of Fire Services prior to submittal of construction plans for this site. The design and layout of the access drive shall meet the approval of the Department of Fire Services.

18. An update to the previously approved Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any grading or building permits or submittal of any construction drawings, whichever may occur first. Provide and improve all drainageways as recommended in the approved drainage plan/study.

This action by the Planning Commission on **July 10, 2008** is final unless a written appeal is filed with the City Clerk within ten days of the date of the Planning Commission's decision or there is a review action filed by the City Council within the same time period. The Notice of Final Action was filed with the Las Vegas City Clerk on ***July 11, 2008.***

SUBJECT: Justification Letter for Pardee Homes Providence POD 307 Tentative Map and Waiver

Slater Hanifan Group, on behalf of the applicant, Pardee Homes of Nevada, respectfully submits this justification letter in support of the subject Tentative Map and Waiver application for the subject development. The purpose of this request is to develop a 105 lot development on approximately 20 gross acres within POD 307 of the Providence Master Development (formerly known as Cliff's Edge). The proposed layout is for all single family detached residences located at Centennial Parkway and Shaumber Road. The Assessor's Parcel Number: 126-24-410-002

The land use for POD 307 in the approved master plan is Residential Small Lot (RSL) development for up to 15 du/ac but this proposed development is more in line with the Low Density classification (<5.5 du/ac) per Cliffs Edge design guidelines. The development standards for the RSL (Mini-Lot conventional) will still be utilized for this development.

There are two waivers being requested. The first waiver is to reduce the interior street intersection offset to 66' from 125' per Section 18.12.160 of the Code. This occurs at the first street just east of the entrance of the subdivision. This is an internal private street and traffic volumes from this street should not be significant enough to have an impact on the traffic movements at this intersection. Also, at the pre-submittal meeting, Rick Schroder requested that the entrance off Centennial be shifted in order to get the street offset to 10' from the apartment complex's entrance on the south side of Centennial. This request has been met and is reflected on the tentative map. The second waiver is for a single entrance to the site instead of two for developments with more than 100 lots per Section 18.12.070 of the Code. The proposed development is only 5 lots over the single entry requirement so it's only a minor deviation. As a concession, a secondary emergency access is provided at the southeast corner of the development off of Centennial Parkway.

RE: Providence Master Plan Community
Project Plan: Tentative Map Submittal
POD: 307
Plan Date: 6/14/10

Dear Dan:

The Providence Design Review Committee (DRC) is in receipt of your Tentative Map submittal for the aforementioned POD.

The DRC approves your Tentative Map for POD 307.

Unless specifically waived, all elements within Providence must comply with the terms and conditions of the Design Guidelines and other governing documents. The approval granted herein applies only to the specific items as noted above, and does not constitute an approval of every specific element of the submittal, nor does it constitute a waiver of Providence's rights to enforce compliance with the Design Guidelines and other governing documents. Should an element of the submittal not comply with the Design Guidelines or other governing documents, and is not specifically approved, Providence reserves all of its rights with respect to enforcement of the terms and conditions of such documents as to the non-conforming element. All non-conforming elements must be specifically noted and a specific waiver must be submitted with respect thereto.

If you have any questions, please do not hesitate to contact our office.

Sincerely,
Providence Design Review Committee

Calvin Champlin
Senior Vice President of Entitlements

SUBJECT: Justification Letter for Pardee Homes Providence POD 307 Tentative Map and Waiver

Slater Hanifan Group, on behalf of the applicant, Pardee Homes of Nevada, respectfully submits this justification letter in support of the subject Tentative Map and Waiver application for the subject development. The purpose of this request is to develop a 105 lot development on approximately 20 gross acres within POD 307 of the Providence Master Development (formerly known as Cliff's Edge). The proposed layout is for all single family detached residences located at Centennial Parkway and Shaumber Road. The Assessor's Parcel Number: 126-24-410-002

The land use for POD 307 in the approved master plan is Residential Small Lot (RSL) development for up to 15 du/ac but this proposed development is more in line with the Low Density classification (<5.5 du/ac) per Cliffs Edge design guidelines. The development standards for the RSL (Mini-Lot conventional) will still be utilized for this development.

There are two waivers being requested. The first waiver is to reduce the interior street intersection offset to 66' from 125' per Section 18.12.160 of the Code. This occurs at the first street just east of the entrance of the subdivision. This is an internal private street and traffic volumes from this street should not be significant enough to have an impact on the traffic movements at this intersection. Also, at the pre-submittal meeting, Rick Schroder requested that the entrance off Centennial be shifted in order to get the street offset to 10' from the apartment complex's entrance on the south side of Centennial. This request has been met and is reflected on the tentative map. The second waiver is for a single entrance to the site instead of two for developments with more than 100 lots per Section 18.12.070 of the Code. The proposed development is only 5 lots over the single entry requirement so it's only a minor deviation. As a concession, a secondary emergency access is provided at the southeast corner of the development off of Centennial Parkway.

RE: ***Application for Special Use Permit***

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit for the addition of 74 square feet of accessory "off-sale" packaged beer, wine, and liquor at the premises of Walgreens at 900 North Rancho Drive. The location is currently operating and licensed as a drug store.

This location is zoned C-1, Limited Commercial. The proposed sale of packaged liquor will not adversely affect surrounding properties, as this store is intersected by two major thoroughfares – Rancho and Washington – and there are many commercial uses near the location. There are also other businesses in the general area that sale alcohol, so the proposed use would not be unique to the area. The location also currently complies with all other requirements pursuant to the City of Las Vegas Municipal Code.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase packaged beer, wine, or liquor for consumption off-premises. Since this use is commonly found at similar drug and retail grocery stores in Las Vegas, there would be no variable impact on other businesses by allowing Walgreens to sell alcohol for the convenience of its customers.

SUP-38239
REVISED

Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales. Additionally, the 74 square foot space devoted to packaged beer, wine, and liquor sales is less than 1% of the overall retail floor area.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties.

As Walgreens is currently operating and the addition of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit for the addition of 74 square feet of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

cc: Ms. Rebecca Lidskin

AO

** STAFF REPORT **

PROJECT DESCRIPTION

The applicant is requesting two separate Special Use Permit applications. The first application requests a Special Use Permit (SUP-37621) to add a Jewelry Store, Class III use within an existing 2,366 square-foot Auto Title Loan Establishment at 5067 East Owens Avenue. The use will allow the option to buy broken or discarded gold jewelry on premise. There is no resale of the jewelry; it is not a loan, but a purchase of the jewelry for gold. Staff recommends approval of this request, as the proposed use meets all minimum Special Use Permit requirements, and can be conducted in a manner that is compatible with the surrounding uses. If denied, the existing Auto Title Loan would remain as it is.

The second application is for a Special Use Permit (SUP-37620) Major Amendment of a previously approved Special Use Permit (SUP-19671) of an existing Auto Title Loan Establishment to allow unlimited 24-hour operations where hours of operation are limited to 8:00 a.m. to 11:00 p.m. Staff recommends denial of this request, as the proposed extension in operational hours does not meet minimum Special Use Permit requirements of the existing use, and cannot be conducted in a manner that is compatible with the surrounding uses. If denied, hours of operation of the existing Auto Title Loan would be limited to 8:00 a.m. to 11:00 p.m.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
04/18/07	The City Council approved a request for Special Use Permit (SUP-19671) for an Auto Title Loan establishment and a Waiver to allow a distance separation of 130 feet from a residential use where a minimum of 200 feet is required at 5067 East Owens Avenue. The Planning Commission recommended approval and staff recommended denial.

Most Recent Change of Ownership	
01/19/05	A deed was recorded for a change in ownership.

Related Building Permits/Business Licenses	
04/11/89	A building permit (#89020957) was issued for an interior remodel at 5067 East Owens Avenue. The project was completed on 06/21/89.

01/11/05	A building permit (#5000178) was issued for a tenant improvement at 5067 East Owens Avenue. The project was completed on 02/10/05.
04/04/07	A Code Enforcement case (#51930) was processed for a vacant building having a broken window. Code Enforcement closed the case on 04/19/07.
07/05/07	A business license application (F14-93848) was submitted for an auto title loan at 5067 East Owens Avenue. The license expired on 06/13/07.
07/05/07	A business license application (N02-00024) was submitted for non depository lender at 5067 East Owens Avenue. The license is still active.

Pre-Application Meeting	
02/25/10	A pre-application meeting was held with the applicant, where elements of submitting a Special Use Permit were discussed. Topics included: • The applicant needs to revise the site plan indicating the size of the building. A parking analysis should be incorporated onto the site plan. • The applicant was informed that a project of regional significance will be required. • If the applicant uses the same floor plan, then plans would require approval stamps upon submittal for SUP application. • The parking dimensions need to be clearly shown on the site plan. • A waiver to the hours of operation will be required because of the change in hours of operation to 24 hours.

Neighborhood Meeting
A neighborhood meeting is not required for this application, nor was one held.

Field Check	
03/18/10	A site inspection required was conducted by staff with the following observations: • The subject property was noted as a well maintained commercial building. • The building had an unpermitted banner located on the north elevation of the building. The violation has been referred to Code Enforcement.

Waivers (SUP-37620)		
Requirement	***Request***	***Staff Recommendation***
The hours of operation shall not extend beyond 8:00am to 11:00pm.	The applicant requests that the hours of operation be 24 hours a day, seven days a week.	Denial

ANALYSIS

A Jewelry Store, Class III use is defined by Title 19.20.020 as a "store which buys and sells scrap precious metals for marketing as a commodity in bar form or in other than jewelry form, or which buys and sells precious metal bars and coins that are sold as a commodity rather than for numismatic purposes. This may include operations similar to a new jewelry store." The proposed use is within the guideline of the permissible use definition. The applicant will buy used jewelry as a way to acquire gold, but no resale of jewelry is involved. Because the proposed use has a more restrictive parking requirement than the existing Auto Title Loan use, the more restrictive requirement will apply. Based on the amount of gross floor area, the site still complies with the new parking requirement.

This request is also a Project of Regional Significance, due to the proximity to a boundary with Unincorporated Clark County. An Environmental Impact Assessment was submitted as part of the Special Use Permit applications and sent to affected agencies for comment. No comments were received at the time of writing of this report. Because the proposed use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, staff recommends approval of SUP-37621.

The applicant is also requesting a Major Amendment to a previously approved Special Use Permit (SUP-19671) to extend hours of operation from the Title 19.04 requirement of 8:00 a.m. to 11:00 p.m. to a 24-hour, seven days a week facility. The adjacent commercial properties hours of operation are similar to the existing Auto Title Loan establishment's current hours of operation, and therefore a change to 24 hours would not be compatible with the adjacent uses. In addition, the applicant has presented no evidence of a unique or extraordinary circumstance as to necessitate the need to extend the hours of operation; therefore, staff recommends denial.

FINDINGS (SUP-37620)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed extended hours of operation are out of character with those of the adjacent uses. Therefore the use cannot be conducted in a manner that is harmonious and compatible with existing surrounding land uses and with the commercial uses on adjacent properties.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The subject site is physically suitable for the type and intensity of the existing Auto Title Loan use.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   Site access is provided from Owens Avenue and Nellis Boulevard, both 100-foot Primary Arterials as designated in the Master Plan of Street and Highways. These streets are of sufficient size to accommodate the needs of the existing Auto Title Loan use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   The existing use is consistent with the General Plan and will be subject to state and City of Las Vegas business and licensing requirements and will be monitored to ensure public safety and welfare is protected.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The proposed extended hours of operation do not comply with the applicable conditions per Title 19.04. The Auto Title Loan use limits the hours of operation between the hours 8:00 a.m. and 11:00 p.m.

FINDINGS (SUP-37621)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

The proposed Jewelry Store, Class III use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.

2. The subject site is physically suitable for the type and intensity of land use proposed.

The subject site is physically suitable for the type and intensity of the proposed use. The subject site provides 14 parking spaces, while the required parking is 14 spaces, based upon the site plan provided with this application.

3. Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.

Site access is provided from Owens Avenue and Nellis Boulevard, both 100-foot Primary Arterials as designated in the Master Plan of Street and Highways. These streets are of sufficient size to accommodate the needs of the proposed Jewelry Store, Class III.

4. Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.

The proposed use is consistent with the General Plan, will be subject to state and City of Las Vegas business and licensing requirements and will be monitored to ensure public safety and welfare is protected.

5. The use meets all of the applicable conditions per Title 19.04.

The proposed store complies with the Minimum Special Use Permit requirements for the use. There are no distance separation requirements for a Jewelry Store, Class III use.

RE: APN 140-29-510-021, Owens & Nellis

Dear Sir or Madam:

Please accept this letter as our request for a Special Use Permit to allow the existing Rapid Cash Payday & Auto Title Loan store to purchase gold on the premises (jewelry store, class III). Recently there have been several commercials on TV for gold purchase where the customer requests an envelope, places their broken or discarded gold jewelry in the envelope and send it to the company. In turn, the company sends the customer a check for approximately 10-15 cents on the dollar.

Rapid Cash would like to do something similar, only with more control and a better situation for the customer. The customer brings the jewelry to the store where it is weighed. The customer walks away with a check for approximately 50-55 cents on the dollar-5 times more than if they mailed it. Also, the customer has control because they actually hand it over to a person, not a post office. Also, every purchase is reported to Metro on a daily basis.

There is no resale of the jewelry; it is not a loan but a purchase of the jewelry for the gold. It will be an incidental use to the main business and is considered just another service for the customer. In addition, the applicant is requesting a major amendment to the special use permit for the financial institution, other to allow 24 hour operation at this location. Also, the parking required for this site at 1 space per 175 square feet is 13.48 spaces and the site has 14 spaces so no variance will be required. Please contact me with any questions regarding this matter. Thank you for your consideration in this matter.

Yours truly,

Lucy Stewart

** CONDITIONS **

SUP-37930 CONDITIONS

Planning and Development

1. Conformance to all Minimum Requirements under LVMC Title 19.04.010 for a Church/House of Worship use.

2. Conformance to the Conditions of Approval for Plot Plan Review and Special Use Permit (U-0139-98) shall be required, except as amended herein.

3. Approval of and conformance to the Conditions of Approval for Site Development Plan Review (SDR-37929) shall be required, if approved.

4. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

5. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

6. These Conditions of Approval shall be affixed to the cover sheet of the plan set submitted for building permit.

GK

7. All City Code requirements and design standards of all City departments must be satisfied, except as modified herein.

SDR-37929 CONDITIONS

Planning and Development

1. Conformance to the Conditions of Approval for Plot Plan Review and Special Use Permit (U-0139-98) shall be required, except as amended herein.

2. Approval of and conformance to the Conditions of Approval for Special Use Permit (SUP-37930) shall be required, if approved.

3. This approval shall be void two years from the date of final approval, unless a building permit has been issued for the principal building on the site. An Extension of Time may be filed for consideration by the City of Las Vegas.

4. All development shall be in conformance with the site plan and landscape plan date stamped 04/23/10 and the floor plan and building elevations date stamped 04/12/10, except as amended by conditions herein.

5. A Waiver from Title 19.12.040 is hereby approved to allow a landscape buffer width of two feet along a portion of the west perimeter where eight feet is required.

6. An Exception from Title 19.12.040 is hereby approved, to allow 13 trees within the west landscape buffer where 15 trees are required.

7. Prior to occupancy, all necessary building permits shall be obtained and final inspections shall be completed in compliance with Title 19 and all codes as required by the Building and Safety Department.

8. These Conditions of Approval shall be affixed to the cover sheet of the plan set submitted for building permit.

9. The applicant shall work with city staff to determine the most appropriate mapping action necessary to consolidate the existing lots. The mapping action shall be completed and recorded prior to the issuance of any building permits.

10. A technical landscape plan, signed and sealed by a Registered Architect, Landscape Architect, Residential Designer or Civil Engineer, must be submitted prior to or at the same time application is made for a building permit. A permanent underground sprinkler system is required, and shall be permanently maintained in a satisfactory manner; the landscape plan shall include irrigation specifications.

11. Pre-planting and post-planting landscape inspections are required to ensure the appropriate plant material, location, size of planters, and landscape plans are being utilized. The Planning and Development Department must be contacted to schedule an inspection prior to the start of the landscape installation and after the landscape installation is completed. A certificate of occupancy will not be issued or the final inspection will not be approved until the landscape inspections have been completed.

12. Reflective glazing at the pedestrian level is prohibited. Glazing above the pedestrian level shall be limited to a maximum reflectance rating of 22% (as defined by the National Institute of Standards and Technology).

13. All mechanical equipment, air conditioners and trash areas shall be fully screened in views from the abutting streets.

14. All utility boxes exceeding 27 cubic feet in size shall meet the standards of LVMC Title 19.12.040.

15. Parking lot lighting standards shall be no more than 30 feet in height and shall utilize downward-directed lights with full cut-off luminaries. Lighting on the exterior of buildings shall be shielded and shall be downward-directed. Non-residential property lighting shall be directed away from residential property or screened, and shall not create fugitive lighting on adjacent properties.

16. A fully operational fire protection system, including fire apparatus roads, fire hydrants and water supply, shall be installed and shall be functioning prior to construction of any combustible structures.

17. All City Code requirements and design standards of all City Departments must be satisfied, except as modified herein.

Public Works

18. Coordinate with the Building and Safety Department to determine if existing lot lines are in conflict with the new proposed structure. If it is determined that a mapping or other lot consolidation is required, coordinate with the City Surveyor to determine the most appropriate lot consolidation method.

19. Construct half-street improvements on Kraft Avenue adjacent to this site and extend widened pavement east to eliminate the potential for a "saw tooth" condition on Kraft Avenue concurrent with the first phase of development for this site. Extend all required underground utilities, such as electrical, telephone, etc., located within public rights-of-way, past the eastern boundary of this site prior to construction of hard surfacing (asphalt or concrete).

20. Remove all substandard public street improvements on Lone Mountain Road adjacent to this site with the first phase of this development, if any, and replace with new improvements meeting current City Standards concurrent with development of this site. All existing paving damaged or removed by this development shall be restored at its original location and to its original width concurrent with development of this site.

21. Contact the City Engineer's Office at 229-6272 to coordinate the development of this project with the Gowan Outfall Lone Mountain Branch: Rancho to Decatur project and any other public improvement projects adjacent to this site. Comply with the recommendations of the City Engineer.

22. All landscaping and private improvements installed with this project shall be situated and maintained so as to not create sight visibility obstructions for vehicular traffic at all development access drives and abutting street intersections.

23. A Drainage Plan and Technical Drainage Study must be submitted to and approved by the Department of Public Works prior to the issuance of any building or grading permits or submittal of any construction drawings, whichever may occur first. Provide and improve all drainageways recommended in the approved drainage plan/study. The developer of this site shall be responsible to construct such neighborhood or local drainage facility improvements as are recommended by the City of Las Vegas Neighborhood Drainage Studies and approved Drainage Plan/Study concurrent with development of this site.

** STAFF REPORT **

PROJECT DESCRIPTION

The subject site consists of two lots totaling 3.14 acres at 6341 West Lone Mountain Road. Currently, one lot is undeveloped while the other consists of a 2,714 square foot church. The applicant is proposing to expand the existing church to 26,897 square feet with a 24,183 square-foot addition. This request will increase the building area, required landscaping, and required parking; therefore, a Major Amendment to the approved Plot Plan Review and Special Use Permit (U-0139-98) is required. The proposed addition will extend onto an undeveloped lot to the west, and will provide a new sanctuary and associated facilities for the existing church. The applicant is requesting a waiver and exception from the Perimeter Landscape Buffer Standards. The addition substantially complies with Title 19 requirements except for the requested Waiver and Exception. The Waiver and Exception are minor in nature and are mitigated by the additional landscaping added around the perimeter of the site; therefore, staff is recommending approval of this request. If denied, the proposed addition would not be permitted and the existing Church/House of Worship would remain.

ISSUES

- A condition of approval has been added to require that the subject site be remapped to consolidate the two lots.
- A Special Use Permit (SUP-37930) is required to allow the expansion of the Church/House of Worship use. As proposed, the Church/House of Worship use will expand to 26,897 square feet.
- A Site Development Plan Review (SDR-37929) is required for the proposed 24,183 square-foot multipurpose building.
- A Waiver of Title 19 Perimeter Landscaping Standards is required to allow a two-foot landscape buffer along a portion of the west perimeter where eight feet is required.
- An Exception of Title 19 Perimeter Landscaping Standards is required to allow 13 trees within the west perimeter where 15 trees are required.

BACKGROUND INFORMATION

Related Relevant City Actions by P&D, Fire, Bldg., etc	
05/28/96	The Board of Zoning Adjustment approved a request (U-0038-96) for a two story, 4,700 square foot Church/House of Worship at 6341 West Lone Mountain Road. Staff recommended approval.
01/11/99	The City Council approved a request for a Special Use Permit (U-0139-98) for a 5,240 square foot sanctuary and a 2,170 square foot fellowship hall at 6341 West Lone Mountain Road. Planning Commission and staff recommended approval.
06/19/07	A Code Enforcement citation (54547) was issued for feeding hundreds of pigeons at 6341 Lone Mountain Road. The citation was closed by Code Enforcement on 06/20/07.
03/19/10	A request for a technical review of a one lot parcel map (PMP-37721) on 3.12 acres located at the southeast corner of Lone Mountain Road and Torrey Pines Drive was submitted. The Planning and Development department approved the review on 04/10/10. The parcel map has not been released for mylar.

Most Recent Change of Ownership	
06/17/98	A deed was recorded for a change in ownership for APN 138-02-501-002.
03/06/06	A deed was recorded for a change in ownership for APN 138-02-501-014.

Related Building Permits/Business Licenses	
10/04/99	A building permit (99019276) was issued for grading at 6341 West Lone Mountain Road. The permit was finaled on 02/09/01.
01/04/00	A building permit (127) was issued for a church certificate of occupancy at 6341 West Lone Mountain Road. The permit was finaled on 07/28/00.
06/21/00	A building permit (11907) was issued for a chain link fence at 6341 West Lone Mountain Road. The permit was finaled on 12/29/00.
07/25/00	A building permit (13917) was issued for a trash enclosure at 6341 West Lone Mountain Road. The permit was finaled on 12/29/00.
10/04/00	A building permit (124) was issued for onsite improvements and hardscapes at 6341 West Lone Mountain Road. The permit was finaled on 06/30/01.
11/20/00	A building permit (21152) was issued for a 35-foot tall flag pole at 6341 West Lone Mountain Road. The permit was finaled on 12/21/00.
01/09/04	A building permit (4000463) was issued for a CLV block wall at 6341 West Lone Mountain Road. The permit expired on 08/07/04.
12/27/05	A building permit (55448) was issued for a CLV block wall at 6341 West Lone Mountain Road. The permit has not been finaled.
01/11/06	A building permit (57599) was issued for a CLV block wall and chain link fence at 6341 West Lone Mountain Road. The permit has not been finaled.

03/21/06	A building permit (6002175) was issued for plumbing work at 6341 West Lone Mountain Road. The permit expired on 09/23/06.
06/03/08	A building permit (116742) was issued for a patio cover at 6341 West Lone Mountain Road. The permit was finaled on 03/04/09.
10/06/08	A building permit (125617) was issued for electrical work to a patio cover at 6341 West Lone Mountain Road. The permit has not been finaled.
08/04/09	A building permit (143268) was issued for a tenant improvement certificate of occupancy. The permit was finaled on 03/08/10.

Pre-Application Meeting	
04/01/10	The following items were discussed at the pre-application meeting: • A Major Amendment to an approved Plot Plan Review (U-0139-98) is required to expand the existing Church/House of Worship building. • A Major Amendment to an approved Special Use Permit (U-0139-98) is required to expand the existing Church/House of Worship use. • Residential Adjacency standards are applicable, as R-1 residences are adjacent to the west property line. • A mapping action is required to combine the two existing lots.

Neighborhood Meeting
A neighborhood meeting is not required, nor was one held.

Field Check	
04/22/10	A field check was completed on the indicated date. The following items were noted: • Staff observed a well maintained lot.

ANALYSIS

The existing Sikh Temple is located on a 3.14-acre site at 6341 West Lone Mountain Road. The existing site is divided into two separate parcels. A condition of approval has been added requiring a reversionary map to be completed prior to issuance of building permits. The site plan indicates an existing 2,714 square-foot Church/House of Worship, which includes an 872 square-foot gathering room and a proposed 24,183 square-foot addition with a 5,230 square-foot gathering room. The overall square-footage totals 26,897 square feet. The applicant is proposing a total of 91 parking spaces, which is adequate for both the existing and proposed Church/House of Worship use. The applicant indicates that phasing of the project will occur. The first phase will total 10,953 square feet and include a sanctuary, vestibule, kitchen, and site work. The second phase will include the remaining 13,230 square feet and include an expanded sanctuary, office space, and a classroom for Sunday school.

The overall site is accessed by Lone Mountain Road, designated as a 100-foot wide Primary Arterial by the Master Plan of Streets and Highways. The elevations indicate a total height of 29 feet. Portions of the new Church/House of Worship project beyond the permitted 35-foot height requirement. These areas which extend beyond 35 feet are architectural features which do not contain any floor area. Pursuant to Title 19.08.060, institutional symbols for Churches/House of Worship may extend into any required setback area and are exempt from the maximum height provisions provided that they are clearly shown as a part of a Site Development Plan Review, thereby making the dome conforming to Title 19.08 requirements.

The site complies with all Title 19 requirements with the exception of required landscaping. Per Title 19.12, a perimeter landscape buffer of eight feet must be provided along all interior property lines. Submitted plans depict a two-foot landscape buffer along a portion of the west property line, which is a six-foot deviation from standard. Also, the applicant is requesting an Exception along the west perimeter buffer to allow 13 trees where 15 trees are required. Staff can support the requested Waiver and Exception requests, as they are minor in nature, and will have minimal impact on the adjacent surrounding properties. In addition, the development is mitigating the deficiencies along the west perimeter buffer with additional perimeter landscaping totaling 48 trees where only 41 trees are required; therefore, staff is recommending approval.

GK

FINDINGS (SUP-37930)

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.**

   The proposed expansion of the existing use is compatible with the L (Low Density) land use designation and surrounding uses in the area.

2. **The subject site is physically suitable for the type and intensity of land use proposed.**

   The proposed expansion of the existing Church/House of Worship will be located on the existing site, which is suitable for the type and intensity of the land use proposed.

3. **Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.**

   The overall site is accessed by Lone Mountain Road, designated as a 100-foot wide Primary Arterial by the Master Plan of Streets and Highways, which is adequate to support the expansion of the Church/House of Worship use.

4. **Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.**

   Approval of this Church/House of Worship use will not compromise public health, safety, or welfare as the Church/House of Worship will be subject to regular inspections.

5. **The use meets all of the applicable conditions per Title 19.04.**

   The Church/House of Worship use complies with the conditions per Title 19.04.

FINDINGS (SDR-37929)

In order to approve a Site Development Plan application, per Title 19.18.050 the Planning Commission and/or City Council must affirm the following:

1. **The proposed development is compatible with adjacent development and development in the area;**

The proposed addition to the existing Church/House of Worship complies with residential adjacency requirements and is adequately landscaped, thereby being compatible with adjacent development and development in the area.

2. **The proposed development is consistent with the General Plan, this Title, the Design Standards Manual, the Landscape, Wall and Buffer Standards, and other duly-adopted city plans, policies and standards;**

   The proposed development is consistent with the General Plan and Title 19 with the exception of some Perimeter Landscape Buffer standards; however the requested Waiver and Exception are minimal in nature. The remainder of the on-site landscaping meets or exceeds minimum requirements.

3. **Site access and circulation do not negatively impact adjacent roadways or neighborhood traffic;**

   The overall site is accessed by Lone Mountain Road, designated as a 100-foot wide Primary Arterial by the Master Plan of Streets and Highways, which is adequate to support the site.

4. **Building and landscape materials are appropriate for the area and for the City;**

   The proposed landscape materials, as conditioned, are appropriate for the area and for the City.

5. **Building elevations, design characteristics and other architectural and aesthetic features are not unsightly, undesirable, or obnoxious in appearance; create an orderly and aesthetically pleasing environment; and are harmonious and compatible with development in the area;**

   The proposed building elevations will be harmonious with the existing Church/House of Worship and will be compatible with adjacent residential developments by adhering to residential adjacency requirements.

6. **Appropriate measures are taken to secure and protect the public health, safety and general welfare.**

   The proposed addition to the existing Church/House of Worship will be subject to final Building and Safety and Planning and Development inspections; therefore this development will not compromise the public health, safety or welfare.

March 15, 2010 Revised April 23, 2010

City of Las Vegas
Planning & Development
731 S. Fourth Street
Las Vegas, NV 89101

Subject: ***Gurdwara Baba Deep Singh (Sikh Temple) 6341 W Lone Mountain Road Site Development Plan Review, Special Use Permit for Extension and Waiver in Development Standards***
APN Numbers 138-02-501-002 & 138-02-501-014

To Whom It May Concern:

On behalf of Las Vegas Sikh Community, we respectfully submit the subject application for your consideration. The proposed site currently Zoned R-E is approximately 3.12 Acre, generally located on 6341 W Lone Mountain Road and is bordered by a Baptist Church and Single Family Residence to the East, A Vacant Lot and Four Single Family Residences to the West, Lone Mountain Road to the North and Kraft Avenue to the South.

We intend to extend the existing Sikh Temple as necessitated by the growth of Sikh Community in Las Vegas area. The extension includes Building of approx. 5,300 sq. ft prayer hall. Ancillary facilities to the religious activities such as formal education programs, community kitchen and other recreational as well as social activities will constitute total proposed building area of approximately 24,200 sq. ft. The proposed extension shall be undertaken two phases as shown on plans. The proposed extension justifies Title 19 requirements in the following manner-

1) The site is suitable for type and intensity of the land use proposed.
2) The Proposed development is compatible with the Current Zoning and adjacent development
3) Site is directly accessed from Lone Mountain Road and do not negatively impact adjacent roadways and /or traffic. Onsite circulation also meets fire department standards
4) Building and landscaping materials are intended to blend with the surroundings.
5) Building design will create an aesthetically pleasing and desirable structure in the neighborhood
6) The overall design will meet with the public health, safety, welfare to the surrounding area as well as meet overall objectives of the City's General Plan, Policies and Standards.

A waiver in development standards is also requested for an existing concrete sidewalk, in the landscape area on west side of property, leading to the existing opening in the wall into the residence where the priest is living. A gate will be added in the opening.

Should you have any further questions, please do not hesitate to call at 702-287-0347

Sincerely,
Gurdwara Baba Deep Singh, Inc.

Re: Gurdwara Baba Deep Singh (Sikh Temple) 6341 W Lone Mountain Road

Attn: Mr. Greg Kapovich

Per our telephone conversation this morning, it is respectfully requested by the Board of Directors of the owner, Gurdwara Baba Deep Singh Jl (Shaheed), that adgenda items #44 (SUP-37930 - Special Use Permit) & #45 (SDR-37929 - Site Development Plan Review) of the May 27th, 2010, Planning Commission Meeting, be held in Abeyance until the 07/29/2010 meeting, in order to allow revisions and possible re-design to plans for this facility, prior to proceeding. This decision was made by the Owner's newly appointed administration.

I trust that this request will be granted with the understanding that additional notification fees will be required upon re-submittal of the new plans.

Sincerely,

Lee A Bigelow

Public Hearing Information

Meeting:	Planning Commission
Date:	***May 27, 2010***
Time:	6:00 P.M.
Location:	City Council Chambers 400 Stewart Avenue Las Vegas, Nevada

Any and all interested persons may appear before the City Planning Commission either in person or by representative and object to or express approval of this request; or may, prior to this meeting, file a written objection thereto or approval thereof with the Planning and Development Department, Development Services Center, 731 South Fourth Street, Las Vegas, Nevada 89101. Final Action on General Plan Amendments and Rezonings will be determined by the City Council. Other public hearing items may be decided Finally by the Planning Commission or forwarded to the City Council. The date of the City Council meeting, if applicable, will be announced at the Planning Commission meeting after the discussion of said items. For further information, including the full staff report, please call (702) 229-6301 (TDD 386-9108) or go to http://www.lasvegasnevada.gov.

Re: SUP-37930 & SDR-37929

This petition from the residents of Sierra Highlands and Eagle Trace residential tracts is to file a **strong formal protest** to the above actions.

In our opinion this is excessive in height for a residential area as well as big enough to house a casino. Many of the residents fought similar requests when they were made by the Canyon Ridge Christian Church. **NO EXCEPTIONS SHOULD BE MADE FOR THE SIKH TEMPLE.** Based on what appears to be minimal usage currently, these requests are excessive and inconsiderate of the surrounding residential community. Additionally, these requests indicate that a great deal of additional traffic would be imminent.

SDR 37929
Gurdwara Baba Deep Singh, Inc.

6341 W. Lone Mountain Rd.

Proposed 24.183 square foot expansion of an existing house of worship.

Traffic produced by proposed development:

Existing Use	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	CHURCH [1000 SF]	2.714	9.11	25
AM Peak Hour			0.56	2
PM Peak Hour			0.55	1

Proposed Addition	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	CHURCH [1000 SF]	24.183	9.11	220
AM Peak Hour			0.56	14
PM Peak Hour			0.55	13

Existing with Addition	DESCRIPTION	#UNIT	RATE/# UNIT	TOTAL
Average Daily Traffic (ADT)	CHURCH [1000 SF]	26.897	9.11	245
AM Peak Hour			0.56	15
PM Peak Hour			0.55	15

Existing traffic on all nearby streets:

Lone Mountain Rd.	
Average Daily Traffic (ADT)	11,350
PM Peak Hour (heaviest 60 minutes)	908

Rancho Rd.	
Average Daily Traffic (ADT)	39,275
PM Peak Hour (heaviest 60 minutes)	3,142

Torrey Pines Dr.	
Average Daily Traffic (ADT)	5,425
PM Peak Hour (heaviest 60 minutes)	434

Traffic Capacity of adjacent streets:

Adjacent Street ADT Capacity	
Lone Mountain Rd.	34,500
Average Daily Traffic (ADT)	51,800
Torrey Pines Dr.	16,300

This addition is expected to add 220 trips per day on Lone Mountain R., Rancho Rd. and Torrey Pines Dr. This will increase volumes roughly 2% on Lone Mountain Rd., 1% on Rancho Rd. and 4% on Torrey Pines Dr. Currently, Lone Mountain Rd. and Torrey Pines Dr. are at about 33 percent of capacity and Rancho Rd. is at about 76 percent of capacity.

Based on Peak Hour use, this development will add into the area roughly 2 additional cars each 9 minutes.

Note that this report assumes all traffic from this development uses all named streets.

RE: Application GPA-38525
Assessors Parcel Number 138-12-111-003, 004, and 005

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the General Plan Designation of this site to PF (Public Facility). Please call me at 229-6882 with any questions.

Sincerely,

Andrew P. Reed

Re: **3810 North Jones Boulevard, Las Vegas, Nevada**
Application for Special Use Permit
Justification Letter

Ladies and Gentlemen:

This firm represents the Federal Deposit Insurance Corporation as Receiver for Community Bank of Nevada ("FDIC-R"), the record owner of the above referenced real property and applicant hereunder. This Justification Letter is sent in support of the Application of the FDIC-R. The special use permit for which application is made is required in order to authorize the continued use of this property as a self-service carwash facility. The previously non-conforming use of the site expired January 27, 2010, one year after the expiration date of the last business license for this use. The business license expired as a result of the foreclosure by the Community Bank of Nevada of this property, which occurred June 6, 2008. The site was annexed by the City of Las Vegas in its current configuration in 2001.

The property in question consists of an approximately 0.80 acre tract of land located on the east side of North Jones Boulevard. The property has been improved with a one-story building which contains self-service carwash bays and a maintenance room. Additional site improvements include asphalt parking and drives, a perimeter block wall and a canopy covered vacuum use structure together with areas of landscaping. The improvements to this property were constructed in 1999.

The current zoning of C-1 (Limited Commercial) is not consistent with the current General Plan designation of DR (Desert Rural). A General Plan Amendment is required to

SUP-38590

RECEIVED
JUN 15 2010
City of Las Vegas

amend the designation to SC (Service Commercial). A neighborhood meeting is scheduled for June 29, 2010 as part of this application.

The FDIC-R desires to market and sell the property to a purchaser who would use the property as a self-service carwash, essentially continuing the same use as has previously existed on this property since its construction in 1999. The FDIC-R requests that a special use permit be issued which will reinstate and allow the continued historic use of the property as a self-service carwash.

FDIC-R is informed and believes that the previous owner employed no more than three employees who operated this business and its hours of operation were between 7:00 a.m. and 10:00 p.m., seven days a week. It is anticipated that this staffing level (perhaps increased to no more than five employees) and the hours of operation would be continued. The real property has access directly from North Jones Boulevard. In addition, we request waivers of the minimum special use permit requirements that opening to the wash bays shall not face the public rights-of-way, that the use not be located within 200 feet of residential property unless separated by a street, or that the use be operated in conjunction with other motor vehicle related uses. The only use of this parcel will be as a coin-operated carwash. The parcel is separated by a block wall from residential property which is nearby, as shown on the site maps. Openings to carwash bays on the property will be closed when not in use.

Any other use of this property would require that the improvements which have been in existence for more than 10 years be demolished and expensive reconstruction would be required for any other use. To the best of our knowledge, this property has been used as a self service carwash continuously without objection as to such use from surrounding property owners since it was first constructed. It is therefore requested that the use be continued to be approved through the issuance of the special use permit requested herein to reestablish this self-service carwash use.

Attachments to the Application include the following:

Attachment A consists of nineteen (19) black and white and one (1) color copies of the site plan, which was obtained from the Clark County Building Department, and on file with that Department in connection with the original application for construction. In addition, Attachment A consists of photographs showing the improvements to the property as currently existing as of June 14, 2010 (nineteen (19) black and white and one (1) color). In light of the fact that the improvements were constructed in 1999 and the current owner acquired the Property through foreclosure, a complete set of drawings is only available through the Clark County Building Department, and Applicant respectfully requests that this submission will be deemed satisfactory to show the dimensions, elevations and landscaping of the project, as constructed.

Attachment B is Ordinance Number 5277, approving the annexation of this property by the City of Las Vegas, recorded on January 11, 2001.

Attachment C is the assessor's parcel map showing the location of the subject property and designation of assessor's parcel number.

Attachment D is the Trustee's Deed Upon Sale, showing title to the property in Community Bank of Nevada, as well as the legal description.

Attachment E is the Order Appointing the FDIC as Receiver for Community Bank of Nevada and acceptance of the appointment.

Attachment F is a letter from Linda Yium authorizing execution and submission of this Application by Eleissa C. Lavelle, Esq., of the law firm of Duane Morris, LLP, as counsel for FDIC-R in this matter, and the engagement letter executed by Ken Pearson on behalf of FDIC-R, authorizing engagement of Eleissa C. Lavelle, Esq. and the law firm of Duane Morris, LLP as counsel for FDIC-R in this matter.

Attachment G is the Statement of Financial Interest.

Should you have any questions or require any further information, please let us know.

Very truly yours,

Eleissa C. Lavelle, Esq.

RE: **Community Bank of Nevada**
Owned Real Estate (ORE)

To whom it may concern:

CB Richard Ellis has been retained by the FDIC to manage and sell the owned real estate (ORE) assets from the Community Bank of Nevada receivership. Please see the attached press releases.

CB Richard Ellis has subsequently engaged Eleissa C. Lavelle, Esq with Duane Morris LLP to assist in obtaining permits for the operation of the 3810 N. Jones Blvd, Las Vegas, NV property as a car wash and to provide additional legal services as required for the real estate. CB Richard Ellis has authorized Eleissa C. Lavelle with Duane Morris LLP to perform the following services for the Community Bank of Nevada asset, 3810 N. Jones Blvd, Las Vegas, NV: obtain permits as required for the operation of the property as a car wash and other legal services for the management, marketing, and disposition of this property.

I am the asset manager for 3810 North Jones Blvd, Las Vegas, NV from the Community Bank of Nevada receivership. Please feel free to contact me with questions or for additional information.

Thank you,

Linda Yium

Attention: Linda Yium, Asset Manager

Re: Federal Deposit Insurance Corporation ("FDIC")/Community Bank of Nevada – 3810 N. Jones Blvd., Las Vegas, Nevada (the "Property") – Legal Services Pertaining to Permitting and Property Use.

Dear Mr. Pearson:

We are writing to confirm our firm's engagement by CB Richard Ellis, Inc. ("CBRE") on behalf of the Federal Deposit Insurance Corporation, receiver of Community Bank of Nevada, to assist in obtaining permits as required for the operation of the Property as a car-wash, and to provide other legal services as may be required and ordered by you in connection with the management, marketing and disposition of the Property. By entering into this Agreement, we represent that our law firm is on the FDIC's list of Legal Counsel Approved (LCA). Based on a review of our current client list and our understanding of the scope of this assignment, our engagement will not create a conflict of interest with respect to the FDIC, CB Richard Ellis or any of the other clients that we represent and services we provide.

Fees for our services will be charged based on the reduced hourly rates approved by the FDIC, and reflected in the attached Legal Services Agreement Rate Schedule, which is made a part of this Agreement. Our hourly rates are subject to change from time to time as may be approved by the FDIC.

A budget of $10,000.00 has been proposed for the initial services required under this engagement, subject, however, to change as the matter progresses. In no event shall our charges for this representation exceed $50,000 without prior written authorization from you.

RECEIVED
JUN 15 2010
SUP-38590
City of Las Vegas

DuaneMorris

All reasonable out-of-pocket costs actually incurred by us in providing services under this agreement, including, but not limited to, filing and other court fees (as may be required); photocopying; long distance phone calls; postage; courier service; document preparation fees; fax transmissions and receptions; and travel expenses, will be reimbursed to you at our reasonable cost, and as may otherwise be allowed consistent with our agreement with the FDIC. We estimate the cost of reimbursable out-of-pocket costs for this engagement, will not exceed $1,500.00, subject, however, to change as the matter progresses.

Our findings and progress on this assignment will be regularly communicated to you and/or to your designated representatives. Copies of significant correspondence and other materials will also be provided to keep you apprised of progress and developments during this engagement. In addition, we are always pleased to respond to any questions you may have regarding our services and the costs for such services.

Detailed statements indicating the services rendered and any costs advanced will be submitted to CBRE on a monthly basis. Statements are to be paid in full within 60 days following their receipt and certification by CBRE.

This engagement shall start now and remain in effect until the earlier of the date for completion of the required services, or one (1) year, and may be renewed by you for an additional six (6) month term upon advance written notice delivered to us within thirty (30) days prior to the scheduled termination. You may terminate this engagement at any time by written notice delivered to us at the above address. In such event, your obligation for fees and costs would be limited to fees and costs incurred prior to the date we receive your written notice.

The parties agree that signatures may be exchanged by hand, by mail, by fax, by photocopy or in counterparts – any such method being binding on both parties when completed and exchanged.

If the foregoing meets with your approval, please sign and return the enclosed copy of this letter for our records.

Very truly yours,

DUANE MORRIS LLP

Re: Community Bank of Nevada

Dear Mr. Christian and Ms. Nevitt:

This letter confirms that Deposit Insurance National Bank of Las Vegas ("DINB") has acquired certain assets of Community Bank of Nevada ("CBN"), which assets include deposit account nos. 412-1554307, 495-0021642 and 494-5069631 (the "Accounts") maintained by CBN with Wells Fargo Bank, National Association ("Wells Fargo"). In addition, please accept this letter as confirmation that (i) DINB is the owner of the Accounts effective as of close of business August 14, 2009, (ii) all treasury management and foreign exchange/wire services (the "Services") that are currently being provided on the Accounts should remain in place until such time that DINB notifies Wells Fargo that it is terminating a Service, (iii) all authorizations, including signing authority, that are currently in place for the Accounts and the Services are still effective and will remain in place until such time that DINB notifies Wells Fargo, and provides appropriate documentation, changing such authorizations, (iv) DINB agrees that it is bound by the account and service agreements that are currently in place for the Accounts and Services and (v) without limiting the generality of the foregoing, the special currency order placed on Saturday, August 15, 2009 shall be deemed to have been placed by DINB in accordance with the terms of this letter.

Please contact me with any questions regarding this matter.

Respectfully yours,

Thomas Murray

RE: Application GPA-38528
Assessors Parcel Number 138-35-501-017

Dear Mr. Gebeke:

In regard to this parcel, staff has determined that the existing General Plan designation and zoning classifications are inconsistent. In order to resolve this inconsistency and ensure that future development is compatible with existing development, staff is proposing to change the General Plan Designation of this site to PF (Public Facility). Please call me at 229-6882 with any questions.

Sincerely,

Revised 10/27/08

f:\depot\Application Packet\Application Form.pdf

Thursday, June 10, 2010

To Whom It May Concern:

We are respectfully applying for rezoning designation from Re Estates to a proposed Convalescent Care Facility/Nursing Home located at 6640 W. Cheyenne Avenue, Las Vegas, NV 89108.

We are currently requesting the following variances for this facility.

1. The 15' landscape area requested in the front of the facility be changed to a 4'-6' landscape area. This will be accomplished by removing two courses of the brick wall currently located in front of the facility lowering the wall height to 8" and retaining the lighted brick pilasters that are located at each end of the wall.
2. The 30' feet requirement from the property line adjacent to 3235 Garehime Street as the facility will be 10' from the property line. I have spoken with Michael and Pamela Hardin, the property owners, on this issue and they approve. Attached is a letter with their signatures.
3. The 3:1 proximity slope requirement where building A should be 81' from the side property line and building B should be 87' from the side property line to 10' on each property line.

We are also requesting exceptions for the entrance/driveway off of Cheyenne Avenue to the facility and the landscape requirement. The current requirement is that the entrance/driveway be 32'. We are requesting an exception for the entrance/driveway to be 30'. We are also seeking to eliminate the requirement for 24" box trees for the Southern 160' of the East and West property lines. However, we will incorporate multiple trees at other locations on the property. Trash enclosures meet requirements.

The facility will be called Ohana (Family) Care Manor and will house 50 adults and approximately 30 to 35 employees. It will have the ability to accommodate 50 to 80 adults and be open 24 hours a day, 7 days a week. The plans provide for adequate parking spaces for the facility of this size. The facility will be professionally managed and a licensed administrator who has been my consultant will manage the facility. Our philosophy is to hire the best qualified people in all phases of our employment. Our number 1 goal is to earn the greatest reputation for care, quality and service. License is available upon request.

According to the April 2nd, 2010 issue of the Las Vegas Sun, it states that Nevada is due for an influx of seniors. Experts say the state is unprepared because of limited resources. The U.S. Census Bureau projects that the fastest growing segment of Nevada's population over the next 10 years will be senior citizens, and the prospect has policy makers on edge. In 2008, although Nevada's population grew 1.4 percent that year, the Census Bureau estimated that the number of residents age 65 and older increased by 3.9 percent. In short, this article addresses the immediate and upcoming urgent need for adult care facilities such as the one we are proposing. See attached article.

We feel that given the location of our proposed facility on Cheyenne Avenue, that it will impact the community in a positive manner. There will be none or a minimal increase in traffic to the area. Street elevations will be vastly improved and add to the value and attractiveness of the neighborhood. The landscaping will be such that it will be very attractive and enhance the surrounding neighborhood. Some of the amenities this facility will include are pets, koi ponds, garden areas, walking paths, sitting areas, lush vegetation, misting systems, beauty salon, group exercise and shuttle service. This facility will be as energy efficient as practical using professional guidance for energy benefits. The manor will also provide employment opportunities at a time when so many in the work force are being let go or laid off. This will help at a time when employment is at an all time low and will provide our economy with a boost in moral and encouragement. This will certainly help our current economy with added jobs. JOBS!!

JUN 15 2010

GPA-38579 ZON-38580
VAR-38576 SUP-38574
SDR-38577

The surrounding properties consist of a Chevron Gas Station, the property to the North is vacant and Bank Owned. The 2 properties to the East are owned by one family and we have enclosed a letter that concurs with our proposal. See attached letter.

Please consider our request as there will come a time that our parents, grandparents and even ourselves will need some assistance as we become senior citizens.

Thank you in advance for your consideration of this project.

Las Vegas, Nevada 89101

Attn: Planning Staff

Re: Clark County School District – Northwest Transportation Facility

To whom it may concern:

Please accept this document as the justification letter for the above referenced project.

We are requesting a Site Development Plan Review, a General Plan Amendment for the Master Street and Highways Plan and a Variance for this project located on the southwest corner of Ann Road and the 215 Beltway. The site consists of approximately 131.7 acres of BLM land. The proposed project lies on a 40.8 acre portion of the site.

The scope of the proposed CCSD Transportation Yard consists of a 41,000 square foot Administration/Maintenance Building, approximately 500 Bus Parking spaces and a Fueling/Wash Station. This site will be utilized by the CCSD to provide a localized hub for the storage and maintenance of school buses. The site creates a more efficient location for the buses already servicing this area of the valley – both in terms of travel time and fuel.

The Administration/Maintenance Building will house 17 service bays and will also include space for administrative staff and offices. In addition, the Maintenance Building will have lounge space and restroom facilities for the bus drivers.

Due to the project's location near several residential properties, the site design takes into account the impact of the project on the views of the local residents. A 33'-0" landscape buffer has been incorporated into the design around the perimeter of the site. This buffer visually softens the impact of the project as viewed from the neighboring residential areas.

Due to the amount of grade change throughout the proposed site, we are utilizing retaining walls around a large portion of its perimeter. Because of a significant grade change at the north and west edges of the site, we are requesting a Variance of Title 19 (Chapter 19.12 – Figure 8) for the Retaining and Screening Wall Standard Stepback. Please refer to the drawings for details.

We have met with several entities regarding this project including the office of Councilman Ross, Commissioner Brown and the Ann Road Committee. In addition, a neighborhood meeting was held on November 19, 2009 notifying the general public of the proposed plans for this project.

The previous zoning actions related to this parcel include: **GPA-25625** and **ZON-25626**. Should you have any questions regarding this application, please feel free to contact our office.

Sincerely,

Nathan Goodman
Designer

U.S. METAL BUILDINGS

1182 EAST NEWPORT CENTER DR., DEERFIELD BEACH, FL. 33442
(800) 638-5450

BUILDING SPECIFICATIONS

THE STRUCTURE UNDER THIS CONTRACT HAS BEEN DESIGNED AND DETAILED FOR THE LOADS AND CONDITIONS STIPULATED IN THE CONTRACT AND SHOWN ON THESE DRAWINGS. ANY ALTERATIONS TO THE STRUCTURAL SYSTEM OR REMOVAL OF ANY COMPONENT PARTS, OR THE ADDITION OF OTHER CONSTRUCTION MATERIALS OR LOADS MUST BE DONE UNDER THE ADVICE OF A REGISTERED ARCHITECT, CIVIL OR STRUCTURAL ENGINEER. ALL AMERICAN BUILDING SYSTEMS WILL ASSUME NO RESPONSIBILITY FOR ANY LOADS NOT INDICATED.

THIS ALL AMERICAN BUILDING SYSTEMS METAL BUILDING IS DESIGNED USING STANDARD DESIGN PRACTICES BASED ON PERTINENT PROCEDURES AND RECOMMENDATIONS OF THE FOLLOWING ORGANIZATIONS AND CODES.

AMERICAN INSTITUTE OF STEEL CONSTRUCTION: "SPECIFICATION FOR THE DESIGN, FABRICATION, AND ERECTION OF STRUCTURAL STEEL FOR BUILDINGS", 13TH EDITION.

AMERICAN IRON AND STEEL INSTITUTE: "NORTH AMERICAN SPECIFICATION FOR THE DESIGN OF COLD FORMED STEEL STRUCTURAL MEMBERS", 2001 EDITION (W/ 2004 SUPPLEMENT).

AMERICAN WELDING SOCIETY: "STRUCTURAL WELDING CODE"
AWS D1.1-2006 :STEEL
AWS D1.3-98 :SHEET STEEL

MBMA METAL BUILDING SYSTEMS MANUAL, 2002 ED. WITH 2004 UPDATE

MATERIAL PROPERTIES OF STEEL PLATE USED IN THE FABRICATION OF PRIMARY RIGID FRAMES AND OTHER PRIMARY STRUCTURAL, EXCLUSIVE OF COLD-FORMED SECTIONS, CONFORM TO ASTM A529 OR A572. FLANGES WITH THICKNESS OF 1" OR LESS AND WIDTH OF 12" OR LESS CONFORM TO ASTM A529-05 GRADE 55. FLANGES GREATER THAN 1" IN THICKNESS OR 12" IN WIDTH CONFORM TO ASTM A 572-06 GRADE 50. WEBS OF 3/16" OR LESS CONFORM TO ASTM A1011-06b GRADE 50 AND WEBS GREATER THAN 3/16" CONFORM TO ASTM A1018-06c GRADE 50 OR ASTM A572-06 GRADE 50.

MATERIAL PROPERTIES OF HOT ROLLED SECTIONS W8X10 THROUGH W24X76 CONFORM TO ASTM A572-06 GRADE 50 OR ASTM A992-04A GRADE 50. HOT ROLLED SECTIONS LARGER THAN W24X76 CONFORM TO ASTM A36-05.

MATERIAL PROPERTIES OF PIPE SECTIONS CONFORM TO ASTM A53-06a TYPE "E" GRADE "B". MINIMUM YIELD OF 35,000 PSI.

MATERIAL PROPERTIES OF HOLLOW STRUCTURAL SECTIONS CONFORM TO ASTM A500-03A GRADE "B". MINIMUM YIELD OF 42,000 PSI.

MATERIAL PROPERTIES OF COLD FORMED LIGHT GAGE STEEL MEMBERS CONFORM TO THE REQUIREMENTS OF ASTM A1011-06b GRADE 55 WITH A MINIMUM YIELD OF 55,000 PSI.

MATERIAL PROPERTIES OF CABLE BRACING CONFORM TO ASTM A475-03, CLASS A 7-STRAND WIRE. ROD BRACING CONFORMS TO ASTM A36-05.

HIGH STRENGTH BOLTS AND THEIR INSTALLATION SHALL CONFORM TO ASTM SPECIFICATIONS A-325 AND ARE DESIGNED AS BEARING TYPE CONNECTIONS WITH THREADS INCLUDED IN THE SHEAR PLANE. TIGHTENING OF THESE BOLTS IS RECOMMENDED BY THE "SNUG-TIGHTENED JOINTS" METHOD, PER 2002 RCSC "SPECIFICATION FOR STRUCTURAL JOINTS USING ASTM A325 OR 490 BOLTS."

ALL STEEL MEMBERS EXCEPT BOLTS, FASTENERS, AND CABLE SHALL RECEIVE ONE SHOP COAT OF INHIBITIVE PRIMER. SSPC SPEC. #15, UNLESS STATED OTHERWISE IN THE CONTRACT.

SHOP AND FIELD INSPECTIONS AND ASSOCIATED FEES ARE THE RESPONSIBILITY OF THE OWNER, UNLESS STIPULATED OTHERWISE.

BUILDERS RESPONSIBILITIES

THE BUILDER MUST SECURE ALL REQUIRED APPROVALS AND PERMITS FROM THE APPROPRIATE AGENCY AS REQUIRED.

APPROVAL OF ALL AMERICAN BUILDING SYSTEMS DRAWINGS AND CALCULATIONS INDICATES THAT ALL AMERICAN BUILDING SYSTEMS HAS CORRECTLY INTERPRETED AND APPLIED THE REQUIREMENTS OF THE CONTRACT DRAWINGS AND SPECIFICATIONS.
(SECT. 4.4.1 AISC CODE OF STANDARD PRACTICE, 13TH EDITION.)

WHERE DISCREPANCIES EXIST BETWEEN THE ALL AMERICAN BUILDING SYSTEMS STRUCTURAL STEEL PLANS AND THE PLANS FOR OTHER TRADES, THE STRUCTURAL STEEL PLANS WILL GOVERN.
(SECT. 3.3 AISC CODE OF STANDARD PRACTICE. 13TH EDITION.)

DESIGN CONSIDERATIONS OF ANY MATERIALS IN THE STRUCTURE WHICH ARE NOT FURNISHED BY ALL AMERICAN BUILDING SYSTEMS ARE THE RESPONSIBILITY OF THE BUILDER AND ENGINEERS OTHER THAN ALL AMERICAN BUILDING SYSTEMS ENGINEERING UNLESS SPECIFICALLY INDICATED.

THE BUILDER IS RESPONSIBLE FOR ALL ERECTION OF STEEL AND ASSOCIATED WORK IN COMPLIANCE WITH ALL AMERICAN BUILDING SYSTEMS CONSTRUCTION DRAWINGS.

TEMPORARY SUPPORTS, SUCH AS TEMPORARY GUYS, BRACES, FALSEWORK OR OTHER ELEMENTS REQUIRED FOR ERECTION WILL BE DETERMINED, FURNISHED, AND INSTALLED BY THE BUILDER. (SECT 7.10 AISC CODE OF STANDARD PRACTICE, 13TH EDITION.)

IT IS THE BUILDERS RESPONSIBILITY TO APPLY AND OBSERVE ALL PERTINENT SAFETY RULES AND REGULATIONS, AND PER OSHA STANDARDS AS APPLICABLE.

THE BUILDER IS RESPONSIBLE FOR THE VERIFICATION OF ALL SHIPMENTS RECEIVED, AND MUST INVENTORY BUILDING AT TIME OF DELIVERY.

GENERAL NOTES

NO CHANGES SHOULD BE MADE TO THIS BUILDING SYSTEM UNLESS APPROVED IN WRITING BY THE MANUFACTURERS ENGINEERING DEPARTMENT.

UNAPPROVED CHANGES COULD RESULT IN AN UNSAFE BUILDING DESIGN AND COULD ENDANGER PUBLIC SAFETY.

THIS BUILDINGS ANCHOR BOLTS ARE BY OTHERS. ALL AMERICAN BUILDING SYSTEMS DOES NOT PROVIDE ANCHOR BOLTS.

ENGINEERING SEAL

THIS CERTIFICATION COVERS PARTS MANUFACTURED AND DELIVERED BY THE MANUFACTURER ONLY, AND EXCLUDES PARTS SUCH AS DOORS, WINDOWS, FOUNDATION DESIGN AND ERECTION OF THE BUILDING.

THESE DRAWINGS AND THE METAL BUILDING SYSTEM THEY REPRESENT ARE THE PRODUCT OF AN AFFILIATE OF NCI GROUP, INC. - 10943 N. SAM HOUSTON PARKWAY W., HOUSTON, TX 77064. THE PROFESSIONAL ENGINEER WHOSE SEAL APPEARS HEREON IS EMPLOYED BY AN AFFILIATE OF NCI GROUP, INC. AND IS NOT THE ENGINEER-OF-RECORD FOR THE OVERALL PROJECT.

DESIGN LOADING

THIS STRUCTURE IS DESIGNED UTILIZING THE LOADS INDICATED AND APPLIED AS REQUIRED BY:

IBC 06

THE BUILDER IS TO CONFIRM THAT THESE LOADS COMPLY WITH THE REQUIREMENTS OF THE LOCAL BUILDING DEPARTMENT.

FRAME / ROOF DEAD LOAD		
SUPERIMPOSED	2.000	PSF
COLLATERAL (LIGHTS)	0.5	PSF
FRAME / ROOF LIVE LOAD	12 / 20.0	PSF
SNOW LOAD		
GROUND SNOW LOAD (Pg)	0	PSF
FLAT ROOF SNOW LOAD (Pf)	0	PSF
SNOW EXPOSURE FACTOR (Ce)	1.0	
SNOW LOAD IMPORTANCE FACTOR (Is)		
THERMAL FACTOR (Ct)	1.2	
WIND LOAD		
BASIC WIND SPEED	90	MPH
WIND IMPORTANCE FACTOR (Iw)	1.00	
WIND EXPOSURE CATEGORY	C	
TOPOGRAPHICAL FACTOR	1.0	
SEISMIC LOAD		
OCCUPANCY CATEGORY	II - Normal	
S_{DS}	0.5107	
S_{D1}	0.3502	
Ss	0.5700	
S1	0.2880	
SITE CLASS	D	
SEISMIC DESIGN CATEGORY	D	
SEISMIC IMPORTANCE FACTOR (Ie)	1.00	
DESIGN BASE SHEAR (V)	1.32	KIPS
RAIN INTENSITY		
5-MINUTE DURATION, 5-YEAR RECURRENCE (I1)	4	IN/HOUR
5-MINUTE DURATION, 25-YEAR RECURRENCE (I2)	6	IN/HOUR

BASIC STRUCTURAL SYSTEM AND SEISMIC RESISTING SYSTEM = ORDINARY MOMENT FRAME OF STEEL.
R = 3.2500
ANALYSIS PROCEDURE IS EQUIVALENT LATERAL FORCE PROCEDURE.

DRAWING STATUS

☐ FOR APPROVAL
THESE DRAWINGS, BEING FOR APPROVAL, ARE BY DEFINITION NOT FINAL, AND ARE FOR CONCEPTUAL REPRESENTATION ONLY. THEIR PURPOSE IS TO CONFIRM PROPER INTERPRETATION OF THE PROJECT DOCUMENTS. ONLY DRAWINGS ISSUED "FOR CONSTRUCTION" CAN BE CONSIDERED AS COMPLETE.

☒ FOR CONSTRUCTION PERMIT
THESE DRAWINGS, BEING FOR PERMIT, ARE BY DEFINITION NOT FINAL. ONLY DRAWINGS ISSUED "FOR CONSTRUCTION" CAN BE CONSIDERED AS COMPLETE.

☐ FOR ERECTOR INSTALLATION
FINAL DRAWINGS.

Panel diaphragm action is utilized to resist seismic and/or wind forces applied parallel to this elevation. Wall sheeting must be continuous from eave strut / rake angle to base support in order to be considered effective. The effective length of wall panel of each wall must be determined by rational analysis considering included openings and height to width ratios of panel segments. Minimum effective width required on this wall for applied force is see below. Additional openings not indicated should be avoided without prior consultation with the metal building manufacturer.

BSW REQ'D. 20 Feet with Horizontal shear force = 1.9 kips.

CUSTOMER SERVICE PROCEDURES

IN ORDER TO GIVE YOU PROMPT SERVICES AND KEEP PROBLEMS TO A MINIMUM, PLEASE HANDLE ANY SHORTAGES BY BACK ORDERS IN THE FOLLOWING MANNER:

CAREFULLY CHECK YOUR PACKING LIST WHILE UNLOADING. NOTE ANY ITEMS, WHICH APPEAR TO BE MISSING AND NOTIFY THE CUSTOMER SERVICE DEPARTMENT AT 1-800-777-4578 AS SOON AS POSSIBLE. CALLING SOMETIME ELSE COULD DELAY THE PROPER RESPONSE.

1._SHORT_MATERIALS – IMMEDIATELY UPON DELIVERY OF MATERIAL, QUANTITIES ARE TO BE VERIFIED BY THE CUSTOMER AGAINST QUANTITIES THAT ARE BILLED ON THE SHIPPING DOCUMENTS. NEITHER THE MANUFACTURER FOR THE CARRIER IS RESPONSIBLE FOR THE MATERIAL SHORTAGES AGAINST THE QUANTITIES BILLED ON SHIPPING DOCUMENT IF SUCH SHORTAGES ARE NOT NOTED ON SHIPPING DOCUMENTS WHEN THE MATERIAL IS DELIVERED, AND THEN ACKNOWLEDGED BY THE CARRIER'S AGENT. IF THE CARRIER IS THE MANUFACTURER, CLAIMS FOR SHORTAGES ARE TO BE MADE BY THE CUSTOMER TO THE COMMON CARRIER. IF THE SHIPPING QUANTITIES RECEIVED ARE CORRECT ACCORDING TO THE QUANTITIES THAT ARE BILLED ON THE SHIPPING DOCUMENTS, BUT ARE LESS THAN THE QUANTITIES ORDERED OR THE QUANTITIES THAT ARE NECESSARY TO COMPLETE THE METAL BUILDING ACCORDING TO THE ORDER DOCUMENTS, CLAIM IS TOO BE MADE OF THE MANUFACTURER.

2._DAMAGED_OR_DEFECTIVE_MATERIAL – DAMAGED OR DEFECTIVE MATERIAL, REGARDLESS OF THE DEGREE OF DAMAGE, MUST BE NOTED ON THE SHIPPING DOCUMENTS BY THE CUSTOMER AND ACKNOWLEDGED IN WRITING BY THE CARRIER'S AGENT. THE MANUFACTURER IS NOT RESPONSIBLE FOR MATERIAL DAMAGED IN UNLOADING OF PROPERLY ON MISSED MATERIALS, INCLUDING, BUT NOT LIMITED TO: FASTENERS, SHEET METAL, "Z" & "J" SECTIONS & COMPLETE PANELS THAT BECOME BENT AND/OR DAMAGED BY RAINED WATER IN THE POSSESSION OF OTHERS. PACKAGED OR MISTED MATERIAL THAT BECOMES WET IN TRANSIT MUST BE UNPACKED, UNSTACKED AND DRIED BY THE CUSTOMER.

IF THE CARRIER IS THE MANUFACTURER, THE CUSTOMER MUST MAKE CLAIM FOR DAMAGE DIRECTLY TO THE MANUFACTURER. IF THE CARRIER IS A COMMON CARRIER, THE CUSTOMER MUST MAKE THE CLAIM FOR DAMAGE TO THE COMMON CARRIER. THE MANUFACTURER IS NOT LIABLE FOR ANY CLAIM WHATSOEVER INCLUSIVE, BUT NOT LIMITED TO LABOR CHARGES OF CONSEQUENTIAL DAMAGES RESULTING FROM THE CUSTOMER'S USE OF DAMAGED OR DEFECTIVE MATERIALS THAT CAN BE DETECTED BY VISUAL INSPECTION.

3R._CHANGE_TO_USE_CAUSE_FOR_REJECTION – SEE INSTALLATION MANUAL.

4._EXCESSIVE_MATERIAL – THE MANUFACTURER RESERVES THE RIGHT TO RETURN ANY MATERIAL DELIVERED IN EXCESS OF THOSE REQUIRED BY THE ORDER DOCUMENTS.

5T._INITIAL_CLAIM – IN THE EVENT OF ERROR, THE CUSTOMER MUST PROMPTLY MAKE A WRITTEN OR VERBAL "INITIAL CLAIM" TO THE MANUFACTURER FOR THE CORRECTION OF DESIGN, DRAFTING, BILL OF MATERIALS OF FABRICATION ERROR. THE "INITIAL CLAIM" INCLUDES:

1. DESCRIPTION OF THE NATURE AND EXTENT OF THE ERRORS, INCLUDING QUANTITIES.
2. DESCRIPTION OF THE NATURE AND EXTENT OF PROPOSED CORRECTIVE WORK INCLUDING ESTIMATED MAN-HOURS.
3. MATERIAL TO BE PURCHASED FROM OTHER THAN THE MANUFACTURER, INCLUDING ESTIMATED QUANTITIES AND COST.
4. MAXIMUM TOTAL COST OF PROPOSED CORRECTIVE WORK AND MATERIAL TO BE PURCHASED FROM OTHER THAN THE MANUFACTURER.

ES01

AUTHORIZATION_FOR_CORRECTIVE_WORK – IF THE ERROR IS THE FAULT OF THE MANUFACTURER, AN "AUTHORIZATION FOR CORRECTIVE WORK" MUST BE ISSUED IN WRITING BY THE MANUFACTURER TO AUTHORIZE THE CORRECTIVE WORK AT A COST NOT TO EXCEED THE MAXIMUM TOTAL COST SET FORTH.

ALTERNATIVE CORRECTIVE WORK OTHER THAN THAT PROPOSED IN THE "INITIAL CLAIM" MAY BE DIRECTED BY THE MANUFACTURER IN THE "AUTHORIZATION OF CORRECTIVE WORK," ONLY THE CUSTOMER SERVICE DEPARTMENT MAY AUTHORIZE CORRECTIVE WORK.

7._FINAL_CLAIM – THE FINAL CLAIM IN WRITING MUST BE FORWARDED BY THE CUSTOMER TO THE MANUFACTURER WITHIN TEN (10) DAYS OF COMPLETION OF THE CORRECTIVE WORK AUTHORIZED BY THE MANUFACTURER.

THE "FINAL CLAIM" MUST INCLUDE:

1. ACTUAL NUMBER OF MAN-HOURS BY DATE OF DIRECT LABOR USE ON CORRECTIVE WORK AND ACTUAL HOURLY RATES OF PAY
2. TAXES AND INSURANCE ON TOTAL ACTUAL DIRECT LABOR.
3. OTHER DIRECT COSTS ON ACTUAL DIRECT LABOR.
4. COST OF MATERIAL (NOT MINOR SUPPLIES) AUTHORIZED BY THE MANUFACTURER TO BE PURCHASED FROM OTHER THAN THE MANUFACTURER, INCLUDING COPIES OF PAID INVOICES.
5. TOTAL ACTUAL DIRECT COST OF CORRECTIVE WORK (SUM OF 1, 2, 3 & 4). THE "FINAL CLAIM" MUST BE SIGNED AND CERTIFIED TRUE AND CORRECT BY THE CUSTOMER. "FINAL CLAIMS" ARE ORDERED BY THE CUSTOMER BY THE MANUFACTURER IN AN AMOUNT NOT TO EXCEED THE LESSER OF THE MAXIMUM TOTAL COST SET FORTH IN WRITING IN THE "AUTHORIZATION FOR CORRECTIVE WORK" OR TOTAL ACTUAL DIRECT COST OF CORRECTIVE WORK.
6. COST OF EQUIPMENT (RENTAL OR DEPRECIATION), SMALL TOOLS, SUPERVISION, OVERHEAD AND PROFIT ARE NOT SUBJECTED TO CLAIMS.

9R._STRUCTURAL_DESIGNS_SHOP_DRAWER – THE PLANS SUPPLIED BY NCI ARE NOT INTENDED TO PROVIDE THE UNIFORMITY OF APPEARANCE OF A FINISH COAT PRIOR TO PRIMER. EXTENDED PROTECTION IS SUBJECTED TO PROLONGED EXPOSURE. IF MATERIAL ERECTION OF STEEL IS NOT POSSIBLE, IT MUST BE PROTECTED FROM EXPOSURE TO ATMOSPHERIC AND/OR ENVIRONMENTAL CONDITIONS THAT MAY BE DETRIMENTAL TO PAINT PERFORMANCE. THESE CONDITIONS SHOULD INCLUDE, BUT NOT BE LIMITED TO, PROLONGED EXPOSURE TO ULTRA-VIOLET LIGHT DUE TO POSSIBLE FADING AND OR SPOTTING OR STAINING CAUSED BY WATER RESULTING IN SPOTTING, PEELING OR LOCALIZED SURFACE CORROSION.

THE NCSA CORROSIVITY STATES THAT:

"...THE MANUFACTURER IS NOT RESPONSIBLE FOR THE DETERIORATION OF THE SHOP COAT OF PRIMER OR CORROSION THAT MAY RESULT FROM EXPOSURE TO ATMOSPHERIC AND ENVIRONMENTAL CONDITIONS, NOR THE COMPATIBILITY OF THE PRIMER TO ANY FIELD APPLIED COATING..."

THE AISC, CODE OF STANDARD PRACTICE FURTHER STATES THAT:

"...THE SHOP COAT OF PAINT IS THE PRIME COAT OF THE PROTECTIVE SYSTEM. IT PROTECTS THE STEEL FOR ONLY A SHORT PERIOD OF EXPOSURE..."

PRIMER TOUCH-UP DUE TO TRANSIT ABRASIONS AND/OR SCRATCHING DURING LOADING AND UNLOADING IS TO BE EXPECTED. PRIMER TOUCH-UP IS NOT THE RESPONSIBILITY OF NCI. ADDITIONAL GUIDELINES FOR THE HANDLING AND STORAGE OF STEEL COMPONENTS CAN BE FOUND IN BOTH THE AISC CODE OF STANDARD PRACTICE.

10._SUBSEQUENT_MATERIAL_TIME – EVERY EFFORT WILL BE MADE TO SEE THAT THE CARRIER ARRIVES AT THE JOBSITE ON THE REQUESTED DAY AND AT THE REQUESTED HOUR. MANUFACTURER MAKES NO WARRANTY AND ACCEPTS NO RESPONSIBILITY FOR COSTS ASSOCIATED WITH A SHIPMENT NOT ARRIVING AT A REQUESTED TIME UNLESS A SEPARATE AGREEMENT HAS BEEN MADE IN WRITING FOR A GUARANTEED ARRIVAL TIME.

ES02

UNLOADING, HANDLING, AND STORING MATERIALS

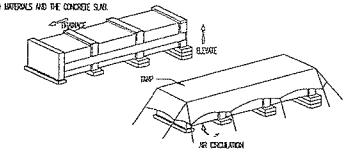

STRUCTURAL – A GREAT AMOUNT OF TIME AND TROUBLE CAN BE SAVED IF THE BUILDING PARTS ARE UNLOADED AT THE BUILDING SITE ACCORDING TO A PRE-ARRANGED PLAN. PROPER LOCATION AND HANDLING OF COMPONENTS WILL ELIMINATE UNNECESSARY HANDLING.

NOTE: FACE BARS ARE STENCILED ON PRIMARY STRUCTURAL MEMBERS AT LEAST ONE, 1'-0" FROM END.

DISPATCH ALL SHIPMENTS PRIOR TO RELEASING THE RE-BARS FOR LOADS THAT MAY HAVE SHIFTED DURING TRANSIT

PLYWOOD_SHEETS_DECK

BLOCKING UNDER THE COLUMNS AND RAFTERS PROTECTS THE SPLICE PLATES AND THE SLAB FROM DAMAGE DURING THE UNLOADING PROCESS. IT ALSO FACILITATES THE PLACING OF SLINGS OR CABLES AROUND THE MEMBERS FOR LATER LIFTING AND ALLOWS MEMBERS TO BE BOLTED TOGETHER INTO SUB-ASSEMBLIES EASE OF THE GROUND. EXTRA CARE SHOULD ALWAYS BE EXERCISED IN THE UNLOADING OPERATION TO PREVENT INJURIES FROM HANDLING THE STEEL AND TO PREVENT DAMAGE TO MATERIALS AND THE CONCRETE SLAB.

IF WATER IS ALLOWED TO REMAIN FOR EXTENDED PERIODS IN BUNDLES OF PRIMED PARTS SUCH AS GIRTS, PURLINS, ETC., THE PRIMER WILL FADE AND THE PAINT WILL GRADUALLY SUFFER REDUCING ITS BOND TO THE STEEL. THEREFORE, UPON RECEIPT OF A JOB, ALL BUNDLES OF PRIMED PARTS SHOULD BE STORED AT AN ANGLE TO ALLOW ANY TRAPPED WATER TO DRAIN AWAY AND PERMIT AIR CIRCULATION FOR DRYING. PUDDLES OF WATER SHOULD NOT BE ALLOWED TO COLLECT AND REMAIN ON GUSSETS OR RAFTERS FOR THE SAME REASON.

THE COAT OF SHOP PRIMER IS INTENDED TO PROTECT THE STEEL FOR ONLY A SHORT PERIOD OF EXPOSURE TO ORDINARY ATMOSPHERIC CONDITIONS. THE COAT OF SHOP PRIMER DOES NOT PROMISE THE UNIFORMITY OF APPEARANCE, OR THE DURABILITY AND CORROSION RESISTANCE OF A FIELD APPLIED FINISH COAT OF PAINT OVER A SHOP PRIMER.

THE MANUFACTURER IS NOT RESPONSIBLE FOR DETERIORATION OF THE SHOP COAT OF PRIMER OR CORROSION THAT MAY RESULT FROM EXPOSURE TO ATMOSPHERIC AND ENVIRONMENTAL CONDITIONS, NOR THE COMPATIBILITY OF THE PRIMER TO ANY FIELD APPLIED COATING. MINOR ABRASIONS TO THE SHOP COAT CAUSED BY HANDLING, LOADING, SHIPPING, UNLOADING AND ERECTION AFTER PAINTING ARE UNAVOIDABLE.

ES03

ROOF AND WALL PANELS

MANUFACTURER'S WALL AND ROOF PANELS INCLUDING COLOR COATED, GALVALUME & GALVANIZED, PROVIDE EXCELLENT SERVICE UNDER WIDELY VARIED CONDITIONS. ALL UNLOADING & ERECTION PERSONNEL SHOULD FULLY UNDERSTAND THAT *THESE PANELS ARE QUALITY WEATHERWORKS, WHICH REQUIRES CAUTIOUS CARE IN HANDLING.*

UNDER NO CIRCUMSTANCES, SHOULD PUDDLES OR UNDRIED ACCUMULATIONS OF SHEETS SHOULD BE LIFTED OFF THE TRUCK WITH EXTREME CARE, DOWN TO INSURE THAT NO DAMAGE OCCURS TO ENDS OF THE SHEETS OR TO EDGE RIBS. THE PACKAGES SHOULD BE STORED OFF THE GROUND SUFFICIENTLY HIGH TO ALLOW AIR CIRCULATION UNDERNEATH THE PACKAGES. THIS AVOIDS GROUND MOISTURE & DECKING PEOPLE FROM WALKING ON THE PACKAGES. ONE END OF THE PACKAGE SHOULD ALWAYS BE ELEVATED TO ENCOURAGE DRAINAGE IN CASE OF RAIN.

ALL STACKED METAL PANELS ARE SUBJECT TO SOME DEGREE, TO LOCALIZED DISCOLORATION OR STAIN WHEN WATER IS TRAPPED BETWEEN THEIR CLOSELY NESTED SURFACES. NCI EXERCISES EXTREME CAUTION DURING FABRICATING AND SHIPPING OPERATIONS TO INSURE THAT ALL PANEL STOCK IS KEPT DRY. HOWEVER, DUE TO CLIMATIC CONDITIONS, WATER FORMED BY CONDENSATION OF MOISTURE CAN BECOME TRAPPED BETWEEN STACKED SHEETS. WHEN CAN ALSO BE TRAPPED BETWEEN THE STACKED SHEETS WHEN EXPOSED TO RAIN. THIS DISCOLORATION CAUSED BY TRAPPED MOISTURE IS OFTEN CALLED WET STORAGE STAIN.

THE STAIN IS USUALLY SUPERFICIAL & HAS LITTLE EFFECT ON THE APPEARANCE OR SERVICE LIFE OF THE PANELS AS LONG AS IT IS NOT PERMITTED TO REMAIN ON THE PANELS. HOWEVER, MOISTURE IN CONTACT WITH THE SURFACE OF THE PANELS OVER AN EXTENDED PERIOD CAN SEVERELY ATTACK THE FINISH & REDUCE THE EFFECTIVE SERVICEABILITY.

IT IS THEREFORE ESSENTIAL THAT PROTECTION BE TAKEN WHEN HANDLING ON PANELS. USE SATISFY LINES AND NETS WHEN NECESSARY PROVIDE SELF SUPPORT. OIL OR WAX APPLIED TO THE ROOF & WALL PANELS FOR PROTECTION AGAINST WEATHER DAMAGE WILL MAKE THEM A VERY SLIPPERY SURFACE. WIPE DRY ANY OIL, WAX HAS HANDLED FROM PANELS SURFACE ON A SLOPE. BEWARE, FOOT, OR GLOVE STAINS OF MOISTURE GREATLY INCREASE THE SLIPPERINESS OF THE PANELS. ALWAYS ASSUME PANEL SURFACE IS SLIPPERY & ACT ACCORDINGLY. NEVER WALK ON SKYLIGHTS OR TRANSLUCENT PANELS THAT SHATTER.

USE WOOD BLOCKING TO ELEVATE & SLOPE THE PANELS IN A MANNER THAT WILL ALLOW MOISTURE TO DRAIN. WOOD BLOCKING PLACED BETWEEN BUNDLES WILL PREVENT ADDITIONAL AIR CIRCULATION. COVER THE STACKED BUNDLES WITH A TARP OR PLASTIC COVER LEAVING ENOUGH OPENING AT THE BOTTOM FOR AIR TO CIRCULATE.

WHEN HANDLING OR UNLOADING THE PANELS, LIFT RATHER THAN SLIDE THEM APART. ENDRED EDGES MAY SCRATCH THE

ES04

TOUCH-UP OF THESE MINOR ABRASIONS IS THE RESPONSIBILITY OF THE END CONTRACTOR. SHOP PAINTED STEEL NEEDS IS STORED IN THE FIELD PENDING ERECTION SHOULD BE KEPT FREE OF THE GROUND, AND SO POSITIONED AS TO MINIZE WATER-HOLDING POCKETS, DUST, MUD, AND OTHER CONTAMINATION OF THE PRIMER FILM. REPAIRS OF DAMAGE TO PRIMED SURFACES AND/OR REMOVAL OF FOREIGN MATERIAL DUE TO IMPROPER FIELD STORAGE OR SITE CONDITIONS ARE NOT THE RESPONSIBILITY OF THE MANUFACTURER.

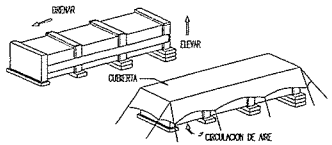

ALL PRIMER SHOULD BE TOUCHED UP AS REQUIRED BEFORE ERECTION

DESCARGA, MANEJO Y ALMACENAMIENTO DE MATERIAL

ESTRUCTURAL – UNA GRAN CANTIDAD DE TIEMPO Y PROBLEMAS PUEDEN AHORRARSE SI LAS PIEZAS SON DESCARGADAS EN EL LUGAR DE LA CONSTRUCCION DE ACUERDO A UN PLAN PRE- ARREGLADO, LUGAR Y MANEJO APROPIADO DE LOS COMPONENTES ELIMINARAN MANEJOS O MOVIMIENTOS INECESARIOS.

NOTA: LOS PISOS DEBERAN CONTENDRAN EN LOS SOBRANTES PUNTUALES DE LA ESTRUCTURA EN LA PARTE EXTERIOR DE LOS MUROS, A 1'-0" DEL TOPE, DISPOSICIONE PERMENANENTE TODOS LOS EMBARQUES ANTES DE DESCARGAR Y DESATAR LOS ELEMENTOS YA QUE PUEDEN HABERSE MOVIDO DURANTE EL RECORRIDO. *DESCARGUE SECUENCIAL DE CONCRETO*

LAS SEPARACIONES O CALZAS DE MADERA QUE SE COLOCAN PARA LAS COLUMNAS Y RAFTERS EVITAN UN DAÑO EN LAS PLANCHAS DE CONEXCION AL DESCARGAR LOS MATERIALES. ESTO TAMBIEN FACILITA LA LOCALIZACION DE SLINGS O CABLES ALREDEDOR DE LOS MIEMBROS PARA DESPUES LEVANTAR Y FIJARLOS A LOS MIEMBROS SIN ATORNILLADOS JUNTOS DENTRO DE SUB-MONTAJES. MIEMBROS ESTAN EN MEDIDA, EXTRA- CUIDADO DEBERA SER SEGUIDO APLICADO EN LA OPERACION DE DESCARGA PARA PREVENIR DAÑOS POR EL MANEJO DEL ACERO ASI COMO PARA PREVENIR DAÑAR LOS MATERIALES Y EL CONCRETO.

SI EL ACERO PUEDE PERMANECER POR PERIODOS CONSIDERABLES EN ALMACENAMIENTO O REMODELANDO DE LAS PARTES PRINCIPALES COMO GIRTS, PURLINS, ETC. EL PRIMERO FALLARA Y LA PINTURA SE QUARDARA GRADUALMENTE REDUCIENDO LA UNION CON EL ACERO, POR LO TANTO REDUCIO EL MATERIAL. TODOS LAS HERRAMIENTAS DE ESTAS PIEZAS DEBERAN SER ALMACENADAS EN UN ANGULO QUE PERMITA QUE CUALQUIER AGUA PUEDA DRENARSE Y PERMITIR LA CIRCULACION DE AIRE PARA SECARSE. NO DEBERA PERMARSE QUE EL AGUA SE COLOQUE Y ESTANQUE EN LAS COLUMNAS Y RAFTERS POR LA MISMA RAZON .

LA CAPA DE SHOP PRIMER INTENTA PROTEGER AL MARCO DE ACERO POR UN DETERMINADO TIEMPO DE EXPOSICION A CONDICIONES ATMOSFERICOS ORDINARIAS. LA CAPA DE SHOP PRIMER NO PROPORCIONA UNIFORMIDAD DE APARIENCIA, DURABILIDAD Y RESISTENCIA A LA CORROSION COMO UNA CAPA FINAL DE PINTURA HECHA EN EL CAMPO SOBRE EL SHOP PRIMER.

EL FABRICANTE NO SE RESPONSABILIZA DEL DETERIORO DE LA CAPA DE DE PRIMER O DE LA CORROSION QUE PUEDA RESULTAR DE LA EXPOSICION A LAS CONDICIONES ATMOSFERICAS Y AL MEDIO AMBIENTE, NI LA COMPATIBILIDAD DEL PRIMER A CUALQUIER CAPA DE PINTURA APLICADA EN LA OBRA. MENORES ABRASIONES DE LA ULTIMA CAPA CAUSADAS POR MANEJO, CARGA, EMBARQUE, DESCARGA Y ERECCION DEL MATERIAL DESPUES DE LA PINTURA SON INEVITABLES. RETOQUES DE ESTAS ABRASIONES MENORES SON RESPONSABILIDAD DEL CLIENTE FINAL EL ACERO PREVARO EL CUAL ES ALMACENADO EN LA OBRA DURANTE LA ERECCION DEL EDIFICIO, DEBERA MANTENERSE LIBRE DE TIERRA ASI COMO EN UN SITIO CON HUMA AGUA, POLVO , LODO Y OTROS CONTAMINANTES QUE AFECTEN LA PRIMERA CAPA. REPARACIONES DE DAÑOS A LA PRIMERA SUPERFICIE Y/O LA ELIMINACION DE MATERIALES AJENOS A ESTOS. DEBIDO AL INCORRECTO ALMACENAMIENTO EN OBRA O A LAS CONDICIONES DEL LUGAR NO SON RESPONSABILIDAD DEL FABRICANTE.

TODO ACERO PREVARO DEBERA SER REMOVIDO COMO SE REQUIERA ANTES DE LA CONSTRUCCION

CUBIERTAS DE TECHOS Y PAREDES

PANELES DE PAREDES Y TECHOS DEL FABRICANTE INCLUYENDO COLOR COATED GALVALUME Y GALVANIZADO PROPORCIONA UN SERVICIO EXCELENTE BAJO UNA EXTENSA VARIEDAD DE CONDICIONES. BUEN PERSONAL DE DESCARGA Y ERECCION DE MATERIAL, DEBERA ENTENDER COMPLETAMENTE *CUIDOS PANELES SON PRODUCTOS DE CALIDAD , LOS CUALES AHERVAN CUIDADO AL MANEJARSE.*

BAJO NINGUNA CIRCUNSTANCIA, DEBERA ARRASTRAR DE BANDAS, ACERCA O ACCESORIOS PAQUETES DE PANELES ENCIMA DE OTROS PANELES. DEBERA SER LEVANTADOS DEL SUELO CUIDADOSAMENTE QUE NINGUN DAÑO OCURRA , NI A LAS PUNTAS NI A LAS PERPENDIRAS DE LOS MISMOS.LOS PAQUETES DEBERAN ALMACENARSE LO SUFICIENTEMENTE ALEJADOS DE LA SUPERFICIE DE TIERRA PARA PERMITIR LA CIRCULACION DE AIRE BAJO LOS PAQUETES. ESTO EVITA LA HUMEDAD DE LA TIERRA Y DONDE QUE LA SUCIEDAD CAUSE DAÑOS A LOS PANELES. LOS EXTREMOS DEL PAQUETE DE LAMINAS DEBERA ESTAR SIEMPRE ELEVADO PARA PERMAR EL AGUA EN CASO DE LLUVIA.

TODO PAQUETE O PORTION DE PANELES MEDIA, ESTAN SUJETOS EN ALGUN GRADO A SUFRIR CIERTAS DECOLORACIONES O MANCHAS CUANDO EL AGUA ESTA ATRAPADA ENTRE SUS SUPERFICIES MAS CERCANAS. NCI PROMETE EXPRESA PROTECCION DURANTE LA EXPOSICION Y EL PERIODO DE EMBARQUE ACCESORIOSOS QUE TODO PANEL APARDO SE ENTREGA SECO. DE CUALQUIER MANERA DEBIDO A LAS CONDICIONES CLIMATICAS Y A LA CONDENSACION DE AIRE HUMEDO , EL AGUA PUEDE OCASIONAL ATRAPADA ENTRE LAS LAMINAS APILADAS Y LO MISMO SUCEDERA SI ESTAS SE EXTRAEN A LA LLUVIA. LA DECOLORACION CAUSADA POR LA HUMEDAD ATRAPADA ES FRECUENTEMENTE LLAMADA MANCHA DE HUMEDAD CUANDOSA.

LA MANCHA ES USUALMENTE SUPERFICIAL Y TIENE UN PEQUEÑO EFECTO EN LA APARIENCIA O DURACION DEL PANEL. SIEMPRE Y CUANDO NO SE PERMITA QUE LA MANCHA PERMANEZCA EN EL PANEL DE CUALQUIER MANERA EL CONTACTO DE LA HUMEDAD CON LA SUPERFICIE DE LOS PANELES DURANTE UN PERIODO LARGO PUEDE DAÑAR SEVERAMENTE EL ACABADO Y REDUCIR LA DURACION DE VIDA. POR LO TANTO ES NECESARIO QUE TODOS LOS PANELES SEAN INSPECCIONADOS POR HUMEDAD AL RECIBIR EL EMBARQUE. SI SE PRESENTA HUMEDAD PROCEDA A SECAR LOS PANELES INMEDIATAMENTE Y ALMACENELOS EN UN LUGAR SECO Y CALIDO.

PRECAUCION: SIEMPRE DONE TENGAS CUIDADO CUANDO SE CAMINE SOBRE LOS PANELES, USE BOTAS Y LONAS DE SUFICIENTE CUANDO SEA NECESARIO LOS PANELES SON RESBALOSOS. ACEITE O OTRA APLICADOS A LOS PANELES DEL TECHO O PAREDES PARA PROPORCIONES CONTRA DAÑOS CAUSADOS POR EL CLIMA LOS HARAN SUPERFICIES MUY RESBALADOSAS. SEDE CUIDADOSO ACEITE QUE SE PUDO HABERSE ACUMULADO POR ALMACENAMIENTO DE EMBARQUE, BRUSH, HIELO O CUALQUIER OTRA FORMA DE HUMEDAD INCREMENTA QUE LAS SUPERFICIES DE LOS PANELES SE VUELVAN MAS RESBALOSAS. ASUMA SIEMPRE QUE LA SUPERFICIE DEL PANEL ES RESBALOSA Y ACTUE DE ACUERDO A ESTA BUENA IDEA O CUANDO SUENE SOPLADO O PANELES TROQUELONDEADOS SEVERAMENTE.

USE BLOQUES DE MADERA PARA ELEVAR E INCLINAR LOS PANELES DE MANERA QUE PERMITA DRENAR LA HUMEDAD. CALZAS DE MADERA ENTRE LAS PILAS DE PANELES PERMITEN CIRCULACION DE AIRE ADECUADA. COPRA LAS PILAS CON UNA CUBIERTA PLASTICA DEJANDO SUFICIENTEMENTE ACERCO EL FONDO PARA PERMITIR LA CIRCULACION DE AIRE. CUIDADO SE ENSEÑE O SEPARAN LOS PANELES, NO LOS DESUDE DE MANERA QUE SE SEPAREN MEJOR LENTAMENTE, EL SOBRANTE EN LAS GRILLAS PODRA ROLAR LAS SUPERFICIES CUANDO LAS LAMINAS SE DESLIZAN SEPARANDOSE UNA

ES04

CONTRA SUPERFICIES MIEN SHEETS ARE SLID OVER ONE ANOTHER. MINES ALIGHT PANELS TO BE STACKED ON SIDE OR END OF LOAD.

ROUGH & IMPROPER HANDLING OF A PANEL IS INCREDIBLE & A PRIME EXAMPLE OF POOR JOB SUPERVISION.

FASTENER INSTALLATION

CORRECT FASTENER INSTALLATION IS ONE OF THE MOST CRITICAL STEPS WHEN INSTALLING ROOF PANELS. BEFORE THE FASTENER IS USED, IT IS TESTED AND THE WASHER IS PROPERLY SEATED. DO NOT OVERDRIVE FASTENERS. A SLIGHT EXTRUSION OF NEOPRENE AROUND THE WASHER IS A GOOD VISUAL TIGHTNESS CHECK.

ALWAYS USE THE PROPER TOOL TO INSTALL FASTENERS. A FASTENER DRIVER (SOCKET SIZE) WITH A RPM OF 1700-2000 SHOULD BE USED FOR SELF-DRILLING SCREWS. A 500-600 RPM FASTENER DRIVER SHOULD BE USED FOR SELF-TAPPING SCREWS. DESIGNED WITH SOCKETS, THESE CAN CAUSE THE FASTENERS TO BECOME DURING INSTALLATION.

NOTE: ALWAYS REMOVE METAL FILINGS FROM SURFACES OF PANELS AT THE END OF EACH WORK PERIOD. LEAVING FILINGS CAN CAUSE THE PAINT FINISH AND TOP TO RUST PREMATURELY.

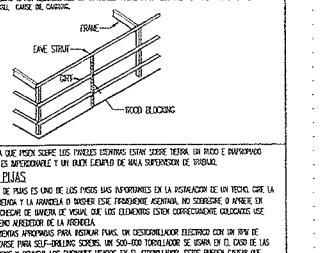

MASTIC SEALANT

PROPER MASTIC APPLICATION IS CRITICAL TO THE WEATHER TIGHTNESS OF A BUILDING. MASTIC SHOULD NOT BE SPECIFIED WHEN INSTALLED. APPLY ONLY TO CLEAN, DRY SURFACES. KEEP ONLY ENOUGH MASTIC ON THE ROOF THAT CAN BE INSTALLED IN A DAY. DURING RAINY WEATHER, STORE MASTIC IN A COOL, DRY PLACE. DURING COLD WEATHER (BELOW 40°) MASTIC MUST BE KEPT WARM (60°-90°) UNTIL APPLICATION. AFTER MASTIC HAS BEEN APPLIED, KEEP PROTECTIVE PAPER IN PLACE UNTIL PANEL IS READY TO BE INSTALLED.

ALIGNING THE GIRTS

INSTALLATION OF THE BUILDING WALLS IS GENERALLY DONE BEFORE THE ROOF. BEFORE STARTING THE WALL INSTALLATION, CHECK TO BE SURE THAT THE EAVE STRUT AND GIRTS ARE STRAIGHT AND PLUMB. ONE METHOD OF ALIGNING THE GIRTS IS TO USE TEMPORARY WOOD BLOCKING TO THE PROPER LENGTH AND INSTALL BETWEEN THE LINES OF GIRTS. THIS BLOCKING CAN BE USED FROM END TO END WHICH WILL REDUCE THE NUMBER OF PIECES REQUIRED. NORMALLY, ONE LINE OF BLOCKING PER UNIT WILL BE SUFFICIENT. BRACING CAN ALSO BE USED TO HOLD THE GIRTS STRAIGHT AND PLUMB.

NOTE: TEMPORARY GIRT BLOCKING IS NOT RECOMMENDED ON CONCEALED FASTENER PANELS. THE REMOVAL OF THE BLOCKS AFTER PANEL INSTALLATION WILL CAUSE SIL DAMAGE.

DE OBRA. NUNCA PERMITA QUE PASEN SOBRE LOS PANELES ESCRITOS ESTAR SOBRE TIERRA, EN PISOS E EMPARRADO MANEJO DE LOS PANELES ES IMPRESCINDIBLE Y UN BUEN EJEMPLO DE MALA SUPERVISION DE TRABAJO.

INSTALACION DE PIJAS

LA CORRECTA COLOCACION DE PIJAS ES UNO DE LOS PASOS MAS IMPORTANTES EN LA INSTALACION DE UN TECHO, CUYE LA PIJA HASTA QUE ESTE APRETADA Y LA ARANDELA DE WASHER ESTE FIRMEMENTE ASENTADA, NO SOBREGIRE O APRETE EN EXCESO LAS PIJAS, PARA CHEQUEAR DE MANERA DE VISUAL QUE LOS DISPOSITIVOS ESTEN CORRECTAMENTE COLOCADOS USE UNA SELLADOR DE NEOPRENO ALREDEDOR DE LA ARANDELA.

SIEMPRE USE LAS HERRAMIENTAS APROPIADAS PARA INSTALAR PIJAS. UN DESTORNILLADOR ELECTRICO CON UN RPM DE 1700-2000 PARA UTILIZANDO PARA SELF-DRILLING SCREWS. UN 500-600 TORNILLADOR SE USARA EN EL CASO DE LAS PIJAS SELF-TAPPING. DISEGREE Y REMUEVA LOS EMPAQUES USADOS EN EL ATORNILLADOR, ESTOS PUEDEN CAUSAR QUE LA PIEZA TIENDA A INVERSE O MANTENERSE INCONSISTANTE DURANTE LA INSTALACION.

NOTA: SIEMPRE REMUEVA LAS LIMADURAS DE METAL QUE OCURRA SOBRE LA SUPERFICIE DE LOS PANELES AL FINAL DE CADA PERIODO DE TRABAJO. LAS LIMADURAS PUEDEN DESTRUIR EL ACABADO FINAL Y ANULAR CUALQUIER GARANTIA.

SELLADOR

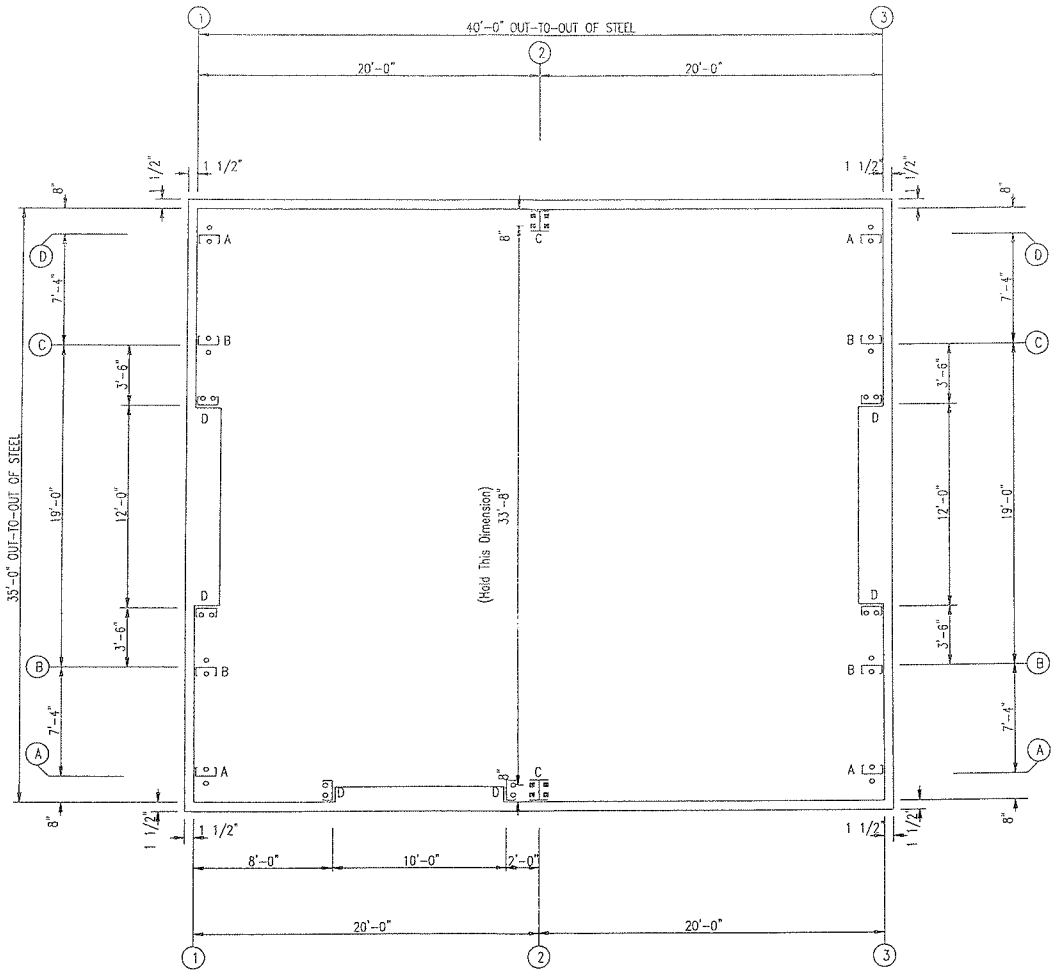

LA APROPIADA APLICACION DEL SELLADOR ES DE GRAN IMPORTANCIA EN LA IMPERMEABILIDAD DE UN EDIFICIO. EL SELLADOR NO DEBE ESTIRARSE, CUANDO SE ESTA INSTALANDO. APLIQUE SOLAMENTE SOBRE SUPERFICIES LIMPIAS Y SECAS. MANTENGA SOLAMENTE LA CANTIDAD DE SELLADOR QUE SE COLOCARA ESE DIA. DURANTE CLIMA CALIENTE, ALMACENELO EN UN LUGAR FRIO Y SECO. DURANTE CLIMA FRIO (ABAJO DE 60° F), EL SELLADOR DEBE MANTENERSE CALIENTE (60°-90°) HASTA SU APLICACION. DESPUES DE QUE EL SELLADOR HALLA SIDO APLICADO, MANTENGA LA CUBIERTA O PANEL PROTEGIDO HASTA QUE ESTE PANEL ESTE LISTO PARA INSTALARSE.

ALINEAMIENTO DE LOS AMARRES

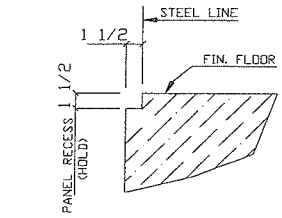

LA INSTALACION DE LAS PIEZAS DE EL EDIFICIO ES GENERALMENTE HECHA ANTES QUE EL TECHO. ANTES DE EMPEZAR CON LA INSTALACION DE LAS PAREDES, ASEGURESE QUE EL ALERO Y EL AMARRE ESTEN ENCUADRO Y NIVELADOS. UN METODO PARA ALINEAR LOS AMARRES ES COLOCAR CALZAS DE MADERA DEL MISMO LARGO DE LOS AMARRES ESTAS ESTARAN TEMPORALMENTE INSTALADAS ENTRE LOS ELLOS. ESTOS BLOQUES DE MADERA PODRAN SER REMOVIDOS DE UNA PARA Y MUESTRA A ESAR EN OTRA LO CUAL ASEGURA EL MISMO DE PIEZAS REQUERIDAS. NORMALMENTE, UNA LINEA DE BLOQUES DE MADERA POR CADA SECCION SUFICIENTE. ESTOS AMARRADOS PODRAN SER SOLO USADOS PARA MANTENER O SOSTENER LOS AMARRES RESTOS Y

GENERAL NOTES

1. THE METAL BUILDING MANUFACTURER IS RESPONSIBLE FOR THE DESIGN OF THE ANCHOR BOLT DIAMETER ONLY TO PERMIT THE TRANSFER OF FORCES BETWEEN THE BASE PLATE AND THE ANCHOR BOLT IN SHEAR, BEARING AND TENSION, BUT IS NOT RESPONSIBLE FOR THE ANCHOR BOLT EMBEDMENT FOR TRANSFER OF FORCES TO THE FOUNDATION.
   THE METAL BUILDING MANUFACTURER DOES NOT DESIGN AND IS NOT RESPONSIBLE FOR THE DESIGN, MATERIAL AND CONSTRUCTION OF THE FOUNDATION EMBEDMENTS. THE END USE CUSTOMER SHOULD ASSURE HIMSELF THAT ADEQUATE PROVISIONS ARE MADE IN THE FOUNDATION DESIGN FOR LOADS IMPOSED BY COLUMN REACTIONS OF THE BUILDING, OTHER IMPOSED LOADS, AND BEARING CAPACITY OF THE SOIL AND OTHER CONDITIONS OF THE BUILDING SITE. IT IS RECOMMENDED THAT THE ANCHORAGE AND FOUNDATION OF THE BUILDING BE DESIGNED BY A REGISTERED PROFESSIONAL ENGINEER EXPERIENCED IN THE DESIGN OF SUCH STRUCTURES.
   (SECTION A3 MBMA 2006 METAL BUILDING SYSTEMS MANUAL)

Panel diaphragm action is utilized to resist seismic and/or wind forces applied parallel to this elevation. Wall sheeting must be continuous from eave strut / rake angle to base support in order to be considered effective. The effective length of wall panel at each wall must be determined by rational analysis considering included openings and height to width ratios of panel segments. Minimum effective width required on this wall for applied force is see below. Additional openings not indicated should be avoided without prior consultation with the metal building manufacturer.

FSW REQ'D. 20 Feet with Horizontal shear force = 1.9 kips.
BSW REQ'D. 20 Feet with Horizontal shear force = 1.9 kips.
LEW REQ'D. 16 Feet total with Horizontal shear force = 1.3 kips.
REW REQ'D. 16 Feet total with Horizontal shear force = 1.3 kips.

These drawings and the metal building they represent are the product of All American Systems or another division or affiliate of NCI Building Systems, L.P. – 7301 Fairview, Houston, TX 77041. The engineer whose seal appears hereon is employed by All American Systems or another division or affiliate of NCI Building Systems, L.P. and is not the engineer of record for this project.

GENERAL NOTES:

1. INSTALL ALL PURLIN AND FLANGE BRACES (FB) AS SHOWN.
2. ROOF PANEL PROVIDES STRUCTURAL STABILITY TO THE BUILDING.
3. STRUT PURLINS, IF PROVIDED, MUST BE INSTALLED AND FASTENED TO ROOF SHEETING PER "PBR" PANEL ROOF DETAIL.
4. DO NOT ADD ANY ADDITIONAL ROOF OPENINGS WITHOUT BUILDING MANUFACTURER APPROVAL OR PROFESSIONAL ENGINEER APPROVAL.
5. DO NOT STACK SHEET BUNDLES ON ROOF. ONLY RAISE INDIVIDUAL SHEETS AS NEEDED.
6. AFTER INSTALLATION, WIPE ALL PANELS CLEAN OF METAL SHAVINGS CAUSED BY DRILLING.

RE: JUSTIFICATION LETTER
METAL GARAGE @ 3304 Theresa Way (138-12-810-033)
35'w x 40'l x 17.1'h on 1.07ac; Zoned RE
P-09-11-04r

Dear Ms. Wheeler;

Preator Consulting, LLC, on behalf of John and Denise Richardson, hereby request planning approval to construct a pre-engineered metal structure (US Metal Buildings) to act as a detached garage on their 1.07ac residential estate lot. The request is for waiver of the size ratio and height of the accessory building. The existing house is 1592sqft and 11.8ft high, while the proposed accessory structure is 1400sqft and 17.1ft high.

This structure is intended to be used only for personal use, for the storage of the couples' collection of antique motorcycles, other recreation vehicles and associated tools. The structure will allow the storage of these materials out of the deteriorating effects of the weather, which affects their usability and value.

The area, Elstner Estates, includes many large storage structures which exceed this proposed structure's size and ratio to the main house. These nearby structures are almost all of metal, and most do not match their main house in color or materials. Please find attached affidavits in support of the structure from the adjacent and nearby homeowners of Elstner Estates.

The Richardsons propose to paint the metal structure and the house the same color; it was determined that stucco over metal would not fully adhere and would quickly become an eyesore to the neighborhood. Pre-approval for the connection of the proposed half bath to the septic system has been granted by the Southern Nevada Health District based on the existing septic system components and usage.

Upon planning approval, the Richardsons are prepared to pull full permits from the Building Department, Southern Nevada Health District and NV Energy. As part of the construction of the building, it is proposed to fully xeriscape the remainder of the lot to match the existing frontage. Decomposed granite for the driveway is proposed to control dust. The gates onto Theresa are existing and no perimeter or offsite improvements are proposed.

Please feel free to contact me at 606-7613 should you have any questions.

Sincerely,
PREATOR CONSULTING, LLC

RE: Justification Letter –Variance & Accompanying Special Use Permit
APN: 139-32-405-008, 009, 011, 012

Dear Planning and Development Department,

Enclosed is an application for a Variance & Special Use Permit for an Accessory Structure for that property generally located north of the northeast corner of Charleston Blvd. & Campbell Drive, more specifically described as APN's: 139-32-405-008, 139-32-405-009, 139-32-405-011, & 139-32-405-012 (specific street address not yet assigned). This Variance & Special Use Permit will be contingent upon these four parcels being consolidated into a single parcel. Construction of the primary dwelling will commence before that of the accessory structures.

The property consists of approximately 2.5 acres of land zoned R-E (Residence Estates). The Accessory Structures are going to be +/- 3,864 sq ft for a "shed-row" horse barn and +/- 1,200 sq ft for a hay shelter. The primary dwelling, of which these structures are to be accessory to, is to be +/- 2,616 sq ft. The floor area ratio of primary dwelling to accessory structures is +/- 51.66%.

The Variance is needed because our planned Accessory Structure's ratio of square footage to primary dwelling square footage exceeds that allowed by code. The Special Use Permit is needed because the Variance does not meet the Conditional use requirements; specifically Conditional Use Regulation #3 under the Horse Corral or Stable (Private) use in the Land Use Table of Chapter 19.04, "Barns and other structures shall conform to the standards for accessory buildings".

The property owner/applicant has spoken to all directly adjacent property owners who are all excited that the land is finally being developed, glad that it is going to be the proposed use (single family residence with horses), and are in general support of this variance for accessory structure.

RECEIVED
JUN 15 2010

The property owner/applicant is passionate about horses. She competes in barrel racing competitions and spends most hours of the day loving and caring for her horses. The

Subject parcel: **Parking Variance Request for**
APN: 139-25-101-002, 139-25-101-003, 139-25-101-004
(At the Corner of Eastern Ave and Owens Ave.)
0.89 Gross Acres

Mr. Grider:

This serves as a justification letter for the above mentioned parcels for the proposed McDonalds restaurant. We are proposing to demolish the existing McDonalds building to replace with a 5,153 sq.ft. McDonald's restaurant located on the same parcels as mentioned above. In addition to the Site Development Review application that is being submitted concurrently with this application, we are requesting a variance to the parking requirements set forth in Title 19.10.

In addition to the Site Development Review application being submitted concurrently with this request, we are requesting the approval of a variance to the parking requirements set forth in Title 19.10. Per the requirements set forth in Title 19.10, the number of required parking is forty-six parking spaces and since we are proposing forty parking spaces this development does not meet the required number of parking per Title 19.10. Please see parking calculations below:

Restaurant:	1/100 x 3,823 = 38.2
Add. Seating:	1 /100 x 480 = 4.8
Playplace:	1/100 x 300 = 3.0
	Total: = 46.0 Required
	Total: = 40.0 Provided

We have provided a minimal square footage within the Play Place for the above parking calculations to reflect a minimal amount of seating that will be within the Play Place area.

Since the majority of McDonald's business is drive-thru and not a dine in restaurant, we are suggesting that a reduction in the number of parking spaces required be approved to meet the number of parking spaces that we are proposing for this project.

(At the Corner of Eastern Ave and Owens Ave.)
0.89 Gross Acres

Mr. Grider:

This serves as a justification letter for the above mentioned parcels for the proposed McDonalds restaurant. We are proposing to demolish the existing McDonalds building to replace with a 5,153 sq.ft. McDonald's restaurant located on the same parcels as mentioned above. In addition to the Site Development Review application that is being submitted concurrently with this application, we are requesting a variance to the signage requirements set forth in Title 19.14.

This request is for the approval of incidental directional signage that exceeds seven feet in height, per Title 19.14. The incidental directional signage includes the Welcome Point Gateway for the drive thru entrance, the Drive Thru Twin Pole Canopy with Built in COD, and the Freestanding Modular Outdoor Menu Board.

The Welcome Point Gateway and the Drive Thru Twin Pole Canopy with Built in COD are both approximately 11' – 0" in height. The Freestanding Modular Outdoor Menu Board is approximately 8' – 0" in height. Please see signage information included within this package.

Since these are standard McDonald's signage that are currently in use over the Las Vegas Valley, we are requesting that this variance request be approved for the overall height requirements set forth in Title 19.14.

If you have any further questions pertaining to this project, please give me a call.

Subject parcel: **Site Development Review for**
APN: 139-25-101-002, 139-25-101-003, 139-25-101-004
(At the Corner of Eastern Ave and Owens Ave.)
0.89 Gross Acres

Mr. Grider:

This serves as a justification letter for the above mentioned parcels for the proposed McDonalds restaurant. We are proposing to demolish the existing McDonalds building to replace with a 5,153 sq.ft. McDonald's restaurant located on the same parcels as mentioned above.

The proposed building exceeds all minimum building setback requirements. The proposed building also meets the requirements for the intended use of the property as a fast food restaurant, 2000 sq. ft. or more (with a single drive-through).

We are providing forty parking spaces for this project, which does not exceed the required forty parking spaces. A variance request is being submitted concurrently with this application requesting the approval of a reduction in the number of parking spaces required per Title 19.10.

In addition, a variance request for the incidental directional signage height is being requested for signage within the drive-thru that exceeds the allowable 7'-0" allowable height.

In addition, to our request for reduction in parking requirements, we are requesting the approval of a reduction in the landscape setback requirements set forth in Title 19.

Landscaping shall conform to City Las Vegas development standards of Title 19. However, we are applying for waiver of reduction of landscaping setbacks on the following property lines:

SDR-38585

RECEIVED
JUN 15 2010
City of Las Vegas

- West property line: reduction from 8'-0" to 3'-0"
- South property line: reduction from 8'-0" to 1'-0"
- North property line: reduction from 8'-0" to 3'-0" (only on portion that is between our parcel and the existing convenience store, all property that is directly on Owens will conform with city standards and meet the 15'-0" required setback)

In order to maximize parking within the limits of the site, we are requesting an exemption of the standards for interior landscaping of the islands for the parking lot per Chapter 19.10.010, section J. In certain areas, the required 5-foot wide parking islands at the end of parking rows and the one landscape island required for every six parking spaces is not achievable without reducing the parking count even further.

Vehicular access to the property will remain off of both Eastern Avenue and Owens Avenue. The revised site plan reflects the requested revisions to include a radial return on Eastern Avenue for the ingress portion of the driveway. This driveway configuration helps eliminate the conflict with an existing power pole along the frontage of Eastern Avenue.

The existing "Dust-Pan" driveway currently providing access off of Owens Avenue will be upgraded to a Curb-Returned Commercial Driveway, Option B, per USD No. 225, with curb return radius deviations as shown per site plan.

In addition, we are requesting a 65' reduction in length of the existing 2-foot wide median island along Owens Avenue. The request is to allow access onto the site from Owens Avenue for both east-bound and west-bound Owens Avenue. This reduction in median length will be coordinated with both City of Las Vegas Traffic Division and City of North Las Vegas Traffic Divisions.

A Parcel Map will be submitted and approved concurrently with the development portion of the project to combine the three subject parcels into one parcel as requested.

If you have any further questions pertaining to this project, please give me a call.

Thank You,

Samantha Johnston
Project Coordinator

RE: Worldwide A's Jewelry LLC
Letter of Justification for a Special Use Permit/Second Hand Dealer/Jewelry Class III

Location: 1444 E Charleston BLVD Las Vegas, NV 89104
650sqft

Sir/Madam:

Hello, I am sending this letter to justify our intentions in obtaining a special use permit to be able to operate Second Hand Dealer / Jewelry Class III. Therefore, please allow me to share my goals with you in creating a difference in our community and environment.

Due to the downturn of our economy and our market's consistent decline, it has been especially difficult for many to make ends meet. Hence, having an alternative for our community to buy or sell the jewelry that they no longer use can help them significantly as gold prices are increasingly daily. We are going to buy, sell and trade used articles. In addition, we are also buying precious metal and broken jewelry to be melted in the form of cash.

Such operation will be managed by me, the owner, Lilibeth Gonzales with the help of my son, Mark Gonzales. No additional employees needed to fulfill the position needed for the license requested. The hours of operation will be from Monday – Saturday from 10am to 7pm, and Sundays from 10am to 6pm. We will be incorporating the permit requested in conjunction with our current license issued for the sale and service of wireless and other communication devices.

The demand for gold and other various metals are far more than what we are able to supply. Ergo, compensating our community for buying their scrap gold not only helps them, but it also helps our environment by saving our natural resources.

Most of the gold that comes from the United States is mined from our great state, Nevada. Study shows that the Mines consume more water than all of our State's population combined; not to mention, the distress it brings our planet and animal life when the chemicals and solvents are drained and discarded in our ecosystem. So, we are seeking the approval of your office to issue a special use permit on our behalf.

Hoping for your kind consideration. Your immediate attention is greatly appreciated. Thank you.

Respectfully yours,

Lilibeth Gonzales

SITE PLAN KEYED NOTES

1. PERIMETER OF ALL ASPHALT TO RECEIVE CONCRETE CURB.
2. 65 FOOT TRUCK TURNING RADIUS DEPICTED AS PER SHEET C6.1.
3. NOT USED.
4. IDENTIFY USE AND LOCATE ALL STRUCTURES ADJACENT TO WALGREENS SITE. INDICATE NUMBER OF STORIES AND DISTANCE FROM PROPERTY LINE.
5. SPOT ELEVATION AT FLOW LINE OF PROPOSED ENTRANCE.
6. CONCRETE APRON TO D.O.T. SPECIFICATIONS. CURB CUT DIMENSION MUST ACCOMMODATE 65 FOOT TRACTOR/ TRAILER WITHOUT ROLLING ONTO CURB. SEE CRITERIA NOTE #9, THIS SHEET. DIVIDE DRIVEWAY INTO LANES W/STRIPING.
7. LIMIT OF HEAVY DUTY ASPHALT PAVING.
8. 50'L X 4"W YELLOW PAINT STRIPE (TYPICAL) LANE DIVIDER.
9. LINE OF CANOPY ABOVE.
10. 12"x18" "DO NOT BLOCK ENTRANCE" SIGN. SEE DETAIL 11/C0.0.
11. NOT USED.
12. GAS METER WITH BOLLARDS.
13. COMPACTORS. SEE SHEET C6.2.
14. LINE OF CONCRETE PAD.
15. LIGHT POLE (TYPICAL). QUANTITY AND LOCATION OF POLES TO BE DETERMINED BY APPROVED PHOTOMETRICS. COORDINATE WITH EXISTING SITE LIGHTING PACKAGE.
16. CONCRETE DRIVE-UP LANE AND CANOPY ABOVE.
17. PROVIDE LANE DIVIDERS AND DIRECTIONAL ARROWS AT ALL DRIVES AND END OF DRIVE AISLES.
18. NOT USED.
19. CONCRETE SIDEWALK. SEE SHEET A1.1 – KEYED NOTE #2.
20. PAD MOUNTED TRANSFORMER WITH BOLLARDS. (COORDINATE W/ P.A., ANY OTHER LOCATIONS).
21. ENTRY BOLLARDS W/ POLYETHYLENE COVERS 5'-4" CLEAR.
22. ACCESSIBLE PARKING SIGN. SEE ACCESSIBILITY SHEET FOR DETAIL.
23. ACCESSIBLE RAMP W/ DETECTABLE WARNING ALONG ACCESSIBLE ROUTES (TYP.). WHEN SLOPE IS LESS THAN 5% ONLY 36" OF DETECTABLE WARNING SURFACE IS REQUIRED.
24. ASPHALT PAVING.
25. YELLOW PAINT STRIPING (TYPICAL).
26. ACCESSIBLE PARKING DESIGN TO MEET ALL GOVERNING CODES. QUANTITY AS REQUIRED BY A.D.A.–ACCESSIBLE PARKING SPACES AND THEIR ACCESS AISLES SHALL BE 1 1/2% (2 % MAX.) SLOPE IN ALL DIRECTIONS.
27. TOP OF SIGN FOUNDATION TO BE AT TOP OF STREET CURB HEIGHT (MIN.).
28. PLACE SIGN WITH MINIMUM SETBACKS. COORDINATE WITH ZONING AND DIMENSION ACCORDINGLY.
29. INDICATE ALL EXISTING OR PROPOSED TRAFFIC CONTROL ELEMENTS.
30. SPOT ELEVATION AT STREET INTERSECTION.
31. SHARED MONUMENT ID SIGN TO BE PROVIDED BY OTHERS.
32. INDICATE ALL OFF-SITE IMPROVEMENTS. DENOTE EXISTING OR PROPOSED.
33. ALL END ISLANDS TO BE 3'-0" LESS THAN STALL DEPTH. WHERE FULL DEPTH ISLAND IS REQUIRED, DETAIL ROLLOVER CURB AND CONCRETE FILL END OF ISLAND 4'-0".
34. RETURN SIDEWALK TO EXIT DOOR. (ADA ACCESSIBLE EXIT ROUTE REQUIRED).
35. WALKS WITHOUT COLUMNS CAN BE 7'-0"W. WALKS WITH COLUMNS SHALL PROVIDE 5'-0" CLEAR TO BUILDING AND 2'-6" CLEAR TO EDGE OF CURB. SOUTHERN PROTOTYPE WALK TO BE 10'-0"W MIN.
36. TOTE ENCLOSURE.
37. DETECTABLE WARNING SURFACE, 36" DEEP.
38. STORM CATCH BASINS TO BE 50' MINIMUM AWAY FROM 2% ACCESSIBLE PARKING ZONE.
39. LIGHT POLES, LANDSCAPINGS, AND OTHER SITE EQUIPMENT SHALL NOT OBSCURE SIGHT LINES TO PYLON.

RE: ***Application for Special Use Permit***

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit for the addition of 81 square feet of accessory "off-sale" packaged beer, wine, and liquor at the premises of Walgreens at 6495 North Decatur Boulevard. The location is currently operating and licensed as a drug store.

This location is zoned C-1, Limited Commercial. The proposed sale of packaged liquor will not adversely affect surrounding properties, as this store is located within a large commercial complex on a major thoroughfare and is abutted by Interstate 215. There are other businesses in the general area that sale alcohol, so the proposed use would not be unique to the area. The location also currently complies with all other requirements pursuant to the City of Las Vegas Municipal Code.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase packaged beer, wine, or liquor for consumption off-premises. Since this use is commonly found at similar drug and retail grocery stores in Las Vegas, there would be no variable impact on other businesses by allowing Walgreens to sell alcohol for the convenience of its customers.

SUP-38276

Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales. Additionally, the 81 square foot space devoted to packaged beer, wine, and liquor sales is less than 1% of the overall retail floor area.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties.

As Walgreens is currently operating and the addition of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit for the addition of 81 square feet of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

cc: Ms. Rebecca Lidskin

RE: ***Application for Special Use Permit***

To Whom It May Concern:

I am writing on behalf of Walgreen Co. in support of the application for a special use permit for the addition of 79 square feet of accessory "off-sale" packaged beer, wine, and liquor at the premises of Walgreens at 6001 West Cheyenne Avenue. The location is currently operating and licensed as a drug store.

This location is zoned C-1, Limited Commercial. The proposed sale of packaged liquor will not adversely affect surrounding properties, as this store is intersected by two major thoroughfares – Cheyenne and Jones – and is surrounded by commercial uses. There are other businesses in the general area that sale alcohol, so the proposed use would not be unique to the area. The location also currently complies with all other requirements pursuant to the City of Las Vegas Municipal Code.

With this special use permit, Walgreens will remain competitive with similar businesses by offering patrons the option to purchase packaged beer, wine, or liquor for consumption off-premises. Since this use is commonly found at similar drug and retail grocery stores in Las Vegas, there would be no variable impact on other businesses by allowing Walgreens to sell alcohol for the convenience of its customers.

SUP-38340 MAY 2 2010

Walgreens will continue to maintain its high-level standard of operations, and the design, hours of operation, traffic generation, lighting, and noise at this location will remain unchanged with the issuance of a special use permit to allow for accessory packaged beer, wine, and liquor sales. Additionally, the 79 square foot space devoted to packaged beer, wine, and liquor sales is less than 1% of the overall retail floor area.

Furthermore, Walgreen Co. is a well-established national company with shares traded on the New York Stock Exchange. The company has over 60 stores in southern Nevada that maintain a low impact on neighboring properties.

As Walgreens is currently operating and the addition of 79 square feet of packaged beer, wine, and liquor for sale is compatible with the surrounding area, we respectfully request a special use permit for the addition of accessory "off-sale" packaged beer, wine, and liquor sales.

Please call me if you have any questions or need additional information.

Sincerely,

Jennifer Roberts

cc: Ms. Rebecca Lidskin

JUN 09 2010

JUSTIFICATION LETTER

Application/Petition For:	Special Use Permit – Supper Club
Project Name:	Ground Hog 1, LLC
Assessor's Parcel:	13832312005

Issue: This Application/Petition is for a Special Use Permit for a Supper Club with liquor and restricted gaming located within the Boca Fashion Village.

Information: The number of employees will be determined in the future, but it is anticipated that at least 20 employees will be needed, as the business will operate 24 hours. State licenses will be required and the applicant intends to submit all licensing applications within the next 30 days. The business will comply will all applicable local, state and federal laws, rules and regulations.

Findings: This project meets and supports existing City regulations because the proposed use will be conducted in a manner harmonious and compatible with existing land uses, consistent with Boca Park development plans and standards, and with future surrounding land uses as projected by the General Plan. The subject site is physically suitable for the type and intensity of land use being proposed, and access to the property is more than adequate to meet the requirements of the proposed use. Approval of this special use permit will not be inconsistent with or compromise the public health, safety and welfare or the overall objectives of the General Plan.

CHOICES PUB GRILL & SHOWROOM

City of Las Vegas
June 11, 2010

Re: Choices Pub, Grill & Showroom
6720 W. Cheyenne Ave
Las Vegas, NV 89108

Justification Letter to receive a Special Use Permit for a Nightclub license

Choices Pub, Grill & Showroom wishes to have the zoning changed to allow a nightclub license in order to offer its guests entertainment 7 nights per week.

The Pub wishes to offer Live Jazz on Sunday afternoons, Karaoke Sunday and Wednesday evenings, Rotating Live Bands Monday, Friday and Saturday evenings, Country Music on Tuesday evenings, and an Open Mic/Jam on Thursday evenings.

In addition, in the adjacent Showroom space Choices Pub wishes to offer dance lessons, acting and singing lessons, Comedy Shows, a pre-sale band venue, banquet facilities, and dinner shows.

All existing policies and regulations are being met; we only wish to offer entertainment 7 nights per week rather than the 3 currently allowed.

Cordially,

Julie Rubino

Gerald Goscick

Attn: PLANNING AND DEVELOPMENT DEPARTMENT

Re: JUSTIFICATION LETTER

To whom it may concern.

I am applying for a Use Permit for an Auto Sales at 4561 E. Bonanza Road, Las Vegas, Nevada 89110. The property is zoned as a C2 which is for a heavy mechanic repair of which is comparable with Use Permit of which I am applying for.

Further this is vital to me because at this time I have filed a chapter 11 bankruptcy and this will give more proof to the judge and trustees that I do intent to have future income.

Respectfully

HECTOR CAMACHO

Re: Justification Letter – Special Use Permit for Auto Title and Waivers to Reduce Separation from a Residential Use & Financial Use and to Reduce Minimum Square Footage Requiements
APN: 138-24-101-001

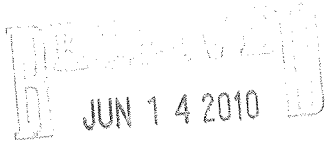

To Whom It May Concern:

Please be advised this office represents Loanex (the "Applicant"). The Applicant is seeking a special use permit for an auto title use at its existing business located at 2333 N. Jones Blvd., Suite110 on the southeast corner of Jones Boulevard and Smoke Ranch Road, more particularly known as APN: 138-24-101-001 (the "Site"). The Applicant is also requesting to waive the 200 foot separation requirement from its existing business to a residential use, the 1000 foot separation requirement from another financial institution specified as it relates to the auto title use and the minimum square footage requirements.

Auto Title Use

The Applicant has been lawfully operating its check cashing/payday loan/title loan business from 9am to 6pm Monday through Saturday for a number of years at the Site, including offering an auto title use to it customers. However, the Nevada legislature recently amended the state law which resulted in existing businesses of this type to reclassify their local business licenses which carved out auto title loans as a separate use. Therefore, as the Site is zoned C-1 a special use permit is now required for the Applicant to obtain approval of the amended business license.

As a result and in order to comply with the new state and local laws, the Applicant is seeking the special use permit to continue offering auto title uses at the Site, as it has for the past several years.

SUP-38531

Waiver to Reduce Separation from Residential Use & Financial Use and Minimum Square Footage Requirements

The City of Las Vegas planning code requires that an auto title use be no closer than 200' to a residential use and 1000' to another financial use. In this case, the existing Site is on the same parcel with these uses and therefore is within zero feet of a residential use and another financial use. In addition, the Code requires a minimum square footage of 1500 square feet and the applicant's suite is 1,040 square feet. As indicated above, the Applicant has been operating at the Site and offering the auto title use for numerous years. Because of the recent amendments to both the state and local laws, the Applicant is required to obtain a special use permit. As a result of this recent requirement to obtain a special use permit, the existing Site and business now also require the said waivers.

We thank you in advance for your consideration of this matter. Should you have any additional questions, please feel free to contact me.

Sincerely,

KAEMPFER CROWELL RENSHAW GRONAUER & FIORENTINO

RECEIVED
JUN 14 2010
SUP-38532

Date: June 14, 2010

To: City of Las Vegas Planning Commission

From: Stephen and Janice Metta
4112 Birchmont Street
Las Vegas, Nevada 89130

Subject: Request for a Special Use Permit

We are requesting a special use permit for the use of an Accessory Structure (Class 1) on our property at 4112 Birchmont for our immediate families use. The structure will be 1,171 sq. ft. and located in the rear yard with the required set back of a 5 ft minimum to all property lines. To assure the structure is harmonious and compatible the exterior will be the same as the original structure, white stucco with brown trim and tile roof. The rear yard coverage is 23.8% and total lot coverage of 41.4%.

The structure meets all City codes and we will meet any conditions of the Planning Commission.

We appreciate your consideration.

Las Vegas, NV 89101

Re: ***Justification Letter – Special Use Permit for Auto Title Loan & Secondhand Sales and Waivers to Reduce Square Footage Requirements***
APN: 163-01-602-005

To Whom It May Concern:

Please be advised this office represents Loanex (the "Applicant"). The Applicant is seeking a special use permit for an auto title use, secondhand dealer for the buying and selling of gold and a waiver of square footage requirements at its existing business located at 1620 S. Decatur Blvd. Suite A. on the northwest corner of Decatur Boulevard and Oakey Boulevard, more particularly known as APN: 163-01-602-005 (the "Site").

The Applicant has been lawfully operating its 750 square foot check cashing/payday loan/title loan business from 9am to 6pm Monday through Friday for a number of years at the Site, including offering an auto title use to it customers. The Code requires a minimum square footage of 1500 square feet and the Applicant's suite is 750 square feet. However, the Nevada legislature recently amended the state law which resulted in existing businesses of this type to reclassify their local business licenses which carved out auto title loans as a separate use. Therefore, as the Site is zoned C-1 a special use permit is now required for the Applicant to obtain approval of the amended business license.

As a result and in order to comply with the new state and local laws, the Applicant is seeking the special use permit to continue offering auto title uses at the Site, as it has for the past several years.

RECEIVED
JUN 14 2010

SUP-38533
SUP-38534

Secondhand Dealer

In addition the Applicant wishes to expand its business by offering the buying and selling of gold and precious metals at this Site. This use is allowed in a C-1 zone with the approval of a special use permit.

We thank you in advance for your consideration of this matter. Should you have any additional questions, please feel free to contact me.

Sincerely,

KAEMPFER CROWELL RENSHAW GRONAUER & FIORENTINO

Mamita's Mexican and Cuban Restaurant

611 Fremont Street
Las Vegas, Nevada 89101
(702) 474-7033

June 14, 2010

Dear Sirs,

The purpose of this letter is to request a Tavern-Limited License for our business Mamita's Restaurant.

We, Mamita's Mexican and Cuban Restaurant, have been an established restaurant in Las Vegas since 1985. In 1999, Maria and Jose Calvino moved the restaurant to its current location at 611 Fremont East. We employ eight workers on a steady basis: cooks, dishwashers, delivery, and a wait staff. Our hours of operation are Monday thru Thursday from 10:00 am to 11:00 pm and Friday thru Sunday from 9:00 am to 2:00 am.

Mamita's currently has an Alcohol Beverage License allowing us to serve beer and wine. (License #L09-00256-4-000499). With the city offering businesses in the downtown area origination fee waivers, Mamita's would like to take advantage of this opportunity.

Mamita's is currently in good standing with the City of Las Vegas pertaining to all licenses for operating a restaurant. (Business License: R09-00373-6-000499 and Health Permit: 179Z8-HH-8-01)

With the revitalization project happening on East Fremont, Mamita's has the ability to grow with the downtown area. Mamita's has ample off-site parking behind the restaurant to accommodate this facility.

Please consider Mamita's Restaurant for this Liquor License, because we would like to grow and offer all of Las Vegas our hometown hospitality.

Thank you for this opportunity,

Maria Calvino

Re: Request for a Special Use Permit

Planning Department,

Archway Studios, a Brett Wesley company is pleased to announce the Artifice Urban Lounge located in the 18B Arts District. The lounge will be a dynamic blend art and entertainment to create a unique experience for locals and tourists alike. Artifice will be harmonious with the surrounding businesses and will feature local as well as international artists alike.

We are requesting a Special Use Permit for an Urban Lounge license located at 1025 First Street. The Urban Lounge is 3,522 square feet located within the eastern portion existing 6,985 square foot building. The proposed lounge will have a total occupant load of 172 with 21 seats at the bar and approximately 85 seats within the Urban Lounge.

Our goal is promote awareness, created new interest, and continued revitalization within the Arts District of Las Vegas.

If you require any additional information or clarification feel free to contact me at (702) 595-2998.

Sincerely,

Steve Rubyor

Attn: Planning and Development Dept.

To Whom It May Concern:

Under the non profit status of Chabad of Southern Nevada we are planning on opening a thrift store located at 6029 West Charleston LV NV 89146. It shall be called Dinosaurs and Roses.

We would gain our inventory from donations within the community. Profits from the store would be distributed to Chabad of Southern Nevada and several other charities in the Las Vegas area such as the Humane Society, AFAN, and others local charities that may be in need. Our goal and purpose is to help as many as possible through our donations.

We plan on picking up all of our donations during daytime hours and should anyone drop any donations off after hours we would by Nine AM (or opening time) have any and all donations removed from the parking lot, front door or anywhere that they are left. There will be no drop boxes or outside storage. We will not be encouraging any drop off donations.

We are planning on opening at 9 AM and staying open till 7 PM Sunday through Friday.

We expect to have one store manager and three volunteers during store hours working with the customers.

Chabad/Dinosaurs and Roses does not have or own any similar or existing business.

Thank you, for your consideration please feel free to contact me with any other questions for concerns,

Sincerely,

Michele Morgan-Devore
Director of Operations

WESTAR ARCHITECTS

LETTER OF JUSTIFICATION

LA CONCHA REHABILITATION/NEON MUSEUM VISITORS CENTER – MAJOR AMENDMENT TO SDR 37021, VAC 37024

We are Submitting a Major Amendment to the Site Plan (easement vacation VAC 37024), Floor Plan (square footage changed) and Landscape plan to the SDR-37021. The Neon Museum is requesting a review of this proposed project at 770 North Las Vegas Boulevard, Las Vegas, Nevada, 89101, APN13927805005 and 13927812045 with it's most current development, to provide for a visitors center for the Neon Museum's Neon Boneyard. This museum is a display of the historically relevant neon signage that relates to the history and development of the city of Las Vegas as well as the remainder of the Las Vegas valley. There is an existing shell building of 1,096 square feet and a proposed addition of 2,451 square feet for a total of 3,547 square feet. This building will serve as a public information center, public entry, administrative offices, restroom facilities and access point for the Neon Museum's "Neon Museum".

This project will house the Neon Museum, visitor's center and the Neon Boneyard. Within the confines of the visitor's center there will be the entry area to the facility, the general public areas which will contain information about the historic signage, ticket area and a small retail area. The addition will house the Neon Museum's administrative offices and restroom facilities. This building is then attached to a large, open area for the display of the historically relevant signage. Within the open signage area will be the sign displays, a public gathering area and general open area.

The proposed project supports the City's growth and development of the Las Vegas Boulevard North corridor development. It promotes the development of the downtown area, drawing both the local population and out of town visitor to this area. It is an additional element to the cultural development in the area and contributes to the cultural options for the citizenry.

Planning & Development Department
City Of Las Vegas

Re: JUSTIFICATION LETTER
Nevada Cancer Institute @ University Medical Center
Radiology/Oncology Center LINAC Vault Addition

Summary of Work:

The Nevada Cancer Institute (NVCI), which has been serving the Southern Nevada region for many years, strives to ensure cancer patients and their families, regardless of their geographic location, have access to the latest in cancer prevention, education, detection and treatment options. To that end, NVCI has partnered with the University Medical Center (UMC) in order to provide radiology & oncology services to the citizens of Las Vegas.

Phase 1 of the construction, which is already approved by the City of Las Vegas Planning, is a tenant improvement of an existing ground floor space within one of UMC's existing buildings.

Phase 2, for which this Site Development Plan Review is required, involves the addition of approximately 2,481 square feet of space to house the imaging equipment required to detect and treat cancer patients. The equipment will not fit within the existing structure due to shielding and area requirements and the height restrictions imposed by the existing structure.

To that end, it is our intent to rework the existing parking lot area to include the new structure to house the imaging equipment.

Parking:

Per previous UMC Construction projects and information received by UMC and it's vendors, the required parking for the Campus is 1,785 spaces.

RECEIVED
JUN 15 2010

Zoning regulations	1 space / hospital bed	
On peak shifts	1 space / employee	
Physicians	1 space / 10 beds	
Total bed count	531	531 spaces
Total employees	3,000 (assume 40% for peak shift = 1200)	1,200 spaces
Physicians	1/10 beds	54 spaces
Total required	531 + 1,200 + 54 = 1,785 spaces (with 28 being accessible per code)	

The proposed work will include the re-working of the parking lot currently in use by UMC staff & patients. The existing UMC campus currently has 1,798 parking spaces, of which 72 are accessible spaces.

The proposed construction and re-working of the existing parking, due to a more efficient layout, will result in no loss of parking spaces for the area/campus. The new parking totals will be remain at 1,798, of which 72 will be accessible. We will have an excess of 13 spaces, as was the case prior to the proposed addition.

SDR-38564

Aesthetics & Landscaping:

The existing parking lot and surrounding Sitework consists of hardscape asphalt and concrete flatwork. The only landscaped areas occur along Charleston Boulevard. See attached photos in the drawing packet of this submittal.

The new construction will reduce the amount of hardscape asphalt and concrete area by introducing decorative rock landscaped areas surrounding the new construction. These areas will have decorative rock, as well as larger sized decorative boulders, to match the existing landscaping immediately adjacent. Per our Pre-Application meeting held on 5/28/2010, we will be provided 5 trees with 4 surrounding shrubs per tree at the areas discussed. See the attached landscape drawings for information.

Since the new structure will be accessed through the existing building structure (Phase 1 Tenant Improvement), as well as shielding and privacy issues, there will be no openings in the form of windows or doors, in the structure.

The new construction will have an exterior finish of EIFS painted to match NVCI's standard color pallet. The tan color will be complimentary to the surrounding building colors on UMC's campus. Vertical and horizontal reveals will be added for detailing and aesthetics.

If you have any question and/or comments, please feel free to contact me at any time.

Thank you.

THE CORRIDOR

INTRODUCTION:

The purpose of the West Charleston Boulevard Corridor Plan, between I-15 and Rainbow Boulevard, is to establish a planning framework and strategy for revitalization of the corridor and surrounding area. The Corridor Plan is based upon the completion of a study primarily focused on the following three principles:

1. Establish a baseline of existing conditions;
2. Enhance the identity of this corridor through the use of thematic elements including, but not limited to: enhanced architectural design standards; façade enhancements programs; street improvements; landscaping; gateway identification; street furniture; and other urban design elements; and
3. Protect the established residential neighborhoods along the corridor while nurturing commercial opportunities within walking distance.

Values:	Priorities:	
•Safety	•Add Pedestrian Lighting	•Reduce Curb Cuts
•Aesthetics	•Provide Bus Stop Shelters	•Add Shade Trees
•Access	•Provide Mid-Block Crosswalks	•Eliminate Blight
•Environment	•Provide Pedestrian Amenities	•Landscape Medians
•Character	•Remove Obstructions in Pedestrian Pathways	

Key components of this plan include:

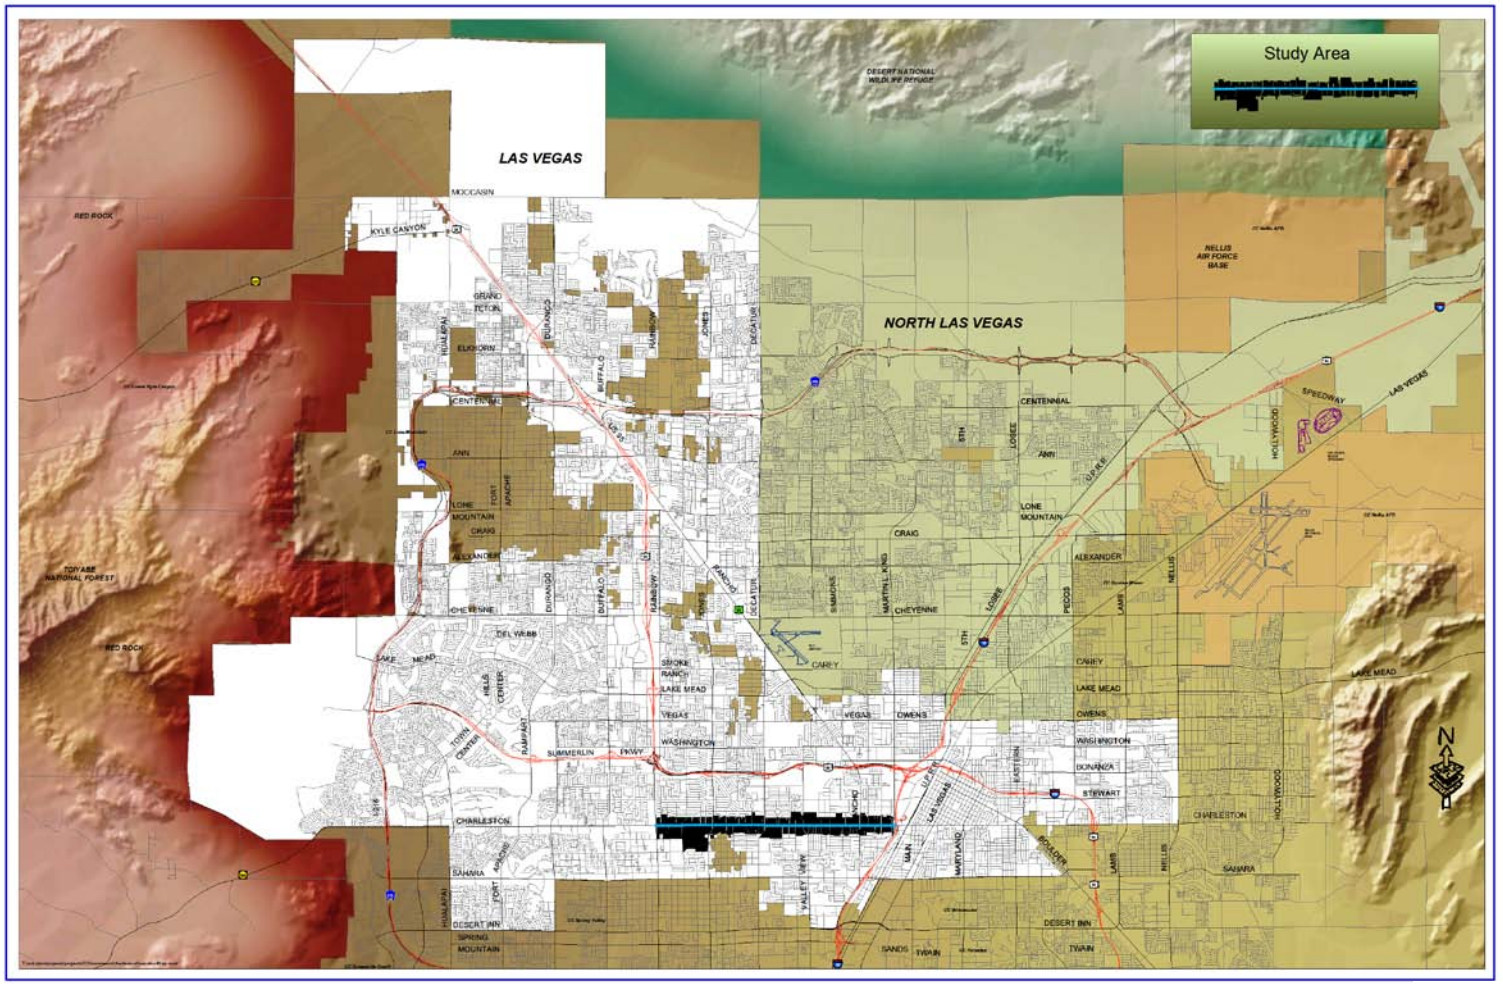

- Improving the physical street - walking/sidewalks and pedestrian networks.
- Managing the quantity and quality of walking and transit facilities and services.
- Improving connectivity to adjacent neighborhoods.
- Increasing the efficiency and safety of intersections.
- Creating a safe and inviting environment to encourage sustainable and healthy non-motorized means of travel.

Vision:

Vehicular traffic can be shifted to other modes such as walking and public transit through the transition of West Charleston Boulevard to a "complete street" and "complete village" scenario. To fulfill this vision, it will require significant collaboration, engagement, and involvement of the City, the Nevada Department of Transportation (NDOT), the Regional Transportation Commission (RTC), property owners, and area residents. The revitalization of West Charleston Boulevard should be viewed as a regional model that will benefit the quality of life of all who live in and near this corridor, as well as serve as an example to other neighborhoods that can benefit from similar urban design and transportation approaches.

LOCATION:

MAP 1

The corridor is located west of downtown Las Vegas and runs approximately four and one- half (4.5) miles east/west between Martin L. King Boulevard and Rainbow Boulevard and includes both sides of Charleston Boulevard in the southwestern section of the city.

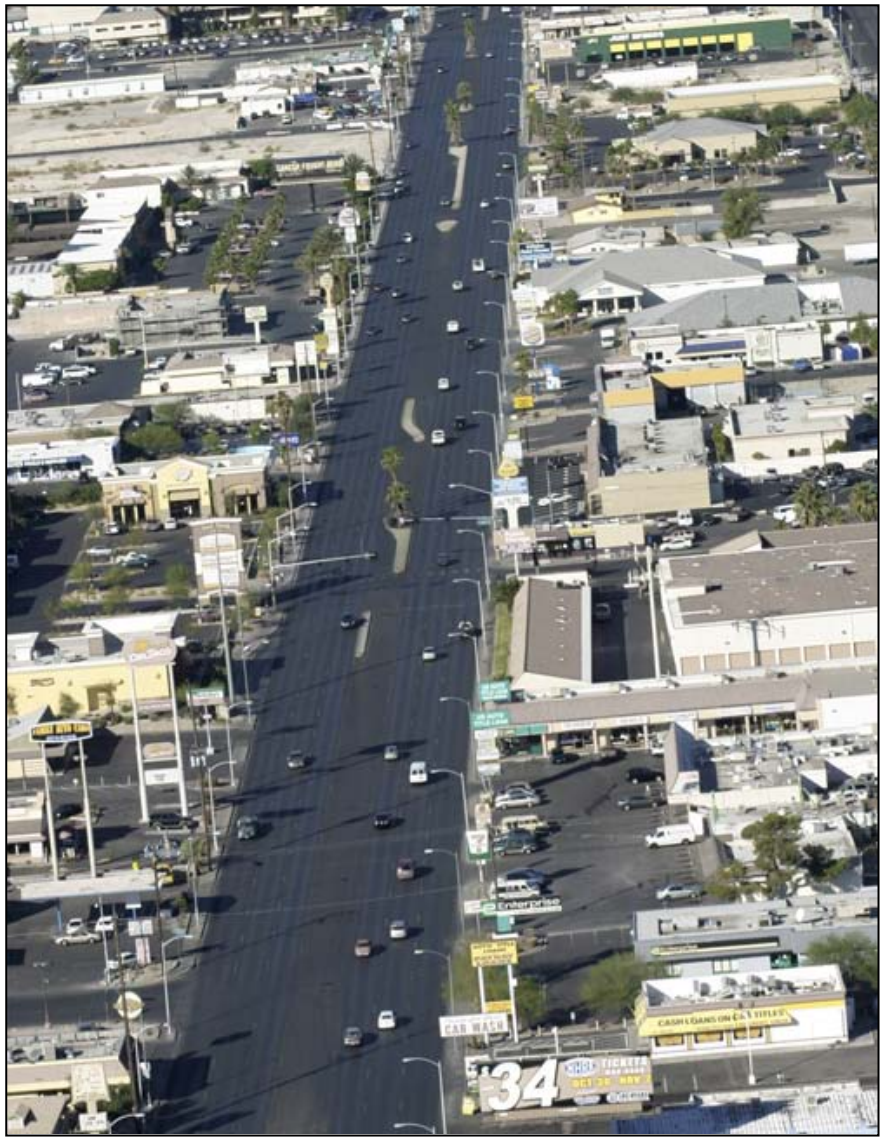

DESCRIPTION:

The study corridor is maintained by the Nevada Department of Transportation (NDOT) as State Route 159. Charleston Boulevard is designated as a Major Street on the official Master Plan of Street and Highways Map and is classified as a Primary Thoroughfare, with a minimum right-of-way width of one hundred feet. It has an existing design capacity of three or more travel lanes of traffic in each direction and a center turn lane that has some limited landscaping dispersed along it.

The corridor has clearly defined residential areas that are represented by ten neighborhood associations listed with the City of Las Vegas Neighborhood Services Department. In addition to these associations, there are four more in close proximity and several neighborhoods that have no official associations. Charleston Boulevard could become the mixed-use corridor that brings these neighborhoods together and provides the context for gathering, shopping, working and living in an urban setting.

"The principal elements of a corridor plan address what the land uses and the character of development should be along the road (the area beyond the pavement) and how the roadway (the pavement and right-of-way) improvements should be designed to best support the land use and community character goals."

-Bluegrass Corridor Management Planning Handbook, November 2000-

HISTORY:

The city of Las Vegas as we know it today began formal development with the Las Vegas Land and Water Company (LVLWC) land auction in 1905. The Charleston underpass was constructed underneath the railroad tracks in 1949, opening up opportunities for expansion to the west of the railroad.

Development along West Charleston Boulevard began in earnest in the early 1950's. Las Vegas maps prior to this time typically show West Charleston Boulevard as a short stub extending westward beyond the current Interstate 15 and the Union Pacific railroad tracks, with the majority of existing development expanding in diverging grid patterns to the east of the interstate. State maps, however, show West Charleston Boulevard extending westward as State Highway 85 leading to Pahrump as early as 1947.

The early 1950's was a time of great growth and prosperity for the city of Las Vegas as, with everywhere else in the country, the economy rebounded after World War II.

By 1950, the population of Las Vegas had increased to 24,624, almost tripling from a decade earlier. The downtown commercial area was no longer considered to be the central focus of community life. Residents became more dependent upon the automobile and could live farther and farther away from the town center.

It was during this time that "The Strip" began to develop along Las Vegas Boulevard South, which was the main route to Los Angeles, California. The popularity of gaming, dependency upon the automobile, limited downtown parking, smaller lot sizes, and lower tax rates resulted in larger resort casinos locating along the Strip. The Strip wasn't as conducive to single-family residential housing as other areas in the city, and development began to expand westward along Charleston Boulevard with the development of residential tracts such as Westwood, Westlund, McNeil, Westleigh, and Hyde Park. The homes were built in a typical modest ranch style with spacious lots on quiet streets.

What would become a major employment source was also founded, University Medical Center (UMC) (formerly Southern Nevada Memorial Hospital) in 1953. Other major employment sources were built in the decades that followed including The Las Vegas Valley Water Authority in 1963 and the College of Southern Nevada (formerly Community College of Southern Nevada) campus in 1988. During this same time period, residential development continued along this stretch of roadway. The only planning in the area was what the owners wanted to build. Staff could find no record of master plans or documents during this time period.

Charleston Boulevard became Nevada State Route 159 in 1991. It becomes Red Rock Road, a Nevada Scenic Byway, as it enters the Red Rock Canyon National Conservation Area to the west of Las Vegas.

RELATIONSHIP TO PLANNING POLICY DOCUMENTS:

What is a Corridor Plan?

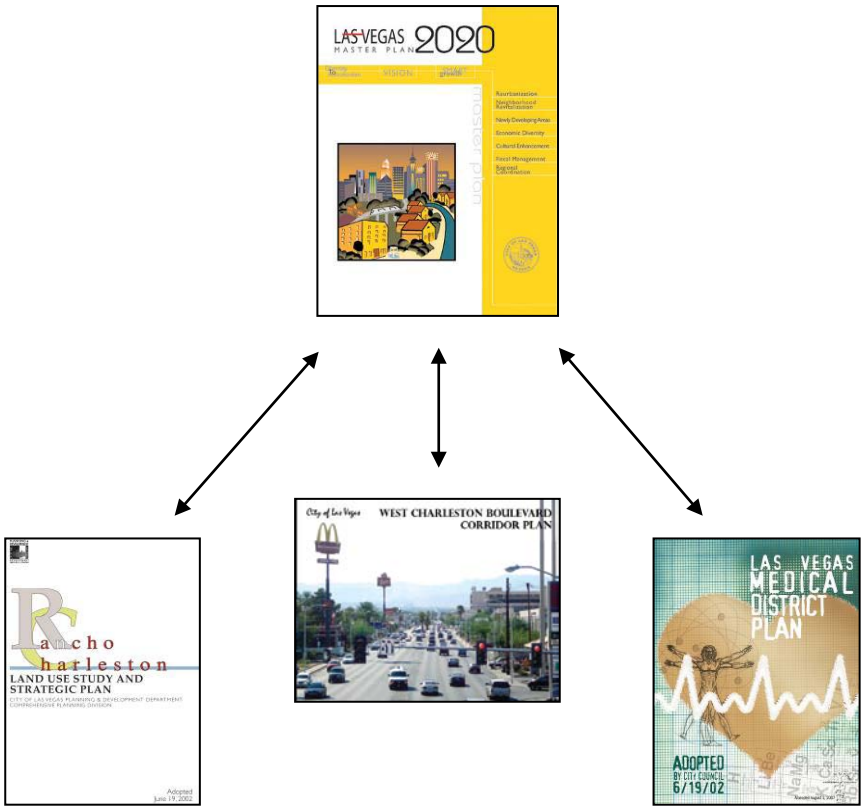

A corridor plan is a policy document prepared by a city to implement a community based vision. It is a statement of how a community views itself, what the vision is for the future, and what actions will be required to implement that vision. The plan provides a framework of community based principles, policies, and implementation strategies recommended by the Planning Commission and adopted by the City Council to realize the community's vision for the corridor.

The corridor planning process provides a community the opportunity to identify their goals and work with the city to achieve them. The West Charleston Boulevard Corridor Plan:

- Encompasses approximately 4.5 miles, entirely within the city limits along West Charleston Boulevard from Martin L. King Boulevard to Rainbow Boulevard;
- Includes primarily commercial properties along West Charleston Boulevard;
- Includes all of the functions and subject matter related to the future physical form of this corridor, such as land use, transportation, appearance and design, community partnerships, financing, and infrastructure;
- Is long range.

The purpose of the West Charleston Boulevard Corridor Plan is to meet the needs of the community by articulating a common vision that reflects the objectives of the many diverse stakeholders involved; including business and property owners, residents, the City of Las Vegas, the Nevada Department of Transportation (NDOT), and the broader community. As a policy document prepared by the City, it describes the goals, policies, and implementation strategies that can achieve the community's vision.

The Las Vegas 2020 Master Plan adopted by City Council on September 6, 2000 covers the entire corridor study area. In addition to the 2020 Master Plan, the City Council has also adopted two special area plans that address land use issues along the eastern section between I-15 and Valley View Boulevard. They are the *Rancho Charleston Land Use Study and Strategic Plan* and the *Las Vegas Medical District Plan*, both adopted on June 19, 2002. Where the plan is silent or in conflict with these plans or Title 19, amended, the more restrictive standard promulgated at the time of application shall apply.

COMMUNITY PARTICIPATION:

Members of the business community along West Charleston Boulevard attended a meeting on September 22, 2009 to voice their concerns regarding issues along the corridor. The overriding concern was business access off of Charleston. Many were concerned additional raised landscaped medians would both block the view of their business and prevent customers from accessing them. There was general consensus that it would be a good idea to improve the landscaping but no one was in favor of creating a Special Improvement District (SID) to fund such a project.

September 22, 2009

Community members met for a second time to discuss the proposed West Charleston Corridor Plan on May 5, 2010. Members were generally happy with the plan and those that attended the first meeting were pleased that staff listen to their concerns and addressed them in the plan. The main issue raised at this meeting was where the funding would come from and how long would it take to implement the plan.

There were some inquiries as to how the City would go about reducing the number of curb cuts since many of the properties are rather small. Staff explained how the redevelopment process works and that it is driven by the owner of the property---the City would not initiate any changes to private property as a resultof this plan.

The planning process has provided an overall specific community driven vision that considers the area's land use trends, constraints, and opportunities. The City of Las Vegas recognized the need for a plan that encapsulates the desires of those who live or work in this corridor and integrates existing plans and information that has been emerging over the years.

While this plan's content is important for the direction it provides to the community, the planning process itself has been invaluable for increasing collaboration and cooperation between stakeholders.

September 22, 2009

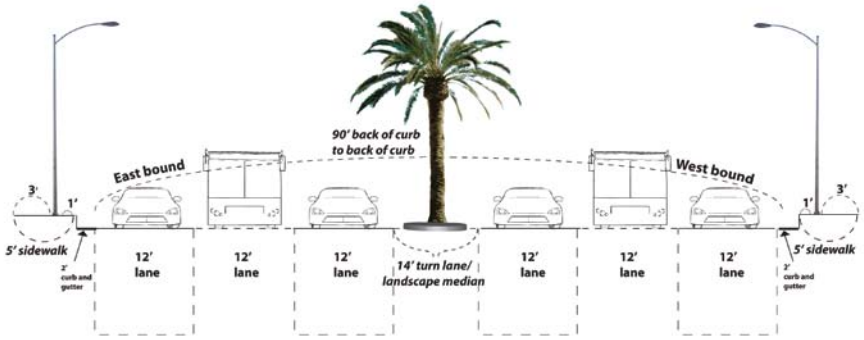

September 22, 2009

September 22, 2009

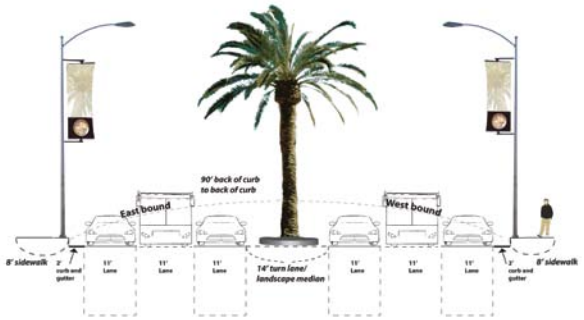

EXISTING CONDITIONS:

Existing Charleston Boulevard Right-of-Way Cross Section:

GRAPHIC 1

Proposed Charleston Boulevard Right-of-Way Cross Section:

GRAPHIC 2

The Nevada Department of Transportation maintains a 100-foot right-of-way for West Charleston Boulevard. The standard cross-section has a five-foot sidewalk on each side; six, 12-foot wide travel lanes, three lanes in each direction; and an 18-foot center turn lane or landscape median. There are also an increased number of curb cuts due to the small lot sizes found along this stretch of roadway.

The sidewalks, as they currently exist, are not pedestrian friendly due to the many obstacles in the way. Everything from streetlights, utility poles and newspaper racks all clutter the sidewalks and make it difficult for some, such as the handicapped, to safely use. To minimize these challenges, this plan calls for the streetlights to be moved to the backside of the sidewalk and the utility lines to be placed underground.

Planning & Development staff have taken several surveys to assess the overall general condition of the corridor. These surveys included the condition of the sidewalks, number of vacant buildings and storefronts, as well as the number of illegal signs. The results of these surveys are as follows:

A survey of the sidewalk conditions revealed that the vast majority are in good to excellent condition. Only eight out of 446 or less then two percent of the parcels had no sidewalks. These tended to be on undeveloped parcels. Six percent of sidewalks were in need of some type of repairs, primarily cracks and small holes. Major obstacles in all the sidewalks along Charleston Boulevard are the fact that the streetlights and utility poles are located nearly in the center of the sidewalk. By undergrounding the utility lines and moving the streetlight poles to the back side of the curb, both the safety and aesthetics of the sidewalks will be greatly improved.

EXISTING CONDITIONS:

Before:

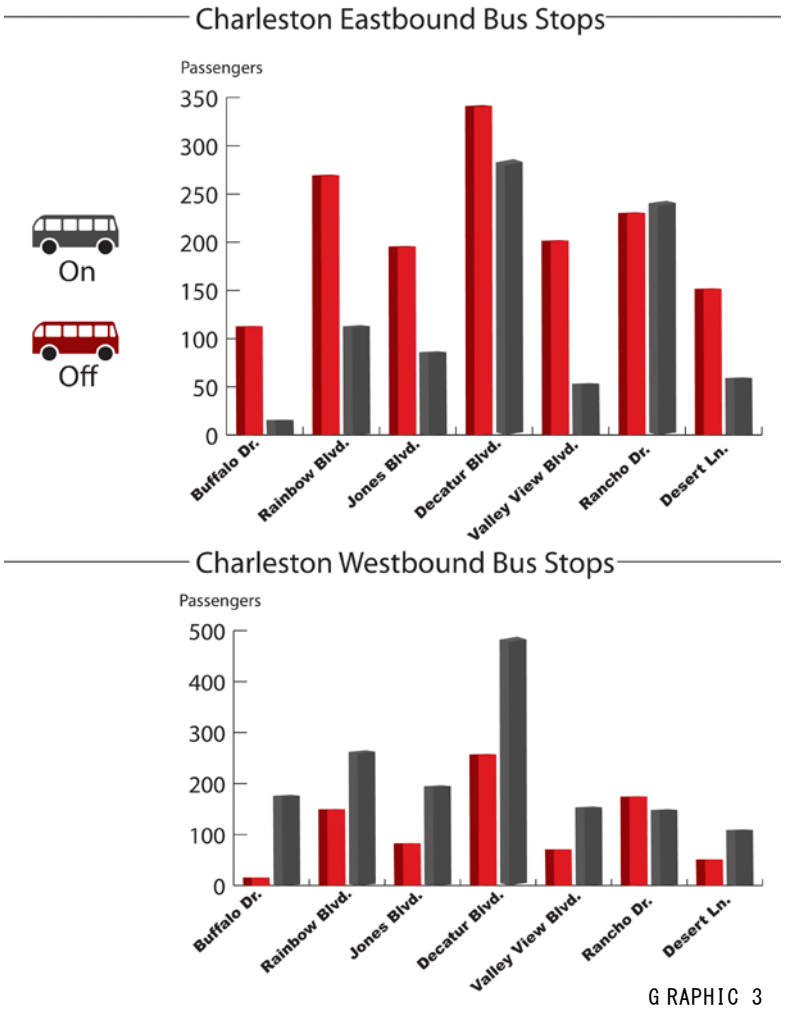

There were less than five percent of parcels with vacant buildings or storefronts when staff conducted a visual survey in November 2008 along the corridor. However, when a follow up survey was taken in early 2009, a six percentage increase in vacant buildings was noted with a vacancy rate of 11.6 percent. This more then likely was attributed to the overall decline in the national economy as opposed to the local conditions of the corridor.

After:

The number of non-permitted permanent signs, banner signs and excessive window signage along the corridor is having an adverse affect on the overall aesthetics of the area. In December 2008, 74 properties were identified with such signage. The greatest concentration was on properties between Decatur Boulevard and Jones Boulevard. The above "before" photo is one example of the 16.5 percent of parcels with excessive signage. While reveals how enforcement of the current sign code can have a dramatic impact on the aesthetics of the corridor.

TRAFFIC ANALYSIS:

GRAPHIC 3

The West Charleston Boulevard Corridor is one of the busiest roadways in the Las Vegas Valley. This volume can be attributed to the fact that it is one of the few roads that bisects the entire valley from east to west in a continuous manner. The traffic counts are based on-peak travel hours between the hours of 7:00 a.m. to 8:00 a.m. and 5:00 p.m. to 6:00 p.m. weekdays. All off-peak hours of operation have significantly reduced traffic volumes.

The intersection of Charleston Boulevard and Decatur Boulevard is located at the center of the study area with an average of 87,000 vehicles passing through every twenty-four hour period. Approximately 45,713 vehicles make up the volume of north/south traffic traveling from Decatur Boulevard with the remaining 41,638 vehicles traveling east/west on Charleston Boulevard. The combined volumes are within the capacity of a six-lane boulevard with a dividing median. The maximum capacity on each roadway is 51,800 vehicles per twenty-four hour period according to the City of Las Vegas Traffic Engineering staff. The overall capacity is reduced by five percent when no medians are present.

The second busiest intersection in the study area is Rancho Drive & Charleston Boulevard. The total volume for this intersection is 70,338 during a 24-hour period. The intersection is measurably lower then the 87,000 vehicles moving through the Decatur Boulevard & Charleston Boulevard intersection during a typical 24-hour weekday period. Much of the reduction in traffic stems from the southbound traffic on Rancho either diverting onto the U.S. 95 or turning onto Alta Drive toward downtown prior to reaching this intersection.

The traffic counts at Buffalo Drive and Charleston Boulevard are similar to those at Rancho Drive & Charleston Boulevard with 71,100 vehicles passing through the intersection in a typical 24-hour weekday period. As seen with the provided traffic counts, Decatur Boulevard is the primary north/south route through the corridor with the increased volume. Therefore, this intersection should be targeted for an increase in commercial and residential density.

The Regional Transit Commission's (RTC) West Charleston bus route #207 carries about two-thirds of the passengers for local service. The remaining third continue on as pass-thru passengers. Four employment centers are located within the corridor that may significantly affect this trend. The data shows that 2,821 passengers get on an eastbound bus and 1,366 get off of the same bus between Buffalo Drive and Desert Lane, near Martin Luther King Boulevard (I-15) on a daily basis. The westbound bus passenger totals are the opposite with 1,303 passengers getting on the bus while 2,748 are getting off the bus. These figures indicate that more people are traveling into the corridor instead of traveling west from within the corridor.

There are approximately 25 bus stops on the north and south side of Charleston in the corridor study area. Each bus can hold approximately 50 passengers. The RTC has recently begun to use the newer double-deck bus on similar routes along Sahara Avenue, just one mile to the south that nearly double the passenger capacity. However, due to the reduced height of the Union Pacific Railroad crossing, these buses cannot be utilized as much on the West Charleston Boulevard corridor.

S.W.O.T. ANALYSIS:

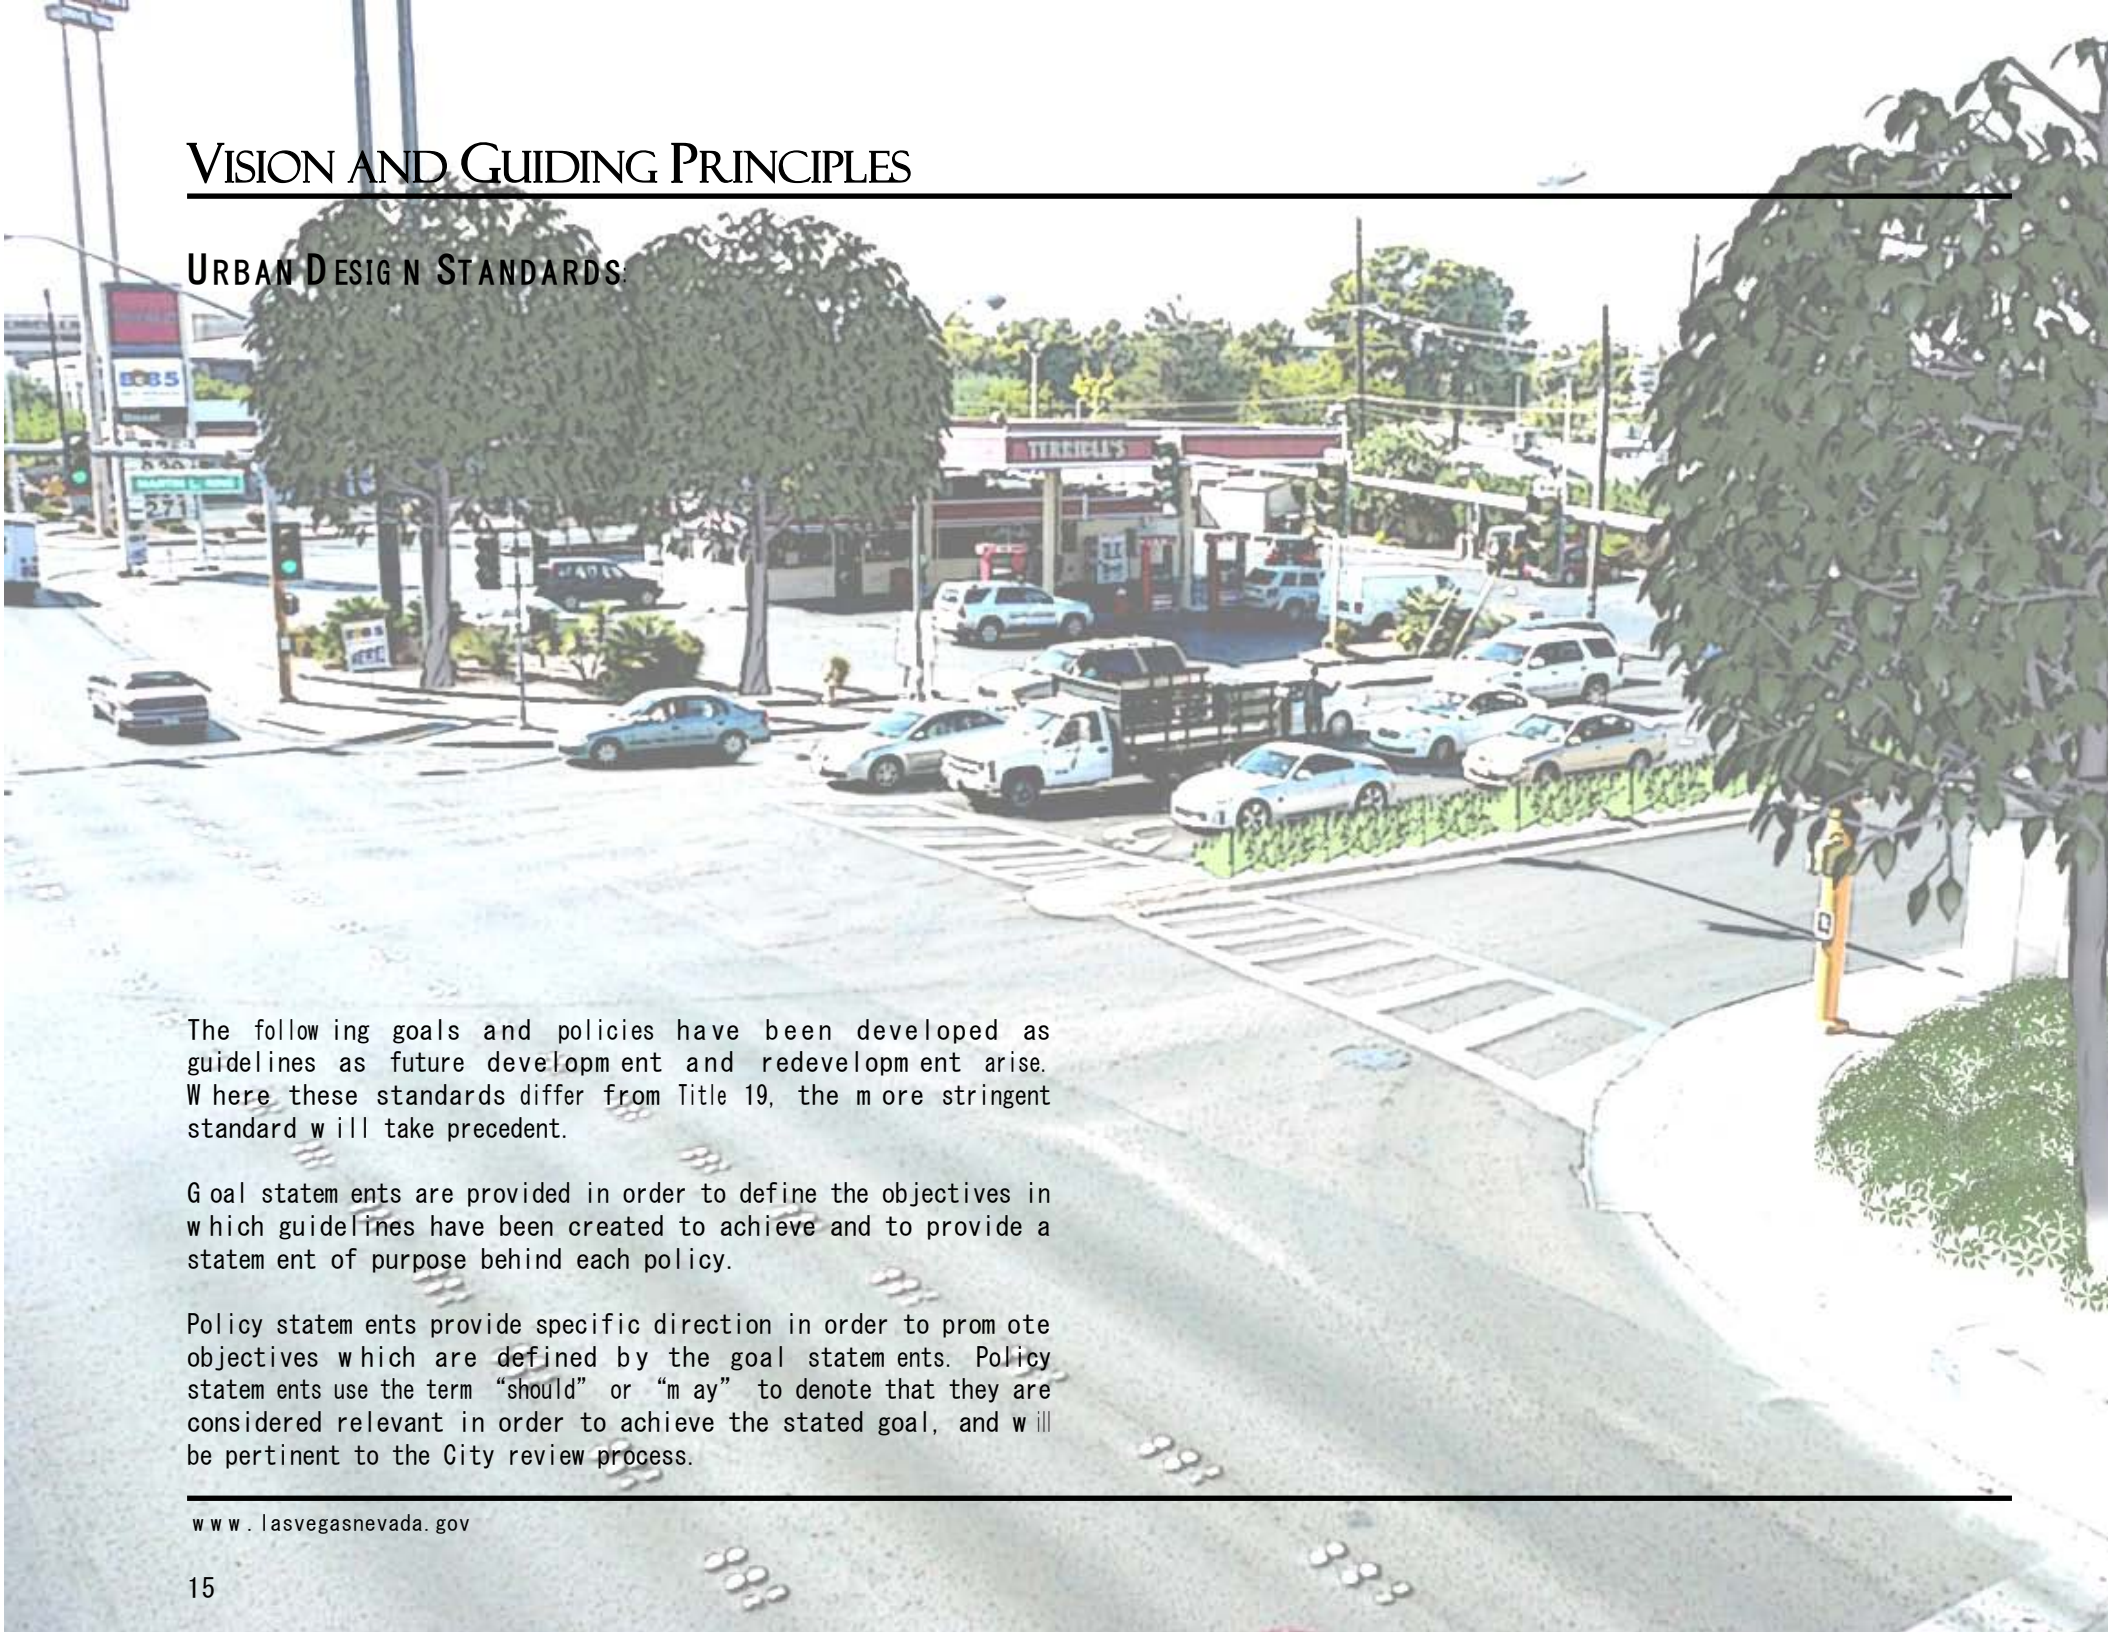

Listed in the following table is the "Strengths, Weaknesses, Opportunities, and Threats" (S.W.O.T.) Analysis that is organized around five common elements that affect the Charleston Boulevard Corridor. Each "Strength" listed correlates to an existing condition that makes a positive contribution in the quality of the defined corridor. Each "Weakness" shows a deficiency or existing condition that has a negative impact on the appearance and operation of the corridor. The "Opportunities" are existing conditions that could be expounded upon to become strengths, and thus provide a positive contribution, whereas "Threats" are seen as conditions that would lead to the weakening or failure of a successful corridor plan.

	STRENGTHS	WEAKNESSES	OPPORTUNITIES	THREATS
LOCATION	•Central Location •Close Proximity to Downtown & I-15 •Served by CSN •Adjacent to Established ResidentialNeighborhoods	•None Observed	•Ability to Brand/Give the Corridor Identity	•Dedicated as Nevada Department of Transportation (NDOT) State Route 159
CONNECTIVITY	•Multiple Intersections •Multiple Transit Connections •Established Transit Lines	•Lack of Mid-Block Crosswalks •Traffic Congestion •Limited Neighborhood Interconnectivity	•Well Established Neighborhood Groups •Vehicle Volumes Support Business •Well Established Mass Transit Lines	•High Traffic Counts & Speed •Lack of Clearly Marked Crosswalks
URBAN DESIGN	•Typical Suburban Development Pattern	•Strip Mall Design Pattern •Lack of Landscaping •Lack of Density •No Identity •Excessive Non-Permitted Signage	•Desirable Positioning for Shade (Solar) •Create a Sense of Place •Energy Savings with Buildings Having North/South Orientation •Landscape Existing Medians	•Increased Vehicle Miles Travelled (VMT) •Non-Conforming Signs within Public Right-of-Way •Strip Mall design Dominates the Corridor
VEHICULAR TRANSPORTATION	•Well Travelled Route •Six Travel Lanes	•Lack of Bus Turnouts •Limited Street Capacity	•Future NDOT Improvement Funds	•Increased Traffic Demands
WALKABILITY	•Uniform Sidewalks	•Excessive Curb Cuts •Utilities in Right-Of-Way •Lack of Public Amenities •Narrow Sidewalks Located at Back of Curb	•Variety of Office & Retail •Close Proximity to Residences	•Bias Towards the Vehicle

In summary, one of the key features of the Charleston Boulevard Corridor Plan is its unique position between two valley wide features: The Red Rock Conservation Area and the Las Vegas Wash. Continuing on a theme that celebrates these two key features, there are great opportunities for pedestrian oriented mixed-use developments within the corridor that will create an enriching urban experience while making positive contributions to the local environment.

SCHOOL BUS
TOYOTA

URBAN DESIGN STANDARDS:

The following goals and policies have been developed as guidelines as future development and redevelopment arise. Where these standards differ from Title 19, the more stringent standard will take precedent.

Goal statements are provided in order to define the objectives in which guidelines have been created to achieve and to provide a statement of purpose behind each policy.

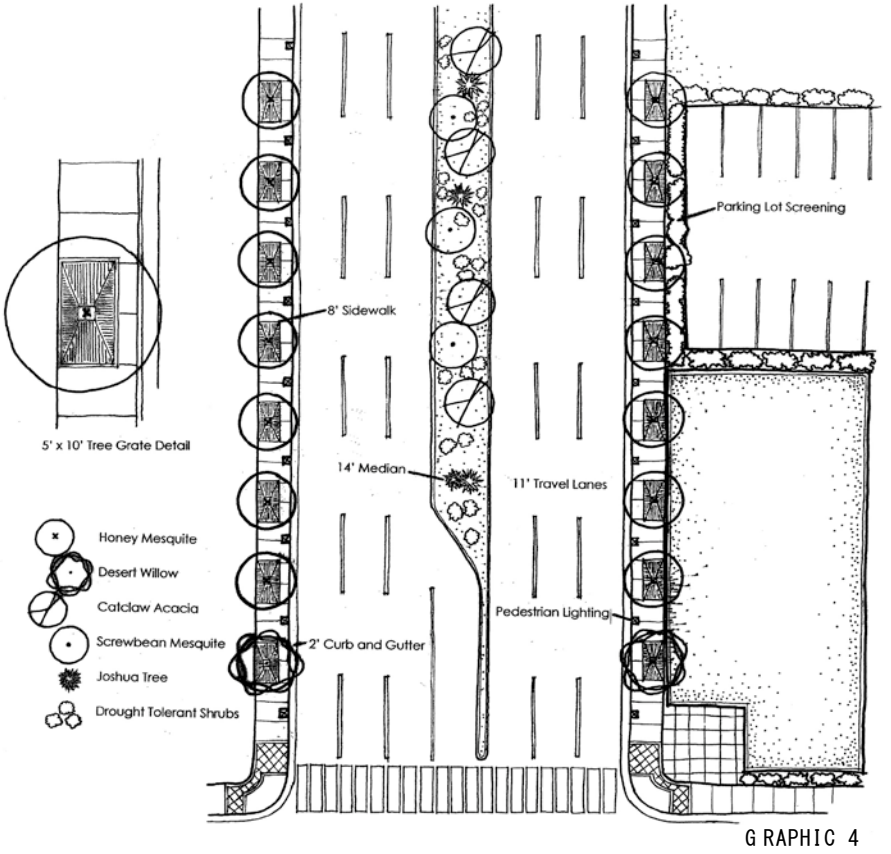

Policy statements provide specific direction in order to promote objectives which are defined by the goal statements. Policy statements use the term "should" or "may" to denote that they are considered relevant in order to achieve the stated goal, and will be pertinent to the City review process.

SIDEWALKS AND PUBLIC AESTHETICS

Goal Statement:

Streets, plazas and trail corridors provide the community with a common place for public gathering, events, commerce, movement, access, and recreation. As public space, West Charleston Boulevard should offer pleasant circulation for motorists and pedestrians, as well as provide a social gathering among residents and visitors. **The following policies may encourage such outcomes:**

- Provide continuous sidewalks with safe pedestrian crossings at each corner, by combining and limiting curb cuts that interrupt the sidewalk.
- Encourage the incorporation of residential courtyards and plazas within redevelopment projects.
- Provide ornamental fences and planters to screen parking areas from street view.
- Establish a method of maintaining public improvements common for all properties along the corridor.
- Provide decorative sidewalk pavers at all intersections.

GRAPHIC 4

"Sidewalk contacts are the small change from which the cities wealth of public life may grow."

– Jane Jacobs, The Death and Life of Great American Cities 1961

STREETSCAPE ELEMENTS

Goal Statement:

Street trees and other amenities are intended to unify the public right-of-way with a unique character. Street furnishings add variety, comfort and identity to the streetscape theme. Street trees provide shade and comfort for pedestrians, as well as establish a buffer from automobile traffic. Trees help to spatially define and unify the overall streetscape theme and identity. **The following policies may encourage such outcomes:**

- There should be clear pedestrian walking zones on both sides of the street adequate to provide an eight-foot wide sidewalk to serve pedestrian needs.
- Street furnishings, trees and amenities should occupy consistent, well defined zones, which parallel the walking zone.
- Street lights should be placed in an orderly fashion at the back of the curb to define the edge of the pedestrian activity zone.
- Street trees should be provided along West Charleston Boulevard where appropriate in order to provide shade, comfort and safety for pedestrians, which create district identities.
- Reduction in visual clutter is needed in the corridor. This would be accomplished by restricting freestanding signs to a 24-foot height limit. Sign placement would also be restricted to be no closer than five feet from the property line. Emphasis should be placed on detailed wall and hanging signage for individual tenants, while de-emphasizing generic backlit freestanding and monument signs. All tenant signs would be oriented and scaled to the sidewalk. Shopping center signage would be appropriately scaled for the roadway.
- Encourage new development to incorporate public art in their projects.

Before:

After the addition of Streetscape Elements:

PEDESTRIAN LIGHTING

Day View:

Night View:

Goal Statement:

Lighting provides an inviting and safe environment for pedestrian activity during the evening hours. **The following policies may encourage such outcomes:**

- Unique and pedestrian scaled lighting should be provided within the public right-of-way along West Charleston Boulevard. A consistent standard for lighting should be developed before any installation is approved.
- Pedestrian light fixtures should be installed at regular intervals which would allow illumination levels to provide safe levels of lighting on public sidewalks without negatively impacting adjacent residential uses.

Pedestrian lighting includes exterior lighting applications where people travel by foot along pathways and walkways. It is important for the lighting system to illuminate the pathway in order for pedestrians to be able to effectively navigate the pathway as safely and securely as possible.

In addition, outdoor pedestrian lighting must be able to withstand trees, vandalism, and varying weather conditions, as well as be easily maintained and cost effective. Good outdoor lighting can create and encourage a pedestrian friendly environment, which is especially beneficial to neighborhood business districts by increasing their exposure to pedestrians.

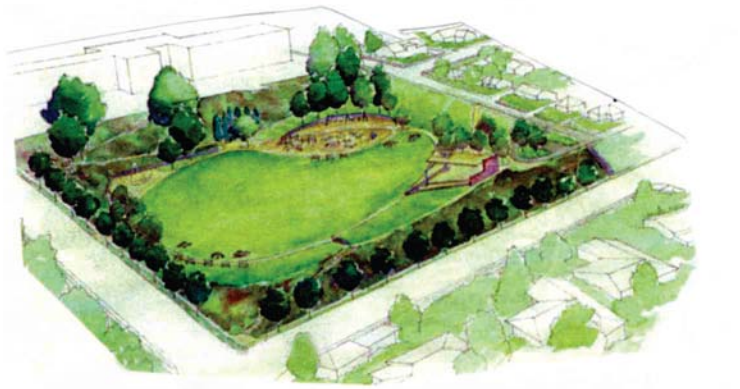

Pedestrian scaled lighting improves walkway illumination for pedestrian traffic and enhances community safety and business exposure. Sidewalk lights have been shown to reduce crime, raise property values, and create an inviting ambiance for evening pedestrians. Typically, this lighting is positioned over the sidewalk, rather than the street, at about 12 to 15 feet in height

PUBLIC SPACES

Goal Statement:

Create public spaces of varying type and size to foster social interaction, provide venues for community events, and create district identity. **The following policies may encourage such outcomes:**

- Identify land that could be developed into small pocket parks along West Charleston Boulevard.
- Encourage small outdoor gathering spaces adjacent to sidewalks, particularly near restaurants, cafes and other active businesses.
- All public spaces should be designed to encourage active uses. Characteristics that encourage frequent use include: easy access, location on a pedestrian corridor, safety and visibility, and locations near building entries.

Pocket parks, also known as mini-parks or vest-pocket parks, are urban open space at the very small scale. Usually only a few house lots in size or smaller, pocket parks can be tucked into and scattered throughout the urban fabric where they serve the immediately local population.

-Alison Blake -

Before:

After:

VEHICULAR CIRCULATION AND ACCESS

Goal Statement:

Remove superfluous curb cuts to maximize uninterrupted public sidewalks in order to minimize conflicts between vehicles and pedestrians. Additionally, service functions, such as deliveries and refuse pick-up should be located away from primary building frontages where possible. **The following policies may encourage such outcomes:**

- Development should limit curb cuts that access buildings from West Charleston Boulevard. Vehicular building access points should be located off of secondary cross streets where possible.
- Encourage cross access and driveways between shared, common or multiple developments.
- Service and delivery activities should be separated from the primary public access and screened from public view.

Successful urban streets contain the following design elements:

- Provides orientation to its users, and connects well to the larger transportation system;
- Balances the completing needs of the street;
- Relates well to its bordering uses;
- Employs hardscape and/or landscape to great effect;
- Promotes sustainability;
- Is well maintained, and capable of being maintained without excessive costs;
- Has a memorable character; and
- Encourages human contact and social activities.

-American Planning Association, Great Streets 2009

Before:

After:

TRANSIT MODES AND AMENITIES

Goal Statement:

Provide ample amenities for all modes of transportation, and a pleasant transportation alternative to the automobile so that less space is needed for parking surfaces and drive lanes, in order to reduce traffic congestion. **The following policies may encourage such outcomes:**

- Encourage the Regional Transportation Commission (RTC) to create bus turnouts on both sides of West Charleston Boulevard with safe, secure shelters which are integrated into the streetscape.
- Bus Shelters should be designed to protect waiting passengers from the elements as well as enhance their safety. Shelters should be located a minimum of five feet from the back of curb and have adequate seating.
- Although the designated bike trails are located on the parallel streets of Oakey Avenue and Alta Drive, bikes are still permitted along Charleston Boulevard. Bicycle parking racks should be provided with all new development as well as redevelopment projects. Racks should be located near building entrances and not in remote areas of parking lots.

Walkability is enhanced by wide sidewalks, convenient and safe pedestrian crossings, and pedestrian connections between neighborhoods. When such an environment is layered with varying transit options, livability is further enhanced because people are presented with multiple choices for mobility. Successful communities will be those that understand the importance of multiple mobility choices, and the price residents are willing to pay to reduce their commuting time.

MAP 2

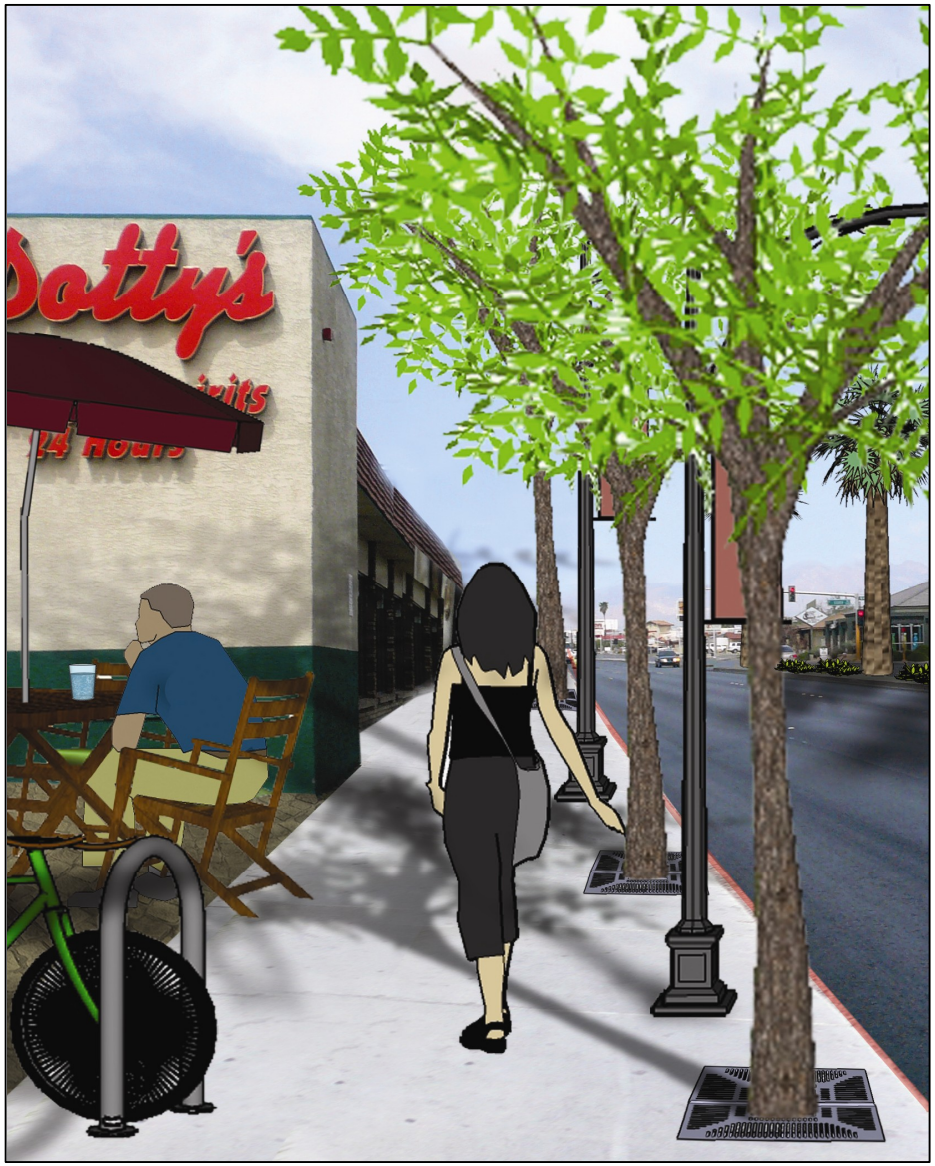

SITE DEVELOPMENT

Goal Statement:

Development should present a unified scale and character of the built environment to create the sense of a complete and identifiable district, which emphasizes the creation of an urban village rather than a strip commercial center. **The following policies may encourage such outcomes:**

- Buildings should be placed to the street edge to occupy the greatest degree possible, which would create a continuous pedestrian oriented façade along West Charleston Boulevard. Buildings containing only residential uses may be setback from the street edge for privacy and security reasons.
- Where buildings do not meet the right-of-way line or property line, the space should be occupied by active uses such as sidewalk cafes and outdoor sales areas or plazas which are intended to invite pedestrian activity.
- Parking areas should be located behind primary buildings whenever possible in order to encourage continuity of uses that support pedestrian activity along the street.
- New development should respect the scale, character and use of existing buildings and uses that surround the site.

BUILDING ORIENTATION

Before:

After:

Goal Statement:

Buildings are the primary elements within the district that create edges to the street environment. It is the goal of these design guidelines to require that buildings are oriented toward streets and reinforce the urban character of the district. **The following policies may encourage such outcomes:**

- Orient all buildings toward the street frontage.
- Building corners are prominent features and should take advantage of the opportunities by creating exciting entrances and architectural features.

One of the primary objectives illustrated in this plan is to encourage the redevelopment of existing 1960's era strip malls into modern, pedestrian oriented commercial activity corridors. This can be achieved by widening the sidewalks and enhancing the streetscape environment to encourage active sidewalks.

PARKING MANAGEMENT

Goal Statement:

Parking lots should not be a dominant feature seen from the public environment. Configure and locate parking in order to insure that the buildings and pedestrian areas are the focus of the corridor. **The following policies may encourage such outcomes:**

- Parking should be located behind or beneath buildings.
- Structured parking within each block should be encouraged to achieve greater density and reduce the amount of surface parking visibility within the corridor.
- Parking lots at street corners should be prohibited.
- Parking structures should incorporate active pedestrian uses on any street frontage.
- Surface parking areas should be screened from the sidewalk and/or adjacent to residential uses.

ADJACENT RESIDENTIAL NEIGHBORHOODS

Goal Statement:

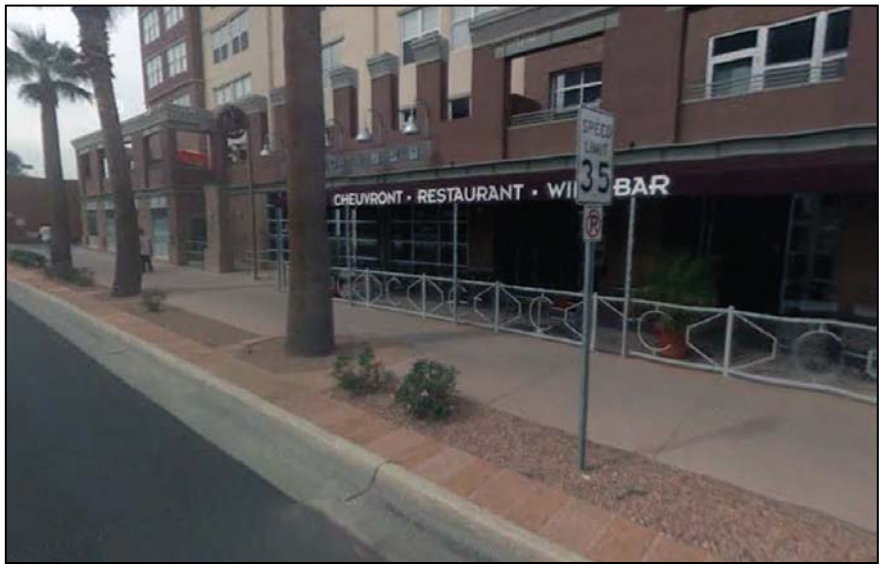

Development within the West Charleston Boulevard Corridor should respect and compliment the scale and character of existing residential uses, and establish buffers and other mitigation devices to minimize traffic, odor and noise nuisances that may affect adjacent residents. **The following policies may encourage such outcomes:**

- Buildings should be a minimum of two-stories in height in order to reduce noise, odor and other negative impacts generated by the traffic volumes along West Charleston Boulevard.
- Utilize generous landscape buffers between different land use districts.

BUILDING DESIGN

Goal Statement:

Buildings are the most significant components of the corridor. Their physical attributes and the uses contained within them establish scale, character and life of the corridor. Placement of the building near or at the back edge of the sidewalk reinforces the vital relationship between public and private spaces along the corridor.

The goal is to encourage development of buildings that reflect a cohesive and vibrant urban village rather than a disconnected collection of residences and businesses that resemble a commercial strip.

The following policies may encourage such outcomes:

- Promote the adaptive reuse of existing buildings to limit environmental impacts.
- Utilize LEED building requirements for all new development.
- Buildings should be inviting places that interact with life on the street. They should include every provision to avoid the "strip" commercial appearance along the corridor.
- Where buildings meet the street, an articulation of forms and details and the use of high quality materials should be required. Special first level features such as windows and awnings or arcades should be employed to lend richness to the street.
- Encourage the use of brick, stone, or high quality precast concrete. Metals that utilize matte finish and neutral in color with visible corner brim should be used for exterior walls.
- Large, blank surfaces should be avoided.
- Architectural details to wrap around all sides of new buildings should be required.
- New buildings should be properly massed to reduce bulk near the top of the building, which complements the character of the surrounding structures.
- A high degree of transparency should be provided at lower levels of building facades where privacy is not a concern (i.e. medical offices).
- All building materials should be selected with the objectives of quality and durability in the urban context. Creating a positive interaction with the pedestrian environment through scale, color and texture should be required.

INFILL DEVELOPMENT

Before:

After:

Goal Statement:

Infill development should be of new, modern, high quality design that sets new standards to adhere to rather than matching the existing 1970-era designs that exists there today. **The following policies may encourage such design:**

- New buildings must be two-story in height
- No parking lots will be permitted in front of new developments.
- New buildings should design quality, useable outdoor space such as plazas.

Infill development is the process of developing vacant or under-utilized parcels within existing urban areas that are already largely developed. Successful infill developments can return cultural, social, recreational and entertainment opportunities, gathering places, and vitality to older neighborhoods. Close attention must be made to the design of an infill development project to ensure that the new development fits into the existing context and gains neighborhood acceptance.

STREETSCAPE TREES

Historically, the neighborhoods along Charleston Boulevard west of downtown Las Vegas were home to large-lot, single-family ranchettes and equestrian properties. As the city matured, the equestrian properties gave way to large-lot single-family homes with lush lawns and large trees. The properties fronting Charelston Boulevard converted to commercial uses, many utilizing appropriate desert species such as mesquite, acacia and palo verde. Today, these commercial properties maintain a lush, drought tolerant landscape theme of large-canopy, successful desert trees, as exemplified by the large specimen desert trees adjacent to the Las Vegas Valley Water District at Charleston Boulevard between Valley View Boulevard and Douglas Drive, the northeast and northwest corners of the intersection of Charleston Boulevard and Campbell Drive, and near the southern edge of the UMC Hospital property between Tonopah Drive and Pahor Drive.

Based on the historical context of the area and the existing precedent set by several existing commercial developments fronting Charleston Boulevard, it is important to capitalize upon the existing thematic precedent set by the existing properties in addition to our physical location within the Mojave Desert, and respect the nature of both. Therefore, it is critical that appropriate drought tolerant landscape material shall be chosen which maintains the integrity of the surrounding areas and enhances them, further establishing a sense of place within the community.

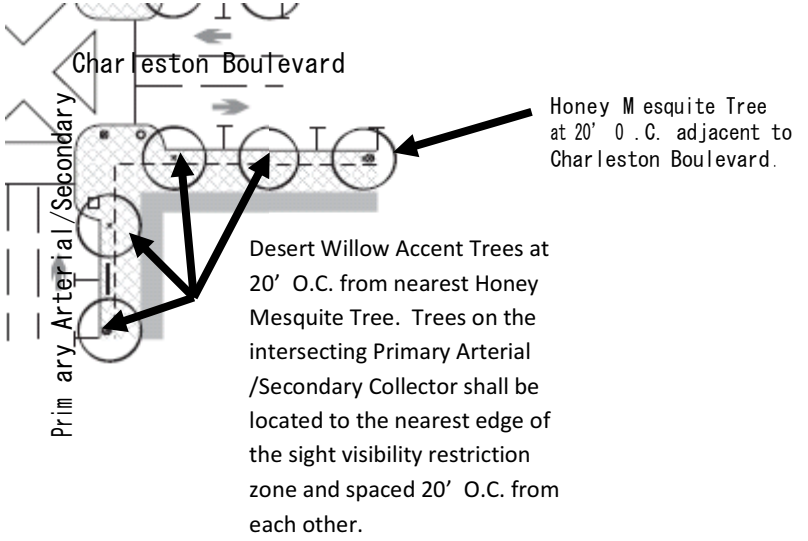

The public sidewalk areas adjacent to Charleston Boulevard shall be designed thematically with Honey Mesquite trees (*Prosopsis glandulosa*) spaced 20 feet on-center adjacent to both north and south sides of Charleston Boulevard. Where local streets intersect with Charleston Boulevard, each intersection shall be defined utilizing Desert Willow trees (*Chilopsis linearis*), which will function as an upright flowering accent tree denoting each crossing. The Desert Willow Trees shall be located outside of and abutting the sight visibility restriction zone adjacent to each local street intersection with Charleston Boulevard, and placed at a distance of 20 feet on-center from the nearest Honey Mesquite Tree.

Each intersection of Charleston Boulevard crossing a street classified as a Secondary Collector or Primary Arterial shall be identified with four Desert Willow Trees per street corner (sixteen trees per standard four-way intersection total), to be located outside of the sight visibility restriction zone and placed at a distance of 20 feet on-center from the nearest Honey Mesquite Tree. Two Desert Willow Trees shall be located fronting Charleston Boulevard, while the remaining two Desert Willow Trees shall front the intersecting Primary Arterial/Secondary collector, spaced at a distance of 20-feet on center commencing at the edge of the adjacent sight visibility restriction zone.

All street trees utilized along Charleston Boulevard shall be minimum 24-inch box sized, with a minimum six-foot clear trunk and two-inch caliper trunk. In order to develop and promote healthy, large tree canopies and root structure development, tree planting wells shall be 120" x 60". Where existing conditions such as utilities, driveway curb cuts, and other conflicts prevent a full 120" x 60" sized tree well from being placed adjacent to Charleston Boulevard, a minimum 60" x 60" planter may be acceptable; however the use of structural soil at a minimum cubic volume of 60" x 60" x 36" shall be utilized in conjunction with the smaller planter size. In order to allow for clear pedestrian passage, tree grates shall be utilized to maximize pedestrian areas, consisting of Ironsmith model 6062x2 or similar.

Within the median of Charleston Boulevard tree plantings shall consist of minimum 24-inch box sized Catclaw Acacia (*Acacia greggii*), Screwbean Mesquite (*Prosopis pubescens*) and Joshua Tree (*Yucca brevifolia*). Catclaw Acacia and Screwbean

Mesquite trees shall have a minimum 2-inch caliper trunk with a minimum height of six feet. Within the median plantings, a five-to-one ratio of Catclaw Acacia or Screwbean Mesquite trees shall be utilized to each Joshua Tree, however groupings must contain a minimum of one Screwbean Mesquite and one Catclaw Acacia. The spacing may vary depending on location, however all trees shall be spaced at a minimum of 15-feet on center, not to exceed 30-feet on-center. The use of groupings and offset plantings shall be encouraged to create a more naturalistic appearing design.

SIDEWALKS

Action:

As funds become available, widen all sidewalks from five feet to eight feet. The additional width will be provided by the reduced travel lanes from 12 to 11 feet.

> Walking yields health benefits from exercise as well as from better air quality. Walking also tends to be less stressful than driving. The buffer zone of trees also increases pedestrian safety. In community terms, walking allows more frequent informal encounters between citizens. Pedestrian friendly streets give more mobility to those citizens who either don't drive or don't own a car, which allows for more involvement and connectedness, as well as addressing an issue of equity.
>
> *-sustainablemeasures.com-*

The benefits of a wider, more accessible sidewalk:

- *Parents are able to easily push children in strollers.*
- *Citizens of all ages benefit from sidewalk networks with visible pedestrian crossings and other safety features.*
- *A good system of sidewalks may allow older pedestrians who no longer drive to walk to services and socialize in their community while enjoying a continued independent lifestyle.*
- *Wide sidewalks can be gathering places in business districts, offering a place for friends and family to walk and socialize.*
- *Well maintained sidewalks encourage people to walk, providing the benefits of a healthy lifestyle.*
- *Wide sidewalks in business communities offer an opportunity for trees, landscaping, and other pedestrian amenities that creates an inviting atmosphere for customers to shop.*

Before:

After:

STREETSCAPE TREES

Action:

City staff would identify the type of trees and tree grates that would be most appropriate along Charleston Boulevard to assist with both the creation of a street identity and to provide shade for pedestrians. Funding sources would be sought to pay for such a program via grants.

City Trees and Property Values	
Price Increase	**Condition**
7%	Rental Rates for Commercial Offices Having Quality Landscape
9 - 12%	Reported Increase in Consumer Spending in Forested Business Districts
23%	Homes Within ¼ Mile of "Excellent" commercial Corridor

Arborist News, August 2007

Street trees provides for lower urban air temperatures, as asphalt and concrete streets and parking lots are known to increase urban temperatures 3-7 degrees. These temperature increases significantly impact energy costs to homeowners and consumers. The placement of street trees has been shown to reduce surrounding temperatures by as much as 5 degrees, and have been shown to reduce energy consumption by as much as 25%. Trees improve air quality by absorbing gaseous pollutants such as ozone, nitrogen oxide, and sulfur dioxide, through leaf surfaces, and by intercepting particulate matter such as dust, pollen, ash and smoke. Additionally, trees contribute to lower ozone levels, as increases in urban street temperatures that hover directly above asphalt where tailpipe emissions occur dramatically increase the creation of harmful ozone and other gasses into more noxious substances impacting health of Las Vegas citizens.

Economically, trees positively impact commercial businesses. Research performed by the USDA Forest Service has shown that shoppers in well-landscaped business districts are willing to pay more for parking and up to 12% more for retail goods and services. Street trees and vegetation also allow for a reduction in time and travel perception. Psychologically, research has confirmed that motorists perceive the time it takes to get through treed versus non-treed environments has a significant differential. A treeless environment trip is perceived to be longer than one that is. Additionally, there is strong, compelling research showing that motorist road rage is less in green urban versus stark suburban areas. Trees and aesthetics, which are known to reduce blood pressure, may handle some of this calming effect.

-22 Benefits of Urban Street Trees
By Dan Burden, Senior Urban Designer
Glatting Jackson and Walkable Communities, Inc; May, 2006-

STREETLIGHTS AND UTILITIES

Action:

All streetlights will be removed from the center of the sidewalk to the back of curb. This will assist in making it easier for pedestrians to navigate sidewalks. Any utilities that would need to be relocated in order to reduce sidewalk obstructions during the widening process would also take place either by moving them to the back of curb, or placing them underground.

STREET FURNITURE

Action:

As funds become available, install street furniture as identified by City staff.

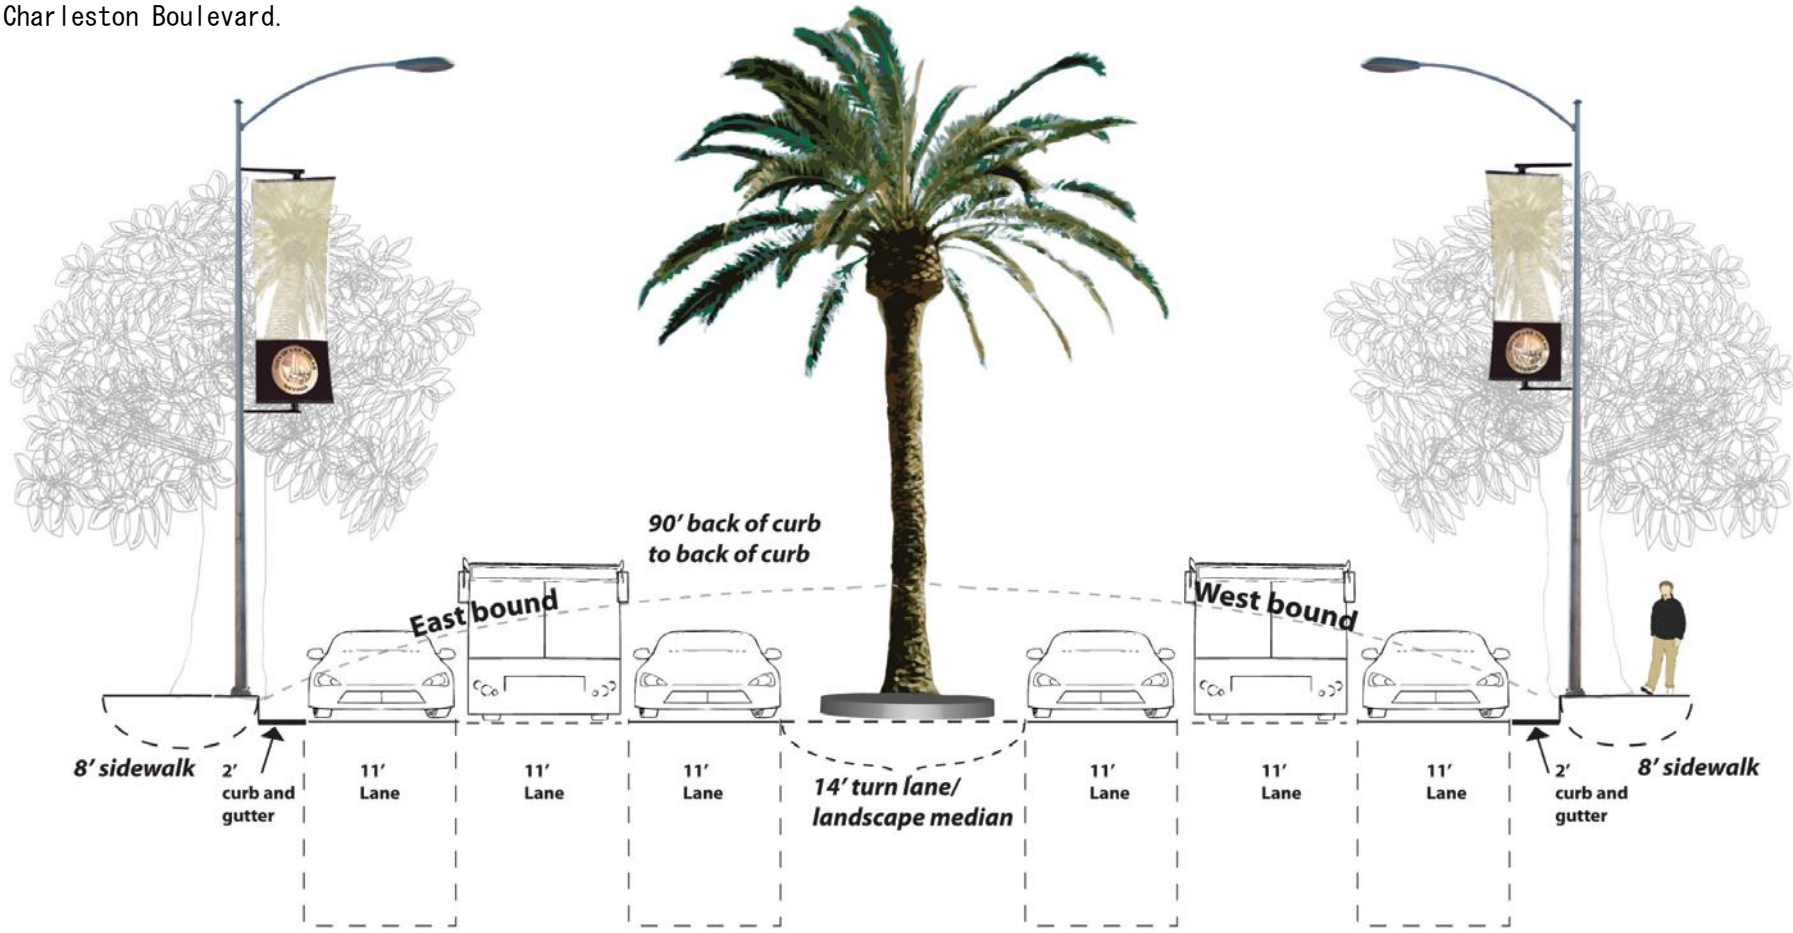

Benches are a necessary addition to a street environment, providing people a place to rest, or relax and enjoy the street scene. Street furnishings should reflect the community's character by drawing on the community's history and surrounding architecture. While the furnishings should be placed conveniently to provide resting points for the pedestrians, they should not cause a hindrance within the pedestrian pathway.

VEHICULAR TRAVEL LANES

Action:

Public Works staff in consultation with the Nevada Department of Transportation (NDOT) staff would reduce the travel lanes from 12 feet to 11 feet. The reduced widths would go toward widening the sidewalks from five feet to eight feet on both sides of West Charleston Boulevard.

GRAPHIC 5

BUS TURNOUT EASEMENTS

Action:

City staff would commission a study on costs for obtaining easements for bus turnouts. Public Works Department staff would research the locations needed for bus turnouts and where the existing conditions would permit them. An estimated cost to obtain the easements would be generated and funding sources sought for implementation. The Regional Transportation Commission (RTC) would be consulted throughout the process.

Bus turnouts are bus stops areas that are recessed from the thoroughfare. The turnout provides an en route bus with an off-street service point that does not interfere with traffic movement and provides a safe waiting area for transit users. These facilities should be designed so that bus operators have clear rear-vision capabilities necessary for safe re-entry into traffic.

The recommended width for turnout designs is 15 feet. This dimension provides bus operators with ample space to properly maneuver and stop their vehicles.

Bus turnouts are needed in areas where passenger volumes are high and the flow could be significantly impeded by stopped transit vehicles. These turnouts should be located only at mid-block bus stop locations, allowing buses to re-enter traffic more easily during gaps in the traffic flow.

With an average monthly ridership of 268,171 people (39.45 passengers per service hour), route 206 along Charleston Boulevard is one of the five busiest routes in Southern Nevada.

-www.rtcsouthernnevada.com-

MID-BLOCK CROSSWALKS

Example of a diagonal, midblock crossing.

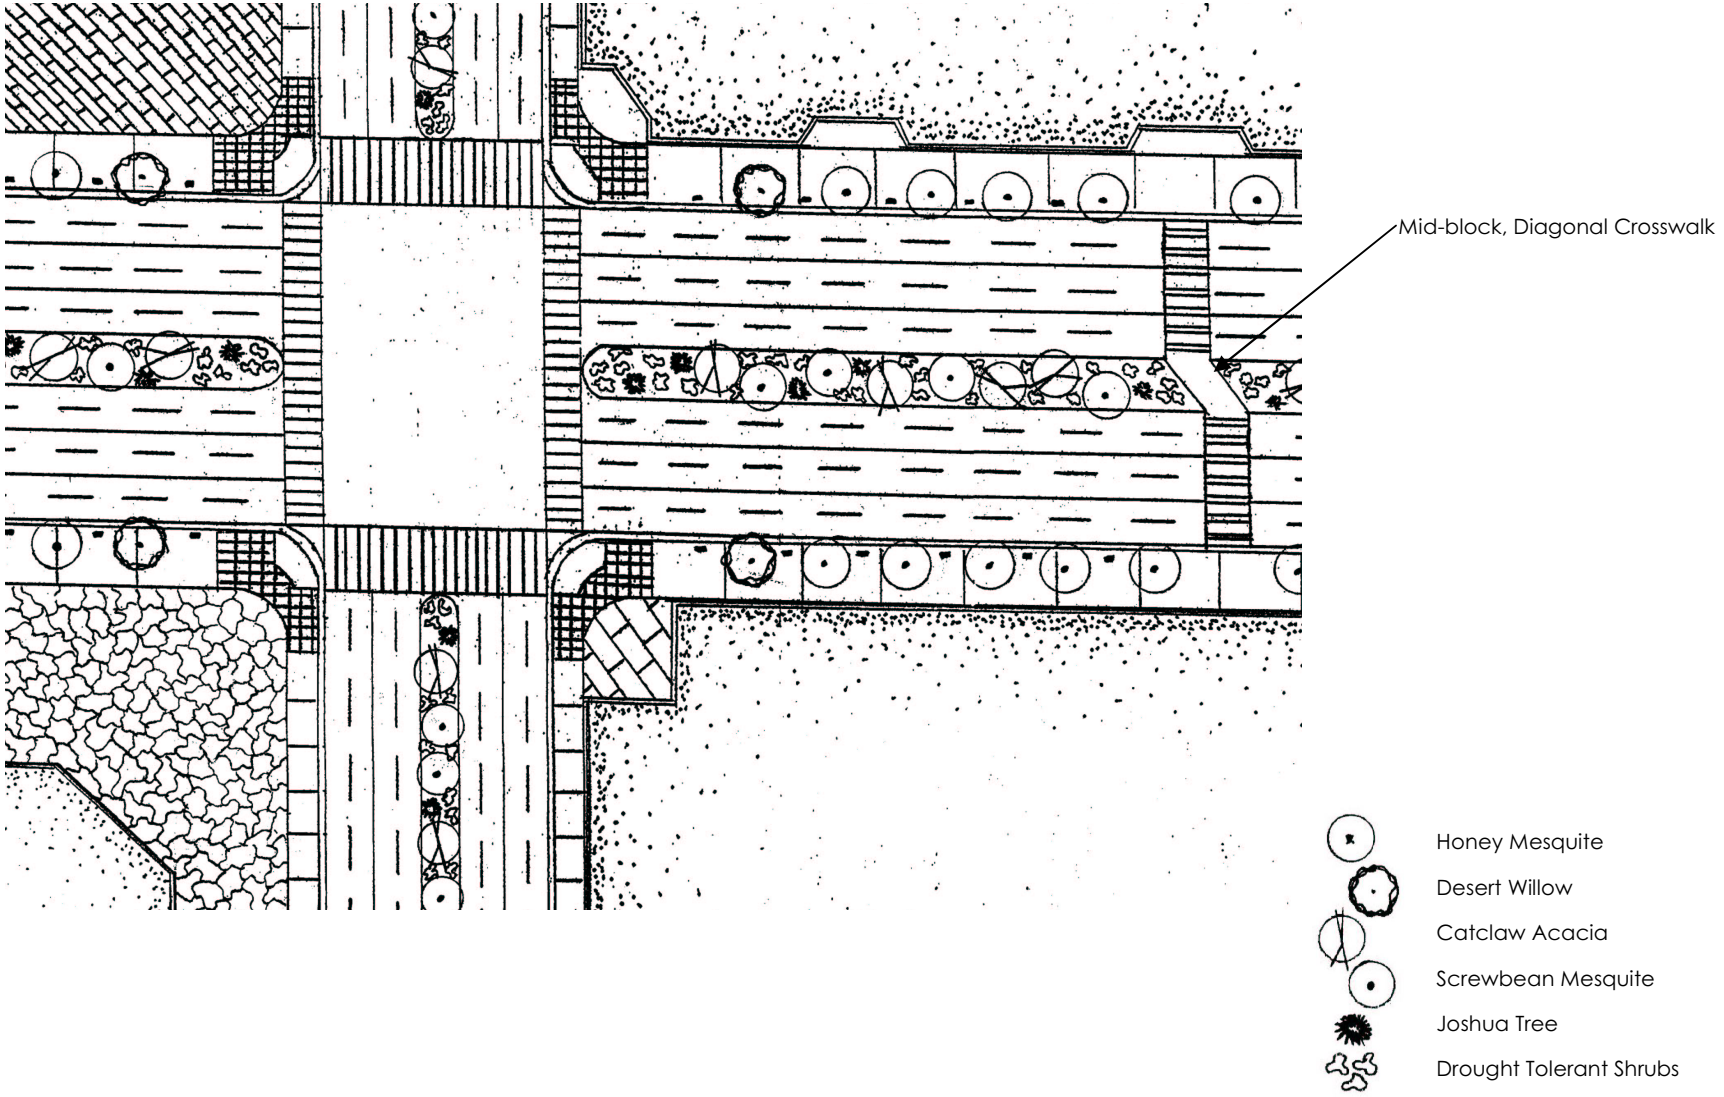

Action:

City staff would identify locations where it would be feasible to install a crosswalk with or without flashing lights at certain mid-block locations. The Nevada Department Transportation (NDOT) and the City Traffic Engineer would have final approval of such locations.

With careful placement (fronts of transit facilities and frequented destinations), mid-block crossings significantly contribute to overall pedestrian safety by preventing imprompt mid-block pedestrian crossings when block lengths exceed 400 feet.

By using a diagonal shift from one leg of the crossing to the next, this allows pedestrians to have refuge, and physically shifts the pedestrian's view toward motorists, forcing them to look in the direction of oncoming traffic. Eye contact made between the motorists and the pedestrians also helps to tame the motorist's behavior behind the wheel, resulting in a safer pedestrian environment.

Example of How the Mid-Block Crosswalk May Look Along West Charleston Boulevard:

No Scale

CURB, GUTTERS, AND DRIVEWAYS

Action:

Public Works Department staff would conduct a study to develop a plan to reduce the number of curb cuts along West Charleston Boulevard. This plan would be implemented when the new curb and gutters are installed in the future and/or as new development takes place.

LANDSCAPE MEDIANS

Before:

After:

Action:

City staff would identify locations where existing raised median islands could be landscaped. These locations would then be reviewed by the Nevada Department of Transportation (NDOT) and then placed on the City's Capital Improvement Plan (CIP) for implementation.

To aid motorists in detecting landscape medians, it is best to have both colorful ground cover and vertical trees within each landscape median. Preference is given to native species that are slow growing, requiring less water and maintenance. Ground cover should be kept to a minimum height of 24 to 28 inches in order to maximize the view of pedestrians.

POCKET PARKS

Action:

City staff would identify locations where possible pocket parks could be located for residents use. Funding sources would be sought and the locations would be placed in the Capital Improvement Plan (CIP) for implementation.

GATEWAY FEATURES

Action:

City staff would identify appropriate intersections for gateway features and development. Meetings with property owners would also take place to obtain their buy-in.

There are points in the corridor where a sense of arrival can be achieved through "gateways." These are points where one feels as if they have arrived into a special place. These gateways may celebrate a "medical" theme within the Medical District, or celebrate the history of an adjacent historical neighborhood. By incorporating landscape elements, streetscape materials and forms, and public art, these gateways can establish and celebrate the community's sense of pride and place. Gateways are significant points within the corridor that should be carefully designed with community input and quality materials.

SIGN CODE REGULATIONS

Action:

Assign City staff to conduct an inventory of potentially non-permitted signs along the corridor and research permits for those properties identified. Those found in violation would receive courtesy letters requesting voluntary compliance before official code enforcement action is taken.

Before Enforcement:

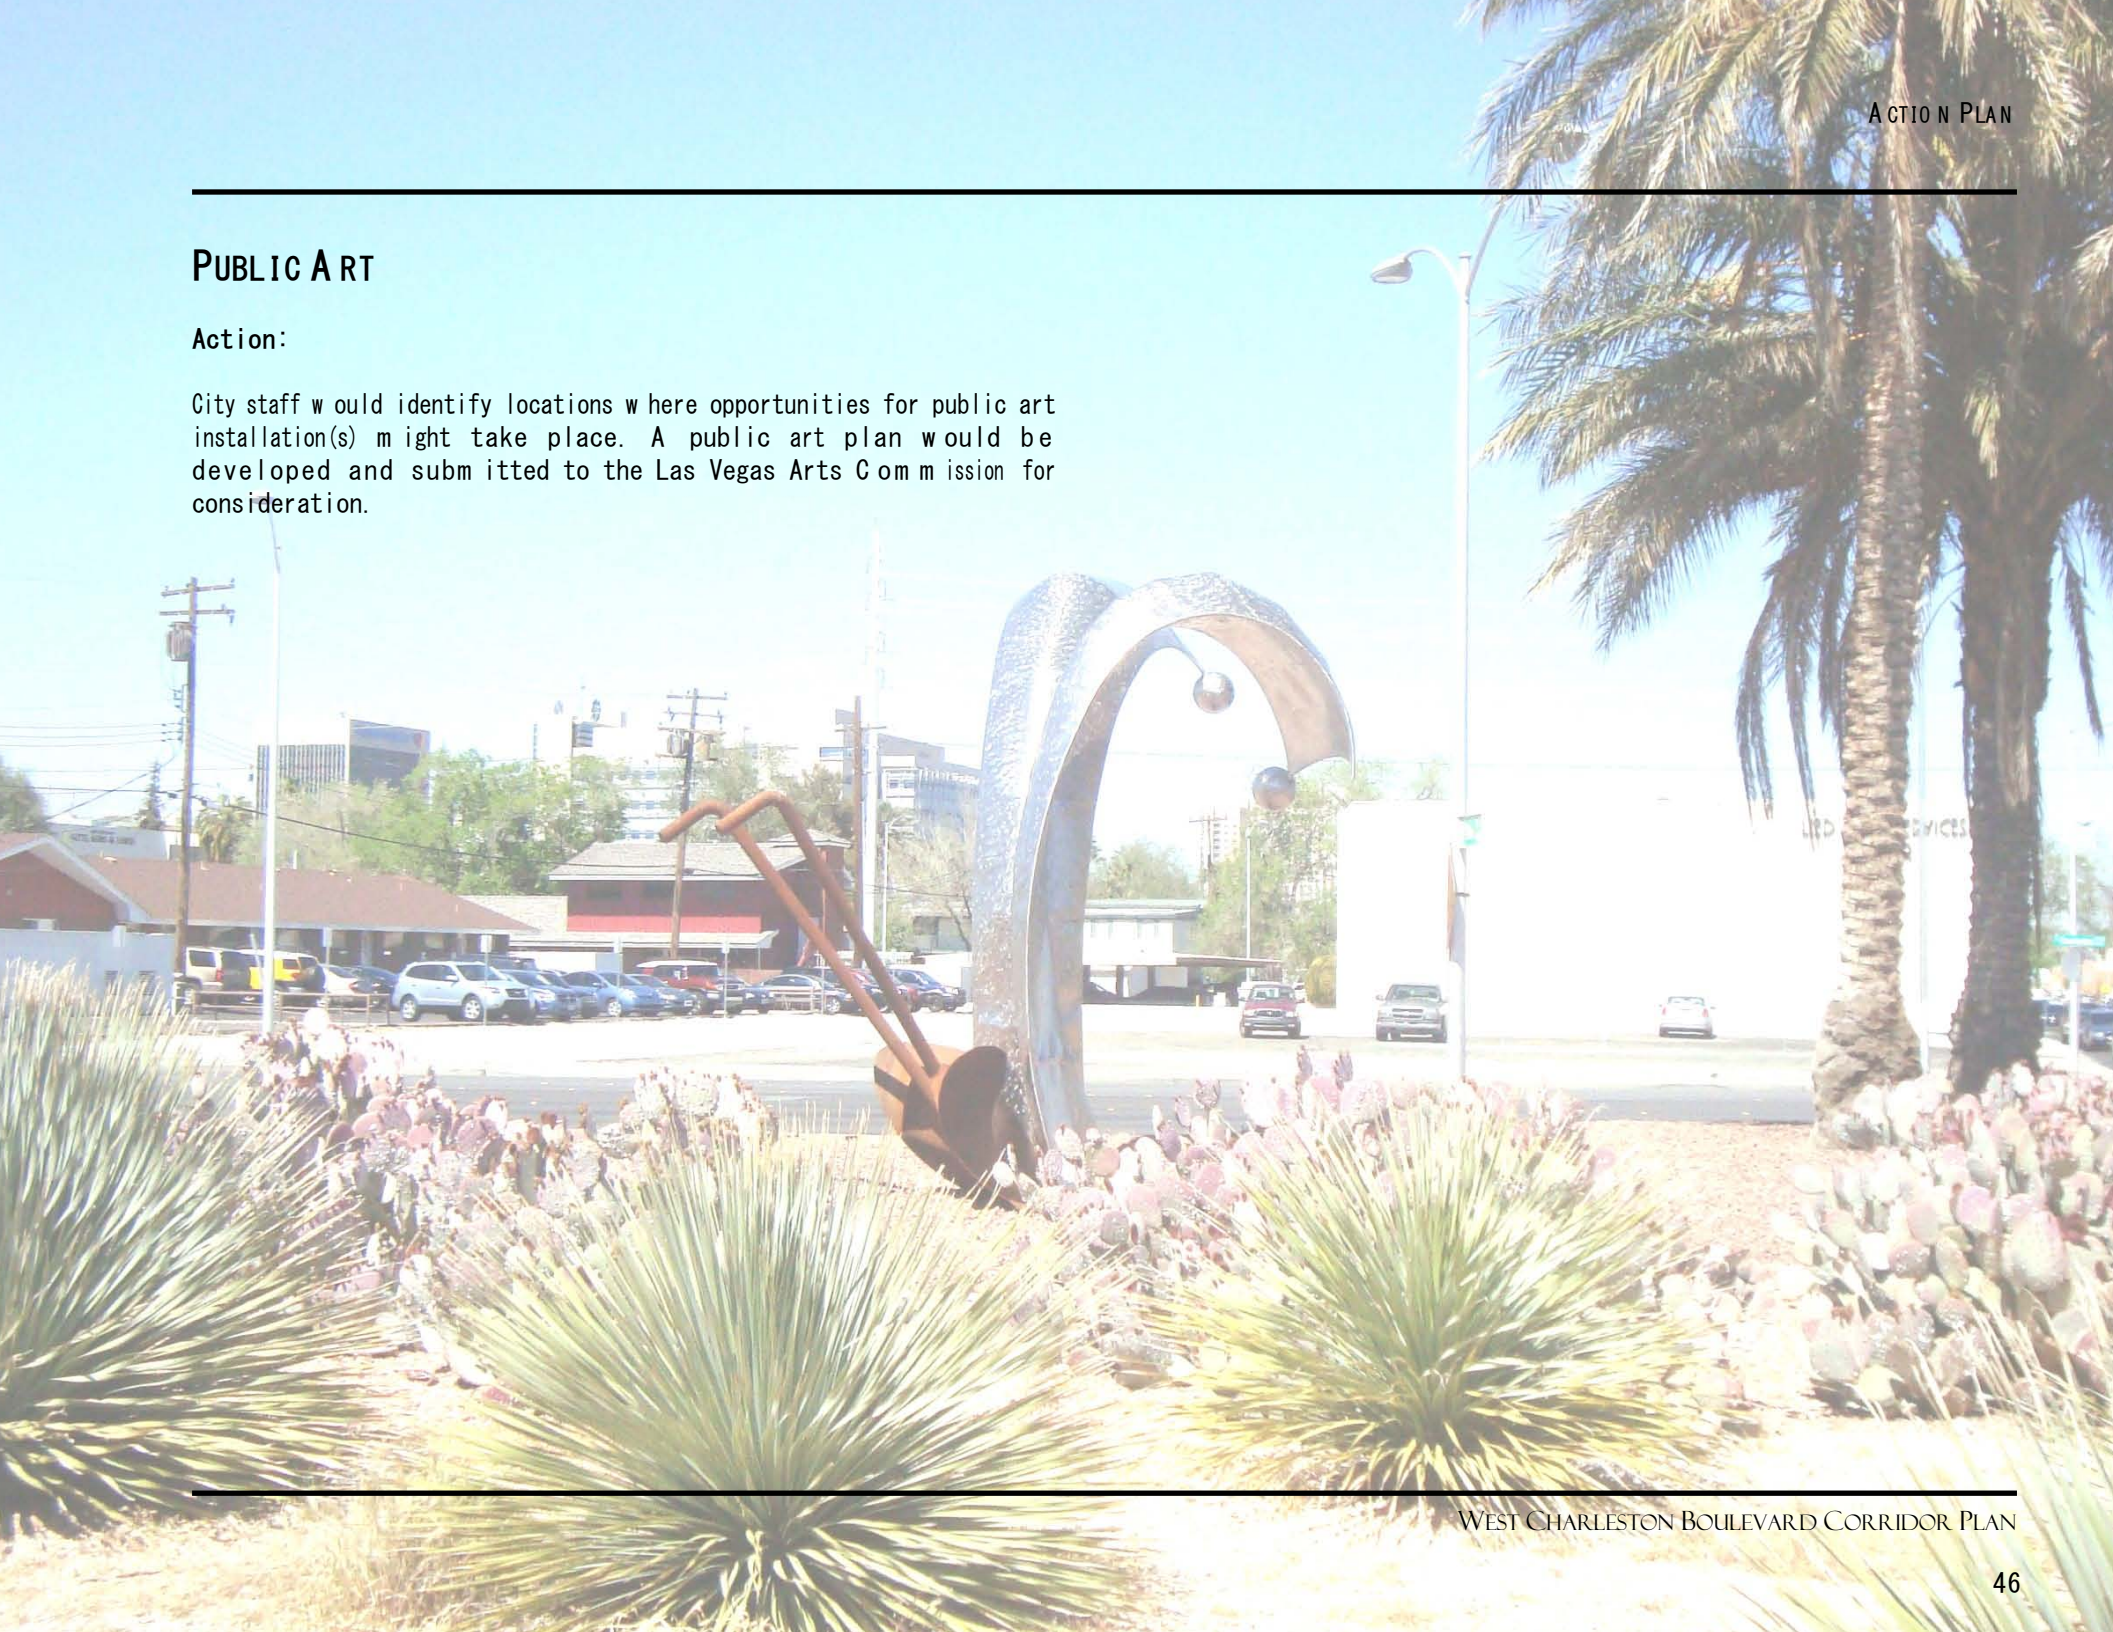

After Enforcement:

Public Art

Action:

City staff would identify locations where opportunities for public art installation(s) might take place. A public art plan would be developed and submitted to the Las Vegas Arts Commission for consideration.

City of Las Vegas Agenda Item No.: **56.**

AGENDA SUMMARY PAGE

PLANNING COMMISSION MEETING OF JULY 29, 2010

DEPARTMENT: PLANNING AND DEVELOPMENT
DIRECTOR: M. MARGO WHEELER

SUBJECT:

CITIZENS PARTICIPATION: PUBLIC COMMENT DURING THIS PORTION OF THE AGENDA MUST BE LIMITED TO MATTERS WITHIN THE JURISDICTION OF THE PLANNING COMMISSION. NO SUBJECT MAY BE ACTED UPON BY THE PLANNING COMMISSION UNLESS THAT SUBJECT IS ON THE AGENDA AND IS SCHEDULED FOR ACTION. IF YOU WISH TO BE HEARD, COME TO THE PODIUM AND GIVE YOUR NAME FOR THE RECORD. THE AMOUNT OF DISCUSSION ON ANY SINGLE SUBJECT, AS WELL AS THE AMOUNT OF TIME ANY SINGLE SPEAKER IS ALLOWED, MAY BE LIMITED
